ANNOUNCEMENT.

SAN FRANCISCO, ~~December~~ March 21st, 1896

The Board of Directors of the Mechanics' Institute, in view of the fact that, in consequence of the Columbian and Midwinter Expositions, no "Industrial Exhibition" has been held in this city for the past two years, have decided to publish a full and complete history of the Institute from the date of its organization, in the form of a magazine, complete in one volume of from two hundred to three hundred pages; it will be distributed among our members and the public generally. It is proposed, in connection with the history of the Institute, to also publish articles on the various mechanical and industrial pursuits of the coast, showing their advancement and present condition. We believe such a work, carried out in the spirit in which it is undertaken, will prove to be of great interest to our people, and will result in substantial benefit to the industries represented, as well as to the Institute itself.

We have placed the publication of the magazine in the hands of Mr. Frank H. Duke-Smith, a gentleman who has had a large and varied experience in matters of a similar character, and who has now in press a history of the "University of California," which gives evidence that it will be one of the most scholarly, complete and standard works of our State.

The magazine will be issued from the press of H. S. Crocker Company, which fact we believe will be a sufficient guarantee of its typographical and artistic excellence.

The distribution of the work will be made over the counter of our Library and through those interested in the various articles published.

We ask your hearty co-operation in making this work what it is intended to be, a complete and reliable history of the mechanical and industrial progress of the State, and a valuable addition to the private libraries of our people, and trust that when you receive a communication from our Mr. Duke-Smith, requesting information and data regarding your business or connection with the Institute, you will favor him with a prompt reply.

Sincerely yours,
BOARD OF DIRECTORS,
MECHANICS' INSTITUTE.

Address all communications to
FRANK H. DUKE-SMITH,
Managing Editor,
219 Bush Street, San Francisco.

MILLER-MEGEE COMPANY.

PHILADELPHIA, July 21st, 1890.

H. S. CROCKER CO.,

SAN FRANCISCO AND SACRAMENTO, CAL.

Owners of Patent for the Pacific Coast.

Ask to have the MILLER-MEGEE PATENT BACK in all your books.

The Miller-Megee Patent Back.

IN PLACING BEFORE our customers and the public "THE MILLER-MEGEE" PATENT FLEXIBLE BACK, we present an article which we can conscientiously recommend. We have heretofore refrained from indorsing so-called "Flexible-Back" Blank Books, for the reason that we have been unable to discover any genuine merit in their claims. We are now prepared to stake our reputation on the utility and positive worth of the "PHILADELPHIA PATENT FLEXIBLE BACK."

Books made upon this principle will LIE PERFECTLY FLAT WHEN OPEN, and without any strain whatever upon the binding. *They will resist the roughest usage* to which any book can be subjected. Of the many thousand books made under this patent, we have yet to hear of a single instance where a book has not given entire satisfaction. *Try them and be convinced.*

Officially adopted by the U. S. Government as well as by the largest Banks in the Country. Adapted for heavy books of all descriptions as well as for those of every size.

Extensively in use in Railroad Offices, large Manufacturing Houses, City, County and other Record Offices.

Very respectfully,
H. S. CROCKER COMPANY,
Owners of Patent for the States of California and Nevada and Territory of Arizona.

Any person manufacturing, selling or using The Miller-Megee Patent Flexible Back, or any infringement thereon, without our permission, in the States of California or Nevada, or the Territory of Arizona, will be prosecuted to the full extent of the law.—H. S. CROCKER COMPANY.

Annual Meeting

Saturday Evening March 9. 1895

The Meeting was called to order at 8 oclock by President Hallidie, a Constitutional quorum being present.

The Minutes of the last quarterly meeting were read and approved.

The following reports were read and ordered spread upon the Minutes.

Librarian

To the Board of Trustees

Gentlemen: I have the honor to submit for your
Report of Consideration, the Fortieth Annual Report, Covering the work of the
Librarian. Library for the Year ending Feby 28, 1895.

The Library has felt the general depression in business to some extent, but the accompanying statistics indicate the Continuance of the steady growth which has been shown in the history of the Institute from the beginning, and which has become more marked in later years.

This table shows the number of volumes in the Library this date, but does not include pamphlets nor volumes of unbound periodicals, of which we have

Pamphlets	2686
Unbound Periodicals	580

The books reported "worn out and disposed of" include the volumes that from successive binding become useless for our purpose, and the occasional mutilated volumes that are discarded. These are sent annually to the States Prisons, where they are furbished up and continue their usefulness.

A large proportion of our smaller books are now bound in buffing, experience showing that the wearing quality is equal if not superior to roan at a considerable reduction in cost. We are also experimenting in buckram and canvas, but have not had time to test their suitability for our work.

Periodicals

The Library and Reading room are supplied with 452 representative newspapers and periodicals, many of them in duplicate.

Circulation

The Library was open 305 days during the year and there were issued for home use 153.330 volumes, an average daily issue of 506, classified as follows,

General Periodicals	2638	Fine Arts	2092
Philosophy	1302	Poetry & Drama	2028
Religion	918	Fiction & Juvenile	122487.
Sociology	1667	Essays & Letters	4737
Philology	344	Geography & Travel	3895
Natural Science	1880	Biography	3209
Useful Arts	2429	History	3704

The largest issue in one day was 1244 volumes.

I have omitted any statistics of books issued in the library rooms as with the unrestricted freedom of the shelves which our members enjoy it seems impracticable to even approximate such use.

The fact that our building is so favorably situated and convenient of access places our books at the service of our patrons with the least possible waste of time. That this is taken advantage of is shown by our rooms crowded by readers, and the use of books in the rooms must consequently be large. It is therefore to be regretted that the statistics are not more complete.

A constant complaint from a majority of our members, is that they cannot get the latest publications promptly. This is met in a measure by our system of registering requests and notifying the member in turn by postal card when the book is in, but although our purchases seem ~~liberal~~ to be quite liberal, there have been several instances during the year when a members number would be "in line" from six weeks to two months before the desired book was reached. There have been 7625 notices sent for books so reserved.

Librarian.

Cataloguing.

In addition to the Current accessions which are Catalogued before they are put into Circulation, there have been Catalogued since the last report –

American History –

Sociology, including,

Political Science	Socialism
Political Economy	Protection
Labor	Free Trade
Finance	Law
Money	Administration
Land	Education
Co-operation	Manners & Customs,

Medicine. (not yet completed)

The need of a Complete Catalogue is felt more keenly as the library increases in number of volumes and membership, and while the work is carried on as fast as possible, the pressure of more ~~important~~ urgent business makes the progress discouragingly slow. There should be ~~different~~ separate Catalogues of the different departments placed in the rooms for the Convenience of both members and attendants, as the arrangement of the books upon different floors makes the Consulting of our Main Card Catalogue inconvenient,

The Pamphlets (numbering 2686) should also be Catalogued as there is much valuable material in that form, which is practically lost in their present imperfect arrangement.

Sundays.

The library is open on Sunday from 12.30 to 4.30 P.M. for reference and reading purposes only, no books being given out or received on that day. There is an average of 45 visitors daily, and present at any one time 19.

Classes.

Evening Classes in Mechanical and FreeHand drawing are held two evenings a week, the Class year being divided into two terms – Spring term January to June. Autumn Term July to December. The fee is $1.25 each term to Members and Children of Members, payable in advance.

There were 118 registered for the Autumn, and 86 for the Spring term, which is now in Session.

Lectures.

A number of lectures on topics of interest have been given during the year, and there is a series of University Extension lectures now being delivered every Saturday Evening, to be Continued until May.

They are given in the Library rooms and are free to members and their friends.

A Table of Statistics is appended.

During the year extensive and important alterations have been made in the library building. The store premises No 29 Post Street have been utilized for library purposes giving us a well lighted cheerful room on the level of the Street, and adding 1850 feet of shelf room to our Circulating department. In this room are placed English, prose, Fiction and Juvenile books, Essays, Letters, Oratory, Humor, Customs, Administration, Education, Philology, Poetry, Drama, Fine arts, and the French, German, Spanish and Italian books, in all 20715 volumes.

The delivery desk is located here, all books being issued and received at this point, Its great popularity with our patrons is indicated by the increase in Circulation, which has been 25 per cent over the previous six months. Of the members who have joined the Institute since the Change 31 per Cent have been ladies.

The second floor still holds the Reference department, the Patent Room, and the following Classes of Circulating books – Philosophy – Religion – Mythology, Sociology, Natural Science, Useful Arts, History and Biography. Circulating books from the room are sent by the book Elevator to the charging desk in the room below, where where they are registered and delivered.

With all of the noise and bustle of the delivery desk removed, the floor, gives us three excellent study ~~[illegible]~~ and reference rooms, a fact that seems to be fully appreciated by the many who use them. Our Saturday evening lectures are held in these rooms

The third story is occupied by the Chess & Class room and office. The basement story has been Completely remodelled and divided into two large rooms. The Reading room has been removed from the third story and placed in the East Side, giving a large well-ventilated room, easy of access with a greater seating Capacity than the old room. Some of the ~~old~~ bound files of newspapers are placed on permanent shelves in this room

Librarian. The west room has been fitted up with shelves and stacks, and the Government Reports, the balance of the bound newspaper files, sets of Magazines, and the stock duplicate books, in all 9877 volumes, are arranged in order there easily accessible to the members.

With our increased facilities it would seem but a natural consequence that our sphere of usefulness will be extended, and the Mechanics Institute become a still more cogent factor in the welfare and prosperity of this Community.

President.

President's Report.

To the Members of the Mechanics Institute,

We have again reached the end of another year in the history of the Mechanics Institute, an institution that has been in active existence for 40 years and during that period has been closely allied to the best interests of this city and State and has pursued its policy of progress seldom interrupted by changes in its policy which has always been to serve its members well and do its duty to the Community. Without political or religious affiliations, it has exerted and still exerts an influence in the affairs of the State through the steady and disinterested efforts it has made in the line of good citizenship, progress and intellectuality. May it never waste its strength in stepping beyond its legitimate provence or by failing to do its whole duty within its sphere.

It is one of the few quasi public institutions that carries on a degree of public work through its own resources and with the exception of one solitary time when it distributed premiums as agents for the State, it has never called on the Treasury of the State for one dollar and it has never been the recipient of any endowment from any private citizen except a sum of $10.000. for a specific object from James Lick, the Mechanic and distinguished philanthropist

This has appeared to many of us as hard and unappreciative, but to day we feel a modest pride in the fact that this Institution has built itself up to its present position by its own efforts and through its own resources.

During the past year substantial progress has been made in the affairs of the Institute and the Permanancy of its location has been determined for some years to come, and it may be safely said there is no more centrally situated institution in San Francisco than the Mechanics Institute.

The moving of the Circulating library to the main floor has added greatly to the convenience of the members, and is fully appreciated by them, and in like manner, the removal of the Reading Room from the third floor to its present quarters, has placed the newspapers and periodicals easy of access and has avoided the necessity of climbing two long flights of stairs. The lectures and classes are now held in this building and in consequance, have increased its popularity.

The membership is now steadily increasing and has reached 4473 and the recent additions include about 31% women.

The election of officers for the third time under the proportional representative system, and the smoothe and successful working of that system marks its success.

During the past year the Constitution and By Laws have been rearranged and harmonized and two important changes made therein, the Sinking Fund has been abolished, and the treasurership

President. has been transferred from an individual to an Incorporated Bank.

The affairs of the Institute have been placed on a better business basis, and its methods made simpler and stricter rules enforced for the protection of the interests of the Association.

The purchase of books has been quite limited, and all expenses cut down within the margin of safty. The changes affected in the building have naturally disturbed many details in the management of the Library. These, however, will be adjusted as fast as imperfections are discovered, and proper corrections will be made.

The Petition of a number of members referred to the Trustees at the last meeting of the Institute, protesting against the moving of the reading room from its old quarters, was immediately considered by the Board of Trustees, but action on the same was deferred until it could be ascertained whether the objection was well founded, and at a recent meeting of the Board it was decided that the interests of the greater number would be best served by allowing the reading room to remain in its new quarters.

During the extensive alterations made in the building, which involved strengthening the foundation, removing and reconstructing partitions and dividing walls, insertion of new piers and columns, removing and re-building the sidewalk, putting in new shelving, removing rearranging and reshelving ~~the~~ almost the entire library of 70000 volumes, constructing new ventilating flues, lavatories etc., the business of the library was not interrupted a single business day, and too much praise cannot be awarded to the Building Committee and its Chairman Mr. Oscar Lewis, and to the Librarian and his intelligent and willing assistants,

Since the alterations have been completed, it has been possible to have regular lectures delivered and classes held in this building.

Of the former, seven have been given to large audiences, and of the latter, there are three, viz. 1 Class in Mechanical Drawing with 38 pupils, 1 Class in Free hand Drawing with 50 Pupils and 1 Class on Mathematics with 10 pupils.

The Trustees have decided that whenever there are a sufficient number of members willing to subscribe enough to pay a teacher on any acceptable subject, the Institute will furnish rooms, light and janitor service free.

The Lectures in all cases are free to members and to those interrested in electricity I would state that a course of 3 lectures on each of the three Saturday evenings next ensuing, will be given by Prof. Corey of the University of California on that subject.

Within the past few months the California School of Mechanical Arts, endowed by James Lick, has been opened. It is the last completed, and the gift of the late James Lick to the people of this State, and through which, habits of thrift and industry and the

President. Mechanical Arts will be taught to young men and women who desire and expect to become proficient in some mechanical pursuit and go through life with dignity, independence and intellectual strength. The Institute heartily in sympathy with the purposes of that endowment, and extends to that School its friendship, its respect and good wishes.

Another late citizen of California has left a sum of money $400.000, to the State University to found a School for a similar purpose, and the late Mrs. Lux, appreciating in like manner the necessity for developing native skilled labor, has bequeathed a very large sum to that end.

In view of this movement on the Pacific Coast to develop and create a class of educated mechanics and artizans well grounded in the practises and fundamental theories of their callings, it is not encouraging to observe the decrease in this City and State in the manufacturing industries which find employment for the mechanics and artisans which these institutions purpose to create and it is to be deplored that public and private Corporations and individual Citizens do not unite in encouraging our home industries by all the means in their power that they can reasonably exercise.

The Institute has joined other institutions in a call for a State Convention on March 19th at the Chamber of Commerce in this city to consider means to correct this deplorable state of affairs.

The report of the Secretary which has been read in detail to-night shows that the Institute has received during the year, from all sources, $70,263.47. and that it has expended $68761.69. leaving a balance of in the Bank at the end of the fiscal year of $1501,78 and all bills paid. Of the receipts $5423,95 was balance on hand first of the year, and $20.000. borrowed money at 6%. Of the disbursements, beside current expenses, $14911.25 was spent in the improvement of this building, and $6000. borrowed money returned, and $2884.09 unsettled accounts of the last Citrus Fair. The current receipts and disbursements, omitting these extraordinary items were as follows. Receipts $50263.47. Disbursements, $44468.13. In the latter is included interest on money borrowed and taxes, both charged against the property of the Institute on Folsom and 16th Streets and amounting to $6829.99.

I must state, however, that the item of books, bookbinding and periodicals which should amount to at least $10.000. for the year, in fact only amounted to $7261.46.

The coming Industrial Fair will open August 13th and close September 14th next. For the success of this Fair we must all work, and it will require unremitting and intelligent labor on the part of the Trustees to restore the Fairs to their former splendor and prestige. With the earnest and unselfish work of the Trustees and the hearty co-operation of the members, I feel confident that the Mechanics Institute will feel proud of the exhibition, and that

President. it will be a credit to the City and State as well as a financial success.

The year just closed has been a disastrous one to the Country, California has felt the depression, and San Francisco has not to my recollection suffered so much since the Fraser River gold mining excitement many years ago.

This Association, in common with the general interests of the State and City, has also suffered from the depression and stagnation in business. In the worst of it she bravely undertook the improvements in this building that called for the expenditure of so much money. I believe the dark clouds are rolling by and that we have already obtained glimpses of the silver lining, and that with the brightening prospects of the future and careful management during the ever present, this State, this City, and this Institute will advance rapidly in the march of progress and prosperity, and in the line of usefulness to man.

A S Hallidie
March 9. 1895 President

Under the head of new business the following was presented.

Sam Grubb. "Whereas. A member of the Mechanics Institute having been employed and having rendered satisfactory service at the Pavilion during the Pure Food Exhibit, and

Whereas, the services of the same person having been solicited by one of the privilege holders at the Concerts now being given in said building, the aforesaid person was refused permission to connect to any pipes in the building; by order of Mr Cumming, chairman of the Pavilion Committee, and

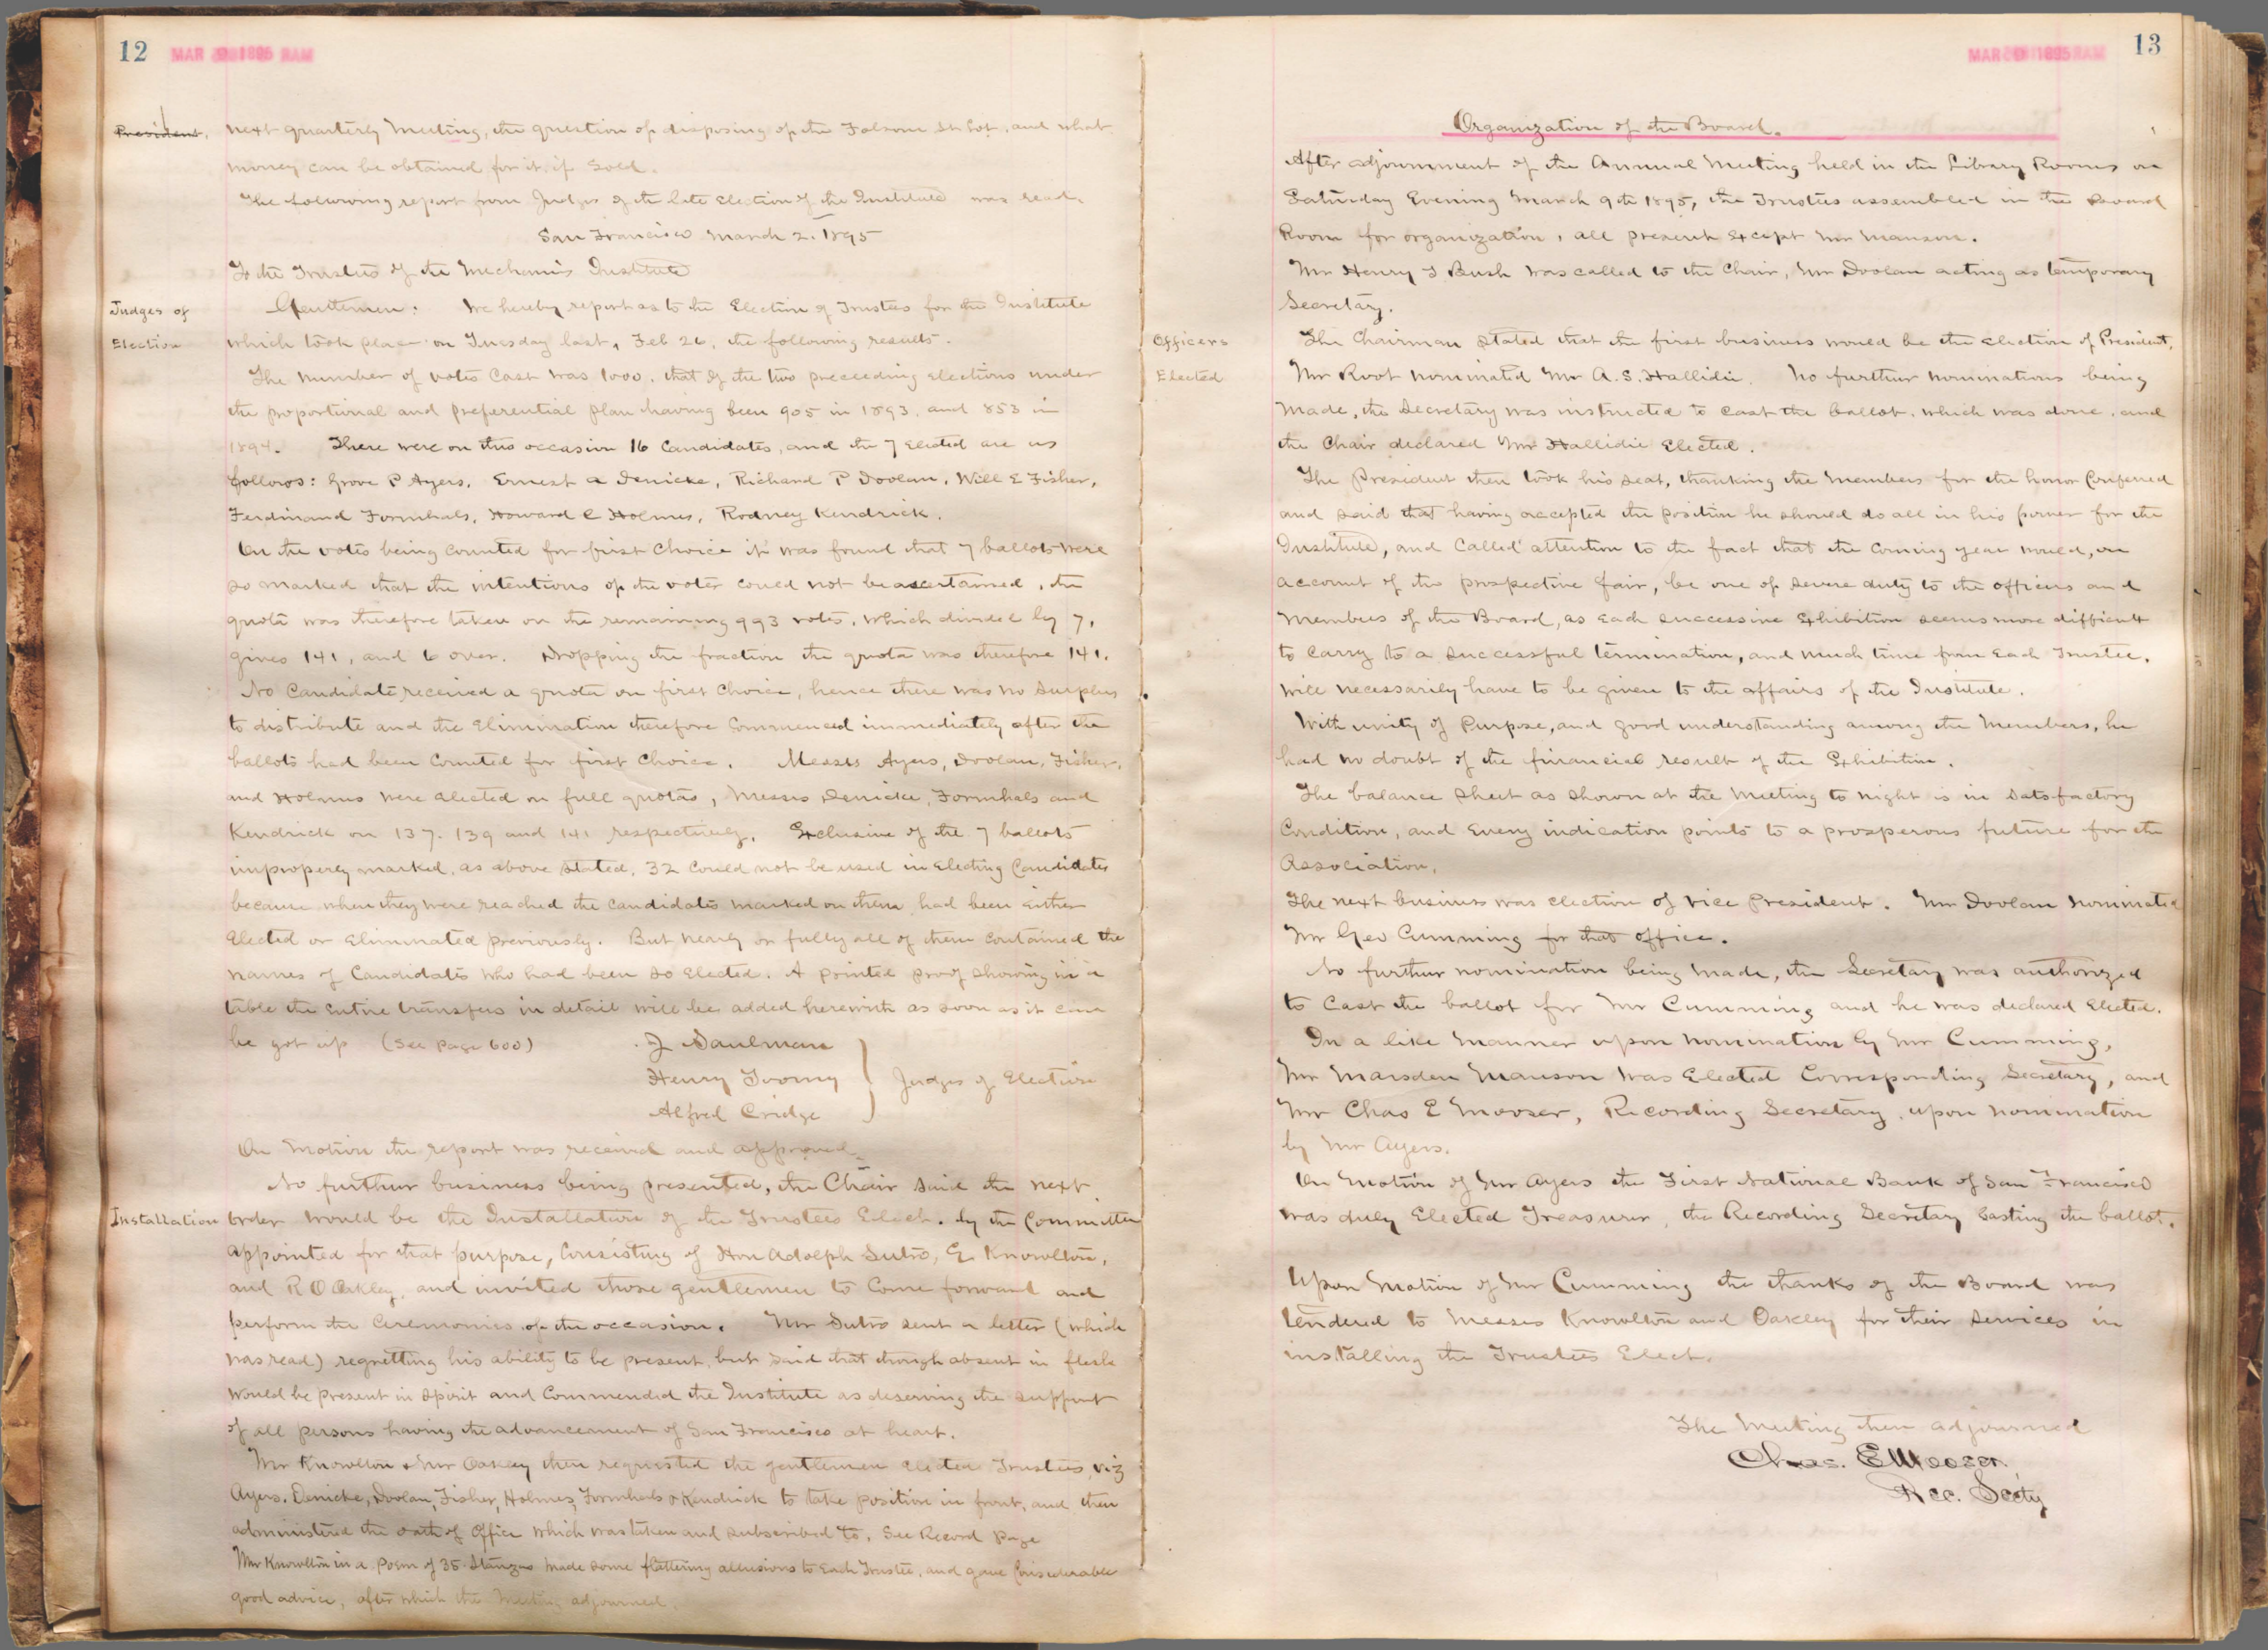
Whereas; an appeal to the President and through him to the Board of Trustees to be allowed the privilege of following the precedent established by the performance of the same service at a former time was refused, and

Whereas, we believe such action to be detrimental to the welfare of the Institute and contrary to the spirit of the organization: therefore be it.

Resolved that it is the sense of this Mechanics Institute in regular meeting assembled that the Board of Trustees be instructed to permit any plumber and gas-fitter to connect to any pipes in the building necessary to the performance of such service as may be desired by such persons renting space in the Pavilion for any purpose whatsoever, said work to be under the supervision of any person appointed for that purpose by the Board of Trustees. (Signed) Samuel W. Grubb.

Mr Clarke moved the adoption of the Resolution.
After some debate the motion was put, and lost.

Folsom St. Lot The following resolution by H W McLean was put to vote and carried
Resolved: That the Board of Trustees report to the members at the



~~President~~, next quarterly Meeting, the question of disposing of the Folsom St Lot, and what money can be obtained for it if Sold.

The following report from Judges of the late election of the Institute was read.

San Francisco March 2. 1895

To the Trustees of the Mechanics Institute

Judges of Election Gentlemen: We hereby report as to the Election of Trustees for the Institute which took place on Tuesday last, Feb 26, the following results.

The number of votes Cast was 1000, that of the two preceeding elections under the proportional and preferential plan having been 905 in 1893, and 853 in 1894. There were on this occasion 16 Candidates, and the 7 elected are as follows: Grove P Ayers, Ernest A Denicke, Richard P Doolan, Will E Fisher, Ferdinand Formhals, Howard C Holmes, Rodney Kendrick.

On the votes being counted for first Choice it was found that 7 ballots were so marked that the intentions of the voter could not be ascertained, the quota was therefore taken on the remaining 993 votes, which divided by 7, gives 141, and 6 over. Dropping the fraction the quota was therefore 141.

No Candidate received a quota on first choice, hence there was no Surplus to distribute and the Elimination therefore Commenced immediately after the ballots had been Counted for first Choice. Messrs Ayers, Doolan, Fisher, and Holmes were elected on full quotas, Messrs Denicke, Formhals and Kendrick on 137. 139 and 141 respectively. Exclusive of the 7 ballots improperly marked, as above stated, 32 Could not be used in electing Candidates because when they were reached the candidates marked on them had been either elected or eliminated previously. But nearly or fully all of them contained the names of Candidates who had been so elected. A printed proof showing in a table the entire transfers in detail will be added herewith as soon as it can be got up (See Page 600)

J Saulmann
Henry Twomey } Judges of Election
Alfred Cridge

On Motion the report was received and approved.

No further business being presented, the Chair said the next Installation order would be the Installation of the Trustees Elect. by the Committee appointed for that purpose, Consisting of Hon Adolph Sutro, E Knowlton, and R O Oakley, and invited those gentlemen to Come forward and perform the Ceremonies of the occasion. Mr Sutro sent a letter (which was read) regretting his ability to be present, but said that though absent in flesh would be present in Spirit and Commended the Institute as deserving the support of all persons having the advancement of San Francisco at heart.

Mr Knowlton & Mr Oakley then requested the gentlemen elected Trustees, viz Ayers, Denicke, Doolan, Fisher, Holmes, Formhals & Kendrick to take position in front, and then administered the oath of Office which was taken and subscribed to, See Record Page

Mr Knowlton in a Poem of 35 Stanzas made some flattering allusions to Each Trustee, and gave Considerable good advice, after which the Meeting adjourned.

Organization of the Board.

After adjournment of the Annual Meeting held in the Library Rooms on Saturday Evening March 9th 1895, the Trustees assembled in the Board Room for organization, all present Except Mr Manson.

Mr Henry J Bush was called to the Chair, Mr Doolan acting as temporary Secretary.

Officers Elected The Chairman stated that the first business would be the election of President, Mr Root nominated Mr A. S. Hallidie. No further nominations being made, the Secretary was instructed to cast the ballot, which was done, and the Chair declared Mr Hallidie Elected.

The President then took his seat, thanking the members for the honor Conferred and said that having accepted the position he should do all in his power for the Institute, and Called attention to the fact that the Coming year would, on account of the prospective fair, be one of severe duty to the officers and Members of the Board, as each successive Exhibition seems more difficult to carry to a successful termination, and much time from each Trustee, will necessarily have to be given to the affairs of the Institute.

With unity of Purpose, and good understanding among the Members, he had no doubt of the financial result of the Exhibition.

The balance sheet as shown at the Meeting to night is in satisfactory Condition, and every indication points to a prosperous future for the Association.

The next business was election of Vice President. Mr Doolan nominated Mr Geo Cumming for that office.

No further nomination being made, the Secretary was authorized to Cast the ballot for Mr Cumming and he was declared Elected.

In a like manner upon nomination by Mr Cumming, Mr Marsden Manson was Elected Corresponding Secretary, and Mr Chas E Moser, Recording Secretary, upon nomination by Mr Ayers.

On Motion of Mr Ayers the First National Bank of San Francisco was duly Elected Treasurer, the Recording Secretary casting the ballot.

Upon Motion of Mr Cumming the thanks of the Board was tendered to Messrs Knowlton and Oakley for their services in installing the Trustees Elect.

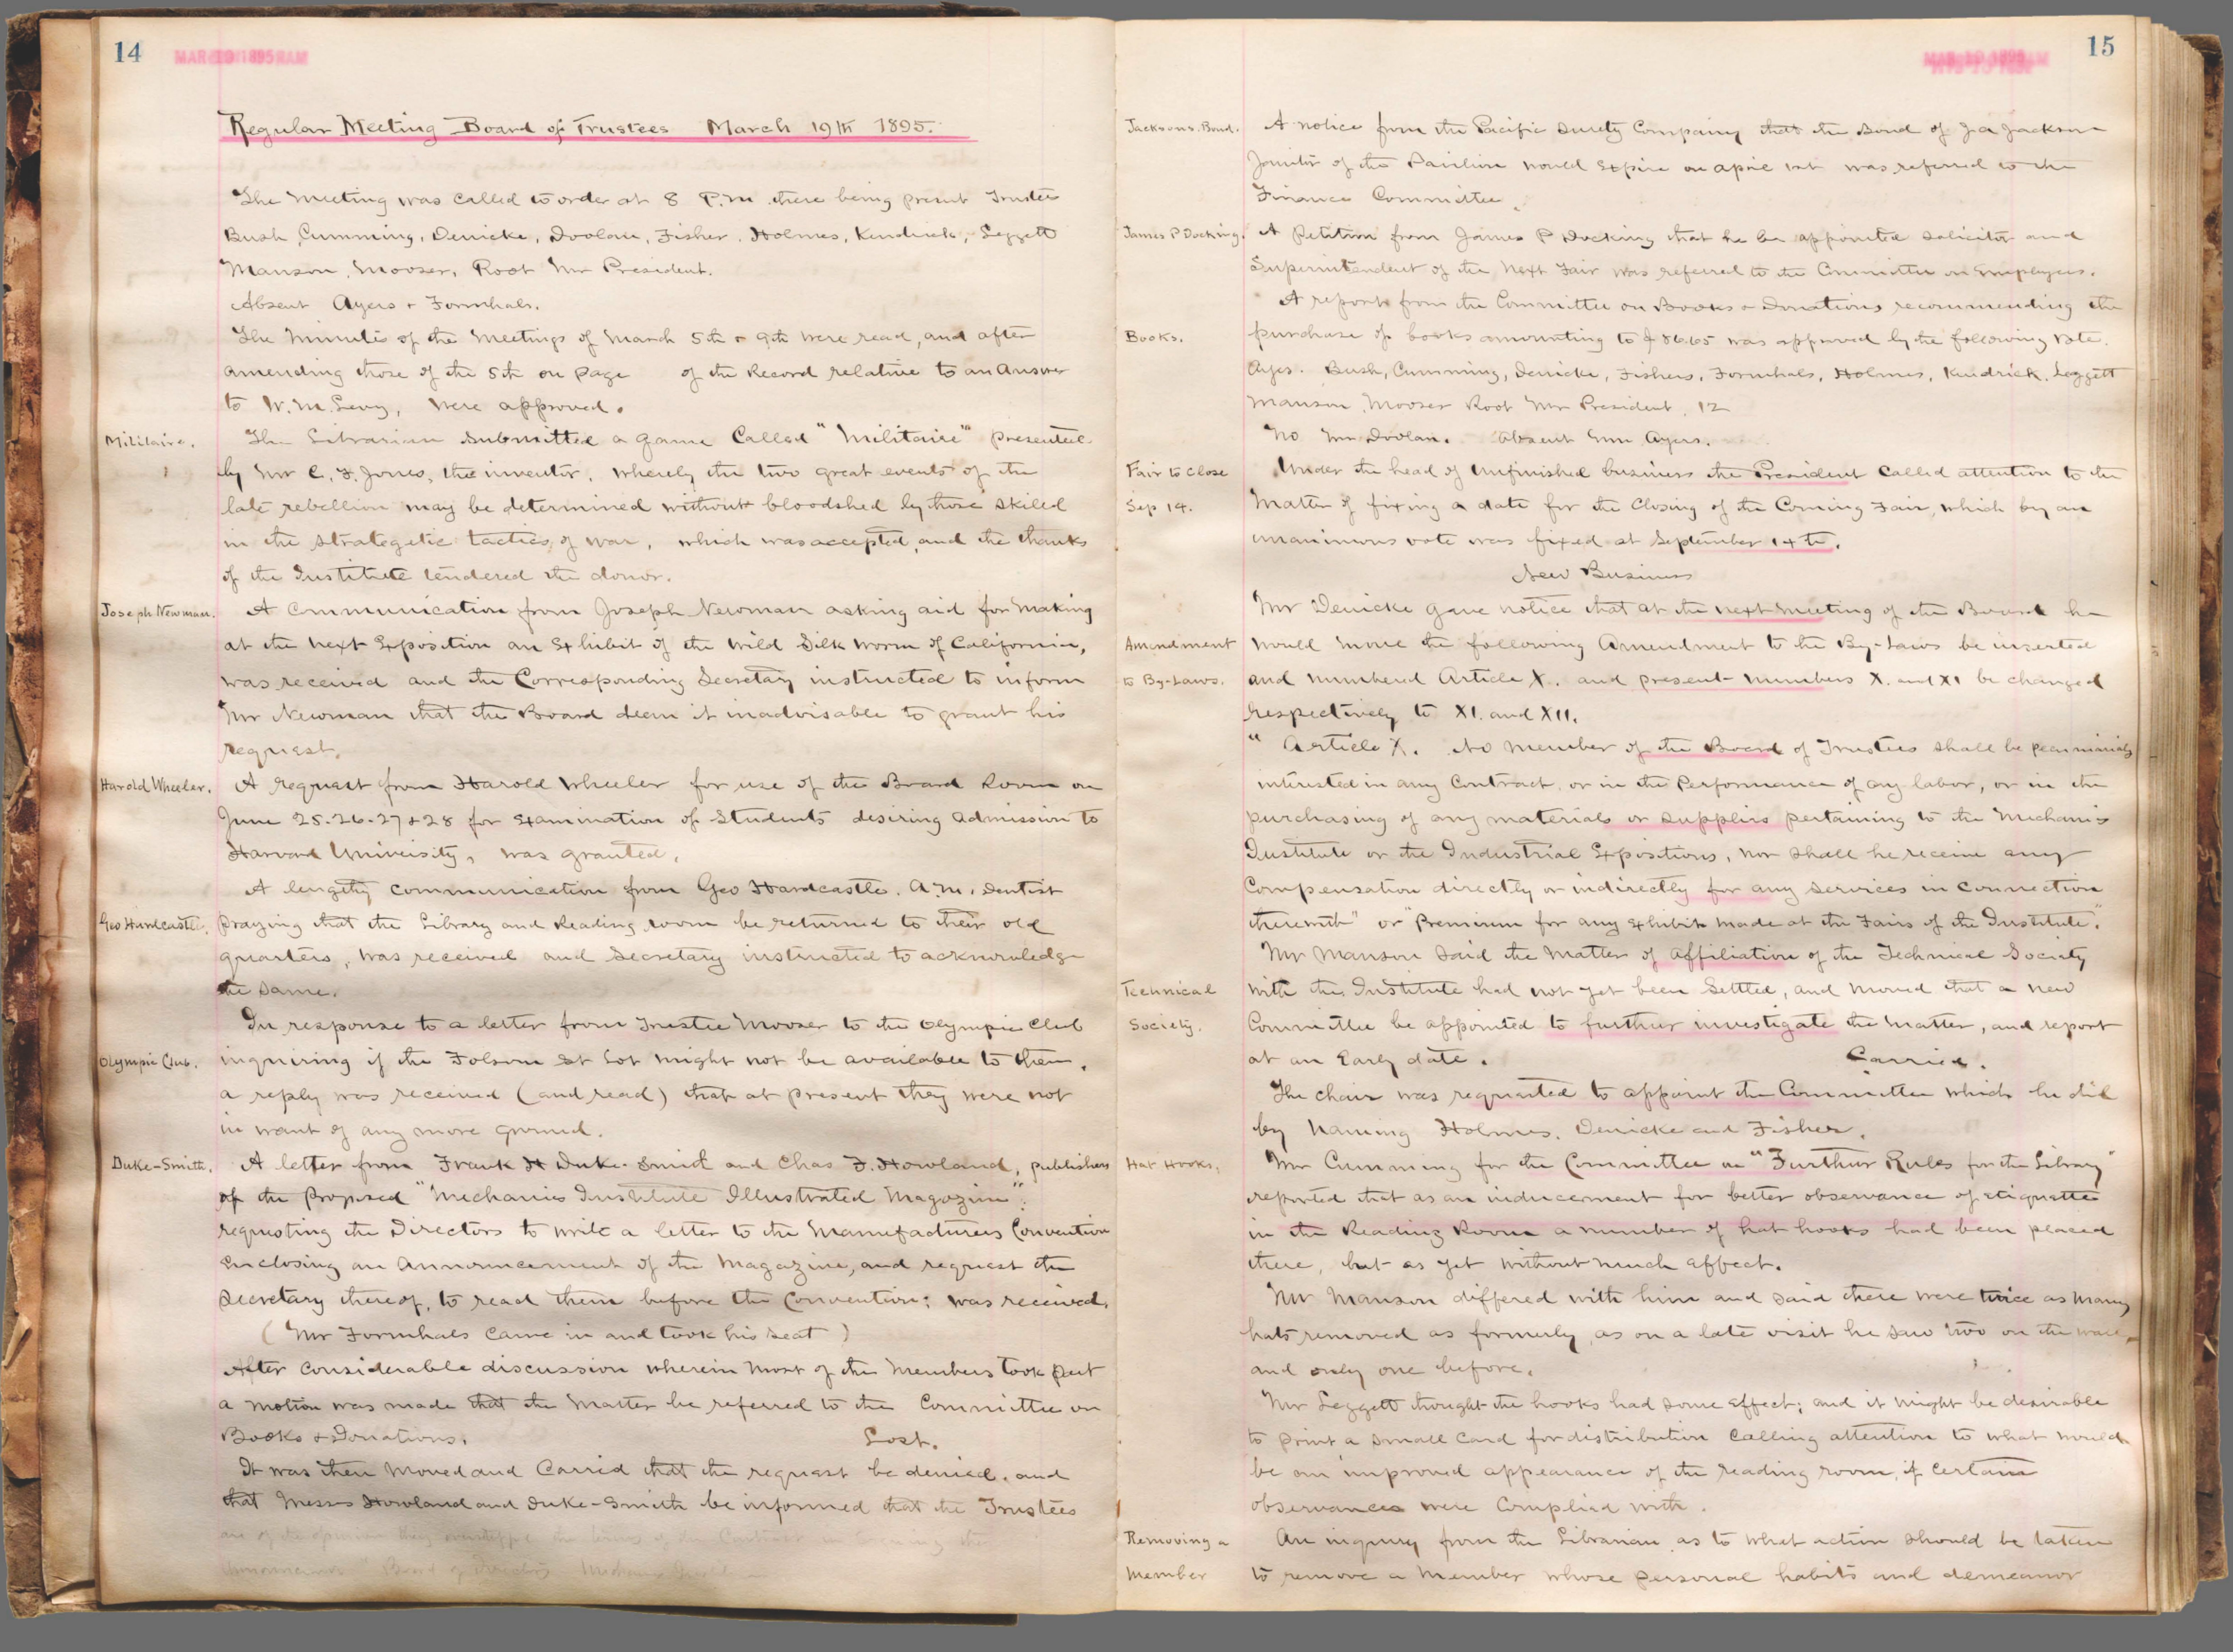
Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



Regular Meeting Board of Trustees March 19th 1895.

The meeting was called to order at 8 P.M. there being present Trustees Bush, Cumming, Denicke, Doolan, Fisher, Holmes, Kendrick, Leggett Manson, Mooser, Root Mr President.
Absent Ayers + Formhals.

The Minutes of the meetings of March 5th + 9th were read, and after amending those of the 5th on page of the Record relative to an Answer to W. M. Levy, were approved.

Militaire. The Librarian submitted a game called "Militaire" presented by Mr C. F. Jones, the inventor, whereby the two great events of the late rebellion may be determined without bloodshed by those skilled in the strategetic tactics of war, which was accepted, and the thanks of the Institute tendered the donor.

Joseph Newman. A Communication from Joseph Newman asking aid for making at the next Exposition an Exhibit of the Wild Silk Worm of California, was received and the Corresponding Secretary instructed to inform Mr Newman that the Board deem it inadvisable to grant his request.

Harold Wheeler. A request from Harold Wheeler for use of the Board Room on June 25-26-27+28 for Examination of Students desiring admission to Harvard University, was granted.

Geo Hardcastle. A lengthy communication from Geo Hardcastle, A.M., Dentist praying that the Library and Reading room be returned to their old quarters, was received and Secretary instructed to acknowledge the same.

Olympic Club. In response to a letter from Trustee Mooser to the Olympic Club inquiring if the Folsom St Lot might not be available to them, a reply was received (and read) that at present they were not in want of any more ground.

Duke-Smith. A letter from Frank H Duke-Smith and Chas F. Howland, publishers of the proposed "Mechanics Institute Illustrated Magazine": requesting the Directors to write a letter to the Manufacturers Convention enclosing an Announcement of the Magazine, and request the Secretary thereof, to read them before the Convention; was received.

(Mr Formhals came in and took his seat)

After considerable discussion wherein most of the members took part a motion was made that the matter be referred to the Committee on Books + Donations. Lost.

It was then moved and carried that the request be denied, and that Messrs Howland and Duke-Smith be informed that the Trustees are of the opinion they overstepped the terms of the Contract in securing the "Announcement" Board of Directors Mechanics Instit—

Jacksons Bond. A notice from the Pacific Surety Company that the Bond of J. A. Jackson Janitor of the Pavilion would expire on April 1st was referred to the Finance Committee.

James P Docking. A Petition from James P Docking that he be appointed Solicitor and Superintendent of the Next Fair was referred to the Committee on Employees.

Books. A report from the Committee on Books + Donations recommending the purchase of books amounting to $86.65 was approved by the following vote.
Ayes. Bush, Cumming, Denicke, Fisher, Formhals, Holmes, Kendrick, Leggett Manson, Mooser Root Mr President. 12
No Mr Doolan. Absent Mr Ayers.

Fair to close Sep 14. Under the head of unfinished business the President called attention to the matter of fixing a date for the closing of the Coming Fair, which by an unanimous vote was fixed at September 14th.

New Business

Amendment to By-Laws. Mr Denicke gave notice that at the next meeting of the Board he would move the following Amendment to the By-Laws be inserted and numbered Article X. and present numbers X. and XI be changed respectively to XI. and XII.

" Article X. No member of the Board of Trustees shall be pecuniarily interested in any Contract, or in the performance of any labor, or in the purchasing of any materials or supplies pertaining to the Mechanics Institute or the Industrial Expositions, nor shall he receive any compensation directly or indirectly for any services in connection therewith" or "Premium for any Exhibit made at the Fairs of the Institute".

Technical Society. Mr Manson said the matter of affiliation of the Technical Society with the Institute had not yet been settled, and moved that a new Committee be appointed to further investigate the matter, and report at an early date. Carried.

The chair was requested to appoint the Committee which he did by naming Holmes, Denicke and Fisher.

Hat Hooks. Mr Cumming for the Committee on "Further Rules for the Library" reported that as an inducement for better observance of etiquette in the Reading Room a number of hat hooks had been placed there, but as yet without much affect.

Mr Manson differed with him and said there were twice as many hats removed as formerly, as on a late visit he saw two on the wall, and only one before.

Mr Leggett thought the hooks had some effect; and it might be desirable to print a small card for distribution calling attention to what would be an improved appearance of the reading room, if certain observances were complied with.

Removing a Member. An inquiry from the Librarian as to what action should be taken to remove a member whose personal habits and demeanor

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

were objectionable to Patrons of the Library, was on Motion of Mr Cumming Seconded by Mr Denicke referred to the Committee on Library Rooms & Building with Power to act.

Ballots may be counted. By request of a Member, it was ordered that the ballots cast at the late Election, may be counted for Statistical purposes under the Supervision of Trustees Formhals and Root, and Mr Cridge a Member of the Library.

Reports from Committees

Finance. Finance.

April 2. 1895

To the President and Trustees of the Mechanics Institute

Gentlemen;

Your Committee on Finance would respectfully report that on April 1st there was a balance in the Bank to our credit of 3003 29

1st there was a balance in the Bank to our credit of	3003 29
Against which are unpaid checks of	39 45
Leaving an available fund of	2963 84
Received since	1154 43
On hand to night	4118 27
Bills approved by the Committee	5240 28
Leaving a deficit of	1122 01

By Postponing the Payment of ~~bills~~ some of the bills until late in the month, it is probable the Collections will be enough to balance the finances, and by close Economy we may get along without borrowing for the Present. The large amount of the Tax bills approved to night (which must be paid before the 30th) is what brings our Cash balance on the wrong side of the Ledger. Were it not for the Extraordinary demand at this time for taxes, the financial showing would be most satisfactory.

On Motion the report was received and ordered spread upon the Minutes, and the following bills, properly signed, ordered paid by the following vote:

Ayes. Ayers, Cumming, Denicke, Formhals, Leggett, Fisher, Holmes, Mooser, Root, Kendrick Mr President — 11. Noes. Doolan. 1.

Library Rooms, and Building. Report of Committee.

San Francisco April 2. 1895

Work-Room First: We recommend that the Workshop of the Library be moved to the basement under the Bank, and be placed under the sidewalk, and that a Coal Stove be purchased, and placed where decided.

Racks for Magazines. Second: We recommend that racks for the Magazines be moved to the side wall of the Reading Room, and each place labeled with the name of the Magazine.

Office. Third: We recommend that the Office be moved to the room vacated by the work room, and that a Counter be placed across the room about three feet from the door, for the Convenience of the Secretary while transacting business for the Institute.'

Wall to be painted. Fourth: We recommend that the East and West wall of the Institute building be painted, and that the west wall be pointed up, as it is in a bad condition, and that when painted that we have the words "Mechanic's Institute" placed on both sides.

Ventilation Fifth: We recommend that the ventilation of the Library be looked into, as it is far from good.

Respectfully Submitted

Second Section, approved.
Third Section, Laid over.
Fourth Section Laid over the Committee to get estimates for the work.
Fifth Section, Referred to Committee with power to act.

New books **Books & Donations.**

The Committee presented a list of new books amounting to $212.70 & recommended their purchase. Which was so ordered by an unanimous vote.

Books for States Prison Mr Leggett said that for several years past it had been customary to donate the old and worn out books to the States prison. The Librarian reports there is

APR 2 1895

now on hand about 400 volumes and recommended that the same disposition be made of them, first seggregating the Juvenile books for use in Youths Reformatory.

On motion of Mr Cumming, the matter was left to the Committee with power.

McIntyre & binding Mr Leggett further reported that in a bill of McIntyre for binding an item was in excess of agreed price when strictly construed with terms of contract. The matter in question being 6 vols of Century Dictionary which he claims was a special job, and on which he took extra pains in workmanship. The bill he renders is $15.00 and contract price would be $10.80

On motion of Mr Doolan it was ordered that, ~~that~~ he be paid in accordance with contract viz $10.80

Report of Special Committee

San Francisco March 26 1895

To the Board of Trustees of
the Mechanics Institute
Gentlemen:

Your Committee desire to report upon the proposed

Technical Society.

Co-operation of the Technical Society of the Pacific Coast with this Society.

1 — That the subject is one requiring the most careful Consideration.

2 – That the action taken in this case will be always quoted as a precedent upon which to base similar requests from other Societies which may wish to affiliate with the Institute

3 – That the proposition of the Technical Society seems entirely one-sided. They demand:

APR [illegible]

Technical Society.

A – Suitable (?) quarters with lights and fuel free.
B – Room for their separate use.
C – Services of a Clerk.
D – Use of Lecture Hall.
E – Services of a Stenographer

and offer in exchange a Library of Technical works entirely at their disposal or removal.

Their exchanges which they claim to possess a monthly value of $35., and also suggest (but do not guarantee) that their members join the Institute, increasing our income $40.

We therefore respectfully suggest that the Proposition in its present form be not accepted.

We do not wish to be understood as underrating the Technical Society's work, nor denying its amalgamation with the Institute. So far from it that we hope some day to see the amalgamation with us of many of the Pacific Coast Societies devoted to Literature, the Arts and Sciences, thereby adding greatly to the Efficiency of the Library.

We Suggest:

1 – That the Institute will not admit any Society reserving an independent Autonomy;

2 – That every Society seeking affiliation with the Institute can do so only by amalgamation.

In Conclusion we suggest that some arrangement might be effected whereby the use of the Lecture and Committee rooms might be placed at the disposal of Societies which become a part of the Institute

We have the honor to remain
Howard C Holmes
Ernst A. Denicke
Will E Fisher.

On Motion the report was received and adopted and the Corresponding Secretary requested to notify the Technical Society of the action of the Board.

Communications –

Prof Christy donates $10.

From Prof Samuel B Christy of the State University, donating to the Institute the sum of $10 – paid him for expenses attending his late lecture.

On Motion of Mr Denicke the $10 was received, and the thanks of the Institute tendered Prof Christy for his donation

J. G. McBride. to Committee on Employees; as also a request from W H
Murray for the position of Canvasser, + J G McBride for Canvasser, or Supt.

League of the Cross† A petition from the League of the Cross Cadets, for reduction in
the rent of the Pavilion, was referred to the Pavilion Committee to
examine into, and report to the Board.

The following from Trustee Manson, was read

April 2. 1895

To the President and Board of Trustees of the
Mechanics Institute

Gentlemen;

Manson resigns. My duties are such that they are seriously interfered
with by the demands upon my time as a member of the Board.
I feel that I cannot devote that time and attention to the affairs of
the Institute which their importance demands.
I therefore tender my resignation as a member of the Board.
Thanking you sincerely for the Courtesies I have received at
your hands, and with earnest wishes for your success and
the prosperity of our noble institution, I remain sincerely
and respectfully

Marsden Manson.

Mr Root moved the resignation be accepted; with regret.
Seconded by Mr Cumming. Carried.

Unfinished Business.

By-Laws. The proposed amendment to the By-Laws presented by Mr Denicke
at the last meeting, was laid over until the meeting of April 16th.
Before the above action was taken some discussion ensued on the
subject, and during the same the President called Mr Cumming to
the chair, and taking the floor strongly advocated ~~the~~ adoption of the
Amendment.

Mr Cumming stated that by the resignation of Mr Manson the
Board was short of one member, and as it is particularly desirable at
this time to have a full Board, he moved the meeting go into an
election to fill the vacancy now existing.

Mr Leggett moved that election to fill vacancy in Board be postponed for

two weeks. Lost.

The motion of Mr Cumming was then put to vote and Carried.

Nominations-

Mr Ayers nominated Mr Oscar Lewis
Mr Doolan nominated Mr Andrew Wilkie

Mr Cumming moved that nominations close. Carried.

Lewis, elected. A vote was then taken, Trustees Holmes & Doolan acting as tellers, with
the result that Mr Lewis received eight votes and Mr Wilkie seven.
The Chair declared Mr Lewis elected.

Mr Denicke moved that when the Board adjourned it be to Tuesday
Evening April 9th, and the special order of business be "The Consideration
of matters pertaining to the 28th Industrial Exposition"

The members were called to order at 8.10 P.M. there being present Trustees Bush, Cumming, Doolan, Denicke, Formhals, Leggett, Holmes, Mooser, Kendrick, Mr President

Absent Trustees Ayers, Fisher, Lewis, Root.

28th Exposition

The chair stated that in pursuance of the resolution adopted at the last meeting the business for consideration would be "The 28th Industrial Exposition", and read some statistics regarding former fairs. Mr Leggett thought it would be proper to first consider the question of "Awards." and moved that Premiums be given.

Premiums

Carried by a vote of 11 ayes, 1. no.

On motion of Mr Kendrick it was decided that the amount expended for Premiums shall not exceed $2500.00 and all awards be for "First degree of Merit" only.

On Motion of Mr Cumming it was decided that Premiums should consist of Medals, Diplomas, and Cash, in such proportions as in future may be decided upon.

Tickets

The matter of tickets of admission was then discussed at considerable length and the following agreed to.

Admission to the Exposition will be by Season, and Single admission tickets

Season ticket admitting a gentleman and one lady, or two ladies, 5,00
Season ticket admitting one person 3.00
Season ticket admitting a youth under 16 years of age 1 50

Books.

The Committee on Books and Donations presented a list of new books amounting to $166.70 and recommended they be purchased which was so ordered by the following vote

Ayes. Ayers, Cumming, Doolan, Fisher, Formhals, Holmes Kendrick
Leggett, Lewis, Mooser, Mr President. 11.
Absent. Bush, Denicke, Root. 3.

Preliminary Announcement,

The Committee on Printing & Advertising reported that the Preliminary Announcement was in the hands of the Printer.

League of the †.

The Pavilion Committee to whom was referred the request of the League of the Cross Cadets for a reduction in rent of the Pavilion May 3rd reported they were informed that the object of the Entertainment was to obtain funds for purchase of Uniforms,

Mr Cumming said the "Boys Brigade" was a similair organization and had rented the Pavilion last year for the same purpose, and Moved that the League of the Cross be charged the same rent as they paid. Carried

Books for States Prison,

Mr Leggett reported that his Committee had examined the books set aside for the States Prison and approved the Selection,

Man to overhaul Engine.

Mr Cumming, for the Committee on Machinery, said that at the last meeting the Board had authorized them to employ a man to overhaul the Engine, and now wanted to know if the man so selected would have to be elected by ballot,

A lengthy discussion ensued on the By-Laws covering the Matter in which Trustees Cumming, Fisher, Leggett Ayers and Doolan took part.. Mr Cumming ~~moved~~ nominated Mr Dunn as the person to overhaul the Engine. Seconded by Mr Fisher who also moved that the Board proceed to ballot for the nominee of Mr Cumming.

Further discussion took place, and finally as a substitute Mr

Leggett the matter be referred back to the Committee with power to carry out the action of the Board as adopted at the Meeting of April 2nd. Carried

Report from Special Committee.

San Francisco April 16. 1895

To the President and Members
Board of Trustees. Mechanics Institute
Gentlemen.

~~March~~ Your Committee on Invitation to the Half Million Club, Invite to Societies Merchants Association, Manufacturers Association Chamber of Commerce, Merchants Exchange, and Kindred Organizations, beg leave to report that the Committee Called in person on the Half Million Club, and on the President of the Merchants ~~Club~~ Association, and have addressed written Communications to the other named bodies. Your Committee asked, that Committees of three be appointed to meet a like Committee of this Board at some date to be selected in May. That our Board of Trustees would be pleased to receive suggestions and advice from the different bodies as to the best manner of promoting our next Industrial Fair. The different Associations will appoint the Committees and we recommend that the Committee on Management appoint a date for a Conference, and that they represent our Board at such meeting

Your Committee would beg to be discharged.

Special Meeting Board of Trustees, Tuesday April 23. 1895.

The meeting was called to order at 8.05 P.M. there being present Trustees, Ayers Bush, Cumming, Doolan, Fisher, Fornhals, Holmes, Lewis, Mr President
Absent. Denicke, Kendrick, Leggett, Mooser, Root.

The minutes of the last meeting were read and approved,

During the reading of minutes Mr Mooser came in.

Fair business The Chair stated the object of the Meeting was to consider Matters pertaining to the next Exposition.

Mr Fisher said he would like to know about the Chairman of Committees, If the first named and acting as Chairman should resign, and another member be added to the Committee would the right of selection of the future Chairman be vested in the Committee, or is that power delegated to the President. He claimed that when the Chairman of a Committee resigned, and another Member was appointed to fill the vacancy in the Committee, the choice of chairman rested with the members of that Committee.

Chairman of Committees. The President said that question to his knowledge, had never before been raised in the Board, but he should rule that the President has the right to appoint the Chairman of any Committee.

Mr Cumming appealed from the decision of the Chair. Seconded by Mr Fisher. The question on being put to vote was – Lost = the decision of the Chair being sustained.

Mr Cumming for the Machinery Committee, reported that the reflectors

Reflectors. at the Pavilion were greatly in need of repairs, and the work must be done before the opening of the Fair, and would recommend the Committee have power as an Experiment to have a large an small reflector made and fitted with glass of a different kind than now used, which requires no painting, and he believed a great improvement on the present arrangement. The Cost will not exceed $45 for the large, and $16 for the small one.

(Mr Leggett came in and took his seat.)

On motion of Mr Ayers the Committee was granted power to make the Experiment recommended.

The Committee on Employees presented the following

"Mr Duke-Smith who was present asked permission to address the Duke-Smith, Board relative to matter of "The Mechanics Institute Illustrated Magazine", which he and Mr Howland had entered into Contract with the Institute to publish.

(Mr Kendrick came in.)

On motion the order of business was suspended and Mr Smith permitted to make a statement which in substance was, that they had issued in good faith a letter signed "Board of Directors of the Mechanics Institute" (letter read) and asked that the Trustees endorse their action in issuing the same, and also assist by moral support their carrying out of the Contract.

"Mr Leggett moved that Messrs Duke-Smith and Howland be permitted to issue the letter as read. (Letter on front page, this Book)

"Mr Doolan questioned the advisability of such action, as the time set forth in the Contract has, or is about to expire.

Mr Leggetts motion regarding the letter was then put to vote & Carried, Mr Doolan voting No.

APR 23 1895

Mr Moozer moved that 60 days extension of time for issuance of the Magazine be granted, Carried, Mr Doolan voting no.

The order of business was then resumed and the President asked the Committee on Management if they were ready to report their recommendations for Rules, Regulations and Premium List.

Considerable discussion ensued as to what business should be first transacted, but finally concluded that Election of a Solicitor for the Fair be in order, and the salary therefor be settled before the choice was made.

Solicitor for the Fair. Mr Fisher moved that the salary be $250. per month for the whole time.

Mr Cumming moved it be $150 until Fair opens, and then $200 during its continuance.

Mr Doolan moved the salary be $200 per month.

The President called Mr Cumming to the Chair, and taking the floor called attention of the Trustees to the necessity of economy in all matters pertaining to the Exposition, and unity of action in its management.

The motion that the salary of Solicitor for the Fair be $200 per month was then put and Carried by the following vote;-

Ayes: Ayers, Bush, Doolan, Fisher, Formhals, Holmes, Kendrick, Leggett Moozer - 9. Noes; Cumming, Lewis, Mr President. - 3.

It was then decided to proceed with the Election of a Solicitor, the following named Candidates being in nomination.

James P Dockery
Jno. Woodlock
J. K. Firth
W H Murray
W H Smythe
J H Gilmore

Smythe elected. The Chair appointed Trustees Fisher and Doolan as tellers.

Ten ballots were taken without choice when Mr Fisher withdrew the name of Mr Gilmore and declined to vote further.

On the eleventh ballot Mr Smyth received six votes and Mr Dockery, five.

The Chair declared that Mr Smyth having received a majority of all the votes cast, was elected.

Mr Cumming moved that when the Board adjourned it be to Tuesday evening the ~~29~~ 30th. No action.

The Committee on Management presented the following:-

Rules and Regulations To the Board of Trustees. Mechanics Institute.

The Committee on Management in submitting the following Report on Rules, Regulations and Premium List for the government of the 28th Industrial Exposition of the Institute, beg to say that they

Premiums have adopted which previous experiences has shown to be necessary for the Success of the Exposition, making such changes in the way of Eliminations and additions as in their judgement seemed proper and Expedient.

In designating the Premiums to be awarded to Exhibitors your Committee have also followed the course pointed out by previous experience, and by their knowledge of the Comparative Esteem in which the different prizes issued in former years, are held by manufacturers, inventors, artists and business men. They have thus given their preference to diplomas, throughout this ~~city~~ list, offering medals for a portion of such articles as are the product of individual skill and and effort, and providing Cash prizes for others where medals appeared inappropriate, and where diplomas would be valueless to the Exhibitor

R Kendrick
Joseph Leggett
Irone R Ayers

Fisher resigns. Mr Fisher made some remarks about his standing as a member of the Ticket Committee and presented his resignation as member of the Committee on ~~Tickets and admissions~~. Lectures & Classes.

Rules. The Committee on Management then read a Set of Rules and Regulations for the 28th Exposition which were taken up seriatim and adopted as read with the exception of a few changes as to dates and names, and the insertion in Rule XIV a Section that "no Complimentary Ticket shall be issued Except by resolution of the Board of Trustees" and at the end of Rule XV the words "If any goods are left in the Pavilion for a longer period than thirty days after the close of the Exposition the same will be stored in a Public Warehouse at the Expense of the owner"

Special Meeting Board of Trustees April 30 1895

The Meeting was called to order at 8 o'clock there being present Trustees Ayers, Cumming, Denicke, Fisher, Formhals, Kendrick Lewis Mr President. Absent. Bush, Doolan, Holmes, Leggett, Mooser, Root.

The minutes of the last Meeting were read, and after being amended on page 31 relative to vote on "Ruling of the Chair": by inserting the words "the decision of the Chair being sustained" were approved –

The President Stated that the object of the meeting was for Consideration of matters pertaining to the Exposition.

Mr Lewis for the Committee on Music, said they had met at 7 30 o'clock and unanimously agreed to report and recommend to Music. the Board, that the amount of the money expended for music shall not Exceed $4000, and the Band consist of not more than 32 men including Conductor. and would like to have an Expression of opinion from the members as to their ideas on the subject.

After some discussion the report was approved and the Committee authorized to advertise for proposals to furnish the music upon the basis of their recommendation.

Mr Denicke & his Committee. Mr Denicke said that as there seemed to be some feeling regarding Committees, and in the re-arrangement he had been assigned to one different from the first selected, he would now ask the Chairman to rescind his appointment as Chairman, as he was willing, and would rather serve as a member than head of the Committee.

Mr Fisher & Cushing's Manual. Mr Fisher stated that in the present arrangement of Committees he was handicapped in his efforts to be of service to the Institute, whose interests he wished to advance to the best of his ability.

He quoted Cushing's Manual for as authority for his remarks regarding the appointment of Committees and rights of the members thereof –

Solly Walter Mr Denicke reported that he had had several ~~[illegible]~~ Conferences with Mr Solly H Walter, an Artist and art Student well qualified to speak on the subject of that department at the Coming Exposition, and that gentleman at his (Mr Denicke's) request would be here at 9.30, and if permitted would address the members on the subject in question.

On motion of Mr ~~Ayers~~ Fisher it was ordered that when Mr Walter arrived he be permitted to address the Board as desired by Mr Denicke.

Mr Fisher, & Committee on Art. The President said there was a vacancy in the Committee on Art. Mr Ayers moved that Mr Fisher be appointed to the Position

Mr Fisher said that hereafter he would serve on no Committee where its members to not ~~and~~ elect the Chairman if they so desire.

The Committee on Management presented a Premium List.

{ Mr Leggett came in and took his seat }

Premium List. The List was taken up class by class, and generally adopted as read, and finally on motion of Mr Leggett adopted as a whole, by the following vote; a Roll call being demanded.

Ayes. Ayers. Denicke. Fisher, Formhals. Kendrick, Leggett Mr President – 7.
Noes Cumming, Lewis, 2.

Report from Committees.

The Committee on Finance presented the following:–

May 7th 1895

To the Trustees of the Mechanics Institute
Gentlemen:–

Your Committee on Finance would most respectfully

Finances & report. report that the financial strait of last month caused by the large payment required for taxes has been met and the following statement shows an improved condition, and if nothing unforseen occurs, with economy, our income will be sufficient to meet all demands.

Possibly, and we may say probably to meet the preliminary expenses of the 28th Exposition a temporary loan will have to be effected, and repaid from the first receipts.

At the next meeting we will more fully report upon the matter, and in the mean time would ask that the various Committees submit at an early date an estimate of the amount their departments will require before the opening day.

The balance on hand May 1st after payment of all bills passed in April. was	1249.35
Received since that date	1174.20
On hand	2423.55
Bills audited to night	2697.16
Leaving a deficit of	273.61
To which add amount of bills on hand, but not signed;	307.23
Makes a total shortage of	580.84

The actual excess of audited bills over cash on hand ($273.61) can easily be met by the receipts of the present week.

Fair account. As the 28th Exposition is now inaugurated we recommend that as at former fairs, a set of books be opened wherein the accounts of the same be entered, and all items pertaining to the Fair be kept separate from those of the Institute

Grove P Ayers
Ernst A Denicke

Jacksons Bond They also recommended that the Bond of J A Jackson in the Pacific Surety Co be renewed in the amount of $1000. and called the attention of Committees to the importance of examining bills in time to get them before the Finance Committee

Sewers at Pavilion. Mr Formhals for the Committee said the Sewers on the Pavilion property were in a bad Condition and should be repaired immediately.

The cost will be about 50 cts per foot for an 8 in pipe and probably 120 feet will be required,

On motion of Mr Lewis, the Committee was authorized to proceed and have the sewers repaired in accordance with the report.

(Mr Doolan Came in and took his Seat,)

Books & Donations

Books. The Committee presented a list of books amounting to $184.96 and recommended they be purchased which was so ordered by the following vote.

Ayes. Ayers, Cumming, Denicke, Doolan, Formhals, Holmes, Kendrick Lewis, Mr President. 8. Absent Bush, Fisher, Leggett Moore Root

Pavilion Committee.

Mr Cumming reported that some Matters were so Connected with that of the Committee on Building, it was hard to segregate the duties belonging to Each. He would however recommend that the Building

Doors to be sold. Committee be instructed to sell to the best advantage, several large unused doors now in the Pavilion, also that the partitions in the

MAY 7 1895

Art Gallery be removed in accordance with instruction from the Art Committee, and the Cleaning of the windows be attended to.

On motion an authorization to sell the doors, was approved –

Mr Cumming for the Machinery Committee reported that the Engine

Engine. had been overhauled by a Competent Engineer and found in bad Condition from lack of proper Care at the close of the last Fair.

Reflectors. Two new reflectors have been made and attached. On trial we found them to be a vast improvement over the old ones.

Whitewashing. In regard to whitewashing we think that at least the Machinery Hall should be done.

Floor. The floor of that part of the building must be repaired and

Sewer. sewer from the tanks put in good Condition, and recommend we be permitted to have the above work done.

On motion the necessary power to repair was granted.

The question of "New Reflectors" was postponed for the Present.

Mr Cumming said there was one more question he would like to

Fish Tank. ask, and it was with fear and trembling: Who has Charge of the Fish Tanks?. Perhaps before the question was replied to it would be well to first decide if we are to have a Fish Exhibit. Last fair the fish were all presented and cost us about $5. each, and this year the Cost ~~will~~ for the whole would probably amount to $1000.

The question was debated at some length and finally Mr Denicke

Fish Exhibit. moved that the Management have an Exhibit of Fish at the 28th Industrial Exposition.

Carried.

Mr Lewis said that as the matter involves Considerable Cost it should at once be referred to some Committee to get estimates and recommended that the Committee on Exhibits have charge of the Matter.

On motion it was so ordered.

Art Matters. Mr Denicke for the Committee on Art reported that they had had several meetings which were very satisfactory. They had met with several gentlemen, including Mr Walters, who had promised their good will and assistance. Prof Ardley of the State University will make a very interesting Exhibit of Decorative Art, including designs for wood, Iron and Stone work; tiling etc. and give the matter his personal attention. His assistance will be of material aid to us. We will also apply to the Stanford University for a display of such objects of interest as may be obtained there.

We would recommend that Mr Solly H Walters be employed to Superintend the Art Department as he is well acquainted with the Art Connoisseurs of this City from whom we may expect to obtain a fine Loan Exhibit. If employed he will do all the

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

the necessary work of soliciting, receiving arranging and Cataloguing the Exhibit, take charge during the Exhibition and deliver the pictures at

Walters elected. the close, and in addition if desired during the Fair will deliver three lectures on Art as illustrated by the display at the Pavilion.

His Compensation for the entire time to be $300.

On Motion of Mr Lewis, Mr Walters was Elected Superintendent of the Art Department, on the terms proposed by Mr Denicke. by the following vote -

Ayes. Ayers, Cumming, Denicke, Doolan, Formhals, Holmes, Kendrick Lewis, Mr President 9.

Absent. Bush Fisher Leggett Mooser Root 5.

The Art Committee were also authorized to inform Exhibitors that as

Paintings to be insured. at former Exhibitions Art Work would be insured at the Expense of the Institute.

Music & Decorations -

Mr Lewis said the Committee had received two bids for music

Music. and as there was Considerable difference in the amounts, they requested the judgement of the Board in their Consideration, and during that time the Members Consider themselves in Executive Session. So ordered.

(Mr Fisher Came in and took his Seat)

Upon resuming the regular order Mr Doolan moved the whole matter of music be referred back to the Committee with full Power -

Carried.

Whitewashing The cost of whitening the Machinery Hall will be about $100 –

Kitchen + Sewers. The Kitchen and Sewers under the Pavilion is being repaired.

For convenience of the Art Committee we have prepared a plan of the Art Gallery drawn to a scale of 1/4 in to the foot.

The Engine has been placed in order.

Art matters The Committee on Art reported that the Preliminary arrangements for the Art display were being attended to by Mr ~~alter~~ Walter Supt. who has issued a Circular for distribution in this City. His Office Office for the Present will be in the Board Room of the Institute and hours from 2 to 3 each day except Thursday and recommended that he be paid $100 immediately and the balance at the close of the Fair.

The Committee on Exhibits presented the following,

May 21. 1895

Board of Trustees, Mechanics Institute.

Gentlemen!

Our Committee desires to report as follows:

Fish exhibit, That while the proposed exhibit of fish would be an attractive feature of the fair, the expense attending such an exhibit would be greater than the Institute is justified in undertaking. Also, ~~that~~ the exhibit to be an attractive one should be very complete, and ~~as~~ to be complete would be very expensive.

We therefore recommend ~~that~~ unless we can secure the Co-operation of the Fish Commissioners, it would be unwise

MAY 21 1895

for the Institute to assume the expense of making a collection, and we therefore recommend that the Secretary of the Institute be instructed to address the State Board of Fish Commissioners on this subject, asking them to render us such assistance as may be in their power to grant, or it might be proposed that the State Board of Fish Commissioners furnish all the exhibits, we providing the tanks and caring for the fish during the Fair.

Respectfully

Wm E Fisher

The following report from the Committee on Pavilion was read.

San Francisco June 4 1895

To the President and Board of Trustees
of the Mechanics Institute

Gentlemen:—

The Pavilion Committee desire to make the following report as to the repairs necessary to the Pavilion and the approximate cost of the same.

Repairs to Pavilion. First:— The kitchen plastering is badly broken and the woodwork inside and out requires repainting; the dado on the westerly end of Main pavilion, and the Columns on both first and second floors also need painting; the risers on the four stairways from the first to second floor should be repainted, and the three offices on first floor and lunch-room up-stairs require tinting; the ladies and gents toilet rooms also need re-painting and whitening, also the side of the rear stairs on the south side and the gas reflectors in Art-Gallery and water-closet in same need of re-painting.

~~The~~ We herewith submit bid of Mr C F Hagman. Covering the above work for the sum of $178.50 which we consider very reasonable, Considering the amount of work to be done. We also have a verbal bid from Mr Hagman for painting five double doors at $1.00 each. (total $5.00) The Machinery Hall and fire room require whitewashing, and we have had a bid for same for $110.00 (about 4 ¢ per square yard) Mr Hagman's bid is $100.00

We have had no estimate made for whitewashing the Easterly and westerly end of the main pavilion above windows, and would suggest

Repairs to Pavilion

to the Committee on Music and Decoration, that a scenic painting in both of these localities would be both useful and ornamental.

It has we understand, been the custom before opening of any fair, to have the trusses and rafters of the Pavilion thoroughly dusted off.. We respectfully recommend the same be done, and the Cost as near as we can ascertain, will be about $25. or $30; the windows are also sadly in need of washing, and the Cost of this work the last time, we understand was about $50. or less.

We also recommend that the larger lights of glass in the Polk St end of the building be sub-divided, which would reduce the chance of breakage and lessen the cost of repairing the same if broken: We have a bid of $42. for this work. Many lights of glass are broken in various parts of the building; the repairs would amount to about $59.00

During the evenings of the Fair; it has been the custom to send a man on the roof to open some of the various windows for ventilation. Your Committee that the sash used to the extent of 40 or 50 be Counter-balanced with weights: which can be reached with a pole from the inside of the Pavilion, and still be out of reach of the Public; this would cost not to exceed $25 to $30.

There is on hand at the Present time, in good order, about 585 chairs it will require about 500 more, the cost of these will be about 50 ¢ apiece or $250.00

We have had a verbal bid of $200 for painting the front of the Pavilion and vestibule two Coats, and would suggest to the Building Committee that it would be money well expended to do the same.

In closing we will give you the following summary of the Expenditures necessary for the above work

Painting, Whitening etc	183.50
Whitewashing Machinery Hall	110.
Dusting of Rafters & Trusses	30.
Washing windows	50.
Changing Sash on Polk St End	42.
Repairing broken glass	59.
Hanging Sash	30.
New Chairs	250.
Total	$754.50

following vote – ayes: Ayers, Cumming, Doolan, Fornhals Holmes Kendrick, Leggett Moser, Mr President.

Absent Bush, Denicke, Fisher, Lewis, Root.

Mr Cumming for the Committee on Machinery reported that a man was

Machinery. now cleaning the boilers which were in order except tightening a few rivets If the machinery hall is whitened the shafting will have to be cleaned and probably the Engine painted, later on.

Coal. As it will require about 100 tons of Coal during the fair, we think it would be well to invite bids and have it done by contract.

Some repairs will be necessary to put the belting in order, and the engine should be ready at least one week before the opening day. It will be necessary to Employ an Engineer and Fireman in time to test, and have

Blower. Everything in running order on time as above stated. The Hot air Engine and blower now in the Pavilion can probably be utilized for some useful purpose during the Exposition. New windows have been put in the

Kitchen. Sink. Kitchen and it will be necessary to have the old wooden Sink replaced by a new one of Concrete which will Cost about $18 – a new slop-hopper is also needed –

On motion of Mr Leggett the Sink and slop-hopper were ordered purchased

Reflectors Mr Cumming further reported that the Committee was in favor of new reflectors, and moved that they be authorized to purchase 13. more to be paid for at the close of the Fair.

Mr Fornhals thought it would be more economical to repair the old ones.

Mr Cumming Continuing said that two Electric Companies were prepared to bid on lighting the Pavilion, and propose to put in both arc and incandescent lights. The Mutual Electric Company, a new Concern in this city will have their plant in operation in about a month. In any Event we think the gas should be throughout the building, and would move the Committee be authorized to have all gas pipes overhauled and put in order.

Fish Exhibit. Tanks & Filters. In regard to Fish ~~Tanks~~ Exhibit it will require iron tanks to hold a supply of water which will cost for 3 $20. Each or 2 for $70 and Chas Brown & Sons will put in the necessary supply tanks and filters at a cost not to exceed $100. which will also include filters for drinking purposes.

(A proposal from Brown & Sons, for the above was read)

We recommend that the offer of Mr Brown be accepted.

On motion of Mr Leggett it was so ordered by the following vote ayes – Ayers, Cumming, Doolan, Holmes, Kendrick, Leggett, Moser. Mr President. No – Mr Fornhals. Absent Bush Denicke Fisher Lewis – Root. Mr Fornhals gave as the reason for voting no "that he wished to investigate matters before placing himself on record.

The Committee on Exhibits presented the following:

San Francisco June 4. 1895

To the Board of Trustees Mechanics Institute

Gentlemen:

Referring to a previous communication which we presented to you at your last meeting, relative to the proposed Exhibit of fish by the Institute

Fish Exhibit at the approaching Fair, we desire to say that having consulted with one of the representatives of the Board of Fish Commissioners, we are led to believe that the Exhibit as proposed would be a success and would attract a great deal of attention from visitors, while adding materially to the efficiency of all Exhibits

We think, however, that it would be well to have more time to fully consider the proper course to pursue.

We understand that the Board of Fish Commissioners will appoint someone to represent them in the collection of specimens provided the Institute will pay him a salary during the time he is employed in making such selections.

A suggestion which has been made to us, and which seems to merit some consideration, is that the owners of fishing and tug boats might be employed to secure for the Institute specimens of rare fish and marine curiosities which they often catch in their nets while at sea, that they might keep on board a barrell for that purpose and whenever such curiosities are caught, place them alive in the barrel and keep them for us.

There would be no expense attached to this and they would be very glad to accommodate us. In this way many specimens of great interest might be obtained.

We understand that just previous to the death of Hon W W Stow, a proposition was made to the Golden Gate Park Commissioners to establish in the Park, Aquaria, wherein might be kept different specimens of Pacific Coast fishes, and had not the untimely death of Mr Stow, put a stop to the arrangements under consideration for this purpose, we think such exhibit would have been established. It might be that after the Exhibit is over, we could turn over to the Park Commissioners such fish as we have on hand, thus establishing something of great interest to the Public. This is merely offered as a suggestion, and, if adopted, the Institute will deserve much credit for initiating the establishment of such a permanent Exhibit.

Of course, many people have to be seen in connection with our proposed Exhibit, and it would be a good plan to send a communication to the State Board of Fisheries to solicit their co-operation, and we suggest that the Secretary of the Institute be instructed to draft such a communication as will secure for us their assistance

Mr Smyth the ~~solicitor~~ Solicitor employed by the Institute, seems to

JUN 4 1895

Smyth, & have done some excellent work in securing promises of Exhibits but we would

his duties. suggest that as Mr Smyth is employed at a large salary for this purpose, that he be requested ~~that~~ to make a full report in writing to the Committee on Exhibits of such work as he has done in this connection. Inasmuch as this Committee is invested by the By-Laws with the general supervision of the Exhibits, it becomes not only of interest to the Institute, but absolutely essential that we be kept fully informed of everything that has been done in the way of securing Exhibits, their nature, character, space required by each, in fact

Exhibits. Everything necessary to a full understanding.

It may be that some of the Exhibits offered, for some ~~of~~ reason or other might be objectionable to the general high character of the Fair which it is proposed to hold.

The time is growing short now in which to take action and the sooner such reports are made, the better it will be as the available space in the Pavilion building must be mapped off and allotted to the several Exhibitors.

It devolves upon us to make a careful examination of the requirements of each Exhibitor and also of such things as he proposes to Exhibit, and it is therefore necessary that Mr Smyth's report be most comprehensive.

This Committee proposes to hold next week a special meeting for the purpose of considering this and many other matters which have been laid before it, and we desire to have Mr Smyth's report for consideration at that meeting.

While we have listened with interest to his reports previously made, we consider it highly important at this time that he make one general report to our Committee of all that he has done in this connection. It is also our intention to further consider at this meeting everything in relation to the proposed Fish Exhibit and will then be able to make a complete report on this subject.

In conclusion we recommend that a resolution be passed by your body, instructing Mr Smyth to make a daily report to this Committee as to what he is doing, that he be placed under the immediate supervision and instruction of this Committee, as only in this way can effective work be accomplished.

Yours respectfully
Will E Fisher

Unfinished business -

Folsom St Lot

The Chairman stated that the Matter of the Folsom St lot referred to the Board of Trustees at the last meeting had been carefully considered and deemed advisable as the first step before its use or sale to acquire the City's title ~~to~~ to that portion covered by the Mission Creek Survey.

To that end, a petition had been presented, and a Committee appeared before the Supervisors asking them to take immediate steps to settle the question at issue. It was decided to recommend to the Mayor the appointment of an Appraiser to fix the value of the land and offer it to the Institute at the price determined upon.

Messrs Taylor, Phillips, Macy, Wilcox, Jackson and others expressed opinions on the subject and Dr Hardcastle moved that as soon as possible after the Mayor fixes a price ~~for~~ the land be sold at Public Auction. . . Seconded by Mr Macy.

Mr McLean moved as an amendment the whole matter be deferred until the next quarterly meeting

Messrs Taylor and Peet spoke in favor of the Amendment which on being put to vote was Carried

Oscar Lewis

The Chairman stated that at a Meeting of the Trustees held April 2nd, Mr Manson a Member resigned and Mr Oscar Lewis had been Elected to the vacancy, and his Confirmation was now before the Meeting. And a motion was made and seconded that such action be taken. Mr Healy strongly opposed the Election of Mr Lewis, and on the vote being taken, the motion was lost, his

JUN 8 1895

Confirmation being refused.

Member objects to method of Election. Mr   Presented the following under the mistaken idea that it was and could be acted upon as an amendment to the Constitution.

"As the election of Trustees by the proportional and preferential method now "Constitutional in the Mechanics Institute has to all appearance & only been "adopted in consequence of the inattention of many members, and certainly "without full understanding of all the consequences involved, it "being unlikely that a majority of the members would willingly have "deprived themselves each, of six sevenths of their votes. Further the "system in question is so abnormal and complicated, and the "Constitutional provisions for its application so liable to misconstruction, "so obscure, incomplete, and insufficient, that since its adoption, "it has not in a single instance been put into practice Constitutionally, "Every one of the elections in 1893, 1894 and 1895 being liable to be "declared illegal by the Courts. It is proposed that the above system "be set aside, and that instead of it, the former method of ~~election~~ "Electing each Trustee by a majority of all the votes be reintroduced.

Mr L. E. Phillips presented the following and gave notice that at the next meeting he would move its adoption:—

Proposed Amendment. "Resolved that Article X. Section 1. of the Constitution of the Mechanics Institute be amended so as to read" Vacancies occurring in the Elective Offices of the Institute shall be filled by an Election, by the members of the Institute at the next Quarterly meeting ~~of the Institute~~ Said Election to be by ballot.

L. E. Phillips

Mr Peet Presented the following & moved its adoption:-

Resolved, that it is the sense of this meeting that the Trustees be requested to pass the necessary rule whereby the Reference Rooms may be kept open on Sundays from 12.30 to 10. P.M.

Carried.

The meeting then adjourned

JUN 18 1895

June 18, 1895

A regular meeting of the Board of Trustees was called to order at eight o clock and ten minutes, there being present Trustees Ayers, Cumming, Doolan, Formhals, Holmes, Kendrick, Leggett, Mooser, Mr President.

Absent Bush, Fisher, Denicke, Root.

The minutes of the last meeting were read, and after being amended by the insertion of $\$90\frac{50}{100}$, in report of Committee on Books & Donations, (Page 50), recording Mr Doolan as voting "No" on the vote of borrowing $3000. (Page 45) and striking out his remarks relative to his ability as a Musician (Page 51) they were approved.

Asst Janitor. The President reported that he had temporarially appointed an assistant Janitor subject to the approval of the Board; Mr Henicke the former one having absented himself without permission:

On motion his action was ~~approved~~ referred to the Committee on Employees.

The Committee on Library Rooms & Building made no report.

Doolan wants Committees to report. Mr Doolan objected as he believed the action of so important Committee should be submitted to the Board, as that was the only way the other members have of knowing what is being done.

Mr Formhals, a member of the Committee, said the necessary sewers had been put in the Pavilion property, and the plumbing in the building was being attended to.

New books. The Committee on Books & Donations presented a list of books amounting to $150.05. and recommended they be purchased which was so ordered by the following vote:- Ayers, Cumming, Doolan, Holmes, Formhals, Kendrick, Leggett Mooser Mr President.

Lectures & Classes, no report, and no member present.

Printing. The Committee on Printing and Advertising reported that an advertisement calling for bids for the newspaper privilege had been inserted in the City papers, and the Pamphlet containing the rules, regulations and Premium list was printed and ready for distribution.

The Pavilion Committee reported ~~that~~ the work authorized at the last meeting was going on.

Machinery. The Committee on Machinery reported that the Machinery Hall was being whitened, and the boilers and appliances were in order except arch for the smoke stack, which requires some brick repairs.

Fish Tanks. The Fish tanks have been uncovered and cleaned out. Bids are being obtained for the window cleaning, which will be done at the end of July.

Lighting Nothing definite has been done about the lighting of the Pavilion, except that proposals have been solicited for the same.

No further steps have been taken about reflectors, as the Committee ~~as the Committee as the~~ are waiting to see the result of Mr Formhals system of repairing.

Mr Ayers for the Committee on Art said that Mr Solly Walter, Supt

of the Art department was present, who addressed the Board and said that everything continues favorable for a large and fine exhibit of art work, in fact he feared there would be more difficulty in refusing exhibits than in obtaining them. He also made a vigorous complaint against the day lighting of the gallery, which in his opinion was wholly inadequate, and without some change was made, would be useless for an Art exhibit

On motion of Mr Kendrick the Lighting of the Gallery during the day was referred to the Pavilion and Art Committees

Exhibits

The Committee on Exhibits made no report. Mr Doolan a Member said the Chairman had never Called a Meeting, and therefore he was unable to make a statement of what had been, or was necessary to be done. The President instructed the Secretary to request the Chairman to call a meeting at an early date.

The Committee on Tickets and admissions made no report.

The Committee on Music and Decorations reported that by authority of the Board they had engaged the services and entered into a Contract with Mr Scheel to supply the music.

Prof. Scheel & Music.

Messrs Doolan & Leggett thought such action of the Committee was unwise and that so important a Contract as music, should not be entered into unless first laid before the Board and receiving its sanction.

The President said he was at the meeting of the Committee, and the matter had been referred to them with power to make a Contract, and he understood the Contract as stated by the Chairman, but agreed with Mr Leggett & Doolan, that on general principles, Committees should go slow on entering into contracts ~~unless specially~~ whereby the Board is bound by their action.

Duke-Smith.

The Committee on Management reported that they had Considered the matter of Duke-Smith & Howland referral to them at the last meeting and had decided adversely to their request, as granting them that privilige would seriously interfere with the newspaper Concession.

They recommended that an advertisement for bids for the other Privileges be inserted in the city papers at the proper time. On motion of Mr Formhals the matter of Duke-Smith & Howland, and the advertising for privileges was approved.

Mr Doolan moved that hereafter all reports from Committees be made in writing. Seconded by Mr Kendrick.

Committees to make reports in writing.

Mr Leggett moved as an amendment, "that no oral report be received" Mr Doolan accepted the amendment, and the motion "that hereafter all reports from Committees be made in writing, and no oral ones received" was put to vote and carried unanimously.

JUN 18 1895

Mr Smyth the Solicitor presented and read a report of Progress, Containing sundry recommendations regarding Exhibitors, Exhibits and Examination of Articles by Jurors.

Several matters referred to in his report were discussed at considerable length, and the following rules adopted:-

Sale of Articles

In regard to the sale of Articles manufactured in the Pavilion, the matter was referred to the Committee on Management, with expression of opinion from the Board, that we deal liberally with manufacturers of articles which do not interfere with purchased privileges, also that the awards made by the Judges be final, except in cases of alledged fraud where the charges are made in writing.

Weather Bureau

The matter of an Expenditure of money to defray expenses of an Exhibit from the Weather Bureau was referred to the Committee on Exhibits to examine into and report at the next meeting.

Objectionable Member

A Communication from members of the Institute relative to an objectionable member was referred to the Committee on Employees.

The Matter of locating Exhibits of Machinery in the Main Hall was on Motion of Mr Cumming referred to the Joint Committees on Exhibits & Machinery, to report their Conclusions at the next Meeting.

Mr Doolan moved the Board proceed in the Examination of bids for the newspaper privilige. Carried.

Newspaper Privilege

Bids for Newspaper Privilege.

Hicks Judd Co. (Enclosing a check for $400)	550.00
J C Hoag	350.00

A T Dewey; 10% of the gross amount received from advertising and all other sources of income from the paper; and should the income to the management be less than $500, to increase the percentage until it was sufficient to make $500, if the percentage did not exceed 15% of the gross income.

Mr Leggett moved that the bid of Hicks Judd Co be accepted and that the proper officers enter into a contract with them in accordance with the proposal made. Carried.

The Matter of Advertising in the Paper (Fair Daily) as proposed by Hicks Judd Co was referred to the Committee on Printing and Advertising, to report at the next meeting of the Board.

A request from C W Percy of Percy & Hamilton architects, for loan of a book from the Reference Room was granted under the usual restrictions.

A request from Chas Gieffe to be allowed to put in a bid for decorations in the Pavilion, was referred to the Committee on Decorations.

JUN 18 1895

A Communication from A Roncoveri Band Leader to Trustee Mooser, relative to music at the fair, was received and filed.

A letter from O. F. Von Rein ~~Co~~ stating that he had been appointed by

Folsom St Lot. Mayor Sutro to appraise the value of the Mission Creek property on the Folsom Street Lot, and desiring evidence that the Map of the Property submitted by the Board is official was read and referred to the Committee on "Folsom St Lot.

Under the head of New Business, Mr Mooser the Recording Secretary said that at the last Quarterly Meeting, the Election of Mr Oscar Lewis as a Member of the Board of Trustees was not Confirmed, and therefore a vacancy now exists, and he would nominate for the position Mr Alexander Bardet.

Bardet Nominated & Elected.

Seconded by Mr Cumming.

No further nomination being made the Chair appointed Trustees Kendrick and Holmes Tellers and a ballot was taken wherein Mr Bardet received seven votes.

The President declared that Mr Bardet had received a Majority of the votes and was therefore duly elected as Trustee to fill the vacancy occasioned by the non-confirmation of Mr Lewis.

Mr Formhals retired.

Mr Doolan moved that the Board go into Executive Session.

The Chair stated that the retiring member left the Board without a quorum, and therefore no business could be transacted, and the meeting adjourned.

which will have to be met by a loan, provision for which was made at the Meeting June 4th 1895.

We would again repeat the recommendation made at the last meeting that the Contingent Fund of the Secretary be, until the close of the Fair increased to $250. per month. as many small bills for immediate wants, and payment of bills for transient labor should be made at once.

We also recommend that all payments from funds of the Institute, either by check or money, be done by the Secretary to the party in person, he taking a proper receipt therefor.

The following bills have been presented to the Committee for their approval, but as they contained but one signature, we have declined to audit them, and trust that in future the various Committees will promptly examine and certify to such bills as require payment in time to be included in the list presented by this Committee.

{Bills not written in. amount $384.40}

G. P. Ayers

The Committee on Books & Donations presented a list of books

New Books amounting to $111.77½ and recommended they be purchased, which was so ordered by the following vote - Ayes, Cumming, Doolan, Fisher, Holmes. Kendrick, Leggett, Bardet, Mooser, Root, Mr President.

The Committee on Lectures & Classes had no report.

The Committee on Printing & Advertising had no report

The Committee on Pavilion presented the following

Since the last report from this Committee the cleaning of the boilers and Engines have been Completed. Steam has been raised on boilers and Engine put in motion and found in satisfactory

Fair Matters order - The Committee will now Clean and paint Engine, put belts in place and have everything ready for the Fair before the middle of the month. As the Machinery hall is now ready for Exhibits, the Committee are now anxious to get as soon as possible the best of all Machine Exhibits so as to locate them to the best advantage -

The water tanks for Pump Exhibitors are being cleaned out and will

JUL 2 1895

be ready this week. The Fish Tanks will soon be in complete order, probably before the middle of the month be ready for the fish. I am informed by Mr Brown that the Filter for the tanks left New York last Saturday. It now becomes a serious question as to the procurement of Fish for Exhibit, also Terrapin, Bullfrogs, Ferns, Coral, Rocks Gravel etc.

The question of Electric Lighting has got yet to be decided by the Board. The Committee has only two propositions from two parties. One is from the Edison Light & Power Co, and one from the California Electric Co. That of the Edison in the Opinion of the Committee cannot in any way be entertained

Electric Light at Pavilion. It is to wire the building for $2500. and from their underground wire light the Pavilion with their new style of incandescent light which Mr Martin says Cost about the same as gas. The California offers to put in an Engine and Dynamo of California Manufacture and furnish 30 Arc Lamps to Pavilion at an Expense of $8. per lamp for 30 days: with the sole privilege of furnishing incandescent lamps to Exhibitors who will pay them 2.50 Each for 30 days, we to furnish the Steam for their Engine gratis. They construct all kinds of Electric Light Apparatus, and say they will make a splendid Exhibit of same.

The Committee has had no Communication from the Mutual Electric Co, although requested to make a proposition as to lighting the Pavilion. So far the Committee are of the opinion that the proposition of the California Electric Co seems to be reasonable and desirable.

The Committee has not yet made any arrangement as to putting the gas fixtures in order for the fair, but thought it would be judicious to first secure the services of a good gas man, one who is an Expert in the business, and get his advice before acting.

The Committee have made enquiry and have an application from one who has been Foreman for Mr Bush 11 years and highly recommended, but as the Committee has not had time to investigate as fully as they would desire, we will postpone a fuller report until the next Meeting. In the mean time the Committee desire the authority of the Board to Employ a gas man to repair the fixtures and act as gas Supt at the Fair, at the salary recommended by the Committee on Employees.

and could get nothing from them by way of proposals.

The Pavilion Committee presented the following.

July 2 1895

To the Chairman and Trustees
Mechanics Institute.

Gentlemen:

The Pavilion Committee desire to report as follows:

Pavilion

The Whitewashing in Machinery Hall is about Completed and the Kitchen and stairways are being pushed as rapidly as possible. The hanging of the windows are finished with the Exception of Counter-weighting.

We have received a bid of $45.00 for washing all the windows in the Pavilion.

We have purchased 500 chairs from Bare Bros at 50¢ each, with the additional Cost of $7.50 for strengthening cleats on bottom of same.

We would suggest that the following work be done. That the Restaurant floor be extended Easterly to the opening in Annex, making an additional Space of 20 x 40 feet at a Cost not to Exceed $30.00 This would avoid the necessity for using, as has been customary in the past, a portion of the main floor under gallery. thereby insuring greater privacy and better accommodations to the patrons of the restaurant.

The fish tanks and frame work of the Elevator above gallery require painting, the Cost of the same would not Exceed $10.00

We would suggest that the Decorating Committee decide at once as to Decorations around Gallery: as the dusting of the rafters and framework should be done before decorating.

In closing we would also suggest a joint meeting of the Building Committee, the Committee on Music & Decorations and Exhibits with this Committee to determine upon the location of Band Stand.

Respectfully Submitted
Howard C Holmes
George Cumming
R Kendrick.

Mr Leggett moved that the report be taken up Seriatim - Carried. 1st. Extending floor of Restaurant at Cost not to Exceed $30. Carried by the following vote - Ayes. Cumming, Doolan, Fisher, Holmes, Kendrick, Leggett, Bardet, Mooser, Root, Mr President.

2nd. Painting Fish tanks & Elevator at Cost not to Exceed $10. Carried by the following vote - Ayes, Cumming, Doolan, Fisher, Holmes, Kendrick, Leggett, Bardet, Mooser, Root Mr President.

3rd, Dusting rafters & framework and joint meeting of Committees were on Motion of Mr Leggett approved, and the whole report received and filed.

The Committee on Art made no report.

The Committee on Exhibits presented a report principally to proposed

scenic effects in each end of the main nave of the Pavilion, which was received and filed.

The Committee on Tickets & Admissions made no report.

Mr Doolan arose to a question of Privilege, and said he wished the Board to note that Mr Fornhals was absent from his seat for the first time in a long period, and read an alleged statement from him (Mr Fornhals) in regard to music, published in the Call on June 27th which he stated was untrue.

The Committee on Music and Decoration made no report.

Mr Moose thought some report should have been received from that Committee

Music

A lengthy discussion ensued on the Matter of Music and an agreement Entered into between the Music Committee and Mr Scheel wherein the latter agrees to furnish a band of 32 Musicians including leader for $4900. Finally on Motion of Mr Cumming it was ordered that the proper officers be instructed to sign a Contract with Mr Scheel on the terms before agreed upon, but that said Contract shall Specify that all the Musicians engaged or Employed in said band shall belong to the Musicians Union, and that Mr Scheel himself shall act as Conductor or Leader during the Entire term of the Engagement - The above was adopted by the following vote. Ayes. Cumming, Doolan, Fisher, Holmes, Kendrick, Leggett Bardet, Mooser, Root, Mr President.

From the Committee on Management.

July 2. 1895

To the Board of Trustees Mechanics Institute

Sirs:- Your Committee on Management beg leave to report. that a Meeting was held in the Board Room on Monday the 1st inst, at which were present Messrs Judd & Symmes, representing the Board of Manufacturers and Employers, and Mr Kohlberg of the Merchants Association.

Sundry Associations meet the Institute.

Matters Concerning the 28th Industrial Exposition were discussed the visitors offering some apt and valuable suggestions bearing on the policy of the Institute in the Conduct of the forthcoming Exhibition.

No definite action could be taken owing to the limited attendance and the Meeting adjourned at an Early hour to re-assemble on Tuesday next at Eight o'clock in the evening at which time it is anticipated there will be a full attendance of those who are in sympathy with our present work. Only two organizations accepted our invitations to Consult with them, on this occasion and to insure an attendance in proportion to the importance of the business to be Considered we respectfully recommend that this Board issue an invitation addressed to the President or Executive Officer of each association, whose

JUL 2 1895

opinions or councils we seek, or whose assistance may be desirable or efficient in the present enterprise, asking such officers to select from their members representative men as in their judgement will prove valuable allies to us in our efforts to promote the manufacturing and industrial interests of the State, and to add as many of these men as possible to the Committees already appointed (where such have been appointed) and ask them, or urge them to attend the meeting to be held next Tuesday. We would particularly call attention to the importance of having a full representation of all the Associations to whom this invitation is sent. We would further report that the Chairman of this Committee called on Mr Hammon of the Weather Bureau, in accordance with the instructions of the Board given at the last meeting, and was advised by that gentleman if an Exhibit was made by that department of the it would require less than 20 feet square of space to make it complete and that this need only be fenced off to keep the spectators from handling the property. This would involve an expense of certainly not more than $50 including the boxing of the material for re-shipment after the Exhibition is closed. Mr Hammon had written the department saying that the Institute would bear this expense if the officials would permit the property to be sent here, and at the time of the interview no answer had been received by Mr H.

Applications have been received for privileges as follows:

J. B. Slinn. For selling bangles etc. as per letter herewith.

We recommend the privilege be given him for the sum of $25—

A. Weiner. For selling the badges of the Pacific Identifying Co we recommend be granted on the payment of $25.00

Vitalis Calef. For the privilege of establishing an oriental Exhibit in the Pavilion — We recommend this application be refused as the Exhibit is hardly appropriate to the ends of the Institute.

John Doe Privilege of selling a patent shoe fastener, a sample of which is offered herewith.

We recommend this privilege be granted for the sum of $25.00

The spaces required for these privileges will not exceed 6x8 each.

Respectfully Submitted

Special Meeting Board of Trustees Thursday Evening July 11th 1895

The meeting was called to order at Eight o'clock there being present Trustees, Cumming, Ayers, Barker, Doran, Formhals, Holmes, Kendrick, Leggett Root Mr President. The minutes of the last meeting were read & approved

The President stated that the meeting had convened to consider and define the duties of the various Committees.

The following Communication from Trustee Fisher, was read.

July 11 1895

Mr A.S. Hallidie

President Mechanics Institute, City

Dear Sir,

Fisher.

It is impossible for me to present myself to night at the meeting, receiving notice as I did this morning. I am satisfied to present myself every Tuesday evening, notwithstanding that the regular meetings are every second Tuesday evening. I can make it convenient if I get notice before hand to remain here at my San Francisco home, and acquaint my family thereof. However I understand the meeting is for the purpose of defining the work of the various committees. Our by-laws are defective, but if some rule by which we can harmoniously get along is formed, I am positive that we can fall into line, and make this coming Fair one of great success. As the matter stands, the Committee on Exhibits, of which I am Chairman, have no duties whatever to perform, but to locate respective exhibits. This undoubtedly, conflicts with our by-laws, which state expressly, that we have full charge of all general exhibits. Naturally as Chairman of that Committee, I am at a loss to know how to act, and I am positive that my associates in this committee feel likewise, however, whatever you may decide upon, will meet with my approval, only tell me what to do, and let me act.

I regret sincerely that it was impossible for me to present myself at the meeting, last Tuesday, but in as much as I had to be with the Governor of our State on a visit to Mare Island, it was impossible–

The President continuing said " It is evident that the Trustees must take more interest in Fair matters than is now being taken, and hereafter the Board should meet at least every Tuesday evening until the Fair opens, the first and third Tuesdays being devoted exclusively to regular meetings and the second and fourth Tuesdays for Fair matters. If hereafter committees fail to do their work, the Board must take it up, and carry it forward. I have arranged my ideas regarding the duties of the committees and present

JUL 11 1895

them for your consideration. There may be some overlapping of duties occurring, but generally the matters belonging to each committee are well defined. The President then read the following:

By Laws – Duties of Committees during Fairs

Finance – The rules for this committee are cleary defined in the by-laws–

The Duties of Committees.

Library, Rooms and Building – All repairs or alterations to the property of the Institute includes all construction repairing and alterations to the building, except what is committed to the care of the Machinery committee and defined in section 9, article 11.

Books and Donations – The Rules for this committee are defined in the by-laws.

Lectures and Classes – The rules for this committee are defined in the by-laws.

Printing and Advertising ~~The rules for this committee~~ all the printing and advertising for the Fair is included in the duties of this committee.

Pavilion – The functions of this committee are supervisory, they are the guardians of the Pavilion and its appurtenances. The latter includes the premises adjoining the Pavilion. While having the care and supervision of the Pavilion and its appurtenances, it is not intended that this committee shall act as Building committee, but it shall have the right to see that nothing is done by another committee to damage or injure this property. The renting of the Pavilion is under its charge as well as the employees between the Fairs–

Employees – The trustees look to this committee for the faithful and efficient performance of duties by the employees of the Board, failure in this respect by any employee must be noted and reported by it to the Board, including the employees in the Machinery or other departments. This committee shall notify the Board whenever it is necessary in its opinion to increase or decrease the number of employees.

Machinery – The duties of this committee are clearly stated in the first paragraph, except last sentences, does not relieve Employees-committee from its responsibilities, as to the faithfulness and efficiency of the employees who are under the direct charge of the Machinery Committee it also has charge of steam, water, gas pipes and Fixtures

Art – Included in the duties of this committee are the

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

Duties of Committees

soliciting, locating and care of works of Art, the proper hanging and placing of the same, procuring suitable day and night light, enforcing rules for exhibitors, employees and visitors of this department, issuing and distributing catalogues, deciding as to the insurance value of works of Art, and see to their proper and safe return to owners, the arranging of the rooms and partitions, etc., is under its direction.

Exhibits – All the general exhibits in the Fair are under the charge of this committee. It shall see that the rules respecting height of exhibits, partitions, signs, etc, are enforced, that the character of the exhibits is in charge of this committee. Special exhibits such as Art, Machinery, or others that may be designated special by the Board, and all the privileges sold by the Board are not located by this committee.

Tickets and Admissions – The duties of this committee are clearly defined in section 12 – In brief this committee designs the tickets, the Printing Committee has them printed. This committee receives from and receipts to the Printing Committee for all such tickets, and then issues to the Secretary all the tickets that are to be sold and takes his receipt for the same. This committee has sole control of the ticket receiving boxes, and counts the tickets received during the day, each night, and reissues them to the Secretary.

Music and Decoration Included in the duties of this committee are the locating of the Band stand, designing of decorations and erecting of same and to see that the contracts and agreements as to Music and Exercises during the Fair are carried out –

Management – The rules, and enforcements of the rules regulating the watchman and sanitary inspectors are with this committee, as well as the disposal of privileges and locating of the same. The rest of the duties of this committee are clearly stated in section 24 –

Secretary – As the Secretary is held responsible for the tickets issued to him by the Ticket committee and will give a bond of $2000.00 he should have the right to nominate the clerks engaged in selling tickets or handling money in the Ticket Office.

Advisory or Executive Committee – The committee appointed by the Board at its last meeting, and consisting of the Chairman of the Machinery, Art, Exhibits, Tickets, Music and Management Committees, and the President constitute an Executive or Advisory Committee – Its duties are of

a temporary nature and to be executive during the absence of a quorum of the Board, or advisory to the President when circumstances prevent the calling of the whole Board, and to be a prompt means of communication between each committee through its Chairman.

After a general discussion in which all the members took part, the suggestions of the President were approved.

At the suggestion of Mr. Cumming, it was ordered that the Pavilion Committee be granted power from time to time to expend when required for immediate repairs a sum not to exceed $20.00

Music Stand

On motion it was ordered that the Music stand be placed in the center of the building, and the platform be raised 6 feet from the floor.

Secretary's Bond.

The question of the Secretary's bond was considered and on motion of Mr Bardet, it was moved and carried that the Institute pay the premium thereon. Carried. Mr Leggett moved the bond of the Secretary be fixed at $2000.00 – Carried

Ad

On motion of Mr Ayers, it was ordered that a a 3 sq. advertisement of the Fair be inserted in six English daily papers.

The legal points regarding a contract for the musical privilege was referred to Mr Leggett –

Mr Leggett moved that the Board of Trustees meet every Tuesday evening until the Fair opens, and that the first and third Tuesdays being for the regular meetings, and the second and fourth Tuesdays being devoted exclusively to Fair matters.

A communication from Chas. Tidball in reference to his employment as assistant to the comittee on Decoration was referred to that committee.

The Pay Roll of employees at the Pavilion for the month of June amounting to $\$137^{\underline{50}}$ was ordered paid by the following vote – ayes – Cumming, Ayers, Formhals, Kendrick, Leggett, Root, Bardet, Mr. President – It was further ordered that each person on above pay roll be paid by a warrant on the Treasurer drawn in their favor.

Folsom St Lot.

The President presented and read a contract from Williams' Belser & Co ~~& Miller~~ for paving work on the Folsom St. lot, made contingent and subject to the approval of the Board. Mr A Bardet was by an unanimous vote elected as Corresponding Secretary –

Regular meeting of the Board of Trustees Tuesday eve July 16, 1895

The meeting was called to order at eight o'clock, there being present Trustees; Ayers; Cumming, Doolan; Fisher, Holmes, Leggett Baxter Root, ~~Moore~~, Mr. President. The minutes of the last meeting were read and approved.

Mr. Doolan wanted to know of Mr Formhals what had been done about the Mechanics' Institute Magazine.

Magazine.

Mr Formhals replied that as he understood the matter, the front page and other engravings might be used to advantage by whoever published the catalogue, and believed it would be proper to have H. S. Crocker Co., do the work.

The Committee on Library, Rooms and Building presented the following report, which was read, and action on the matters recommended therein was postponed.

San Francisco, July 16, 1895

To the Board of Trustees of the Mechanics' Institute

Gentlemen:-

Your committee of Library, Rooms and Building beg leave to report as follows:

That in our opinion the following work is necessary, and we ask for authority to do the same.

Outside walls of Institute.

1st. That the entire west wall of the Post St. Building be painted and plastered with Portland cement mortar, that the east wall be painted where necessary only, and the whole of said wall painted two coats, and that a large sign of four words "Mechanics' Institute Library Building be painted on both sides. the whole cost not to exceed $300.00

Cleaning & Papering.

2nd That the whole middle floor four rooms of the Library building be cleaned, and the walls tinted, the ladies room papered also that the chess room be cleaned and the walls and ceiling tinted, the whole cost not to exceed $130.00

3rd That the patent room needs more furniture

Table for Patent Room.

and we recommend that a large table about 14 feet long and 4 ft 3 inches wide be purchased with about 12 large drawers for maps underneath at a cost not to exceed $60.00

There is a little work necessary on the Pavilion building such as renewal of glass and patching up but we do not recommend any large expenditure there

Respectfully submitted

A Root, F Formhals

The Committee on Books & Donations recommended the purchase of books amounting to $115.37½, which was adopted by the following vote ayes - Ayers, Cumming, Fisher, Formhals, Doolan, Holmes, Leggett, Root, Mr. President -

The Committee on Lectures and Classes made no report

The Committee on Printing and Advertising made no report -

The Committee on the Pavilion presented the following report.

San Francisco July 16, 1895

To the Chairman and Board of Trustees of the Mechanics Institute.

San Francisco, Cal.

Gentlemen:-

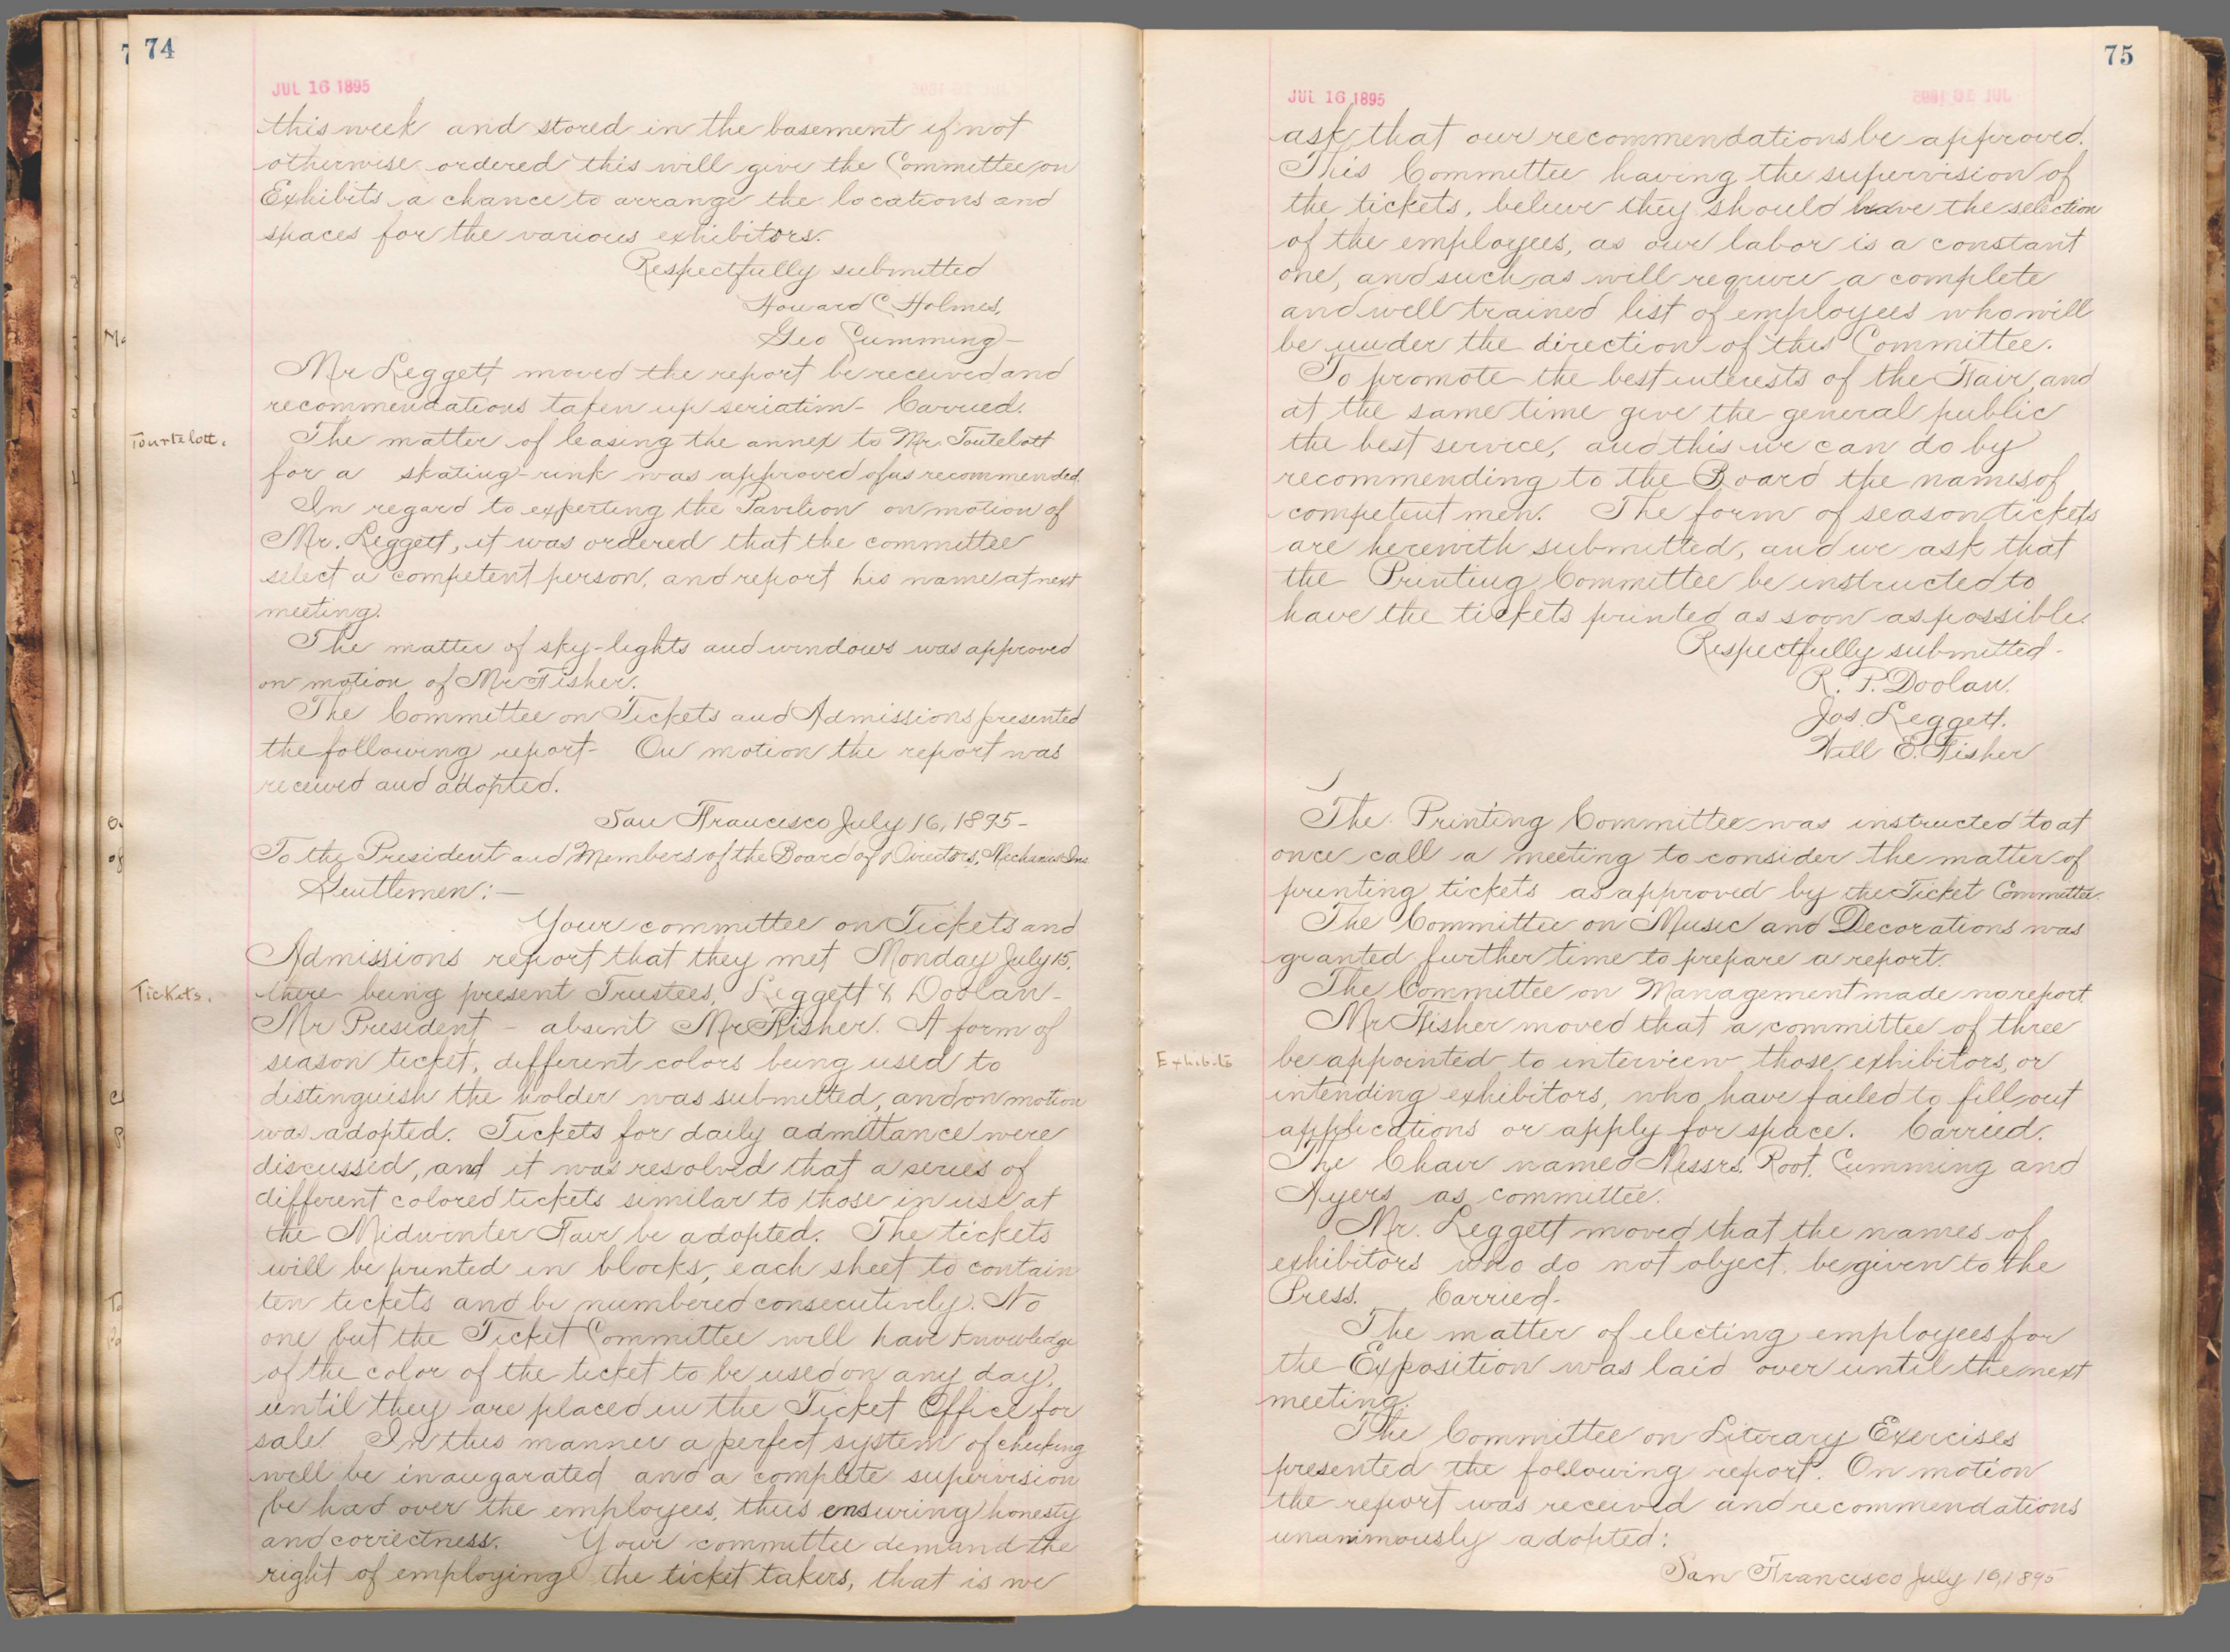
The Pavilion Committee desire to report as follows:

The repairs etc., to the Pavilion, authorized by you at a meeting previously held, are about completed; the roof timbers have been dusted and before completing the cleaning of the windows, would suggest to the Building Committee, that quite extensive repairs are needed to the windows and sky-lights.

Pavilion Matters

We have looked into the matter of leasing the annex to the present tenant at the close of the Fair. We have investigated the charges preferred against him, and find no foundation for the same. The Chairman of this Committee has had a personal interview with Mr. Frank Holbrook, Officer of the Society for the Suppression of Vice, who has nightly visited the Skating Rink during the past season. He reports, that while the patrons do not belong to the San Francisco Four Hundred, that Mr. Toutelott keeps an orderly house, and has a special officer in constant attendance, and he thinks that the Trustees could not find a better tenant. We therefore recommend that the lease be granted -

In closing we would suggest to the Building Committee, the advisability of having the Pavilion thoroughly examined by some expert builder as to the strength and safety of the gallery and the general condition of the foundation, etc., before the opening of the same. The benches will be removed from the floor.



JUL 16 1895

this week and stored in the basement if not otherwise ordered this will give the Committee on Exhibits a chance to arrange the locations and spaces for the various exhibitors.

Geo Cumming -

Mr Leggett moved the report be received and recommendations taken up seriatim - Carried.

Tourtelott. The matter of leasing the annex to Mr. Toutelott for a skating-rink was approved of as recommended.

In regard to experting the Pavilion on motion of Mr. Leggett, it was ordered that the committee select a competent person, and report his name at next meeting.

The matter of sky-lights and windows was approved on motion of Mr Fisher.

The Committee on Tickets and Admissions presented the following report - On motion the report was received and adopted.

San Francisco July 16, 1895 -

To the President and Members of the Board of Directors, Mechanics Ins.

Gentlemen: -

Your committee on Tickets and Admissions report that they met Monday July 15. Tickets. there being present Trustees, Leggett & Doolan - Mr President - absent Mr Fisher. A form of season ticket, different colors being used to distinguish the holder was submitted, and on motion was adopted. Tickets for daily admittance were discussed, and it was resolved that a series of different colored tickets similar to those in use at the Midwinter Fair be adopted. The tickets will be printed in blocks, each sheet to contain ten tickets and be numbered consecutively. No one but the Ticket Committee will have knowledge of the color of the ticket to be used on any day, until they are placed in the Ticket Office for sale. In this manner a perfect system of checking will be inaugarated and a complete supervision be had over the employees, thus ensuring honesty and correctness. Your committee demand the right of employing the ticket takers, that is we

JUL 16 1895

ask that our recommendations be approved. This Committee having the supervision of the tickets, believe they should have the selection of the employees, as our labor is a constant one, and such as will require a complete and well trained list of employees who will be under the direction of this Committee.

To promote the best interests of the Fair, and at the same time give the general public the best service, and this we can do by recommending to the Board the names of competent men. The form of season tickets are herewith submitted, and we ask that the Printing Committee be instructed to have the tickets printed as soon as possible.

Respectfully submitted -

Office of Scheel's Band
Hotel Mirabeau
San Francisco, May 13, 1895

To the Music Committee of the 28th Industrial Exposition

Gentlemen:

In accordance with your request, I herewith submit a proposal to furnish my band for your coming Exposition.

It will be impossible for me to enter into any lengthy details, as I have just been handed your communication, but I trust the reputation of "Scheel's Band" will be a sufficient guarantee that every detail connected with the music will be strictly first class, and of a superior nature.

I will furnish a band of 32 thoroughly competent artists, including 4 soloists of the highest reputation, including also myself, and an assistant conductor for the entire Exposition for $5500.00

My collection of music is the largest library in the United States, and has been secured by me at an expense of $30,000.00, and contains selections possessed by no other musical director. It includes classical

JUL 16 1895

popular, operatic, music of the highest and most difficult kind as well as of the lighter order. I will arrange composers special nights, including Wagner night, Strauss night, etc., etc., and give such an entertainment as will compare with the great musical festivals of Europe. The uniforms will be new and novel and very attractive-

I shall be pleased to give you any further information you may desire. I assure you that I will endeavor as far as lies in my power to make my department of the Exposition, one that will add to the success of the Exposition.

Hoping to hear from you favorably, I remain,

Very truly yours,
Fritz Scheel
Hotel Mirabeau
Corner Ellis & Leavenworth Sts

I hereby agree to furnish the Music strictly in accordance with your specification and my bid which I modify to Four thousand nine hundred ($4900.00) dollars-

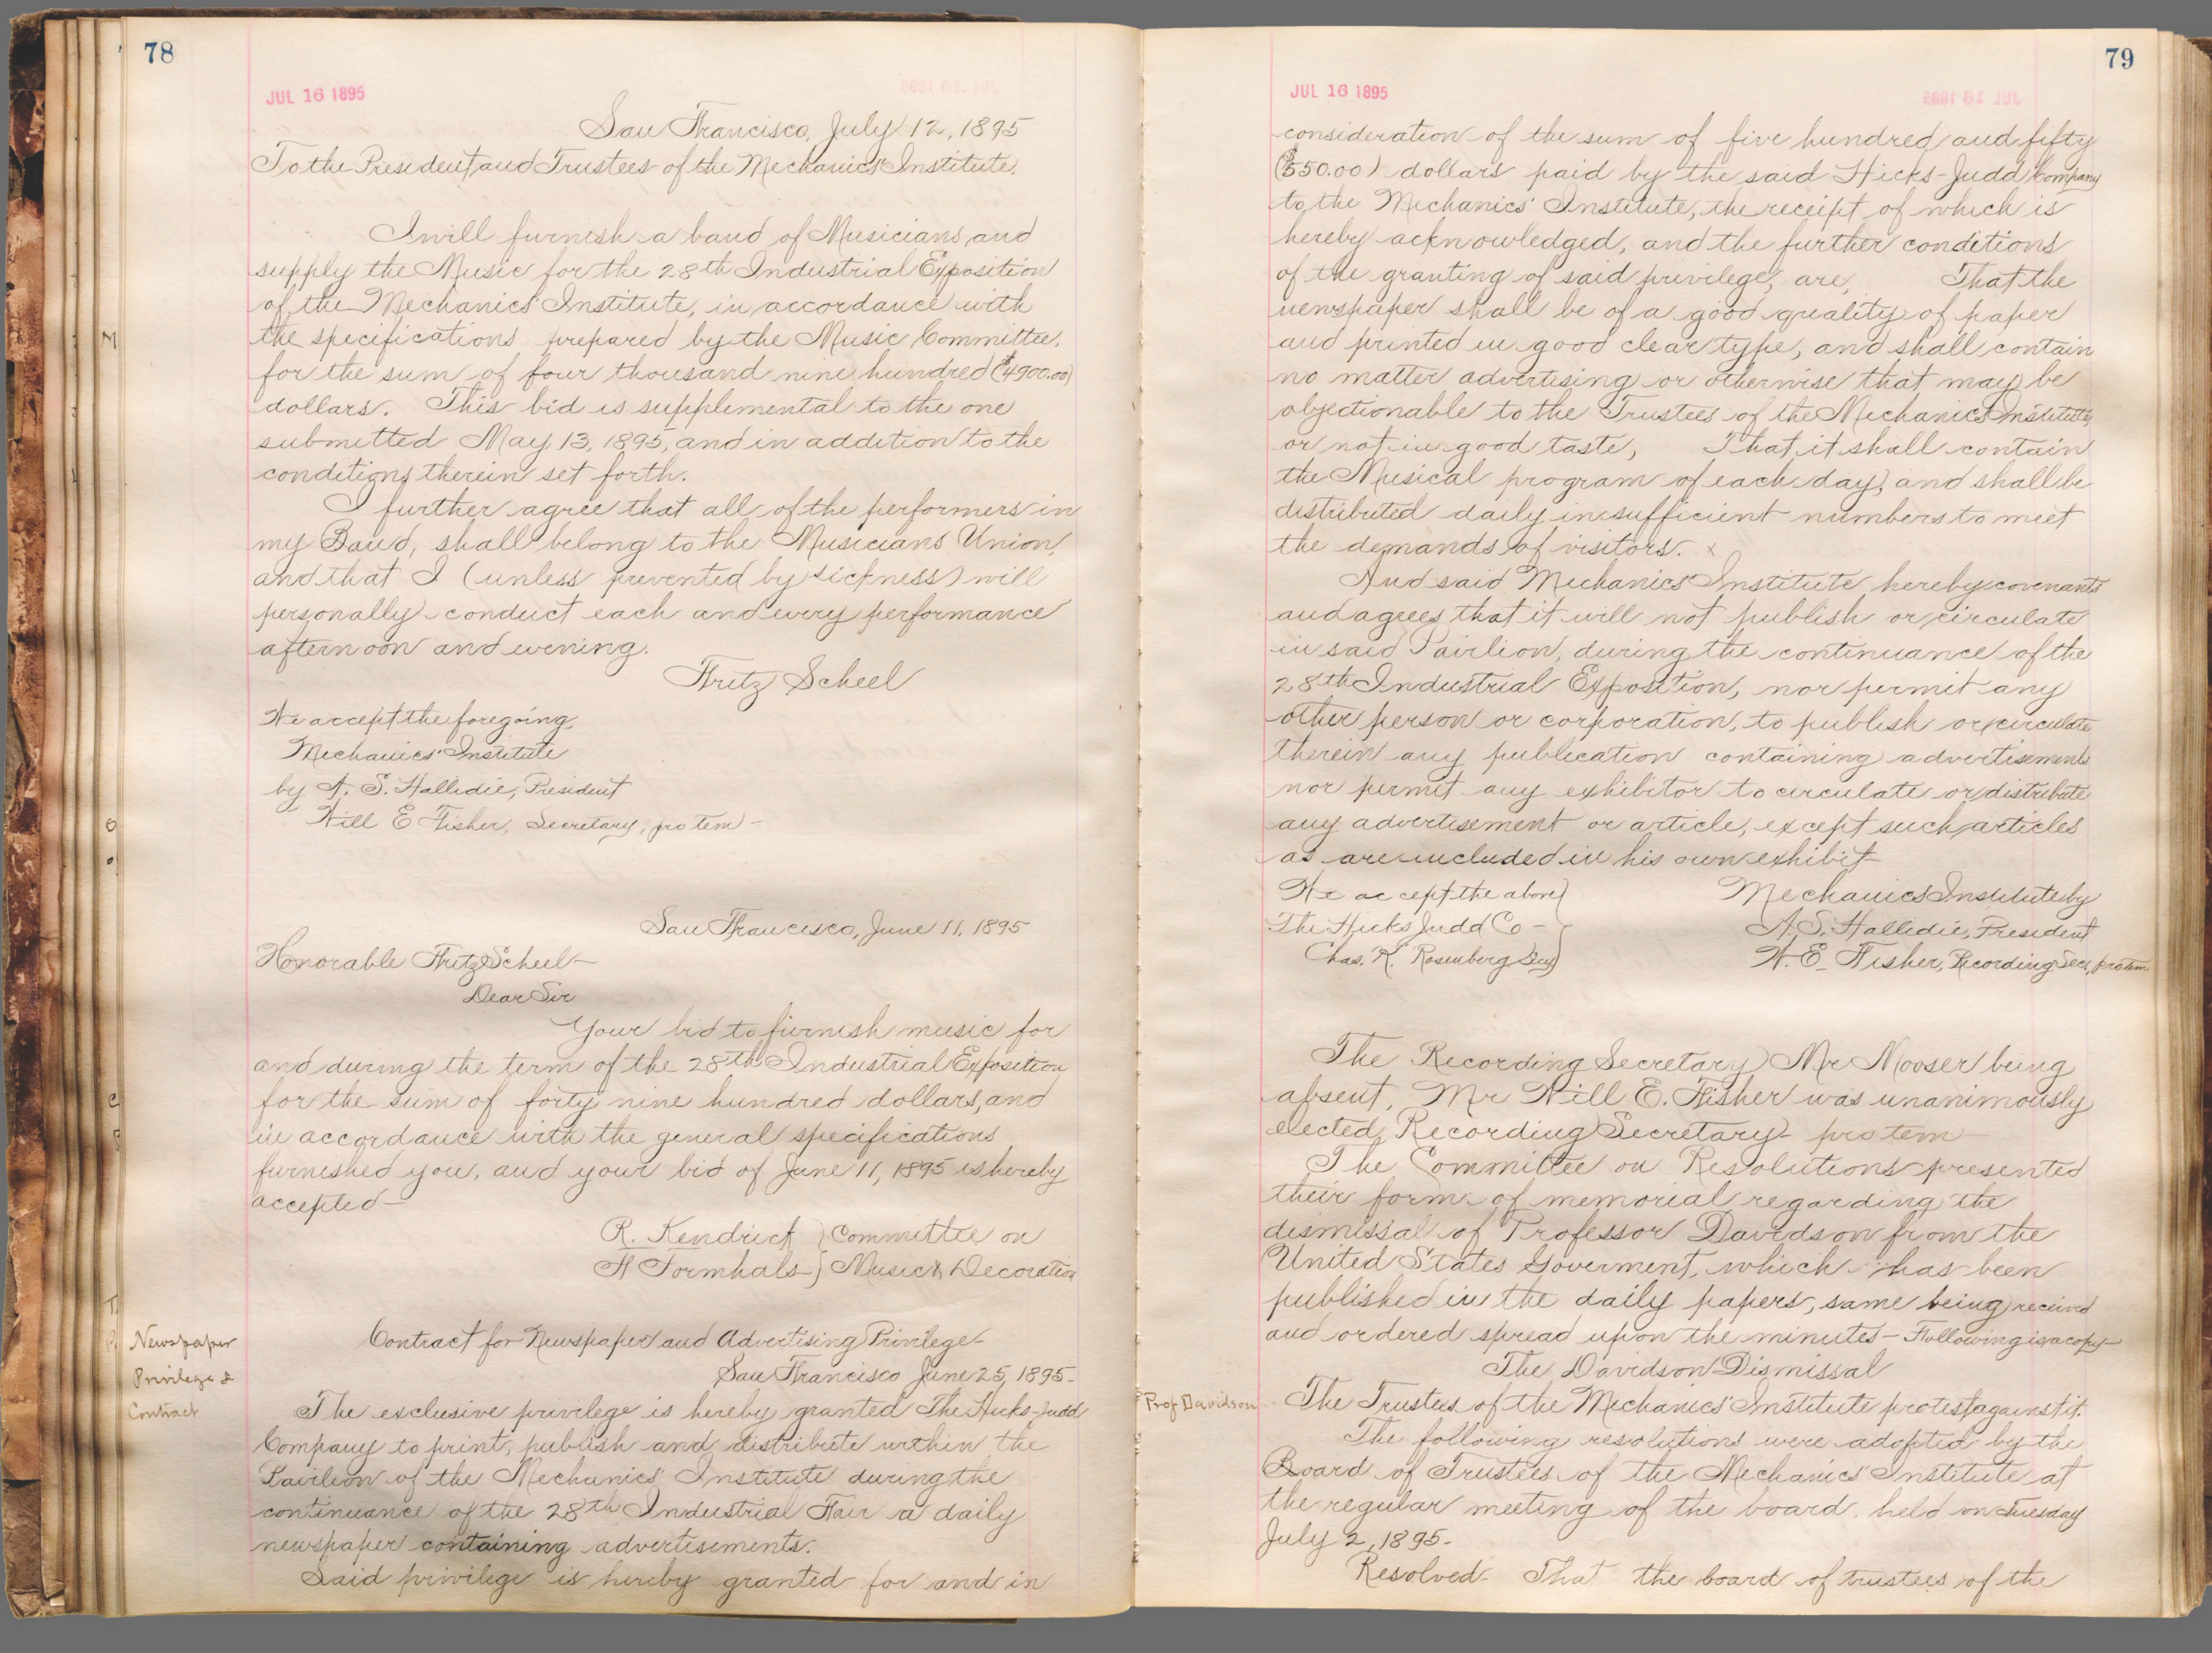
June 11, 1895
Fritz Scheel-

General specifications for Music for the 28th Industrial Exposition 1895-

Band to consist of 32 musicians, including soloists of acknowledged ability, and a competent Conductor with such repertoire of classical and popular music as may be demanded by the public or required by the Committee-

The program each afternoon and evening shall consist of 10 selections of such character as may be determined by the Leader and approved by the Committee- The time of service will be from 2 to 5 in the afternoons and 8 to 10 in the evenings except Saturdays when 11 P. M. will be the closing hour.

Pro rata payment for services will be made on each Monday morning during the Exposition. The band must be clad in proper costume, gentlemanly in deportment, and endeavor in all ways to merit the approbation of the public.



JUL 16 1895

San Francisco, July 12, 1895

To the President and Trustees of the Mechanics' Institute,

I will furnish a band of Musicians, and supply the Music for the 28th Industrial Exposition of the Mechanics' Institute, in accordance with the specifications prepared by the Music Committee, for the sum of four thousand nine hundred ($4900.00) dollars. This bid is supplemental to the one submitted May 13, 1895, and in addition to the conditions therein set forth.

I further agree that all of the performers in my Band, shall belong to the Musicians Union, and that I (unless prevented by sickness) will personally conduct each and every performance afternoon and evening.

The meeting was called to order at eight o'clock and ten minutes, there being present Trustees. Cumming, Ayers, Bardet, Doolan, Kendrick, Formhals, Holmes, Leggett, Root, Mr. President.

Mr Fisher was elected Secretary, pro tem—

The minutes of the last meeting were dispensed with—

Mr Fisher read a communication from Mr J. H. Culver which stated his reason for not being present at the meeting, he being confined to his bed by sickness.

The matter of employees for the coming Exposition was then considered. See page 65 for report—

Mr. Cumming moved that the Janitor Mr. Jackson should act as day sergeant, which will increase his wages as a janitor for $90.00 to about $105.00.

Mr Root thought Mr. Jackson should not have an increase in wages, as he has been in the employ of the Institute for a number of years, and ought to be satisfied with $90.00 per month.

Jackson gets 3⁵⁰ per day.

Mr Cumming said that the hours were longer, and moved that he be paid $3.50 per day instead of $3.00 Motion carried by the following vote, ayes— Ayers, Cumming Bardet, Doolan, Fisher, Leggett, Holmes, Kendrick

Mr Fisher moved the election of the different employees be proceeded with— Carried— He thought it would be well to vote for them seperately right through the line. On motion the appointment of door keepers and ticket clerks was laid over—

The Committee on Library Rooms and Building presented the following report which was read—

San Francisco July 23, 1895

To the Board of Trustees of the Mechanics Institute

Gentlemen—

Your Committee on Library, Rooms and Building beg leave to report as follows:—

Strengthening the Pavilion.

We have employed Jos. Wilcox as an expert on strengthening the Pavilion and we all agree that the following work should be done there immediately, That all the posts at the south side next to the garden have added to them on the inside a 4 x 12 stick of Oregon pine and a 8" x 16" stick be placed on it and reaching to the next post, between the two 4" x 16" sticks which now support the floor joice of the art gallery, thus doubling the strength and stiffness of that section, and relieving the outside posts of the brace thrust, which is on one side only, causing the posts to spring out of plumb. There are fourteen of these posts and girders which need strengthening.

We also recommend that an additional brace be placed between the two already there which support the main gallery; all around there will be about thirty of these braces – The total cost will be about $200.00

We also recommend that the broken glass be renewed at a cost of $76.00 –

That the Annex Bldg be **whitened** at a cost not to exceed $70.00

Mr. Leggett moved that the report be received, and recommendations taken up seriatim – Carried –

Mr. Root moved that Jos. Wilcox be employed to strengthen the Pavilion building, which was put to vote and approved –

Jo Wilcox.

That the work be done to the Pavilion building, as recommended by the Committee, at a cost not to exceed $200.00, was put to vote and carried –

Repairs to Pavilion.

That the recommendation to have the glass renewed at a cost of $76.00 was put to vote and carried –

That the Annex Building be whitened at a cost not to exceed $70.00 was put to vote and carried – Henry Root –

The Committee on Books & Donations made no report –

The Committee on Printing and Advertising was granted further time to prepare a report.

The Pavilion Committee presented the following report –

San Francisco, July 23, 1895 –

To the Chairman and Board of Directors Mechanics' Institute,

Gentlemen: –

The Pavilion Committee desire to report as follows: –

Since the last report of this Committee all the benches in the Pavilion together with all the surplus lumber and unnecessary appurtenances have been removed and stored in the cellar; the building has been thoroughly dusted, and all the floors, together with the annex, swept clean and is now ready for the Committee on Exhibits to mark off the various spaces, which in the opinion of this Committee should be done at once –

The window cleaners are now at work and it will

require all the time left before the opening of the Fair to complete the same, hence the necessity for the Building Committee to have the necessary glazing done at once, otherwise, your Committee report the Pavilion to be in first class order and ready for the Decorating Committee.

Respectfully submitted –
Howard C. Holmes –
Rodney Kendrick
Geo. Cumming

Mr. Leggett moved that the report be received, and that the recommendations made therein be adopted. Carried –

The Committee on Art presented the following report, which was received and filed –

San Francisco July 23, 1895

To the Directors of the Mechanics' Institute

Gentlemen;

Your Committee on Art beg to make the following report:

Art Matters.

At the suggestion of Mr. Walter, we sent out invitations to all local artists in the City to meet at the Library Room to confer with them as to their ideas about selecting a committee from their body to hang and arrange the pictures, also to inform them what the Institute intended to do for them – After discussion we concluded to call a meeting this Friday evening, and so informed those present and requested them to advise their friends in regard to the same – all of which respectfully submitted –

Grove P. Ayers
Acting Chairman

The Committee on Exhibits presented the following report –

San Francisco July 23, 1895

To the Board of Trustees of the Mechanics' Institute

Gentlemen: –

Your Committee on Exhibits respectfully submits a plan for the apportionment or laying off of the Pavilion which, together with the gallery seems to be, to us, the proper divisions that should be accepted – We desire to make the following suggestions, Exhibits.

1st That the Music Stand be in the center, as shown on the diagram, as being undoubtedly the best location for it.

2nd That the space marked "B & H" be reserved for Baker & Hamilton for the reason they have set their minds on this place, as their exhibit is promised to be an extensive one-

3rd That the space marked "C" be reserved for the H. S. Crocker Co-

4th- Respectfully deferring to the Committee on Management, which exercises the right of locating priviliges, we recommend that shafting be constructed on the Grove St., side to facilitate the Machinery Exhibits

We have accepted say this for about 175 exhibits rejecting 4 but as yet have not concluded all.

Will E. Fisher, Chairman
R. P. Doolan

Mr. Leggett moved that the report be received and adopted- Carried-

The Committee on Tickets & Admissions presented the following report:

San Francisco July 23, 1895-

To the President and Members of the Board of Directors Mechanics' Institute
Gentlemen

Your Committee on Tickets and Admissions would report that the Printing Committee have turned over the printing of the Tickets to this Committee We were surprised that so much valuable time has been lost, and would ask the Board for power to enter into contracts for printing without reporting to or having the Printing Committee supervise our Printing, but at the same time providing for the checks called for by the by-laws.

Tickets.

Respectfully
R. P. Doolan
Jos. Leggett

After a general discussion it was decided to refer that part of the report relating to the printing of tickets back to the Printing Committee, to report on at next meeting

The Committee on Music and Decorations presented the following report:

San Francisco, July 23, 1895

To the President & Trustees of the Mechanics Institute
Gentlemen:

We the undersigned beg to report that after considering the bid of Messrs Hopps & Sons to decorate the Mechanics' Pavilion in three colors containing 4400 yds of goods, also to decorate Band Stand and table around gallery, said decoration to be of new material, and to remain the property of the Mechanics' Institute for the consideration of $480.00

Decorations + Tidball

Also this bid of Mr. Chas. Greffe to decorate the Pavilion for the 28th Industrial Exposition according to drawing submitted for the sum of $130.00 and to decorate the Western end of the Hall with the "Sunset of California" as per drawing submitted for the additional sum of $125.00, also the bid of Mr F. E. Pratt to decorate the Pavilion for the sum of $225.00 with clean goods but not new as per his specifications, said material to remain his property, we came to the conclusion of recommending the bid of Chas. Tidball who proposes to decorate the Pavilion with wire net and studded with artificial flowers, as per specification submitted for the sum of $85.0

The reason we recommend said decoration is that it would be a novelty attractive and partially permanent, and that the Institute could charge a small amount for the use of these decorations to parties desiring to rent the Pavilion, which would reduce its cost, and that next year's decoration would cost but a small amount of money

Hoping our recommendation will meet with your approval, we remain,

Respectfully

Mr. Doolan was appointed as Secretary pro tem-

The Advisory Committee presented the following report

San Francisco, July 24. 1895

To the Board of Trustees of the Mechanics' Institute

Gentlemen:-

Your Advisory Committee beg to report that at a meeting which was held Thursday evening July 18th, the following suggestions were adopted to be recommended to the Board for its action

Tickets.

That Press tickets be in all respects the same as the ordinary season ticket with the exception of the word "Press" be imprinted in one corner in small type.

That a complimentary ticket be furnished to each of the managers of the various papers-

That all tickets which are to be sold be countersigned by the Secretary J H Culver, instead of by the Recording Secretary-

That a clerk be employed to assist Mr. Culver during the preparation for the Exposition

Tidball

That the plan of the decorator Chas. B. Tidball be adopted if found to be not too expensive, with the modification of using wire mesh instead of fish net-

Hilton, & Loom for Weaving

That Wm. Hilton be requested to exhibit two Jacquard silk weaving power looms in operation at the Exposition, providing that the expense of the exhibit do not exceed $75.00

(Signed) A. S Hallidie
G. P. Ayers,
R. Kendrick
A Bardet
G. Cumming

Mr. Doolan moved that the recommendations of the Committee be taken up seriatim. Carried.

The question of advertising in papers outside of San Francisco was considered. On motion it was decided to advertise only in the six daily papers, and not in any of the weekly journals.

The matter of advertising Posters was referred

JUL 24 1895

to the Printing Committee to report on at next meeting.

It was decided that a complimentary ticket be furnished to each of the managers of the various papers. Motion carried.

Mr Doolan said he had given the matter much consideration and came to the conclusion, that if there was any money to spend, that it be spent in San Francisco, as the circulation of the country papers was comparatively small- He said he was informed that the daily papers of this City had boomed the fiestas, etc, of the country towns to a great extent, and thought they should assist in booming the Fair.

The subject of tickets being countersigned by the Secretary Mr J. H. Culver was considered.

Mr. Leggett thought the matter would have to be proceeded with, in as much as there was very little time to spare, and since Mr. Culver was sick that the autograph of Mr. Chas. E. Mooser be on the tickets. On motion it was so ordered

On motion of Mr. Cumming it was ordered that Mr. Chester Packard, who was appointed for the position of Entry Clerk, serve as assistant to the Secretary and Superintendent during the preparation for the Exposition. Carried-

The Committee on Opening Exercises was granted further time to report, the program to be furnished at the Columbia Theater on the 13th of August being incomplete.

Magazine.

A communication from The H. S. Crocker Co, regarding the Mechanics' Institute Magazine, and offering to sell certain cuts to the Institute was then read by Mr. Doolan.

On motion of Mr Doolan it was ordered that the Institute do not purchase the cuts. Carried.

A communication from Mrs. B. Rumsey offering to attend to the collection and display of articles manufactured by women for $200.00 was read- It was referred to the Committee on Employees to report on at next meeting.

A communication from Mr G Luckhardt regarding the loan of some books was referred to the Committee on Book & Donations-

JUL 24 1895

Klenck. A communication from Mr. J. F. Klenk regarding mathematical instruction was referred to the Committee on Lectures & Classes.

Mr Cumming then read a communication from the Mutual Electric Light Company in reference to the lighting of the Pavilion by

Electric Light. electricity, and stated to the Board that the cost would be too great, and recommended that it be not entertained. On motion of Mr Doolan their proposition was declined.

The Committee on Machinery presented the following report. On motion the same was approved

San Francisco July 24/95

To the Board of Trustees of the Mechanics' Institute

Gentlemen:—

The Committee would now report that Machinery Hall is now ready for exhibitors

The Committee will this week proceed to lay off the various divisions and begin to locate exhibitors. The engine is being painted and made to look fine.

The Water Tanks have been washed with cement, which gives them the appearance of new ones.

The reflectors are being rapidly put in order and have every appearance of being a first class job.

The gas fixtures are getting a thorough overhauling, and the Gas man so far has shown he is competent and active.

The fish tanks are about ready for the fish,

Fish. exhibit and all other things that will compruse the fish exhibit.

The committee hope that some action will immediately be taken with respect to this, as it is plain that the exhibit committee to whom this has been referred to, will be over-run with work, and will probably be unable to attend to this especial exhibit.

The Committee would also report that they have investigated the various proportions with reference to furnishing coal for the boiler during the Fair.

(The committee have come to the conclusion that they have investigated the various proportions with reference to furnishing coal for the boiler during the Fair.)

Coal. The Committee have come to the conclusion that the offer made by the Oregon Improvement Co. is the most advantageous to us.

Geo. Cumming, Henry Root, Howard C. Holmes.

JUL 24 1895

Mr. Kendrick then presented a report on the matter of privileges.

Mr Wm. Hilton's application for the privilege of exhibiting two Jacquard silk weaving looms was granted at an expense not to exceed $75.00

W. H. Stiger	Root Beer	125.00
Greenebaum & Co.	Perfumery 25% receipts	
Wm. McAnslan	Five nickel in the slot cigar machines	100.00

Mr Smyth, solicitor presented and read his report, which was received and filed.

A communication from G. Orsi in reference to the tinting of the building was referred to the Committee on Library, Rooms and Building.

A communication from J. Winans in reference to a damper regulator was referred to the Machinery Committee.

Mr Chairman thought that some definite action on the question of Fish Exhibits should be taken

Fish. without delay.

Mr Ayers moved that a special committee be appointed to attend to it; the Chair named Messrs. Cumming, Bardet and Root.

Mr Chairman moved that the Superintendent's office be moved out to the Pavilion to-morrow morning. Motion carried.

The recommendation of the Committee on

Smyth appointed Superintendent Employees, that the canvasser Mr Smyth be appointed Superintendent of the Fair was on motion adopted.

The Finance Committee presented a bill for labor at the Pavilion amounting to $105.50, and recommended that same be paid, the motion was carried, those voting aye being Ayers, Cumming, Root, Bardet, Kendrick, Leggett, Doolan, Formhals, Mr President.

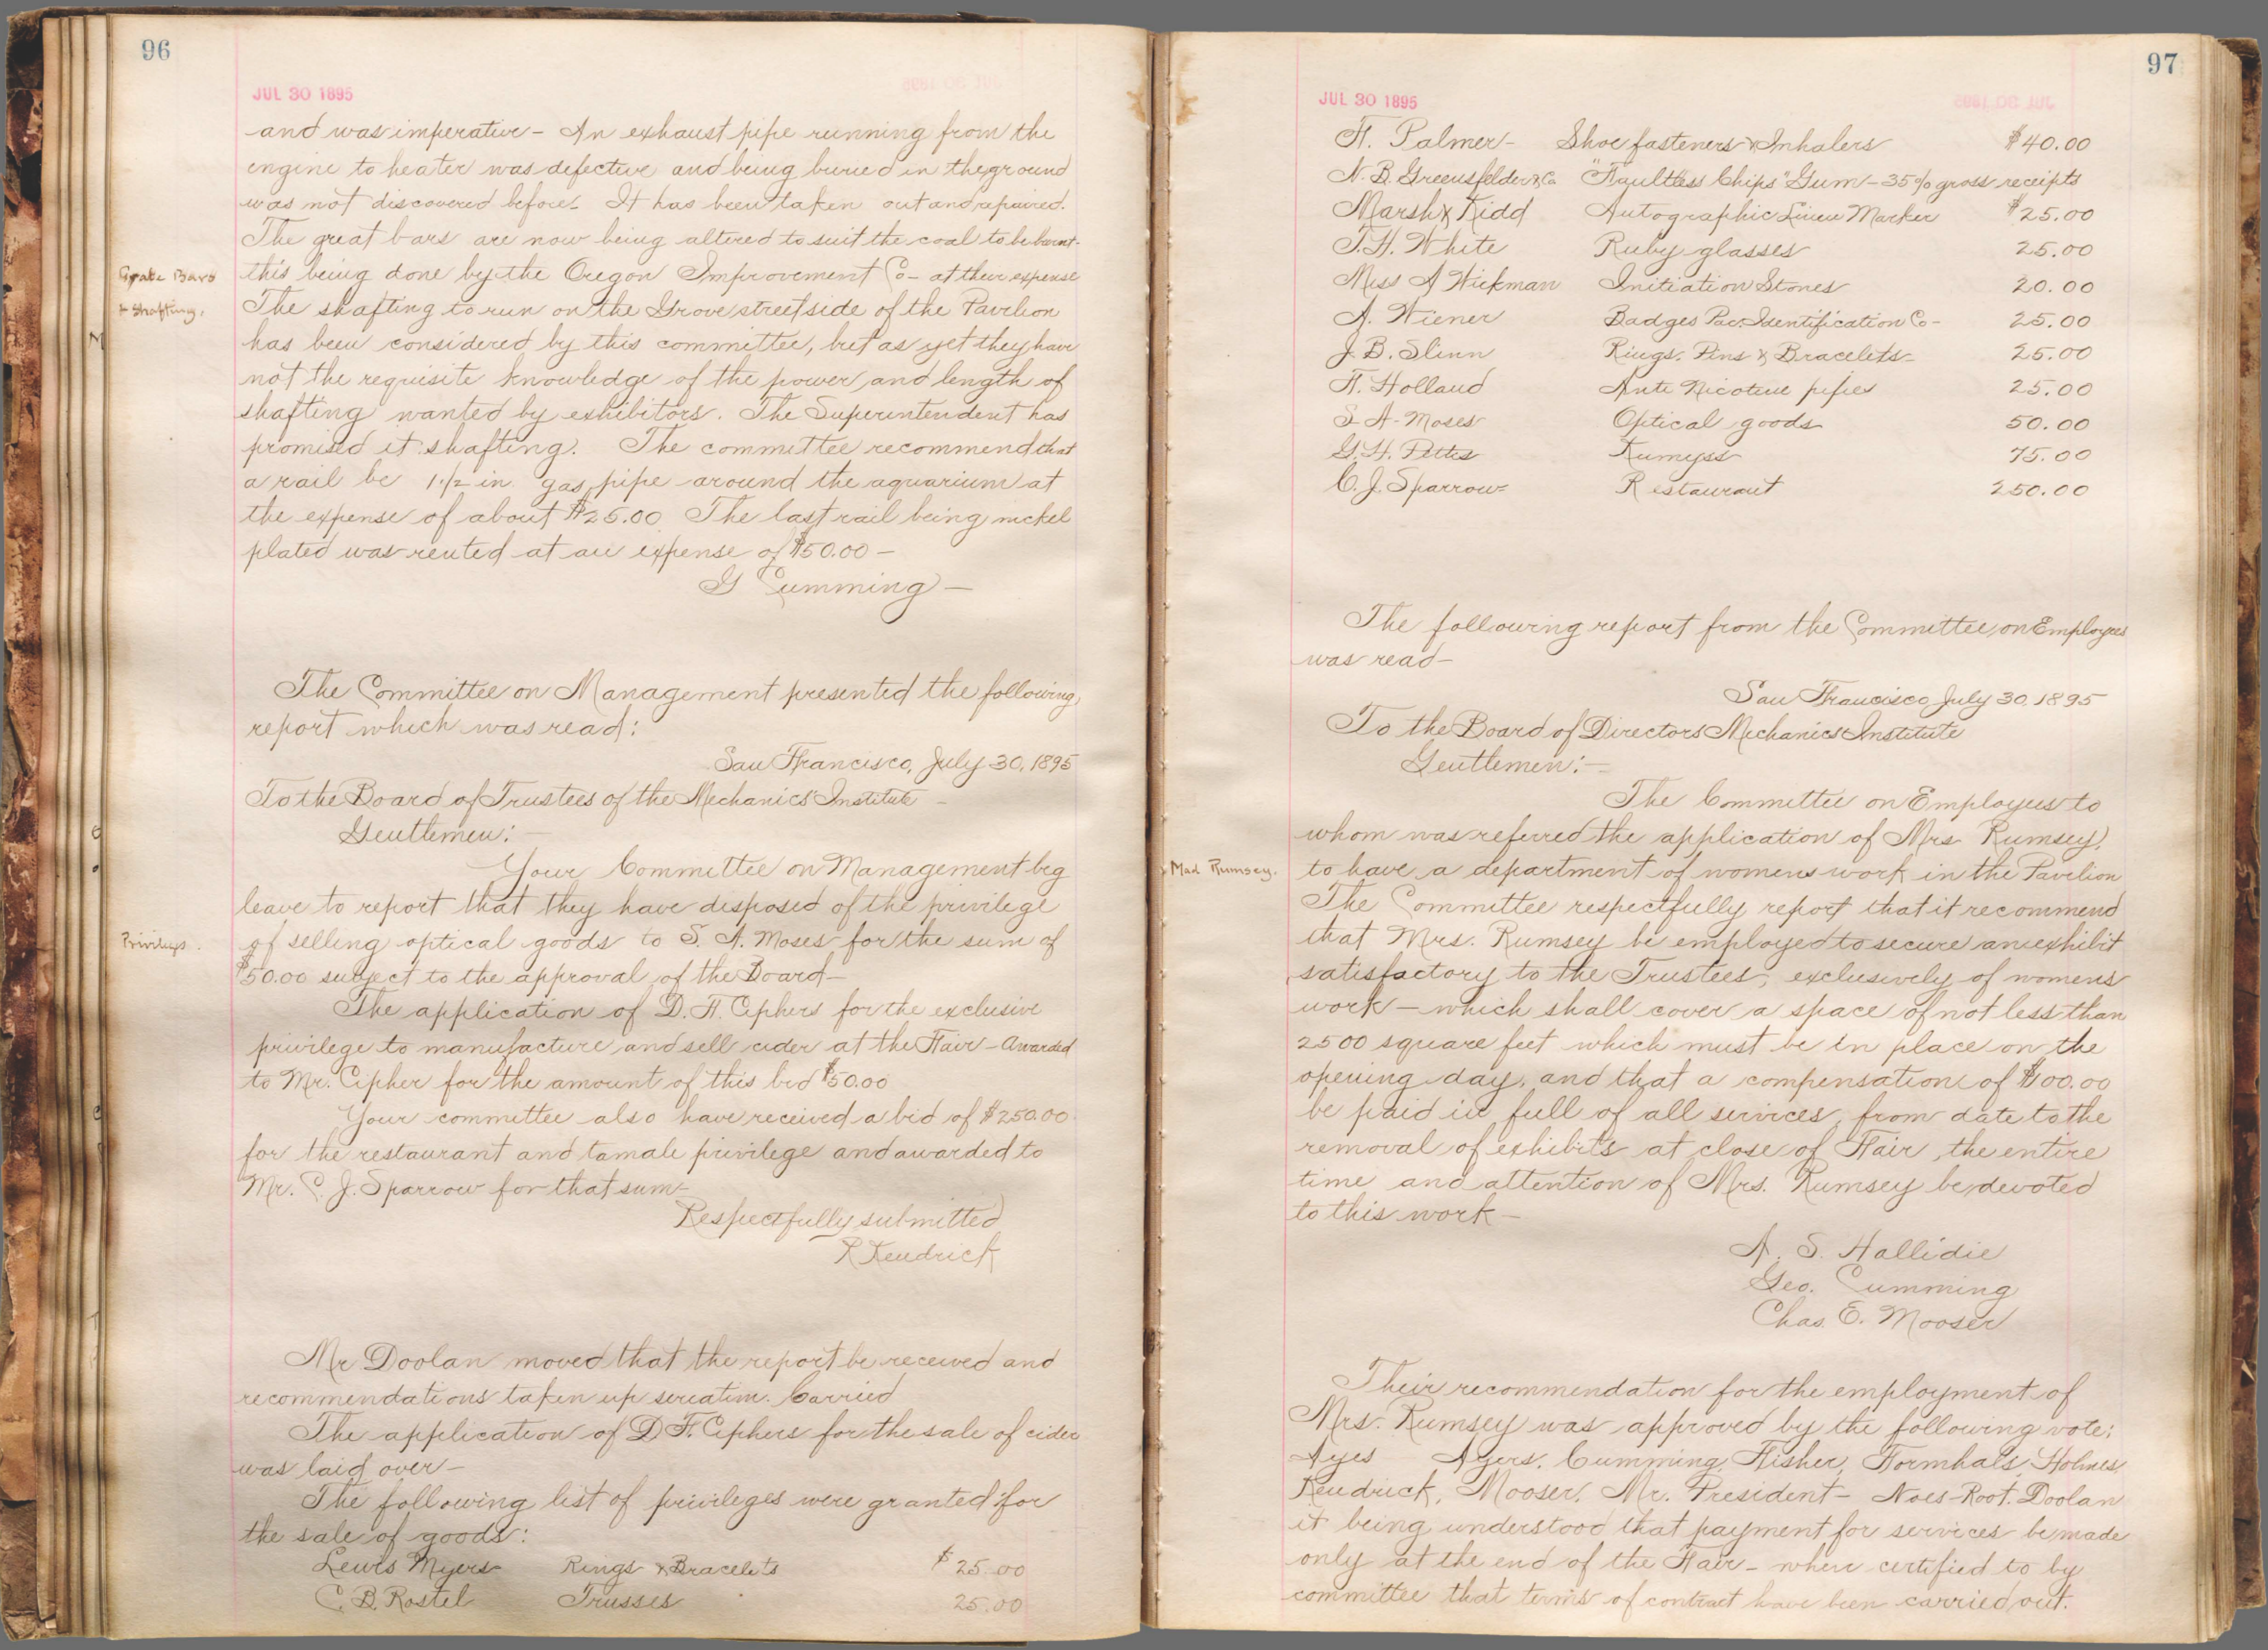
Machinery Report-

San Francisco, July 30, 1895

To the Board of Trustees Mechanics' Institute

Gentlemen:-

Machinery Hall is now all ready for the location of that class of exhibits, and will have all the spaces allotted this week. There is much more space applied for than can be granted, as about 9000 square feet have been applied for but only 7740 square feet is available tho after a good many have been located in the annex or other parts of the building- the committee has been compelled to extend the sewer in the Machinery Hall to meet the demand of exhibitors who wish to run off their refuse. This was done in about 4 hours at small expense



JUL 30 1895

and was imperative— An exhaust pipe running from the engine to heater was defective and being buried in the ground was not discovered before. It has been taken out and repaired. The great bars are now being altered to suit the coal to be burnt— this being done by the Oregon Improvement Co— at their expense. The shafting to run on the Grove street side of the Pavilion has been considered by this committee, but as yet they have not the requisite knowledge of the power and length of shafting wanted by exhibitors. The Superintendent has promised it shafting. The committee recommend that a rail be 1½ in. gas pipe around the aquarium at the expense of about $25.00 The last rail being nickel plated was rented at an expense of $50.00—

San Francisco July 25, 1895

To the President and Trustees of the Mechanics' Institute-

Dear Sirs:-

Bardet, resigns

I hereby tender you my resignation as trustee of your honorable board. It is customary to assign the reason of such action to some cause real or imaginary, I have none. I therefore wish to impress to each and every one of the trustees whom I had the pleasure of coming in contact with, my best wishes and also the success of the Exposition-

Yours respectfully

A. Bardet-

On motion of Mr Doolan the resignation of Mr Bardet was accepted-

The following communication from Mr Will E. Fisher was read-

San Francisco, July 30. 1895-

To the Trustees of the Mechanics' Institute-

Fisher, resigns

Gentlemen:- I desire to tender my resignation as a member of the Board of Trustees of the Mechanics' Institute. In ceasing to be a member of the Board it is with the best wishes for the success of your administration. I shall always recall with pleasure my connection with your Board. Very truly, Will E. Fisher

AUG 6 1895

Meeting of the Board of Trustees of the Mechanics' Institute at the Pavilion Aug 6 - present Trustees, Cumming, Root, Ayers, Doolan, Formhals, Kendrick Mooser, Holmes, Mr. President -

Trustee Doolan vs. Trustee Formhals

Mr. Doolan arose to question a privilege and stated that at a meeting of the Ticket Committee on Monday afternoon, Mr Formhals was present and used language to him that was disrespectful and uncalled for - (stating the language used) Mr Doolan asked that the Board take some action in the matter, as unless they took some cognizance of Mr Formhal's remarks, he felt that he could not in justice remain and act with a member whose conduct was so reprehensible

The President stated that in the preparation for the Fair, each member should attend first to the duty of his committee to the best of his ability, and then if an act is done by a member, which is reprehensible, the Board then might decide what further action to take - - - - - - - -

Messrs. Cumming and Leggett moved that the subject be referred to a committee to examine into and report at the close of the Fair -

Mr Doolan made some further remarks and retired from the room -

The minutes of the meetings of July 24th and 30th were read and approved -

The Committee on Opening Exercises presented the following report, which was on motion adopted

Opening Exercises.

Mr Leggett addressed several questions to Mr Marks, agent of Fritz Scheel relative to certain questions asked him by Mr Doolan, Chairman of Committee on Opening Exercises in relation to the musicians employed by Mr Scheel and which he was informed Mr Scheel had refused to answer, and requested him to furnish the information Mr Doolan desired, which Mr Marks promised to do -

Report

San Francisco, Aug 6, 1895

To the President and Members Board of Trustees Mechanics' Inst

Gentlemen: -

Your Committee on Opening

Exercises would report that it is impossible for us to furnish a complete program, owing to Director Scheel refusing to recognize this committee

He refuses to furnish a list of musicians who will take part in the Opening Exercises - This request was made of him at the solicitation of Mr Bardet, late Chairman Music Committee - We will be able to complete our program whenever Mr Scheel furnishes us the names of musicians and list of pieces he will play - He has been requested to prepare five pieces from which we will select what we require - We would recommend that the Music Committee obtain list of names and instruments - also recommend that Mr Scheel be requested to furnish this committee with all the information desired -

Meeting of the Board of Trustees Aug. 7th, 1895, at the Mechanics' Pavilion–

Pursuant to adjournment the following named Trustees were called to order at 8-30– Ayers, Cumming, Holmes, Kendrick, Leggett, Root, Mr President. There being no quorum present, the Chair said they would hold an unofficial meeting, several parties being present who desired to address the Board–

Mrs Dr Witzell — Mrs Dr Witzell stated that she desired to give an exhibit of an electrical appliance and its application for therapeutic purposes, and as there had been some question about granting her space, she desired some expression from the Board, as to whether she would be allowed to exhibit or not– After a general expression of opinion it was the sense of those present that she be allowed to exhibit–

A request from the Commercial Fire & Dispatch Company to include the Institute property in their list of patrons was took under advisement

At nine o'clock Mr Mooser came in and took his seat– There being a quorum present, regular business was proceeded with–

Mad Touchard & Cooking display. — Mr Kendrick then read a communication from Mrs. Touchard relative to a display in the cooking of California Products, and serving the same to invited guests– It was discussed at considerable length, the general expression being favorable to her wishes, but thought it advisable that the display be made in the restaurant space if permission can be obtained from the holder of the privilege, or else given at the class room of the Institute–

Decorations — Mr Kendrick reported the matter of the settlement for decorations with Mr Tidball stating that the best terms he could make with him was to pay $200.00 and the bill of $81.05 for wire netting, and take all of the material left in the Pavilion–

The matter was referred back to the Committee with full power–

Mr Kendrick read a report from the Committee on Management, recommending that

Meeting of the Board of Trustees at the Mechanics' Pavilion, Friday evening, Sept. 6th at 8 P.M. present Trustees — Cumming, Hormhals, Holmes, Leggett, Root — Mr President

Comps. Tickets.

The Chair presented a list of Complimentary tickets, principally for the Press, which had been recommended by the Committee, and the same on motion of Mr Leggett were ordered to be issued —

Reception to Manf'rs Assn

The President recommended that a reception be given to "The Manufacturers' and Producers' Association, on Wednesday evening the 18th inst., and that three short addresses be delivered by representatives from each society. His suggestion was approved, and Mr Holmes moved that in addition, to the President, Mr Leggett deliver one of the addresses, and the name of the other member be selected by the Chair — So ordered —

Firth Matter.

The Chair presented the following letter from Eli T Sheppard, Attorney at Law, as also the findings of the Court in the suit of the Mechanics' Institute vs. Firth, Treadwell and Kerr —

San Francisco, Sept 4. 1895

Andrew S. Hallidie, Esq
President Board of Trustees of the Mechanics' Institute, City.

Sir: —

Enclosed herewith I beg to hand you a copy of the Findings Fact, in the matter of the suit of the Mechanics' Institute vs. J. K. Firth and his official bondsmen —

By reference to the copy enclosed, it will be seen that the facts found by the Court are general, rather than specific —

The findings contained in clauses I, II, III – VI – VII and VIII are, in my opinion, contrary to the evidence and ought to be set aside and the judgement reversed —

In order to preserve all rights of appeal and to properly lay the necessary grounds for carrying the case to the Supreme Court, I have prepared a formal notice of "Intention to move

SEP 6 1895

Firth Matter

for a new trial. — I shall, however, take no further steps in the matter until the Board of Trustees fully consider and decide what further action, if any is desired —

Regarding the probable expense necessarily incidental to the motion for a new trial and an appeal to the Supreme Court, I can only make an appropriate estimate, as follows:

For	Court Reporters Copy of Evidence	$50 – $75.00
"	Printing Transcript	50 – 75.00
	Supreme Court fees	10 – 15.00
		$110. – 165 –

As ten days only are allowed for preparing the statement of the case on motion for a new trial, I beg that you will acquaint me, at an early date of the pleasure of the Board in the matter —

Respectfully
Eli T. Sheppard —

On motion of Mr. Holmes, Mr Sheppard the Attorney, was instructed to take such action in the matter of an appeal to the Supreme Court, as he deemed advisable for the best interests of the Institute —

Celery Beef & Iron.

Mr Hormhals for the Committee on Printing and Advertising, reported in regard to a request from The Henley Celery Beef & Iron Co., to advertise the Fair largely in next Sunday's issue of some City paper for 100 to 250 tickets, that they deemed it advisable and worthy of consideration

Mr Cumming differed with Mr. Hormhals, and moved that their request be declined Carried

Root Beer & Stiger's Ex.

The Committee on Management reported that the Superintendent, in accordance with the instructions of the Board, had removed the exhibit of H. H. Stiger (Root Beer) which action was approved —

The Superintendent reported that Jurors

Quarterly Meeting and no quorum.

Quarterly meeting of the Mechanics Institute Saturday evening September 8th, 1895—

The meeting was called to order at eight o'clock by President Hallidie— A count of the members showed that a Constitutional quorum was not present— One of the members suggested that those present wait a few minutes, and see if a quorum could not be obtained— After waiting until eight o'clock and twelve minutes a second count was taken, and there were two less in the room than originally, whereupon the President declared the meeting adjourned for want of a quorum—

SEP 10 1895

Meeting of the Board of Trustees of the Mechanics Institute at the Pavilion Tuesday evening at 8 o'clock September 10th, present Trustees, Cumming, Denicke, Formhals, Holmes, Kendrick, Leggett, Mr President—

The minutes of the two preceding meetings were read and approved—

Payment of Insurance Pay Roll + Solly Walter.

Mr Denicke for the Committee on Finance reported that the insurance agents who had placed policies on pictures in the Art gallery were anxious to get their money; as the rate was very low, and the agreement with the Committee was that the bills would be promptly paid, I recommend that warrants be drawn in favor of them, when the bills are signed by a majority of the Committee; also that the same action be taken in regard to the Pay Roll of last week amounting to $714.50, and further that Mr. Solly Walter be paid another $100.00 on account of his salary, and warrant drawn for same— On motion his recommendation that the above bills be paid when properly signed by the Finance Committee was approved by the following vote — — ayes, Cumming, Denicke Formhals, Holmes, Kendrick, Leggett, Mr President

Harsh Criticism on Pictures

Mr Denicke called the attention of the Board to an article in last Sundays issue of the Examiner, relative to pictures in the Art Gallery, which he stated was untrue in every particular—

The Committee on Tickets and Admission read the following report, which was ordered spread upon the minutes—

Decorating
Banquet room.

The President suggested that the room for the reception of invited guests be properly decorated — He thought the seal of the Mechanics' Institute, and the emblem adopted by the Manufacturers' and Producers' Association, would be suitable for the occasion — The matter was referred to the Committee on Decoration —

Cornetists

Mr Leggett for the Committee on Attractions said that the man and wife cornetists, engaged last week for one evening, seemed to give great satisfaction, and he would recommend they be engaged for the remainder of the week on afternoons and Saturday evening, for the sum of $60.00 After some discussion Mr. Kendrick moved that the report be adopted, which was carried The President voting no —

The President reported that at the quarterly meeting of the Institute held Saturday evening September 7th, no quorum was present, and the members adjourned —

Jos Neumann
& Silk Worms.

A communication from Mr. Joseph Neuman was read, asking that some action be taken in regard to a petition presented at a former meeting and referred to a Special Committee consisting of Messrs Ayers, Holmes, and Kendrick —

Mr Denicke said he believed the subject deserving of favorable consideration, and that some immediate action should be taken of his communication — On motion the matter was referred to the former committee

Sanford a Moss

A communication from Sanford A Moss, applying for the position of Drawing Teacher, was referred to the Committee on Lectures and Classes

Mad. Rumsey.

A communication from Madame Rumsey was read and referred to the Committee on Exhibits, who was requested to report at the next meeting, their conclusions regarding her services —

Jas Graham
protests.

A communication from Jas. Graham, protesting against the selection of H. S. Ray, as Juror of Award was read and referred to the Committee on Management

J. Wolff
& bill for $75.

A communication from J. Wolff, asking the Board to kindly advise him at their earliest ability what their decision was in regard to a bill of $75.00 presented for damage to his exhibit was read; and referred to the Finance Committee

SEP 10 1895

Col Warren.

A communication from Colonel Warren, relative to entertaining Mr Henry F. Williams an old member and officer of the Institute, was read; and referred to the Committee on Management —

Awards

The President stated that he did not think the matter of Awards was progressing satisfactory, and called the attention of the Committee on Management to the duties defined as belonging to them, and trusted they would give the matter immediate attention —

Prof. Scheel

The Secretary reported that in accordance with a passed resolution of the Board, Professor Scheel had been paid for the past week's services of himself and orchestra —

Privileges

Under the head of new business, Mr Holmes wanted to know what was the status of privilege holders —

The Secretary reported that everybody had paid, except those who pay by percentage and Thain Bros and C. T. Sparrow who had promised to pay amounts due from them in the morning —

Gas bills
and their
Collection

An enquiry was also made as to the collection of gas bills, for gas used by exhibitors during the Fair, and the Superintendent was requested to come before the Board, and explain what he had done, which he did, and reported that so far, he had only collected a little less than $5.00, although he had repeatedly asked exhibitors to pay up, and many had made excuses that they were only employees of the exhibits, and the bill would have to be collected down town —

On motion the Secretary was instructed to proceed at once with the collection of gas bills of such exhibitors, who wished to pay at their place of business —

W H Stiger
& Root Beer

The reinstatement of H. H. Stiger, an exhibitor of Root Beer, whose articles had been removed from

the stand, was discussed and on motion of Mr Leggett it was ordered that he be permitted to again occupy the space upon the payment of $10 and promise of $10.00 more if his material had not been injured by removal –

Mr Cumming moved as an ammendment that the whole matter be referred to the Committee on Management with power to act – Carried – The President voting no –

Mr Cumming said that there had been some articles in the Press about the continuance of the Fair for another week, and also some talk among exhibitors – To bring this matter to a close, would move that the Fair close Saturday eve. September 14th at 11 P.M –

Mr Leggett said there was no necessity for such a motion, as the Board had already decided the date and had widely given notice of same in printed matter and advertisements, and moved that the whole matter be laid over until the next meeting which was lost, a roll call being demanded ayes – – Leggett, Kendrick, Formhals; Noes Holmes, Denicke, Cumming, Mr President –

Fair to close Sep 14.

Mr. Cumming's motion to close the Fair on Saturday September eve – Sept 14th was put to vote and carried –

swept up – Twenty-one of the employees have been removed from the Pay Roll, leaving such as are absolutely necessary

There are one or two matters upon which I desire instructions from the Board – The first is in reference to the Reports of the 28th Industrial Exposition, whether or not it is to be on the lines indicated in the second announcement to exhibitors Many have sent in matter descriptive of their exhibits –

The second refers to the Superintendent's final report

Advice to Trustees

In view of the fact that the contingency must often arise that experience gained in past shows may be lost or fail to be transmitted either through the personal changing of the Board, or the Officers of the Exposition, it seems highly desirable that the experience gained in the present Exposition and such information as can be found scattered through the reports of the past 27 Fairs, should be crystallized into a concise and simple form, which would be a complete and reliable guide in all matters of the ordinary working detail of preparing for and conducting Expositions, so that future Superintendents and Committees may have at hand the result of the experience gained in the past –

It seems to me that such a guide would be of the greatest importance from the stand point of economy both in time and money)

On motion he was requested to prepare and present a final report by next Tuesday evening –

On motion the following resolution was adopted:

Adjourned meeting of the Board of Trustees at the Mechanics' Pavilion, Thursday evening, September 19th at 8 P.M. present Trustees, Ayers, Cumming, Doolan, Formhals, Holmes, Kendrick, Leggett, Root, Mr. President

The minutes of the preceding meeting were read and approved—

Election of Trustees.

The President said that the special order would be to fill the vacancies in the Board of Trustees caused by the resignations of Messrs—Manson, Fisher and Bush, Mr. Fisher being for the long term, and Manson & Bush for the short terms.

A motion was made and carried that an election to fill the long term, be made first—

Mr. Doolan nominated for the position—L. E. Phillips; Mr Kendrick nominated E. H. Cole Mr Hallidie nominated Robt McF. Doble—

Mr Ayers moved the election lie over until the next meeting—seconded by Mr. Kendrick—

The President said he would very much regret to see such action taken, as he was going away on Sunday, and would like to have the vacancies filled before he left—

Mr Cumming moved as an ammendment that the nominations made, be now acted upon—and the election of other trustees lie over until the next meeting

Upon roll call the motion was lost by the following vote—ayes—Ayers, Formhals, Leggett, Kendrick—Noes—Cumming, Doolan Holmes, Root, Mr. President

Mr Cole elected to fill long term.

Pelt, was received—

San Francisco, Sept-21, 1895—

To the Board of Trustees of the Mechanics Institute,

Gentlemen:-

Auditors Report for quarter ending Aug 31.

I have carefully examined the books and accounts of the Mechanics Institute for the quarter ending August 31, and find them correct— Vouchers— Nos. 100 to 241 inclusive for all payments during the month are properly approved and receipted and are now on file in the Secretary's office with the exception of No 132,— S. A Nichols & Co. $5.00, which is missing. The balance in bank on August 31st, agrees with the amount as shown by the Cash Book— I submit Trial Balance of the Ledger August 31, 1895—

Respectfully submitted,
P. Van Pelt,
Auditor—

Roofs. Institute & Hayes St.

The Committee on Library, Rooms and Building reported that the roof of the Institute Building needed painted— and the roof of one of the houses on Hayes St, needed fixing. Several bids have been received for plastering the side walls of the Institute Building, but they desired to get more and asked for further time in regard to the matter, which was allowed—

On motion the Committee was granted power to have the Institute and Hayes St, buildings, repaired at a cost not to exceed $100.00, by the following vote— ayes— Ayers, Cole, Cumming Denicke, Formhals, Holmes, Kendrick, Leggett—

New Book

The Committee on Books & Donations presented a list of books amounting to $290.85, which they recommended be purchased, which was so ordered by the following vote; ayes— Ayers, Cole, Cumming Denicke, Formhals, Holmes, Kendrick, Leggett—

Binding

The Committee further recommended, that as the contract for binding books, was about to expire, that a schedule of the probable amount and kind of binding to be done, during the next year be prepared by the Librarian, and copies sent to such individuals or firms in this City, as are prepared and able to do the work, and desire to bid on same—

OCT 1 1895

On motion it was so ordered—

Lecture.

The Committee on Lectures & Classes reported that arrangements had been made with Mr Shehadi to lecture on Oriental customs etc., at the Institute, next Saturday evening, and tickets had been printed, and were ready for distribution and recommended that the several trustees take some, and distribute them among their friends, in order that the Hall may be well filled on that occasion— Have no further lectures definitely decided upon, but will report from time to time, their action in the matter—

Haley gets back his fee.

Mr Leggett further reported that Dudley Haley, a young man had paid a fee of $1.50, for joining the Mechanical Drawing Class, for the present term, and also $1.50 for the Free Hand Drawing Class—

Upon examination it was found that he was not far enough advanced in Mathematics, to remain in that Class, and asked that the fee paid for that purpose, be refunded—

On motion of Mr Denicke, it was so ordered—

The Pavilion Committee reported that the Pavilion, was in good order, and well rented for the rest of the year—

Mrs Southworth Elected. Asst in Library

When a report from the Committee on Employees was called for, Vice President Cumming asked Mr Denicke to take the Chair, and taking the floor, stated that at a former meeting an election took place, on a reported vacancy in the Librarian's Department— The election was taken viva voce— when it should have been taken by ballot— The lady elected, Mrs Southworth had made her appearance and went to work, though notified by the Librarian that she had not been legally elected— The matter now awaits your action

Mr Leggett moved that the Board proceed with the election of Mrs Southworth to fill the vacancy caused by the resignation of Mr Brewer. said election to be for three months on trial—

Messrs. Denicke and Formhals were appointed

tellers. A ballot was taken, the roll call being ayes -- Ayers, Cole, Cumming, Denicke, Formhals, Holmes, Kendrick, Leggett - The Chair declared her elected -

Mr Cumming for the Machinery Committee read the following report, which was received and filed

Report of Machinery Committee -

Report from Machinery Committee

The Machinery Committee beg to report that at the close of the 28th Industrial Exposition, just concluded that the machinery and boilers at the Pavilion have been left in first class condition they have been inspected by the insurance companys and certified to as being all right -

Coal.

The consumption of coal has been below any former Fair, both in the total and per day - The Oregon Improvement Company have honorably fulfilled their contract, and have replaced the grate bars under boiler as formerly -

Shafting

The line of shafting put up in main building is an addition - the cost of which will be saved at the next Fair -

Machinery Hall has been white-washed, and the water tanks and sewers repaired - and everything left in good order - ready for another Fair -

Hot water heater of Day & Hunter.

The heater for hot water for the boiler put in place by Day & Hunter as an exhibit has worked very satisfactory, and far superior to the old Lewellyn Heater belonging to the Institute - Day & Hunter offer to sell the Heater for $300.00, and the old Heater, the listed price is $500.00, the offer is now under consideration by the Committee, and will be reported on at future time -

The whole of the gas fixtures are now in good condition, and have been very satisfactory during the Fair

The cost of gas will come under the proper head -

Geo. Cumming

The Committee on Library, Rooms and Building presented the following report —

— Report —

San Francisco, Nov. 5, 1895.

To the President and Trustees of the Mechanics' Institute

Gentlemen:—

Your Committee on Library, Rooms and Building reports the following.

Roof, 31 Post St

The roof of the Building #31 Post St., has been repaired and painted, and will be in good order for two or three years.

Hayes St Repairs.

The roof of #22 Hayes St., has also been thoroughly repaired.

Some necessary work has also been done at #14½ and 26½ Hayes St.

The sewers, hoppers, etc., at #26 Hayes St., have also been repaired, as ordered by the Board of Health

The gutters, etc., at the Pavilion are being put in proper condition for the coming rainy season.

The bills for the different kinds of work have not all been presented.

Plastering Wall 31 Post St

Your Committee has received bids for plastering the East and West walls of the Building at #31 Post St. The lowest bid is for the sum of 50 cents per square yard

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

or approximately $380.00 - As the walls are in a very bad condition, your Committee recommend that this work be done as soon as convenient, and also recommend that the main entrance doors be covered with bronze copper.

Respectfully submitted-
Committee on } E. H. Cole-

and Building }

Walls 31 Post St.

On motion of Mr. Ayers, it was ordered that the plastering be done at an expense of $380.00, as recommended by the Committee, those voting in favor being Ayers, Cole, Cumming, Doolan, Formhals, Kendrick, Leggett, Mooser, Mr. President-

In regard to bronze or copper on the main entrance and Bank doors, the matter was laid over for further consideration-

Metal on Front Doors.

The Committee on Books and Donations presented a list of new books amounting to $444.85, and recommended they be purchased, which was so ordered by the following vote -- Ayes -- Ayers, Cole, Cumming, Doolan, Formhals, Kendrick, Leggett, Mooser, Mr. President-

New Books.

Mr. Leggett reported in regard to the matter of binding, the Committee had received several bids which had been tabulated by the Librarian, but as there was but one of the Committee present, he would ask that further time be granted to present a report on the matter. So ordered.

Binding.

The Committee on Lectures and Classes reported that so far this fall four lectures have been delivered all of which have been well attended. The last one was by Honorable James G Maguire, and the next will by Saturday evening the 9th inst., by Professor Geo. Davidson. It is expected the next lecture will be on the subject of Beet Sugar- and the following by Professor Ardley on Art, and are in hopes of obtaining the services of Professor Le Conté before the season is over, for a lecture on some popular subject- The Committee will endeavor to keep up the interest during the Winter.

Lectures.

In regard to the Class in Mathematics, we present the following-

San Francisco, Nov. 5/95

To the Board of Trustees of the Mechanics' Institute

-Report-

Class in Mathematics

Your Committee on Lectures and Classes respectfully report the following recommendation:

That J. F. Klenk be paid the sum of $10.00 for services rendered for the half month ending Sept 30th 1895, and that he be paid the sum of $25.00 per month from and after the 1st of October, 1895, so long as his class numbers 20 or more, and less than 30.

Klenck

Joseph Leggett
G. P. Ayers

On motion the recommendation was adopted by the following vote -- Ayes -- Ayers, Cole, Cumming, Doolan, Formhals, Kendrick, Leggett, Mooser, Mr President

Mr Leggett further stated the Committee had found that a very efficient way of advertising the lectures was by the distribution of cards at the Librarian's desk, and hoped the members of the Board would take some and use their best endeavors to distribute the same, and induce their friends to be present-

National School of Electy

Mr Doolan wanted to know about the class in Electricity now meeting at the Institute, who is the manager or head of the concern, and where can information regarding the same be had.

After some discussion by Messrs. Doolan, Cole, Cumming and Leggett, and reading by the Secretary of the action taken by the Board September 13th in regard to the matter, the Chair ruled that in the absence of any motion, further discussion of the subject was out of order.

The Committee on Printing and Advertising had no report:

The Pavilion Committee presented the following report:

San Francisco October 15, 1895-

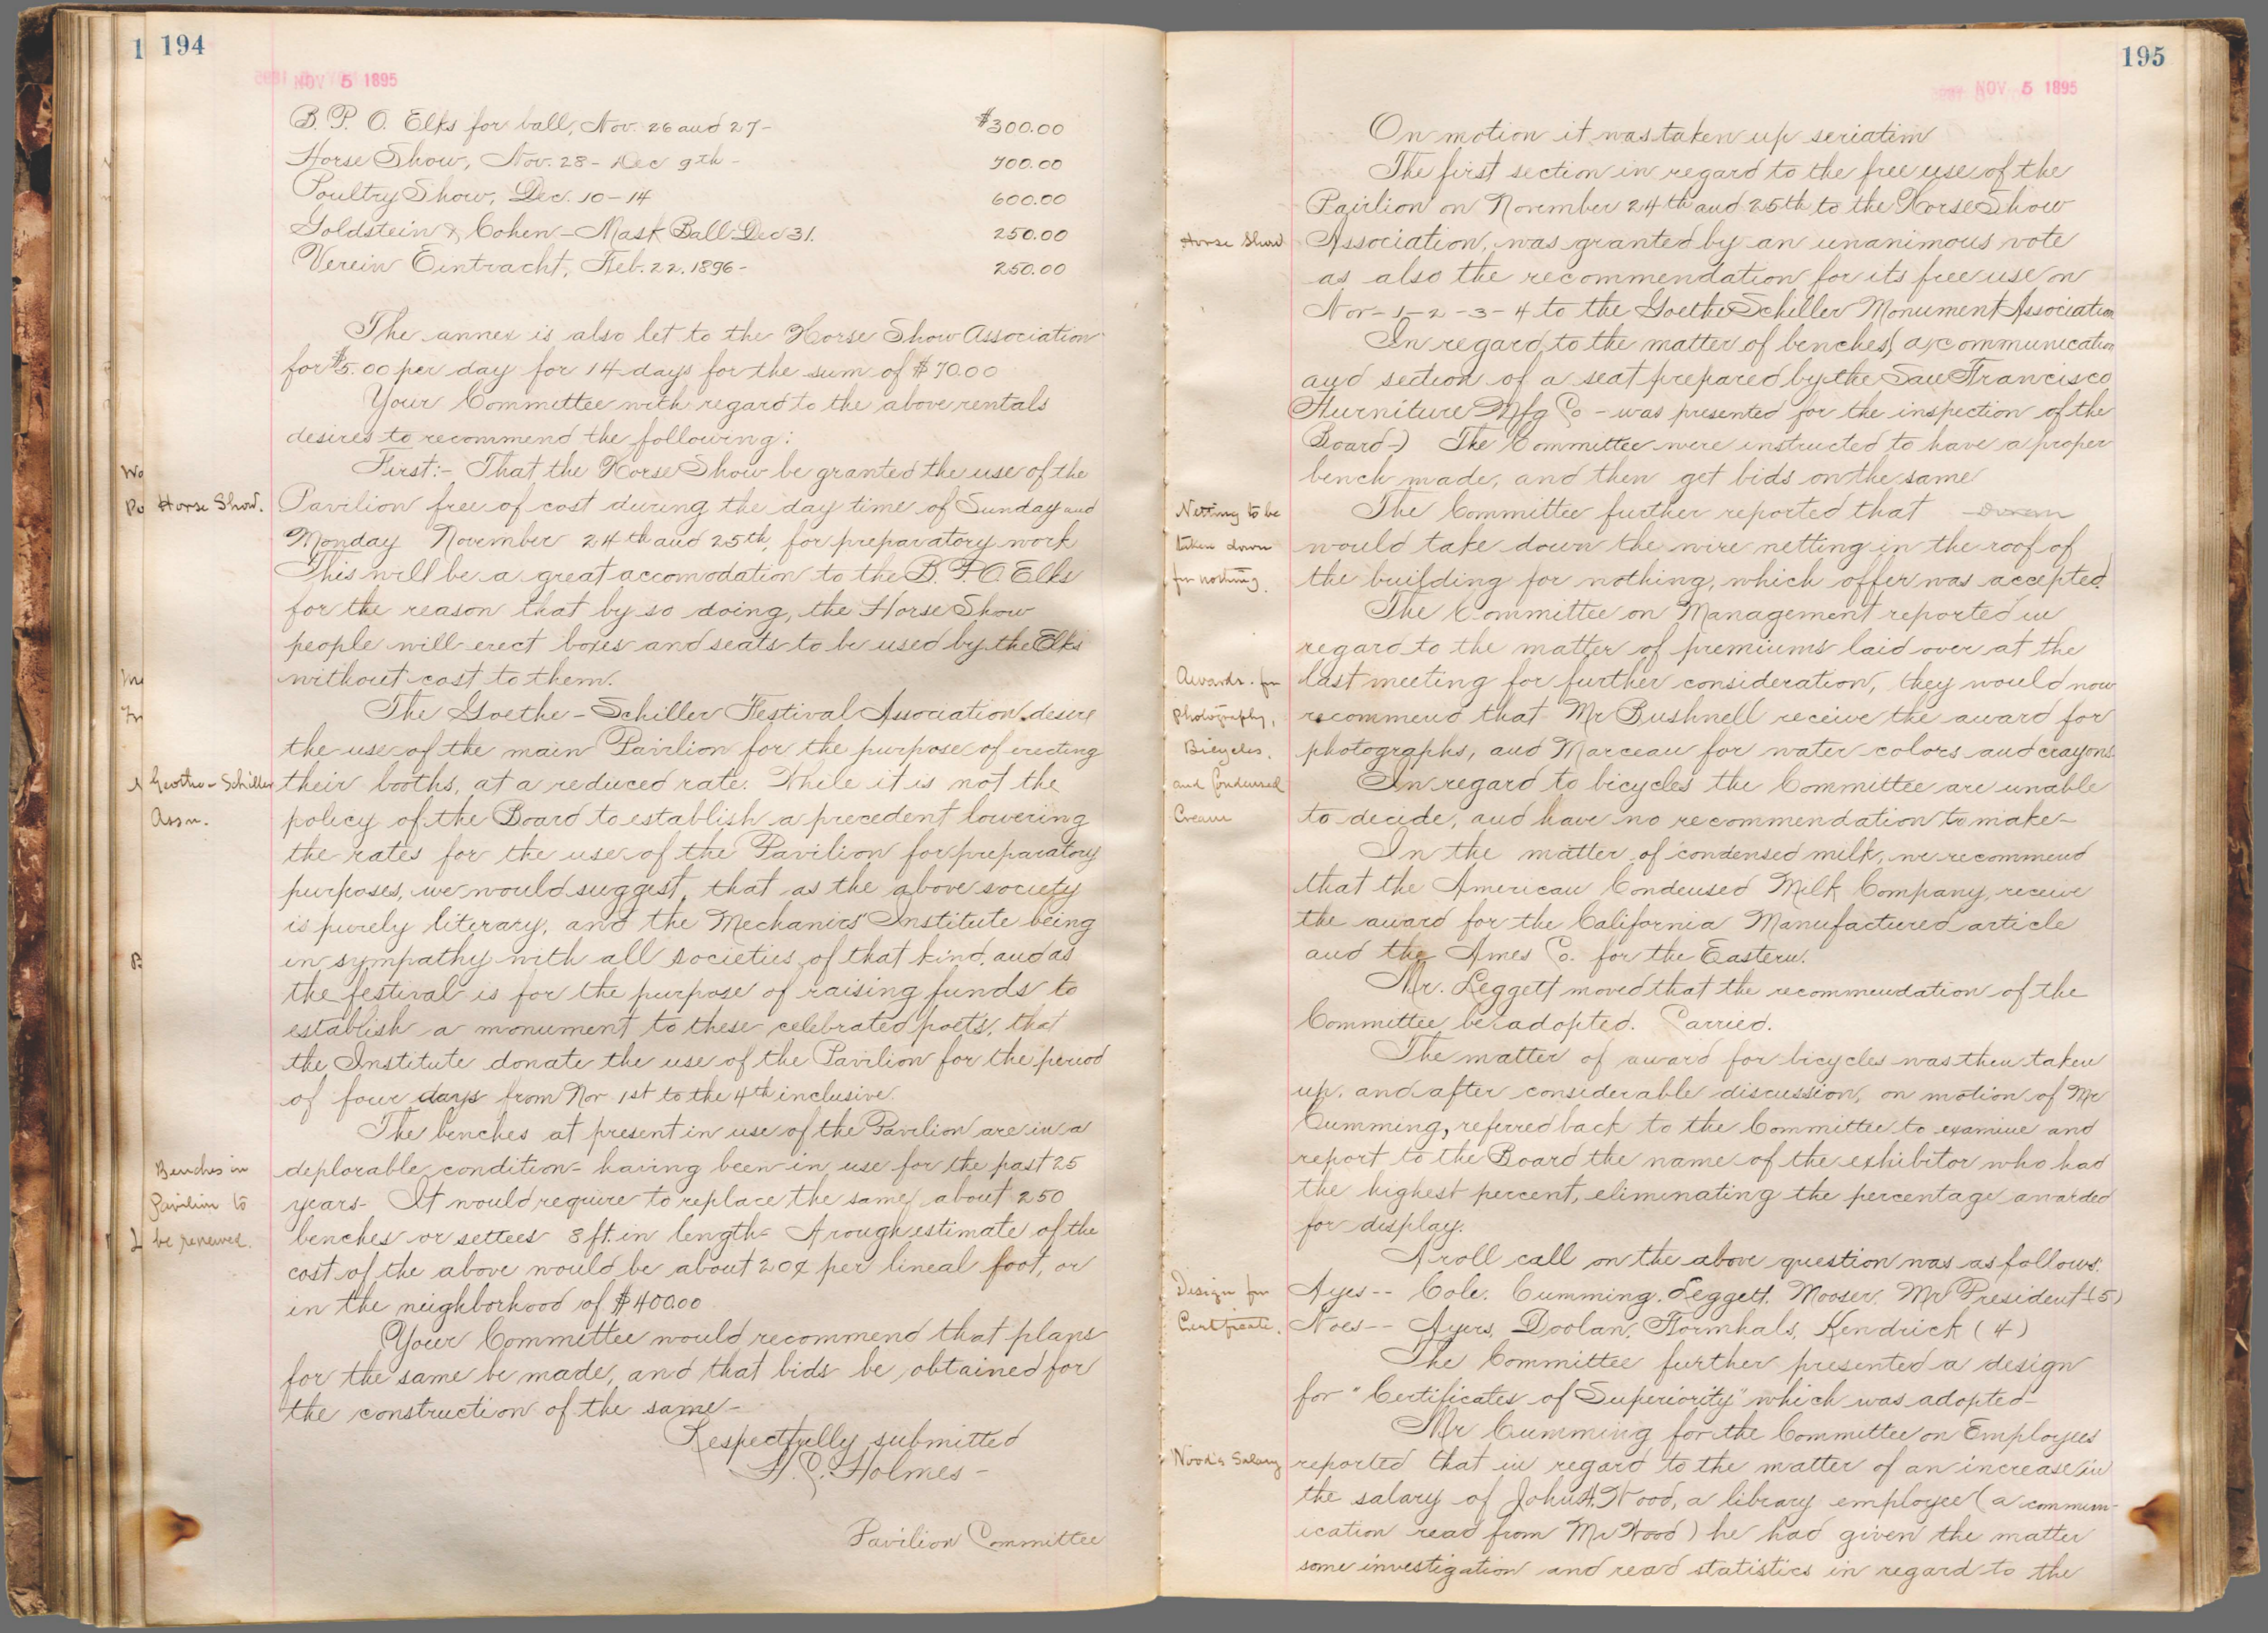
To the Board of Trustees of the Mechanics' Institute
San Francisco, Cal.

Pavilion Rentals

Gentlemen:-

The following is a report of the Pavilion Committee as regards rentals and improvements - The days of rentals are as follows:

Fritz Scheel for concert purposes Oct 19-	$50.00
Goethe-Schiller Festival, Nov. 5th - 9th	500.00



194

NOV 5 1895

B. P. O. Elks for ball, Nov. 26 and 27 -	$300.00
Horse Show, Nov. 28 - Dec 9th -	700.00
Poultry Show, Dec. 10 - 14	600.00
Goldstein & Cohen - Mask Ball Dec 31.	250.00
Verein Eintracht, Feb. 22. 1896 -	250.00

The annex is also let to the Horse Show Association for $5.00 per day for 14 days for the sum of $70.00

Your Committee with regard to the above rentals desires to recommend the following:

Horse Show.

First:- That the Horse Show be granted the use of the Pavilion free of cost during the day time of Sunday and Monday November 24th and 25th, for preparatory work This will be a great accomodation to the B. P. O. Elks for the reason that by so doing, the Horse Show people will erect boxes and seats to be used by the Elks without cost to them.

Goethe - Schiller Assn.

The Goethe - Schiller Festival Association desire the use of the main Pavilion for the purpose of erecting their booths, at a reduced rate. While it is not the policy of the Board to establish a precedent lowering the rates for the use of the Pavilion for preparatory purposes, we would suggest, that as the above society is purely literary, and the Mechanics' Institute being in sympathy with all societies of that kind, and as the festival is for the purpose of raising funds to establish a monument to these celebrated poets, that the Institute donate the use of the Pavilion for the period of four days from Nov 1st to the 4th inclusive.

Benches in Pavilion to be renewed.

The benches at present in use of the Pavilion are in a deplorable condition - having been in use for the past 25 years - It would require to replace the same about 250 benches or settees 8 ft. in length - A rough estimate of the cost of the above would be about 20¢ per lineal foot, or in the neighborhood of $400.00

Your Committee would recommend that plans for the same be made, and that bids be obtained for the construction of the same -

Respectfully submitted
H. C. Holmes -

Pavilion Committee

On motion it was taken up seriatim

Horse Show

The first section in regard to the free use of the Pavilion on November 24th and 25th to the Horse Show Association, was granted by an unanimous vote as also the recommendation for its free use on Nov - 1 - 2 - 3 - 4 to the Goethe Schiller Monument Association

In regard to the matter of benches (a communication and section of a seat prepared by the San Francisco Furniture Mfg Co - was presented for the inspection of the Board -) The Committee were instructed to have a proper bench made, and then get bids on the same

Netting to be taken down for nothing.

The Committee further reported that ~~Dixon~~ would take down the wire netting in the roof of the building for nothing, which offer was accepted

Awards - for Photography, Bicycles, and Condensed Cream

The Committee on Management reported in regard to the matter of premiums laid over at the last meeting for further consideration, they would now recommend that Mr Bushnell receive the award for photographs, and Marceau for water colors and crayons.

In regard to bicycles the Committee are unable to decide, and have no recommendation to make -

In the matter of condensed milk, we recommend that the American Condensed Milk Company, receive the award for the California Manufactured article and the Ames Co. for the Eastern.

Mr. Leggett moved that the recommendation of the Committee be adopted. Carried.

The matter of award for bicycles was then taken up, and after considerable discussion, on motion of Mr Cumming, referred back to the Committee to examine and report to the Board the name of the exhibitor who had the highest percent, eliminating the percentage awarded for display.

A roll call on the above question was as follows:

Design for Certificate.

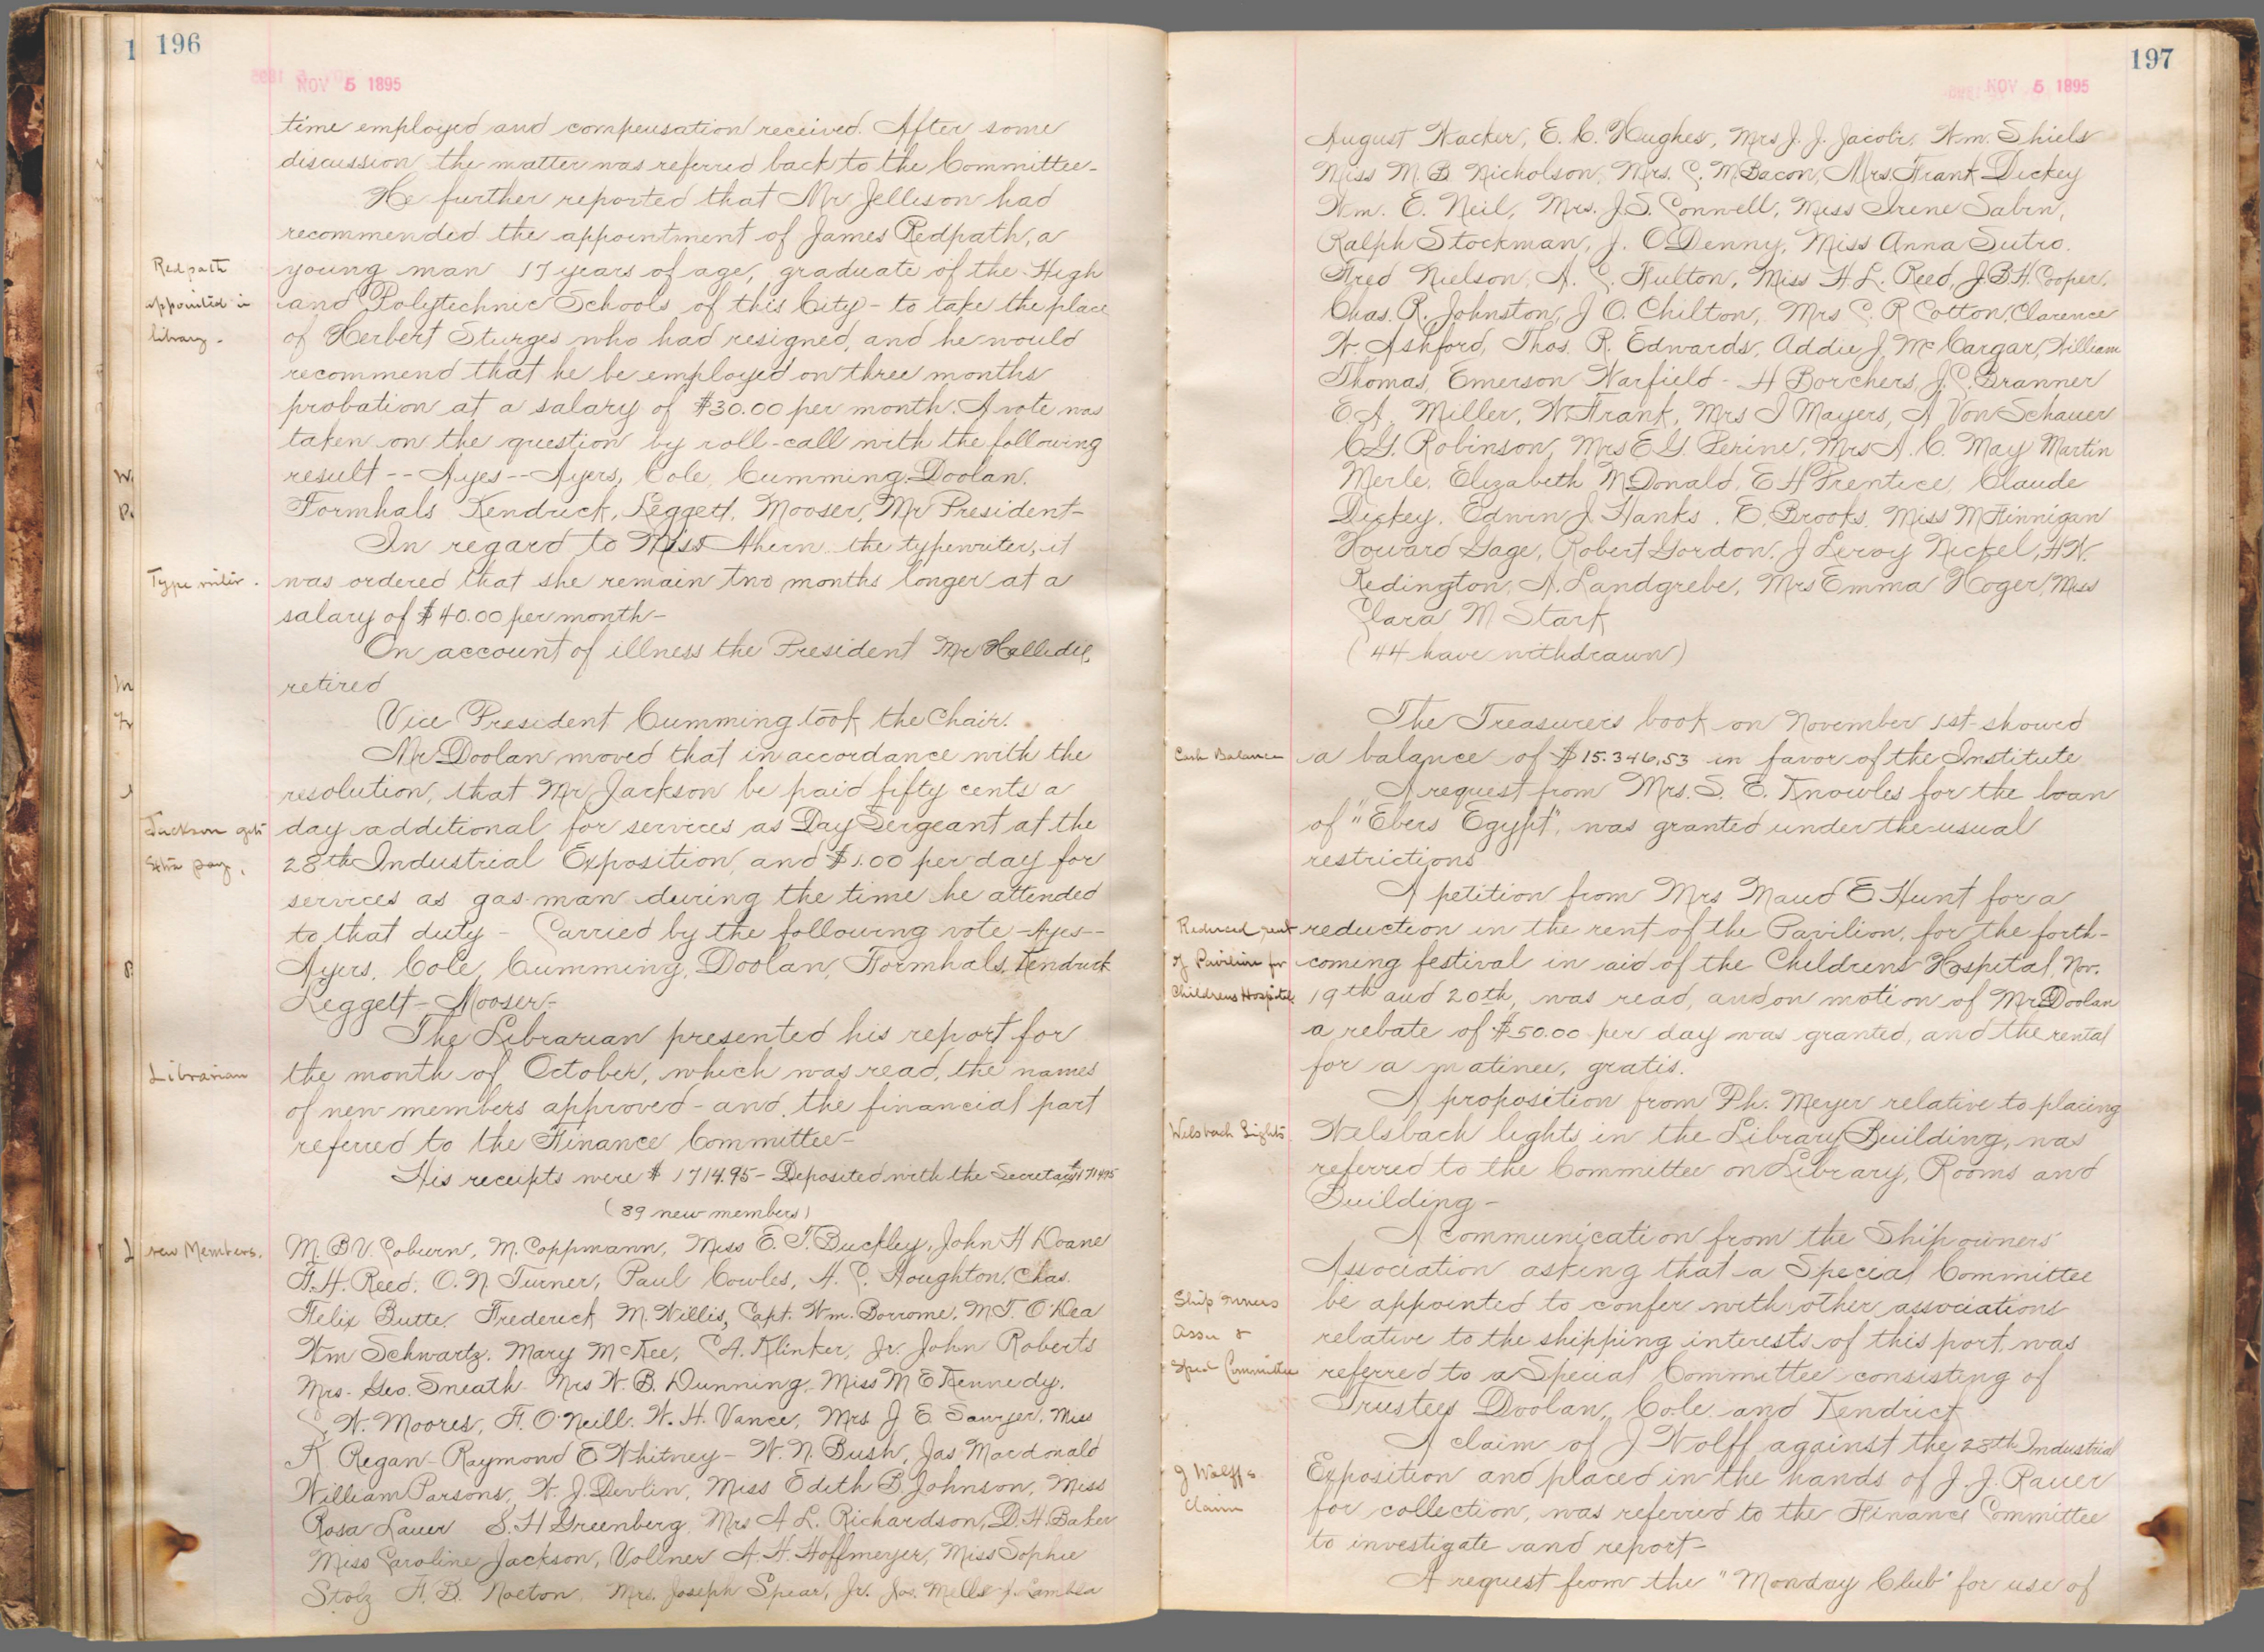
Ayes -- Cole. Cumming. Leggett. Mooser. Mr President (5)
Noes -- Ayers, Doolan, Formhals, Kendrick (4)

The Committee further presented a design for "Certificates of Superiority" which was adopted -

Wood's Salary

Mr Cumming for the Committee on Employees reported that in regard to the matter of an increase in the salary of John H. Wood, a library employee (a communication read from Mr Wood) he had given the matter some investigation and read statistics in regard to the

Board of Trustees Minutes, volume 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



NOV 5 1895

time employed and compensation received. After some discussion the matter was referred back to the Committee-

Redpath appointed in library.

He further reported that Mr Jellison had recommended the appointment of James Redpath, a young man 17 years of age, graduate of the High and Polytechnic Schools of this City - to take the place of Herbert Sturges who had resigned, and he would recommend that he be employed on three months probation at a salary of $30.00 per month. A vote was taken on the question by roll-call with the following result -- Ayes -- Ayers, Cole, Cumming, Doolan, Formhals Kendrick, Leggett, Mooser, Mr President-

Type writer.

In regard to Miss Ahern the typewriter, it was ordered that she remain two months longer at a salary of $40.00 per month-

On account of illness the President Mr Hallidie, retired

Vice President Cumming took the Chair.

Jackson gets extra pay.

Mr Doolan moved that in accordance with the resolution, that Mr Jackson be paid fifty cents a day additional for services as Day Sergeant at the 28th Industrial Exposition, and $1.00 per day for services as gas-man during the time he attended to that duty - Carried by the following vote - Ayes -- Ayers, Cole, Cumming, Doolan, Formhals, Kendrick Leggett - Mooser-

Librarian

The Librarian presented his report for the month of October, which was read, the names of new members approved - and the financial part referred to the Finance Committee-

His receipts were $1714.95 - Deposited with the Secretary $1714.95

The Finance Committee presented the following report:

San Francisco, Nov. 19, 1895—

To the President and Trustees of the Mechanics' Institute

Gentlemen:—

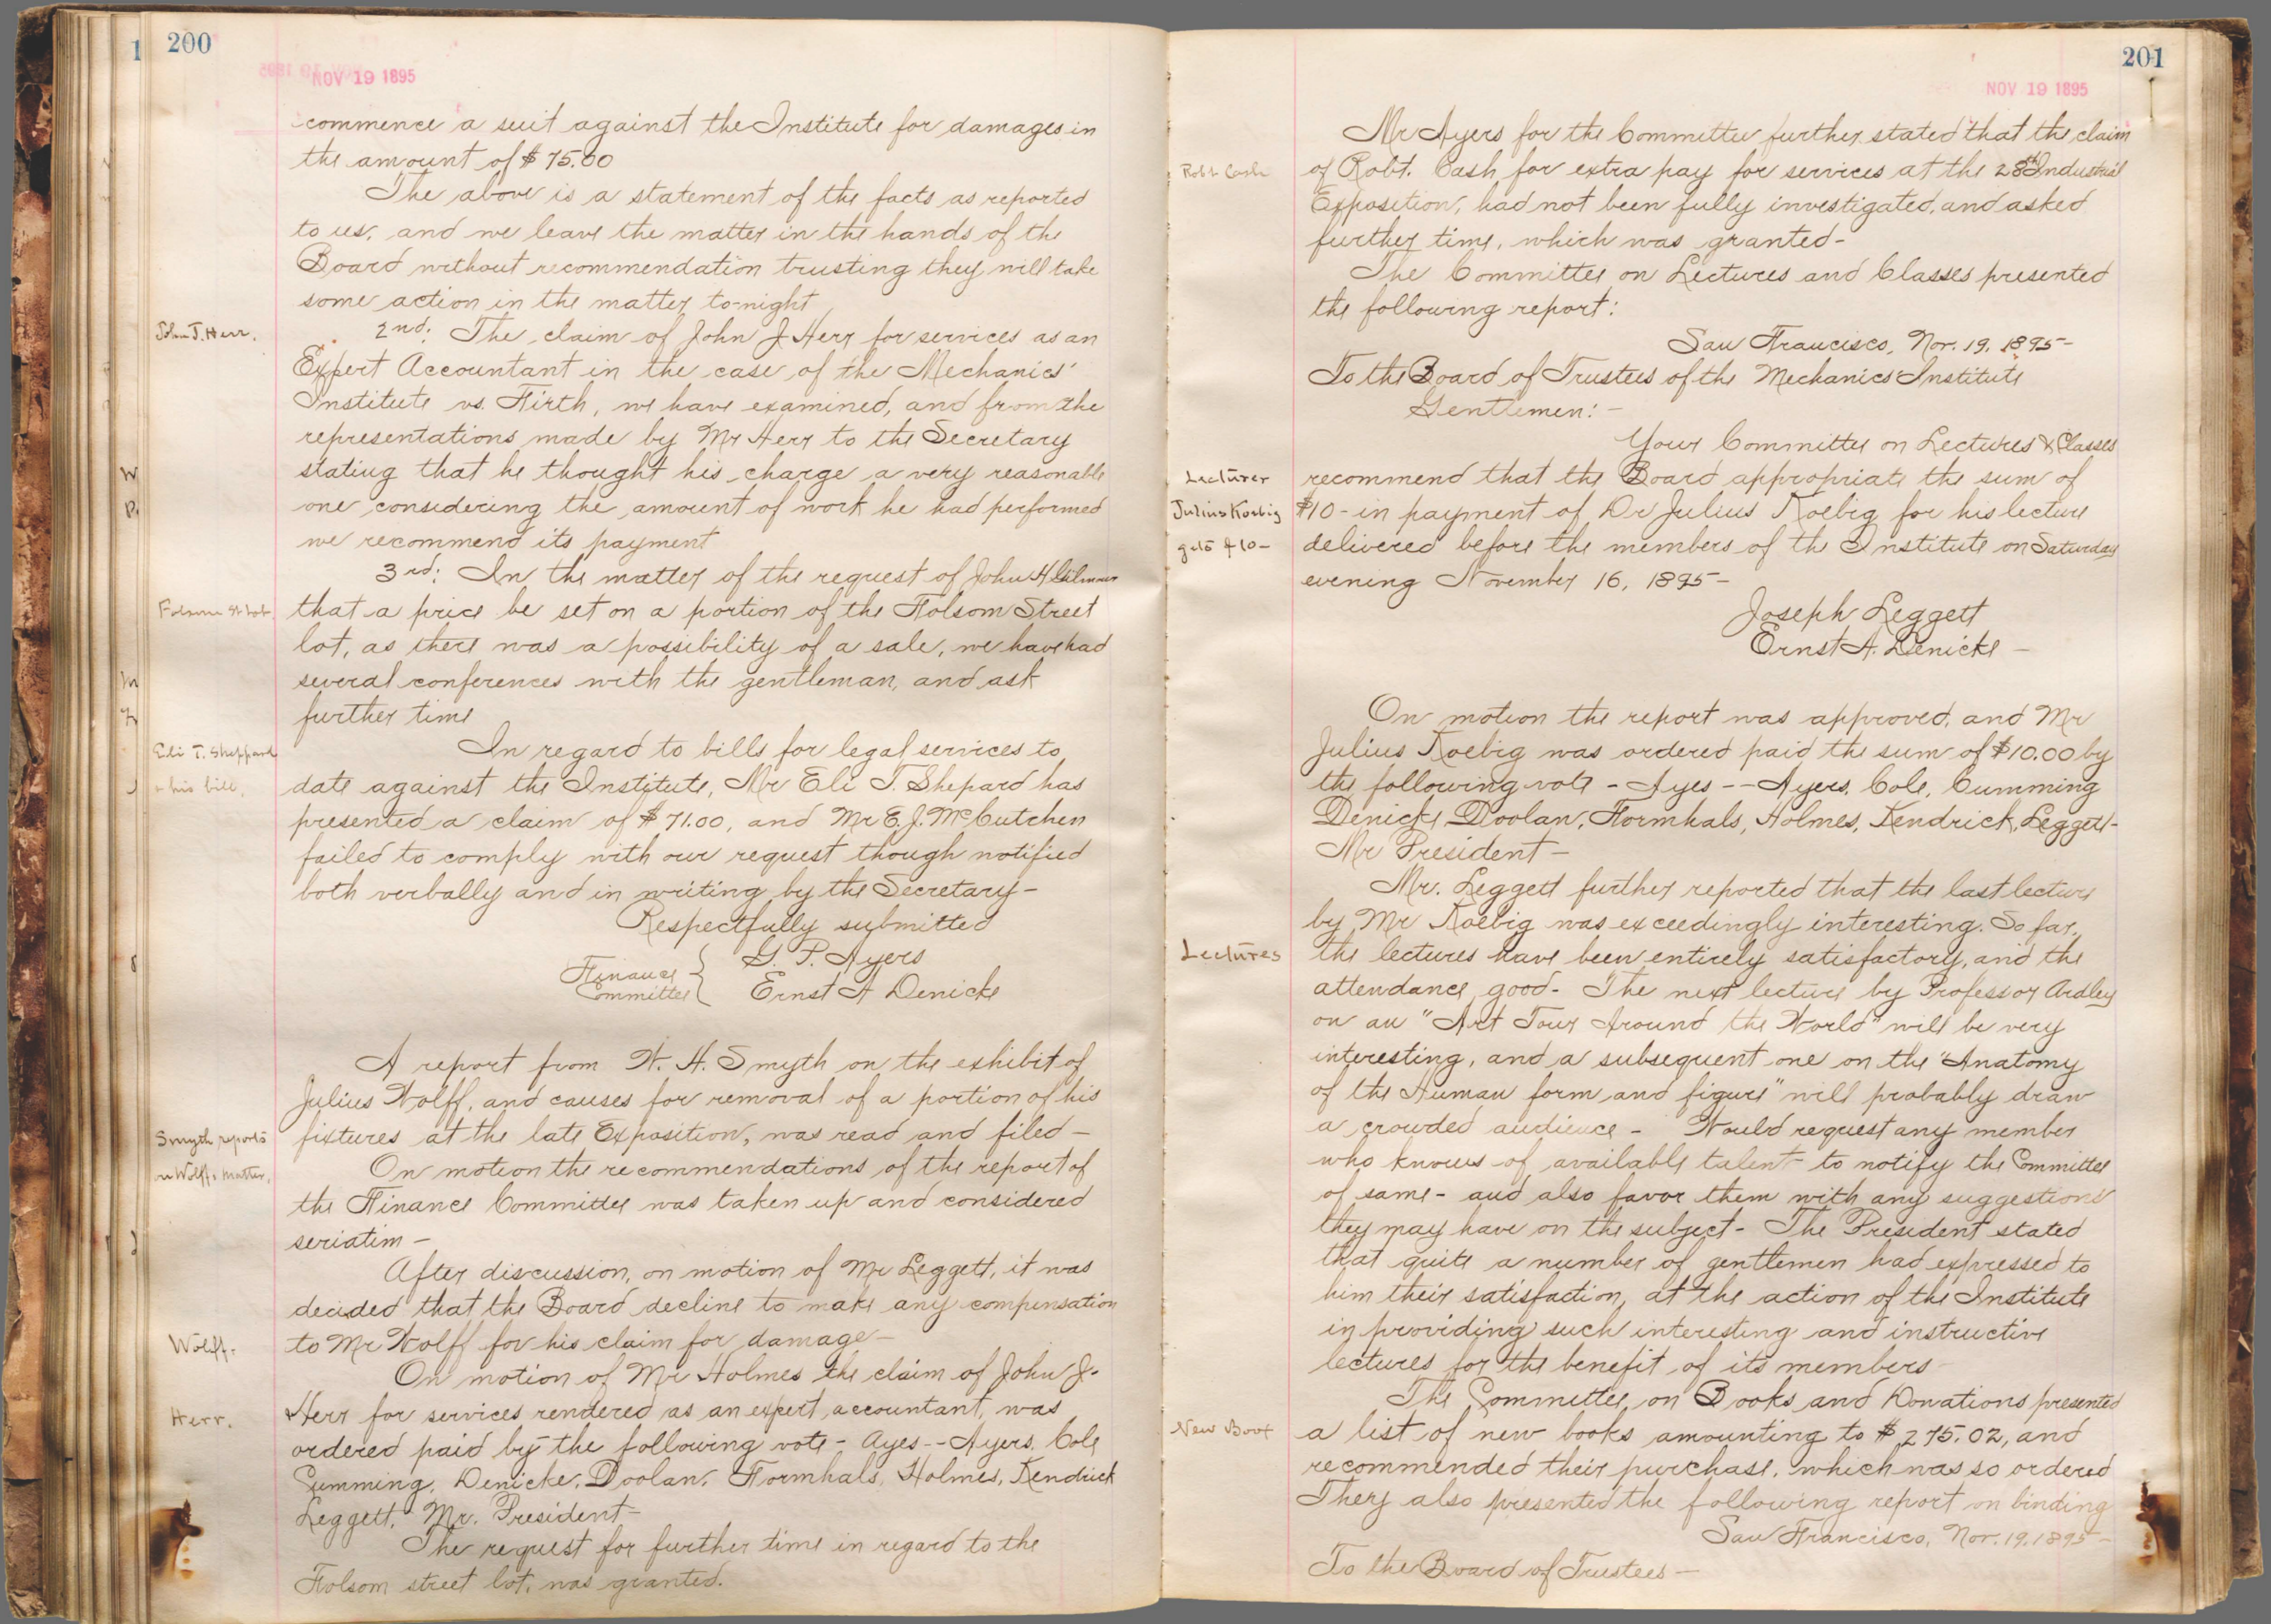
Your Committee on Finance would report that we have examined the several matters referred to us at a previous meeting and report as follows:

Julius Wolff. Dutch Cocoa

1st; In regard to the claim of Julius Wolff for damages sustained at the 28th Industrial Exposition we find that he applied for 12 × 12 feet of space for exhibit of Royal Dutch Cocoa, on some date not specified in the application. The same was receipted for on August 13th— From information we understand that his original intention was to erect a windmill with the base of the usual shape to correspond with such an exhibit, and to be used for the dispensing of cocoa— That the heighth of the exhibit excluded him placing it in the main nave as intended, and it was located under one of the galleries near the front entrance— Its heighth and general bad appearance was objectionable, and not in accordance with the rules of the Exposition, and the Superintendent ordered him to move the same to the rear of the building near the restaurant, where he told him that space could be used as its location there did not interfere with the view of other exhibitors, and that it might remain in that position. Subsequently an order was given by one or more of the Directors that the exhibit should be removed, and in accordance therewith the Superintendent had the same placed in the annex, and from thence by further orders of the Superintendent it was removed from the building—

Mr Wolff has placed his claim in the hands of J. J. Rauer for collection and deposited money to

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



NOV 19 1895

commence a suit against the Institute for damages in the amount of $75.00

The above is a statement of the facts as reported to us, and we leave the matter in the hands of the Board without recommendation trusting they will take some action in the matter to-night

John J. Herr. 2nd. The claim of John J Herr for services as an Expert Accountant in the case of the Mechanics' Institute vs. Firth, we have examined, and from the representations made by Mr Herr to the Secretary stating that he thought his charge a very reasonable one considering the amount of work he had performed we recommend its payment

3rd. In the matter of the request of John H Gilman

Folsom St lot. that a price be set on a portion of the Folsom Street lot, as there was a possibility of a sale, we have had several conferences with the gentleman, and ask further time

Eli T. Sheppard & his bill. In regard to bills for legal services to date against the Institute, Mr Eli T. Shepard has presented a claim of $71.00, and Mr E. J. McCutchen failed to comply with our request though notified both verbally and in writing by the Secretary—

Respectfully submitted

Finances

- Financial Report -

San Francisco, Dec. 3, 1895

To the President and Trustees of the Mechanics Institute -

Gentlemen: -

Your Committee on Finance herewith present the following statement regarding the funds of the Institute at this date:

On November 5th after payment of bills audited on that date, there was a balance in the Treasury of:

(Balance Nov 5)	$7429.15	
Received in Nov.	2467.78	$9896.93
Bills audited tonight		
Institute	4269.76	
28th Exposition	53.35	4323.11
Balance -		$5573.82

To this sum may properly be added the amount due from the Goethe-Schiller Association on account of rent $1180 in November which will make the actual available fund after payment of to-nights bills $6753.82

This being the beginning of a quarter, the amount received from dues will be large, which added to the rents of the Pavilion will make this month's collections exceptionally large, and when added to the balance on hand will make a favorable showing at the beginning of the year -

We ask further time to report on the matter of the extra compensation for Mr Cash -

G. P. Ayers -
Chairman Finance Committee.

President Hallidie's remarks.

The President said he had no regular report to make, but his remarks would be pertaining to matters in a general way.

The late Fair was taken up under adverse circumstances, and necessitated great effort and labor on the part of the Trustees to bring it to the conclusion the financial result has proved to be.

Some innovations or rules of former Fairs had been introduced simply on the ground of economy— About $10,500.00 has been realized through the last Exposition, and it is probable that hereafter the Fairs will continue without any break, as they have become a fixed feature in this community on the part of the City's history. Considering the time spent by the Trustees and labor involved, $15,000.00 was none too much to make— Another thing of importance in connection with these Fairs, was that members should cooperate a little more with the trustees, and strengthen them in their labors by more support, and distribution of such matter as of interest to the public, and value to the Institute. With such aid the future Fairs will be more successful than the past have been—

In regard to the Pavilion, we have a large building which practically pays nothing, as when we come to count up the expenses and interest, the income does not pay more than 10% of its value— It is an important question and matter to decide, if the present is the best disposition to make of that property. If its value was turned into United States Bonds, it would produce more than can possibly be obtained from rentals and improvements to the property. If any changes are made, it will consequently turn matters regarding exhibitions, etc., on the Folsom Street lot. As soon as the Institute can get a title to and admission to the Mission Creek land in that block, we will then be in position to take active steps towards utilizing it for the purposes of the association

The position of Trustee is one of great importance, and consequently their selection should be of men well known, and in which the community will feel perfect confidence in their administration

Unfinished business—

The amendment to the Constitution offered at the Quarterly meeting in June, by L. E. Phillips, was read—

DEC 7 1895

Phillips' Amendment to Constitution lost

Messrs. Royer, Healy, Cumming, Plum, Cridge & Peet, discussed the matter for a time, when Mr Firebugh moved that the resolution lie on the table— The President put the question, which was lost, Further discussion was indulged in by Messrs Macy & Leggett

Mr Denicke moved the previous question. The motion was put to vote, and the Chair declared the proposed amendment by Mr Phillips, lost—

Cole and Garratt's Election Confirmed

The President said that two vacancies existing in the Board had been filled by the Trustees electing E. H. Cole and Benjamin F. Garratt, and their confirmation was now before the members—

Mr Cumming moved that the election by the Trustees of E H Cole and Benjamin F Garratt, be approved.

Mr Healy suggested that a vote be taken seperately, and the Chair said there being no objection, it would be so considered. A vote was then taken on the election of E. H. Cole, which was carried— In like manner a vote was then taken on the election of Benjamin F Garratt, and was carried.

Mr Peet said he wished to bring before the members, a matter, which in his opinion required investigation:

Mr Peet and bequest of Jas Lick

James Lick in his will had given the Institute $10,000.00 to be expended for scientific works. From an investigation he did not think that that amount had been expended as provided in the will, and moved that the Trustees be requested to take the matter up and see that the amount be administered as James Lick intended. Carried.

The President said that under the order of new business, nominations for Trustees to be voted for at the ensuing election, might be made—

Nominations for Trustees

Messrs. C. C. Webb, Asa R Wells, A B Spreckels, L E Phillips, J T McCrossen, J C Hoag & N. A Wheaton were named—

Reading Room

Mr Martindell moved that the Reading room be moved to the upper floor, where it was formerly. Messrs. Hardcastle, Macy and several others discussed the matter, and Mr Reed moved that the motion be laid on the table. A standing vote was taken, 37 in favor and 48 against

The Chair declared ~~that~~ the motion to lay on the table lost.

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

DEC 7 1895

Mr Leggett moved as an amendment to the motion, that the question be submitted to the members at the next Annual election, at which time every one will have a chance to express an opinion. The question was further debated by Messrs Hardcastle, Cumming, Martindell Macy, Reed and Mrs Theale -

Reading Room ordered moved

Mr Leggett's amendment was then put to vote and lost.

The original motion that the Trustees be requested to remove the Reading-room from the lower to the upper floor, was then put to vote, and carried - ayes - 41 - Noes 38

more nominations

Further nominations for Trustees, were made as follows: P. J. Healy & Mrs Theale

Mr. L. E. Phillips then presented the following resolution:

Resolution of L E Phillips

Whereas, it is necessary for the protection of the Mechanics' Institute property, membership and organization that an investigation should be forthwith made, by a Committee of Institute members, into the finances of the Institute, into the giving of official places and of privileges connected with the Mechanics' Institute Annual Fair of 1895; into the alleged unconstitutionality and impracticability of the preferential system of voting for election of Trustees; into the alleged mismanagement of the funds of the Institute by Trustees in the expenditure of fourteen thousand and odd dollars, and the cutting off of important rental income, by the removal of the Reading room and Library of the Institute from their former position; into the loss of some 3,500 volumes to the Institute during the past five years, through theft and otherwise; into large losses of money sustained by the Institute through the injudicious purchase of real estate at a fraudulently excessive price, and its subsequent shrinkage in value -

Therefore, be it resolved that a committee of two life members of the Institute, to wit: A. B. Spreckels and M A Wheaton, and the following regular members of the Institute; - Jared C Hoag and J T McCrossen are hereby appointed a Committee of investigation with full power to investigate and report back to the next meeting of the Institute -

and moved its adoption, which provoked discussion by Messrs. Leggett, Macy, Healy, Reed, and several others, When the question of the adoption of the resolution was put to vote, and lost - 3 votes only in the affirmative

Special Meeting of the Board of Trustees Thursday December 14th at 4. P.M.

Present at Roll Call Ayers, Cole, Cumming, Fornhals, Kendrick, Leggett Root Mr President.

The President stated that the object of the Meeting was to take some action upon the resolution offered by Mr Peet at the Quarterly Meeting, relative to the Lick Bequest of $10000.

Lick bequest

He then read the Section of the Lick Will wherein the bequest was set forth, and extracts from the Minutes of the Meetings of the Board held Dec 1st 1893 and Jan 2. 1894.

After a general discussion by the Members, and some remarks by Mr Peet who was present, the subject was referred to a Special Committee of three (Leggett. Ayers and Kendrick) appointed by the Chair, to investigate the Matter and report their conclusions to the Board. In the mean time if they deemed it necessary, power was granted them to employ an expert to make a compilation of the Purchases charged to that fund.

The Meeting then adjourned.

Meeting of the Board of Trustees of the Mechanics Institute, Tuesday evening Dec. 16th 1895-

The meeting was called to order at eight o'clock by President Hallidie, there being present Trustees: Ayers, Cole, Cumming, Denicke, Doolan, Formhals, Garratt Holmes, Leggett, Mooser, Root, Mr President

The minutes of the two preceding meetings were read and approved

The minutes of the Quarterly meeting of Dec. 7th were also read.

The Finance Committee presented the following report, as also a statement from the auditor, Mr Van Pelt-

San Francisco, Dec. 16/95

To the President and Board of Trustees

Gentlemen:-

Finances

Your Committee on Finance respectfully report that the receipts this month have so far been very satisfactory amounting to $5,673.91 of which $2,768.04 has been for rentals of the Pavilion

At the last meeting an error was made in the endorsement on the back of a bill of B.F. Stevens whereby the amount of £110.13 was made to read $110.13 when it should have been $542.06 instead of the sum named

We recommend the proper correction be made, and a warrant drawn for the amount approved by the Book Committee

Delinquent Members

In regard to the list of delinquent members referred to us at the last meeting, we recommend no further action be taken until after election, as it is probable that as in former years, at that time many will pay up arrears, and the Institute may be a gainer by deferring action until that time

Mr Cash.

In the matter of additional compensation to Mr Cash for services at the late Fair, we ask further time, as we wish a statement from Mr Doolan before final action is recommended

Folsom St Lot.

We understand that the Supervisors have ordered a sale of the Mission Creek property adjoining the Folsom St. lot, to take place Thursday January 16th, 1896-

Complaint of Nicholas Boyd.

A communication from Nicholas Boyd protesting against the Reading-room being located in the basement was received and filed.

The following communication from Frederick Gutzkow, was received and filed.

Gutzkow resigns.

San Francisco Dec. 31. 1895 -

Mr J H Culver,
Secretary of the Mechanics' Institute.
Dear Sir:-

Please kindly to inform the Board of Trustees that I thank them very much for their confidence in electing me as one of their number - At any other time I should gladly devote what ability I may possess to the service of the Institute, in which I take a warm interest, but as I contemplate for the coming year an absence from this State of quite uncertain duration, I can not possibly accept a position the duties of which I may be unable to fill.

With many regrets
Yours very truly
Frederick Gutzkow

Kennel Club.

A petition from the Pacific Kennel Club, asking for a rebate in the rent of the Pavilion for their show in May next, was referred to the Pavilion Committee to examine into and report -

Mary Ellis.

A communication from Mary Ellis relative to her claim to the Mission Creek property, was referred to the Finance Committee.

Certificates

Under the head of unfinished business, the President stated that the Certificates of Superiority to exhibitors at the late Fair, had been printed but in many respects were very unsatisfactory, and showed where certain changes should be made

On motion the matter was referred back to the Committee on Management with instructions to have the necessary changes made, new ones struck off, and the certificates properly filled out and delivered as soon as possible.

DEC 16 1895

Folsom St. lot.

The matter of the leasing of the Folsom St., lot was discussed at some length, and on motion of Mr Leggett it was ordered that the matter be referred to a Special Committee to negotiate and see what sum can be obtained from Mr Reynolds, or any other party for rental of the lot, and report at the next meeting. Carried.

The Chair named for the Committee - Trustees Root, Denicke and Doolan -

The Committee on Lectures and Classes presented the following report, which was received.

- Report -

San Francisco, Dec. 17. 1895 -

To the Board of Trustees
Gentlemen:-

Lectures.

Since your last meeting, Mr. Geo H. Dickie delivered a very interesting and instructive lecture on Saturday evening Dec. 14. 1895 - The lecture was largely attended, and a deep interest manifested therein by the audience

Dr John A. Miller will deliver a lecture on phases of nervousness peculiar to men and women in modern life on Saturday evening Dec. 21st 1895 - Dr. Miller is an earnest and thoughtful gentleman who will no doubt deliver an earnest, able and interesting lecture, and we request the members of the Board to assist the Committee in advertising this lecture.

The Committee has secured the promise from Mr Morrison to deliver a lecture before the Institute on the Monroe Doctrine on Saturday evening Jan. 4th 1896. Mr Morrison is a gentleman of great learning and ability and of high standing in this community. His lecture will no doubt be exceedingly interesting and instructive, and we respectfully request members of the Board to assist the Committee in advertising this lecture - The lectures are attracting attention, and the attendance is keeping up very satisfactory

Gentlemen:-

Efficiency of Janitors. and equalizing their Salaries.

The Committee on Employees has examined into the efficiency of the janitors of the Library Building and report that the efficiency of the janitors has increased since the Librarian has defined the duties of each, but that there is still room for improvement

We are of the opinion that so long as the duties of each janitor is prescribed by the Librarian and equalized, that the salary of each be equalized. The present salaries are $60. and $45. We recommend that the salary of each be placed at $50.00 from first of January 1896-

Cal. Dec. 14, 1895-

To the Honorable Board of Directors
of the Mechanics' Institute
Gentlemen:-

Poultry Assn get a rebate of $100-

The Cal. State Poultry Association holding its annual exhibition in the Building known as the Mechanics' Pavilion, now find their efforts to give a first class show, poorly appreciated by the general public. We have advertised in every legitimate manner to attract the public, and unless things change very much we shall play a loosing game. This not being a money making scheme we were very hopeful of playing even. We hereby desire to call your attention to the situation and sincerely hope that you may relieve us in such manner as seems proper and just to you, and let me assure you gentlemen that any favorable action on your part will be gratefully appreciated

Musical works in Library

Mr Mooser stated that six or eight months ago, he had suggested the purchase of some works on Music for the Library, and he understood that the Librarian had communicated with other Librarians relative to the matter, nearly all of whom commended the same, and believed it to be a desirable feature. He would recommend some action be taken-

After some discussion the matter was referred to the Committee on Books & Donations with a request to examine into and report at the next meeting-

Reading Room.

The action of the members at the last Quarterly meeting relative to a request to have the Reading-Room moved from the lower to the upper floor, was discussed at some length,

Meeting of the Board of Trustees of the Mechanics' Institute Tuesday evening January 7th 1896 –

The meeting was called to order by President Hallidie at eight o'clock, there being present Trustees – Ayers, Cole Cumming, Denicke, Formhals Holmes, Kendrick Leggett, Root –

The Chair said that before proceeding to business, he would ask that the following letter be read, which was done

San Francisco Jan. 7, 1896 –

A. S. Hallidie Esq.,
Pres. Board of Trustees –

Dear Sir: –

Trustee Mooser resigns — As I am about to leave town for a period of several months, I hereby tender my resignation as Recording Secretary and Trustee of the Mechanics' Institute

Very truly
Chas. E. Mooser

On motion, the resignation of Mr Mooser was received and accepted.

The Chair stated he believed it would be best to at once elect a Recording Secretary to fill the vacancy caused by the resignation of Mr Mooser in order to have the diplomas signed.

Trustee Denicke elected Recording Secy — Mr E. A. Denicke was nominated for the position

No further nominations being made on motion the Secretary was instructed to cast the ballot for Mr Denicke which was done he receiving ten votes. The Chair declared him duly elected Recording Secretary –

The minutes of the last meeting were read and approved –

Mrs Southworth once more Elected — Mr Cumming said that the minutes were correct, but he believed the election of Mrs M. E. Southworth as set forth, was invalid, as it had been done viva voce instead of by ballot as provided in the Constitution, and he would recommend that a ballot be taken to comply with the rules of the Board –

On motion of Mr. Ayers it was so ordered and the Secretary was instructed to cast the ballot for Mrs M. E. Southworth, which was done she receiving ten votes –

Finances. Gentlemen:-

Your Committee on Finance would report the finances of the Institute are in a very satisfactory condition.

The Treasurer's balance with all bills paid to Jan 1st is $12.336.70

The bills audited to-night amount to:

Institute - $3,306.78
Fair 36.50 $3.343.28

leaving a cash balance on hand
(exclusive of Jan. collections already rec'd) of $8.993.42

In regard to matters referred to us at previous meetings, we recommend as follows:

1st: That further time be granted to investigate and report upon the Folsom St. lot matter.

2nd: That the request of the Secretary relative to the Contingent Fund of the 28th Industrial Exposition, be denied.

Contingent Fund

3rd: In regard to the safe in the office, we find that the same was purchased by Mr Culver on Oct 27th 1886 and for which he paid $250.00, and moving it into the building either $20.00 or $25.00 - That with interest at 6% would amount to about $450.00, we recommend he be paid the sum of $300.00

Auditors Report.

The report of the Auditor Mr Van Pelt, on matters of the 28th Exposition, was as follows:-

San Francisco, Dec. 28. 1895-

Finance Committee
Mechanics Institute
Gentlemen:-

I have carefully examined the books and accounts of the twenty-eighth Exposition and find them correct

Vouchers - Nos - 1 to 235 are properly approved and receipted, and are now on file in the Secretary's office

Total Receipts	33,497.36
Total expenditures to date	- 22,816.10
Balance	$10681.26

The Secretary informs me there are some bills to be presented for printing the diplomas. When they are paid I will make a final report-

I hand you Trial Balance of the Ledger - Dec. 10, 1895 -

Respectfully submitted
P Van Pelt
Auditor -

The Committee on Library, Rooms and Building presented the following report which was received and filed.

San Francisco Jan. 7. 1895-

To the President and Trustees
Mechanics' Institute
Gentlemen:-

Your Committee on Library, Rooms and Building beg leave to report as follows:

Plastering walls

The plastering of the east and west walls of the Library building #31 Post St, authorized by the Board some time ago at a total cost of $380.00 is now being done- The first man to whom the contract was awarded abandoned the undertaking, and another man W. C. Watson is now doing the work at the price authorized-

Welsbach Lights

We have approved the bill of Ph. Meyer for 112 Welsbach gas burners at $2.50 each for use in this building, nearly all of which have been in use during the month of December, and few were

JAN 7 1896

in use during November- We believe there has been a saving of at least $100.00 per month by the change as the total lighting bills here for the past three months have been as follows: September $177.94 October $239.15 November $212.77- December was only $108.67 showing a total reduction of over one hundred dollars per month over the average of the previous months. These burners were put in use as a trial with the understanding that if the light was improved, and a substantial reduction made in the cost, they were to be paid for, if not they were to be removed. While the saving may not be as large as it appears, we think they should be paid for-

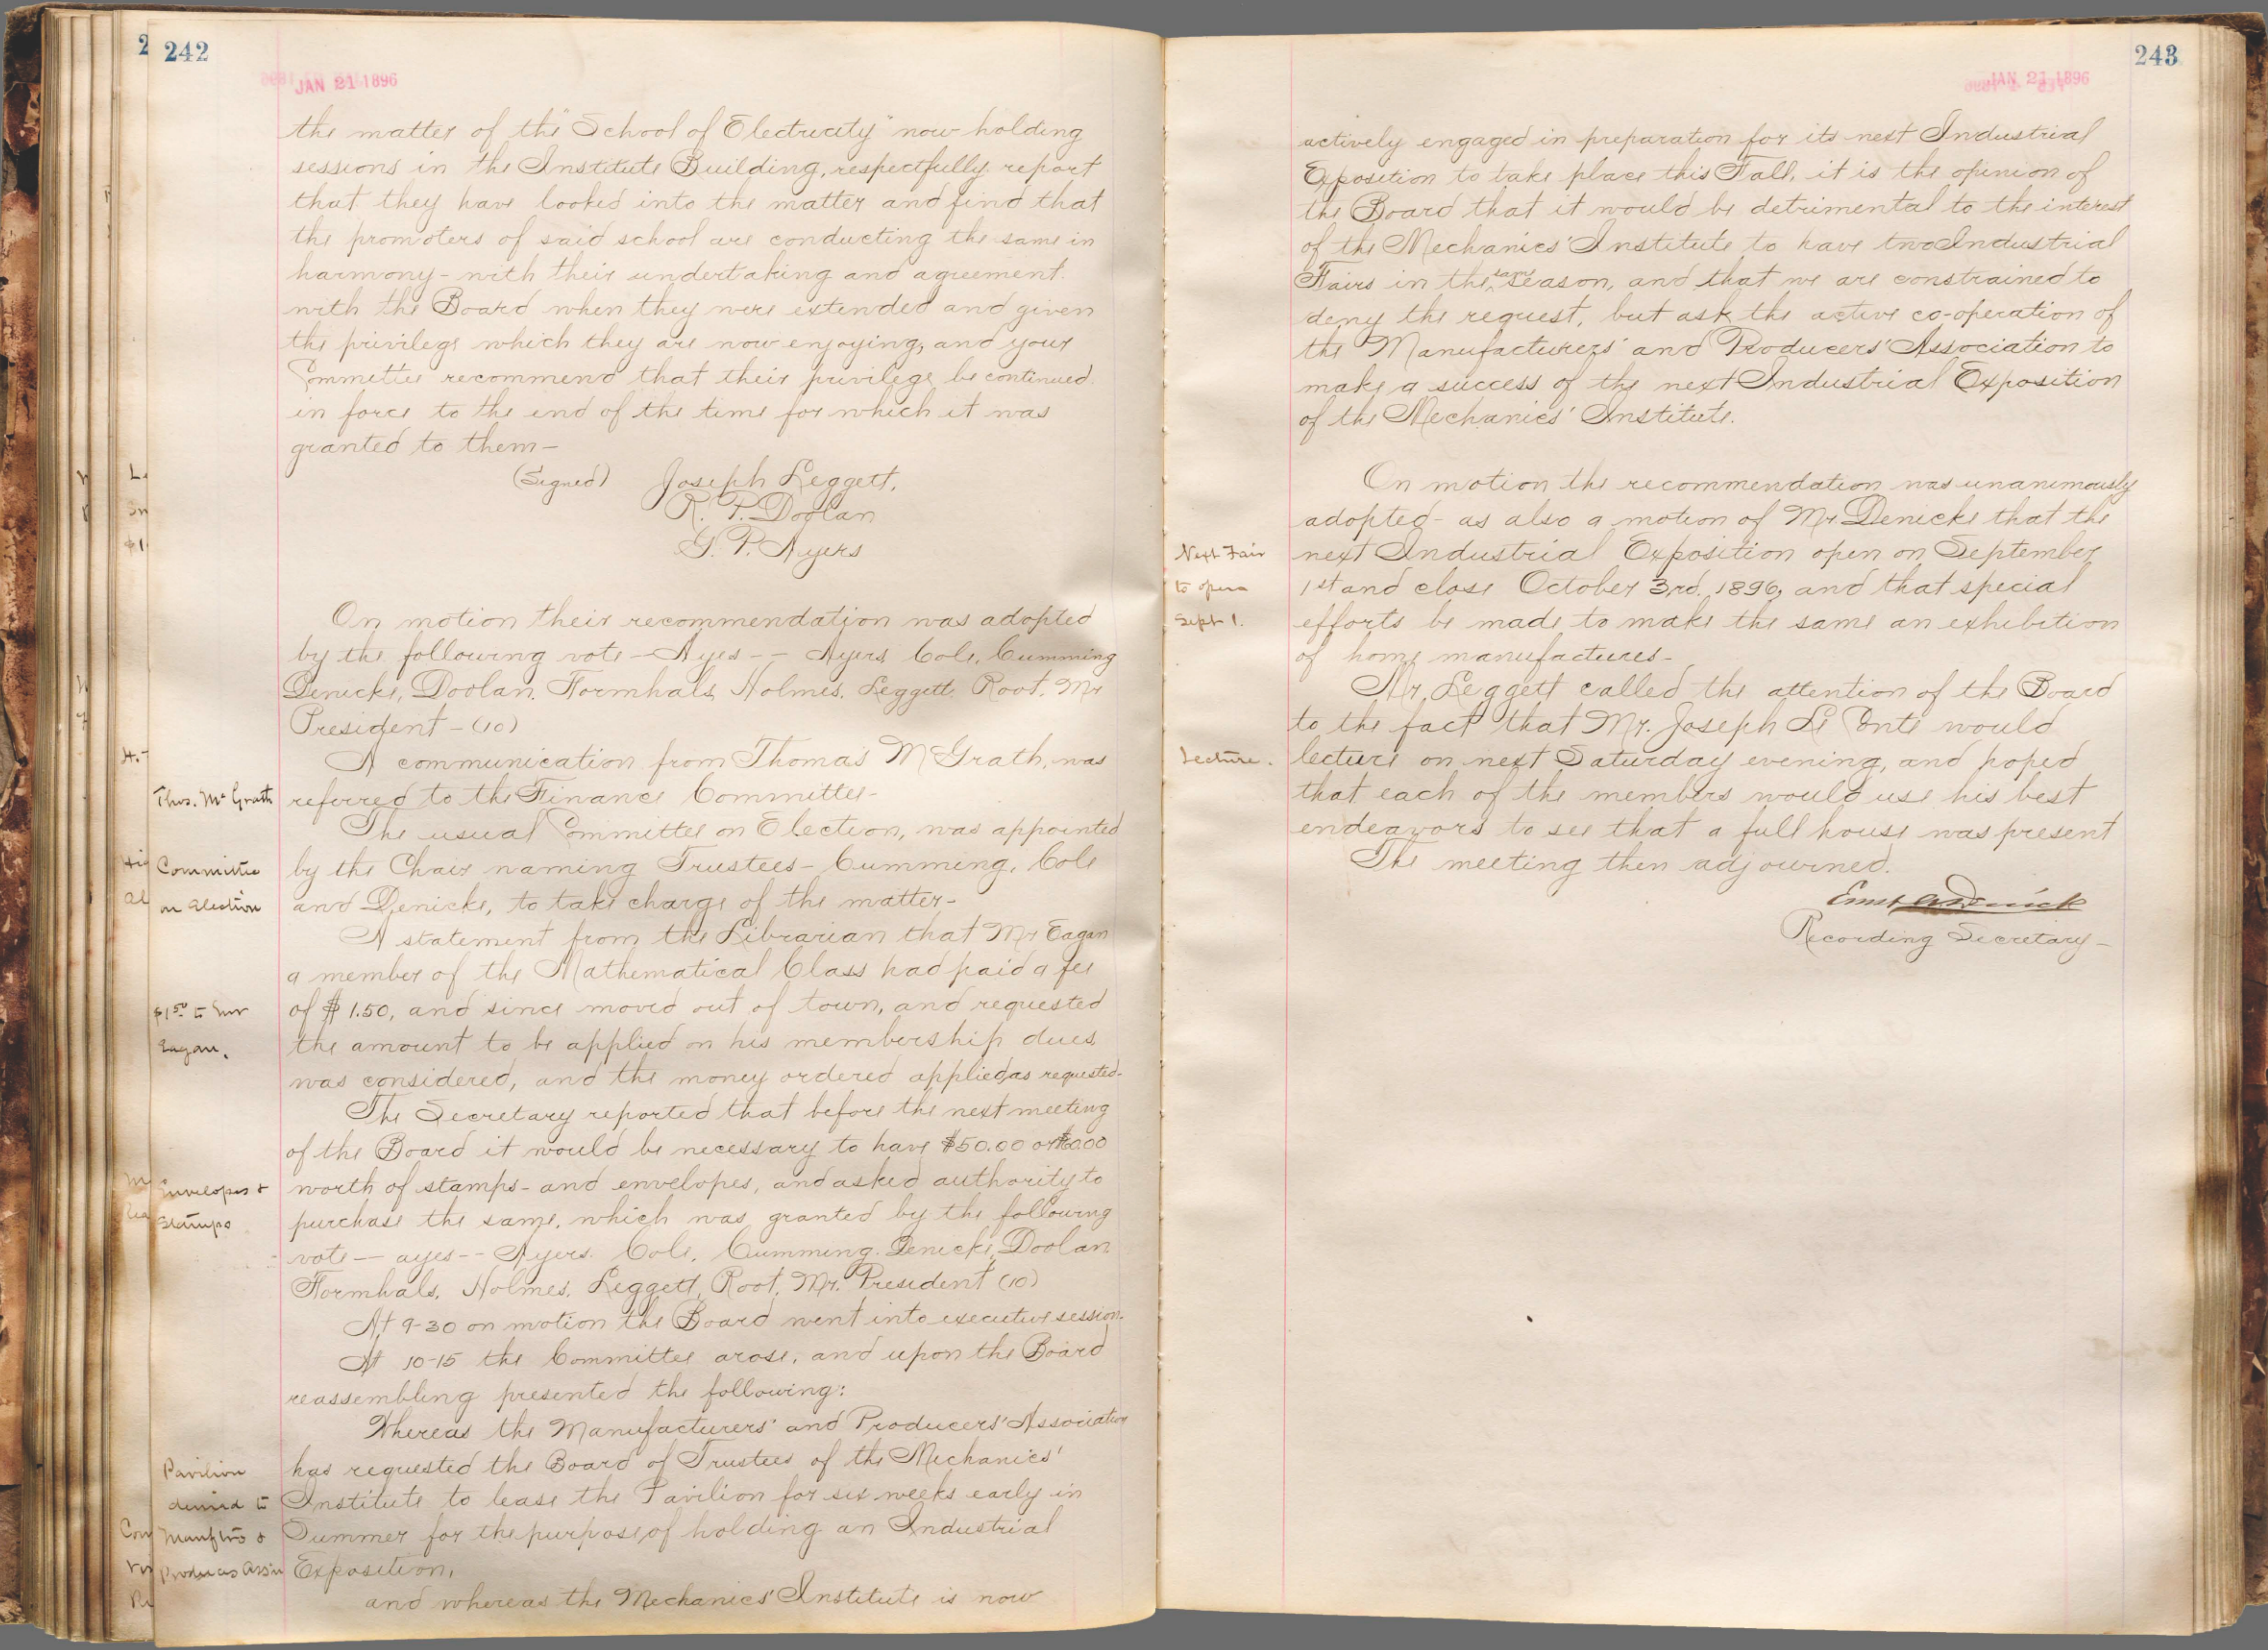
Nat. School of Electricity

The Special Committee on "National School of Electricity" reported as follows:

San Francisco, Jan 21, 1896-

To the Board of Trustees
of the Mechanics' Institute-
Gentlemen- Your Committee appointed to investigate

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



JAN 21 1896

the matter of the "School of Electricity" now holding sessions in the Institute Building, respectfully report that they have looked into the matter and find that the promoters of said school are conducting the same in harmony with their undertaking and agreement with the Board when they were extended and given the privileges which they are now enjoying, and your Committee recommend that their privilege be continued in force to the end of the time for which it was granted to them—

(Signed) Joseph Leggett,
R. P. Doolan
G. P. Ayers

On motion their recommendation was adopted by the following vote—Ayes—Ayers, Cole, Cumming, Denicke, Doolan, Formhals, Holmes, Leggett, Root, Mr President—(10)

Thos. Mc Grath

A communication from Thomas McGrath, was referred to the Finance Committee—

Committee on election

The usual Committee on Election, was appointed by the Chair naming Trustees—Cumming, Cole and Denicke, to take charge of the matter—

$1.50 to Mr Eagan.

A statement from the Librarian that Mr Eagan a member of the Mathematical Class had paid a fee of $1.50, and since moved out of town, and requested the amount to be applied on his membership dues was considered, and the money ordered applied as requested.

Envelopes & Stamps

The Secretary reported that before the next meeting of the Board it would be necessary to have $50.00 or $60.00 worth of stamps and envelopes, and asked authority to purchase the same, which was granted by the following vote—ayes—Ayers, Cole, Cumming, Denicke, Doolan, Formhals, Holmes, Leggett, Root, Mr. President (10)

At 9-30 on motion the Board went into executive session.

At 10-15 the Committee arose, and upon the Board reassembling presented the following:

Pavilion denied to Manfrs & Producers Ass'n

Whereas the Manufacturers' and Producers' Association has requested the Board of Trustees of the Mechanics' Institute to lease the Pavilion for six weeks early in Summer for the purpose of holding an Industrial Exposition,

and whereas the Mechanics' Institute is now

JAN 21 1896

actively engaged in preparation for its next Industrial Exposition to take place this Fall, it is the opinion of the Board that it would be detrimental to the interest of the Mechanics' Institute to have two Industrial Fairs in the same season, and that we are constrained to deny the request, but ask the active co-operation of the Manufacturers' and Producers' Association to make a success of the next Industrial Exposition of the Mechanics' Institute.

Next Fair to open Sept 1.

On motion the recommendation was unanimously adopted—as also a motion of Mr. Denicke that the next Industrial Exposition open on September 1st and close October 3rd, 1896, and that special efforts be made to make the same an exhibition of home manufactures—

Lecture.

Mr. Leggett called the attention of the Board to the fact that Mr. Joseph Le Conte would lecture on next Saturday evening, and hoped that each of the members would use his best endeavors to see that a full house was present

The meeting then adjourned.

To the President and Trustees
Mechanics' Institute-
Gentlemen:-

Election

Your Committee on Election beg to report that they have met and decided on the number of ballot, card notices and other material necessary for election and the matter is now in the hands of the Printing Committee. A full report will be given at next meeting of the Board, at which meeting the Installing Committee must be elected.

FEB 4 1896

The Committee would recommend the nomination of the following gentlemen as "Judges of Election": W. L. Peet, W. Cronan, Alfred Cridge. Henry L. Davis as alternate Judge

(Signed) Geo. Cumming
E. H. Cole.

Judges of Election

The Special Committee on Life membership to Henry F. Williams reported as follows:

San Francisco, Feb. 4. 1896.

To the President and Board of Trustees
of the Mechanics' Institute
Gentlemen:-

H. F. Williams

Your Committee on matter of Life membership of Henry F. Williams after a careful examination of the records, find there is no mention of his having paid the necessary sum for Life membership, and that he paid dues continuously from July 1. 1857 to Sept. 1st, 1877.

We also find that Mr. C. L. Taylor who was referred to as having been granted a life membership about the time Mr Williams claims his was (about 1862) paid dues until September 1st, 1870 when he was placed on the list of life members.

From all the evidence before us we do not feel justified in recommending that a Life membership be issued to Mr. Williams, as it might set a precedent for others to claim an equal right for the same favor, but in as much as Mr Williams bore a very active and important part in the early years of the organization, and gave most valuable assistance in the first and subsequent Fairs of the Institute, and always an active sympathizer and worker for the good of the Society, we recommend that his name be presented at the next Quarterly meeting for Honorary membership.

Respectfully submitted-

J. H. Culver, Esq.,
Secy Mechanics' Institute –

Dear Sir:–

Wolff vs Institute.

The case of Rauer vs. Mechanics' Institute was decided against the Institute, and I should like to see you or some one in behalf of the Institute to discuss the advisability of taking an appeal from the judgment. Please call and see me in relation to the matter or send one else, before Wednesday of next week.

Faithfully yours
M. F. Michael

Mr Leggett moved that an appeal in the case of Rauer vs. the Mechanics' Institute, be taken, and the same when brought to trial be properly handled by competent legal counsel. His motion was seconded by Mr. Cumming, and unanimously adopted.

The Manufacturers' and Producers' Association presented the following

San Francisco Feb 1st, 1896.

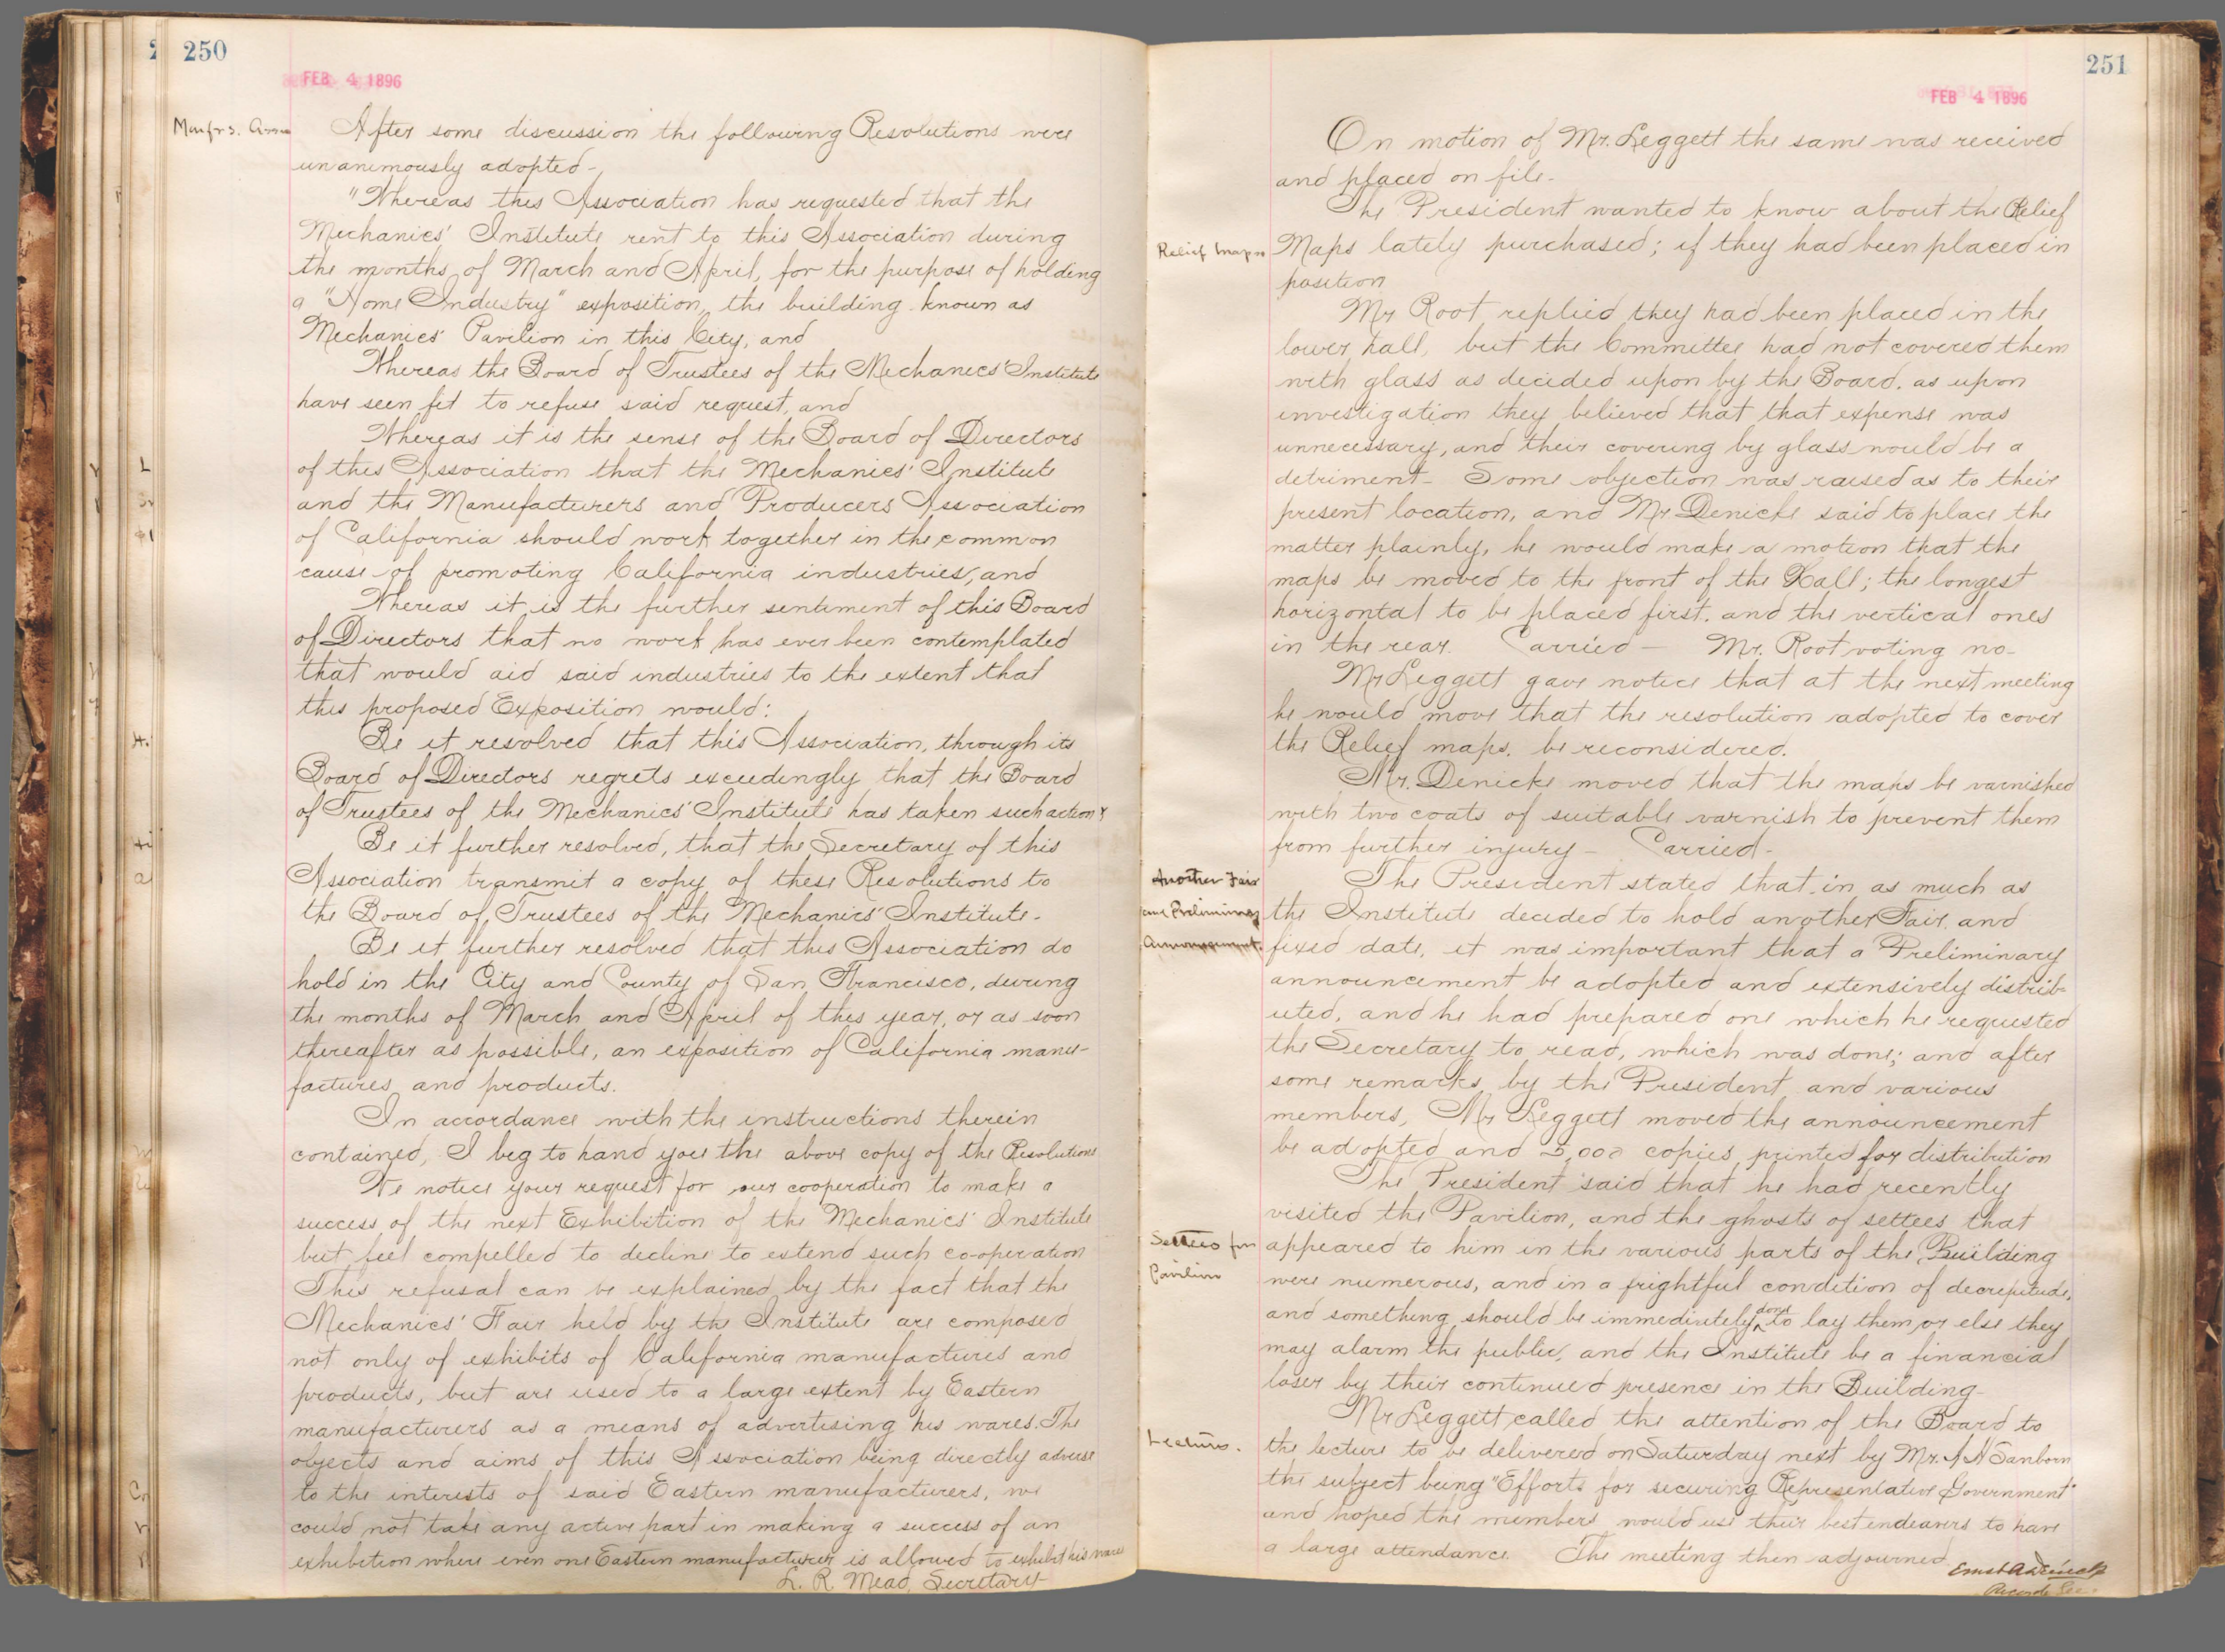
To the Board of Trustees of the Mechanics' Institute

Gentlemen:–

Manfrs & Producers assn

At a meeting of the Board of Directors of the Manufacturers' and Producers' Association held on Tuesday, the 28th ult., your communication of the 22nd ult by J H Culver, Secretary, was read.

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



FEB 4 1896

Manfrs. Assn. After some discussion the following Resolutions were unanimously adopted–

"Whereas this Association has requested that the Mechanics' Institute rent to this Association during the months of March and April, for the purpose of holding a "Home Industry" exposition, the building known as Mechanics' Pavilion in this City, and

Whereas the Board of Trustees of the Mechanics' Institute have seen fit to refuse said request, and

Whereas it is the sense of the Board of Directors of this Association that the Mechanics' Institute and the Manufacturers and Producers Association of California should work together in the common cause of promoting California industries, and

Whereas it is the further sentiment of this Board of Directors that no work has ever been contemplated that would aid said industries to the extent that this proposed Exposition would:

Be it resolved that this Association, through its Board of Directors regrets exceedingly that the Board of Trustees of the Mechanics' Institute has taken such action &

Be it further resolved, that the Secretary of this Association transmit a copy of these Resolutions to the Board of Trustees of the Mechanics' Institute.

Be it further resolved that this Association do hold in the City and County of San Francisco, during the months of March and April of this year, or as soon thereafter as possible, an exposition of California manufactures and products.

In accordance with the instructions therein contained, I beg to hand you the above copy of the Resolutions

We notice your request for our cooperation to make a success of the next Exhibition of the Mechanics' Institute but feel compelled to decline to extend such co-operation This refusal can be explained by the fact that the Mechanics' Fair held by the Institute are composed not only of exhibits of California manufactures and products, but are used to a large extent by Eastern manufacturers as a means of advertising his wares. The objects and aims of this Association being directly adverse to the interests of said Eastern manufacturers, we could not take any active part in making a success of an exhibition where even one Eastern manufacturer is allowed to exhibit his wares

L. R. Mead, Secretary

FEB 4 1896

On motion of Mr. Leggett the same was received and placed on file.

The President wanted to know about the Relief Maps lately purchased; if they had been placed in position

Relief Maps

Mr Root replied they had been placed in the lower hall, but the Committee had not covered them with glass as decided upon by the Board, as upon investigation they believed that that expense was unnecessary, and their covering by glass would be a detriment– Some objection was raised as to their present location, and Mr Denicke said to place the matter plainly, he would make a motion that the maps be moved to the front of the Hall; the longest horizontal to be placed first, and the vertical ones in the rear. Carried– Mr. Root voting no–

Mr Leggett gave notice that at the next meeting he would move that the resolution adopted to cover the Relief maps, be reconsidered.

Mr. Denicke moved that the maps be varnished with two coats of suitable varnish to prevent them from further injury– Carried–

Another Fair and Preliminary Announcement. The President stated that, in as much as the Institute decided to hold another Fair, and fixed date, it was important that a Preliminary announcement be adopted and extensively distributed, and he had prepared one which he requested the Secretary to read, which was done; and after some remarks by the President and various members, Mr Leggett moved the announcement be adopted and 2,000 copies printed for distribution

Settees for Pavilion. The President said that he had recently visited the Pavilion, and the ghosts of settees that appeared to him in the various parts of the Building were numerous, and in a frightful condition of decrepitude, and something should be immediately done to lay them, or else they may alarm the public, and the Institute be a financial loser by their continued presence in the Building–

Lectures. Mr Leggett called the attention of the Board to the lecture to be delivered on Saturday next by Mr. A H Sanborn the subject being "Efforts for securing Representative Government" and hoped the members would use their best endeavors to have a large attendance. The meeting then adjourned.

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

Meeting of the Board of Trustees of the Mechanics' Institute Tuesday evening Feb. 18th

The President called the meeting to order at 8 P.M. Upon roll-call but six members answered. No quorum being present the members adjourned for fifteen minutes. At 8:15 the roll, ~~call~~ was again called, and the following members answered, Ayers Cole Cumming Formhals. ~~Holmes.~~ Kendrick. Leggett. Root. Mr President (8)

The minutes of the last meeting were read and approved.

Mr Leggett stated that in the proceedings of the last meeting, he inadvertently in his report on
W H Hudson. Lectures and Classes, had written the name of W.H. Jordan instead of W. H. Hudson, as intended, and asked that the necessary changes be made, and if any order for the honorarium of $10.00 had been made, the same be cancelled, and the name of Hudson substituted.

On motion, it was ordered that the name of Hudson be substituted for the name of Jordan wherever it occurs in matters adopted at the last meeting.

The Finance Committee had no report.

The Committee on Library, Rooms and Building presented the following.

San Francisco Feb. 18, 1896

To the President and Board of Trustees
of the Mechanics' Institute.
Gentlemen:-

Your Committee on Library, Rooms and Building recommend the payment of the bill of W.C.
Plastering walls Watson for plastering the East and West walls of
& Watson's bill the Institute Building #31 Post St., amounting to $473.

Day & Hunter's Heater. Gentlemen:-

Your Committee on Machinery would report that they have considered the matter of Day & Hunter's heater, and recommend its favorable consideration by the next Board, as the Committee think it a very desirable acquisition for the boilers of the Institute. We do not think it desirable to repair and replace the old heater, as its efficiency we consider far below Day & Hunter's heater-

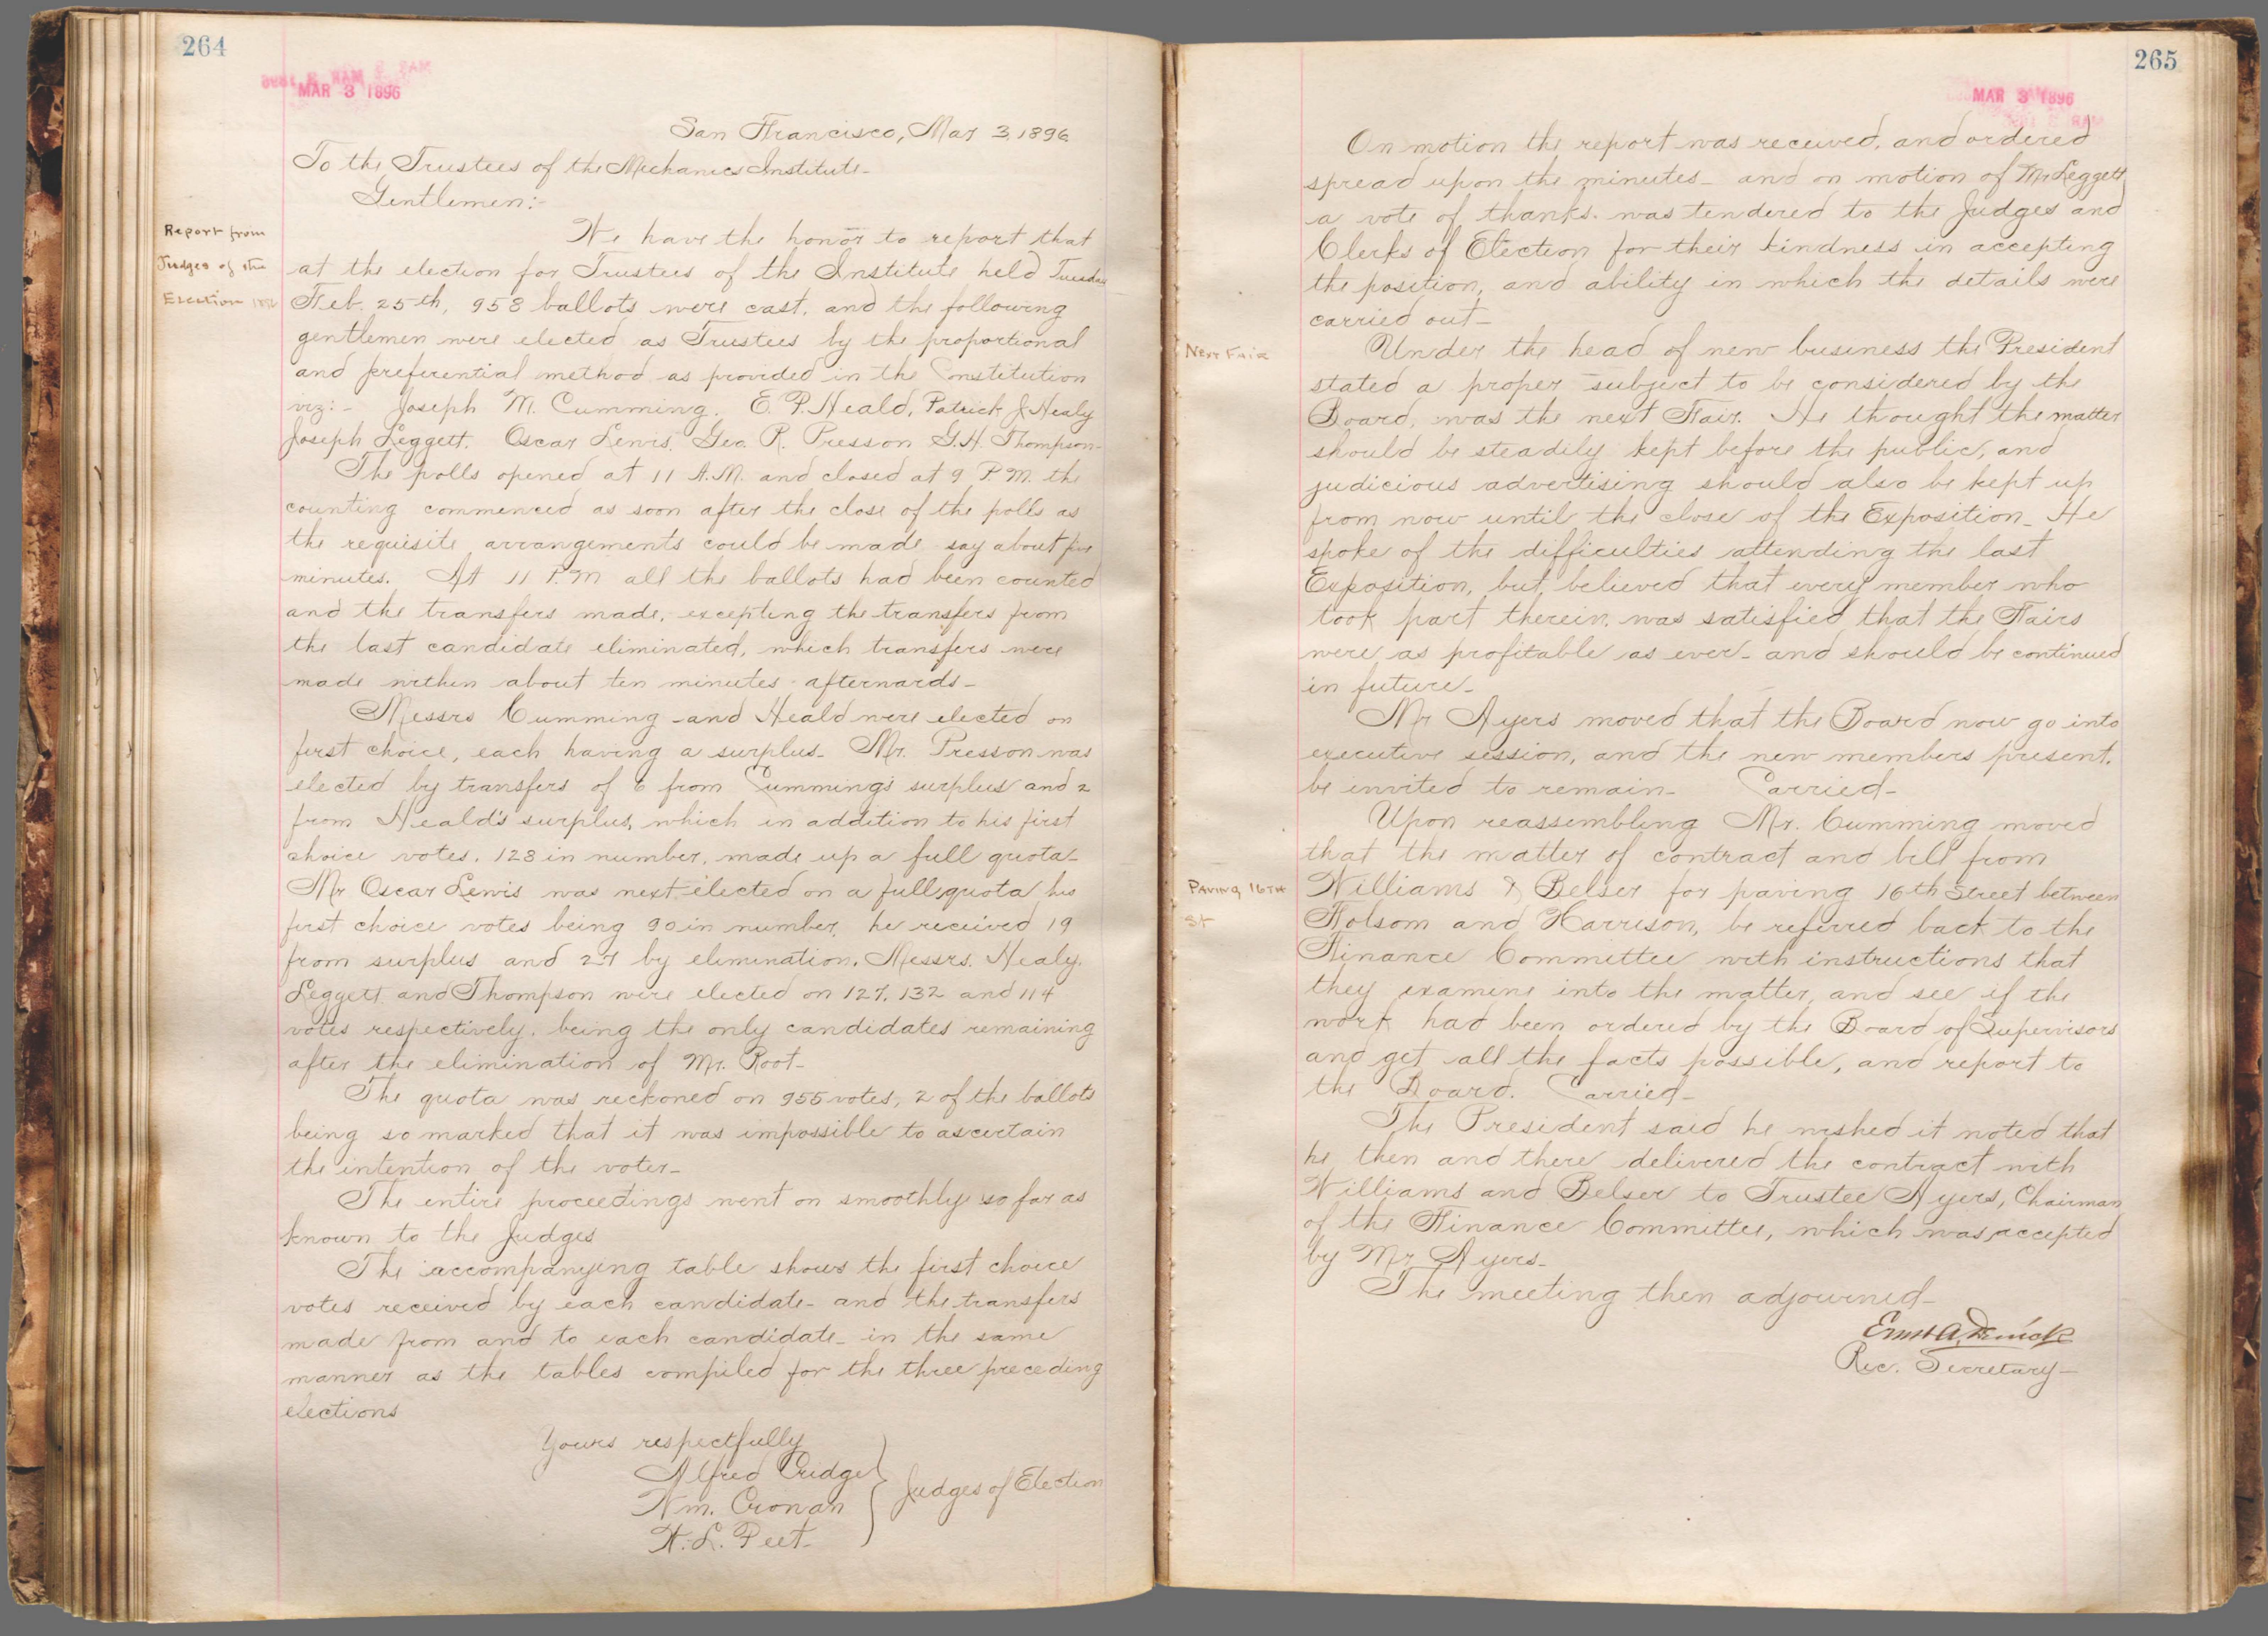
Report from the Judges of Election-

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



MAR 3 1896

San Francisco, Mar 3, 1896

To the Trustees of the Mechanics Institute-

Gentlemen:-

Report from Judges of the Election 1896

We have the honor to report that at the election for Trustees of the Institute held Tuesday Feb. 25th, 958 ballots were cast, and the following gentlemen were elected as Trustees by the proportional and preferential method as provided in the Constitution viz:- Joseph M. Cumming. E. P. Heald, Patrick J. Healy Joseph Leggett. Oscar Lewis. Geo. R. Presson G. H. Thompson-

The polls opened at 11 A.M. and closed at 9 P.M. the counting commenced as soon after the close of the polls as the requisite arrangements could be made say about five minutes. At 11 P.M. all the ballots had been counted and the transfers made, excepting the transfers from the last candidate eliminated, which transfers were made within about ten minutes afterwards-

Messrs Cumming and Heald were elected on first choice, each having a surplus- Mr. Presson was elected by transfers of 6 from Cummings surplus and 2 from Heald's surplus, which in addition to his first choice votes, 128 in number, made up a full quota- Mr Oscar Lewis was next elected on a full quota his first choice votes being 90 in number, he received 19 from surplus and 27 by elimination. Messrs. Healy. Leggett and Thompson were elected on 127. 132 and 114 votes respectively, being the only candidates remaining after the elimination of Mr. Root-

The quota was reckoned on 955 votes, 2 of the ballots being so marked that it was impossible to ascertain the intention of the voter-

The entire proceedings went on smoothly so far as known to the Judges

The accompanying table shows the first choice votes received by each candidate and the transfers made from and to each candidate in the same manner as the tables compiled for the three preceding elections

Yours respectfully
Alfred Ridge

On motion the report was received, and ordered spread upon the minutes- and on motion of Mr Leggett a vote of thanks was tendered to the Judges and Clerks of Election for their kindness in accepting the position, and ability in which the details were carried out-

Next Fair

Under the head of new business the President stated a proper subject to be considered by the Board, was the next Fair. He thought the matter should be steadily kept before the public, and judicious advertising should also be kept up from now until the close of the Exposition- He spoke of the difficulties attending the last Exposition, but believed that every member who took part therein, was satisfied that the Fairs were as profitable as ever- and should be continued in future-

Mr Ayers moved that the Board now go into executive session, and the new members present, be invited to remain- Carried-

Paving 16th St

Upon reassembling Mr. Cumming moved that the matter of contract and bill from Williams & Belser for paving 16th Street between Folsom and Harrison, be referred back to the Finance Committee with instructions that they examine into the matter, and see if the work had been ordered by the Board of Supervisors and get all the facts possible, and report to the Board. Carried-

The President said he wished it noted that he then and there delivered the contract with Williams and Belser to Trustee Ayers, Chairman of the Finance Committee, which was accepted by Mr Ayers-

THANKS TO MR HALLIDIE. At the conclusion of the President's report, Mr James H Barry moved the same be received and approved, and that a rising vote of thanks be tendered Mr Hallidie for the able, faithful and efficient in which he had served the Institute during his term of office–

Mr. E. A Denicke put the motion, which was adopted unanimously–

Mr Hallidie said he deeply felt and appreciated the kind feeling expressed by the members, and could only say he had tried to do his duty, and thanked them for the confidence so warmly expressed–

H.F. WILLIAMS. Mr. C. M. Plum moved that in accordance with the recommendation of the Board of Trustees as expressed in the President's report, that Mr. H. F. Williams be elected an Honorary member of the Mechanics' Institute, and gave a warm eulogy on him and his labor for the association–

The motion was seconded by everybody present (apparently) and on being put to vote carried unanimously–

Under the head of new business Mr G. S. Merriam presented the following protest signed by 420 members–

PROTEST FROM MEMBERS READING ROOM

To the Honorable Board of Trustees
of the Mechanics' Institute:

Gentlemen:–

Protest against the maintainence of the Reading Room in a cellar–

We, the undersigned members of the Mechanics Institute do hereby protest against the use of a cellar for a reading room for the following reasons:

MAR 7 1896

The insufficiency of light making it necessary to burn gas the whole day– causing thereby injury to the eyes of the readers, and making reading a painful task instead of a pleasure–

The bad ventilation which is also deleterious in its sources, drawing in one side the foul air directly from the gutter of the street, and on the other side the odors of numerous water-closets and urinals causing a combination of poisonous air inhaled directly into the lungs of readers. Those readers sitting in that portion of the cellar which is under the sidewalk are constantly annoyed by the trampling of feet over their heads from pedestrians on the sidewalk, while passing canines stop at the windows, and by their filthy habits make it sometimes very unpleasant for those readers sitting under the open windows, trying to catch the glimpses of day light which said windows afford–

In the other portion of the cellar there is a constant passing to and from the urinals and water-closets by members and outsiders rendering quiet and studious reading an impossibility

It seems rather very strange that the members of this Institute should be deprived of their well appointed, light and airy reading room, and forced down into an unhealthy low ceiled cellar, in order to make room for classes of boys for a few evenings each week, said classes being a great expense to the Institute–

For these reasons, which must be apparent to all, we sincerely trust that better accomodations either in the second or third story, be afforded to those members that desire to use the Reading Room–

Protest signed by 420 members–

ELECTION. The following report from the Judges of Election was read– See page–

On motion the report was adopted–

Mr. Thomas Clare arose and commenced reading a preamble to what he termed a "proposition for the amendment of the Constitution"

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

AMENDMENTS TO CONSTITUTION.

As his preamble was not necessary or pertinent at the present time, Mr. Plum called him to order, and by permission the paper was considered, read and subject to action at the next meeting.

Proposition for the amendment of the Constitution.

In adopting the proportional and preferential methods for the election of the Trustees of the Mechanics Institute, the members have deprived themselves of six-sevenths of their votes, and have created artificially seven different parties of voters. It being impossible for voters to control party management, the contrivance facilitates singularly the schemes of selfish individuals. The plea of more complete representation is illusory, 1st because there is no division in electoral districts or wards, and every member is enabled to attend personally.

2nd It is to be supposed that the intention of every voter is to carry out the objects of the Institute, and in case of doubt as to the advisability of a measure, the majority is more likely to be in the right than the minority. The system has to all appearance been adopted through the inattention of most members, and without a full understanding. It is so abnormal and complicated, the constitutional provisions for its application are so obscure, incomplete and insufficient, so liable to misconstruction that at the last election, an emergency has presented itself not foreseen in the Constitution, and since its inauguration in 1893. there has been no real election, because not the voters by their ballots, but the managing party has always directed where the minority of the votes should go, and have thus determined the election of certain candidates It is from these reasons proposed to return to the method of election by the majority of all voters, and for this purpose the following alterations and amendments to Article IX of the Constitution are submitted

In section 3, the words "By the Board of Trustees for the time being" shall be stricken out, and in their stead the words inserted "By the Quarterly meeting preceding the election"

Section 4 with its subdivisions a, b, c, d, e f and g to be stricken out and in their stead the following to be provided-

Section 4-a- Seven trustees being elected annually

269

MAR 7 1896

each voter shall designate on his ballot the candidates for whom he votes, by writing the figures 1, 2, 3, 4, 5, 6, 7 opposite the names of the candidates of his choice-

b- Immediately after the close of the election the number of ballots cast shall be counted; the candidates voted for shall be read aloud from each ballot, and a careful account of all the names read being kept, the seven having the majority of all the votes cast shall be declared to be elected- In case of a tie, more than one candidate having the same number of fewest votes, the one first in alphabetical order shall be declared elected-

c- The Secretary of the Institute shall be held responsible for the keeping and preservation of the ballots cast, during the time of the term of the elected Trustees-

Subdivisions h and i to become d and e.

Section 5 to be amended so as to read:

"It shall be the duty of the Board of Trustees to prepare ballots suitable for carrying out the provisions laid down for the election of the Trustees-

Section 7 to be so amended that for the words "At the meeting of the Board of Trustees the words "At the Quarterly meeting" are substituted, and for the words "by the Board outside their own body" the words "by the Quarterly meeting"

Thomas Clare-

INSTALLATION OF TRUSTEES.

No further business being presented the President announced the next order would be the installation of the Trustees elect, and called upon Mr C M Plum, John Richards and A Vandernailen the Installing Committee to carry out the constitutional requirements of the installation-

Thereupon the gentlemen above named requested the Trustees elect-viz: Jos M Cumming, E. P. Heald, P. J. Healy, Jos Leggett, Oscar Lewis, Geo R Presson, G. Howard Thompson to come forward which was done, and the obligation of office taken and subscribed to in the prescribed form-

Mr Plum made some appropriate remarks and the meeting adjourned-

Upon adjournment of the Annual meeting of the Mechanics' Institute held Saturday evening March 7th, the holdover members of the Board, and the newly elected Trustees assembled in the Board Room for organization. On roll call the following answered present: Ayers, Cole, Cumming Denicke, Doolan, Formhals, Heald, Healy, Holmes, Kendrick, Leggett, Lewis, Presson, Thompson.

On motion Mr Kendrick was elected President pro tem.

Election of Officers.

Upon taking the Chair Mr Kendrick said the first order of business would be the election of a President, and nominations would be received.

Mr Ayers nominated Mr E. A Denicke - seconded by Mr Formhals.

Mr Doolan nominated Mr Joseph Leggett seconded by Mr Lewis.

Mr Cumming nominated Mr Oscar Lewis - seconded by Mr Leggett.

There being no further nominations, the Chair appointed Trustees Doolan, Cole and Holmes as tellers

A ballot being taken, Mr Denicke received seven votes, Mr Leggett three, Mr Lewis four.

There being no choice another ballot was taken with the same result. Twenty-two ballots more were taken with the same result. At the twentieth a motion was made to adjourn until Monday evening the 9th inst. which was lost. At the end of the twenty-third, Mr Ayers moved that the meeting adjourn until Tuesday evening the 10th inst. at eight o'clock. Carried.

Adjourned meeting of the Board of Trustees of the Mechanics' Institute, Tuesday evening March 10th at eight o'clock.

Election of Officers.

The meeting was called to order at eight o'clock by Trustee Kendrick, President pro tem, there being present Trustees Ayers, Cole, Cumming, Denicke Doolan, Formhals, Heald, Healy, Holmes, Leggett Presson, Thompson.

The Chair stated the first order of business would be the election of a President, and balloting would now be proceeded with.

Mr Denicke asked permission to address the Board, which was granted him. He then thanked the members for the ballots cast in his favor, at the last meeting, but since that time he had had a family council, and deemed it advisable on account of probable absence to decline the proposed honor, and withdrew his name from further consideration as President.

The Chair said that as Mr Denicke had resigned, it would bring the contest down to the two remaining candidates Messrs Leggett and Lewis, and balloting would now go on. Thereupon with varying result, but in no case a choice being reached, thirty-three ballots were taken, when a motion was made that the meeting adjourn until Wednesday afternoon the 11th inst., at five o'clock. The motion prevailed, and the meeting then adjourned

Officers Elected.

The meeting was called to order at five o'clock in the afternoon by Trustee Kendrick. President pro tem, there being present Trustees Ayers, Cole, Cumming, Denicke, Doolan, Formhals Heald Healy, Holmes, Leggett, Presson, Thompson.

The first order of business being the election of a President, balloting was proceeded with. Trustees Leggett and Lewis as candidates.

At the thirteenth ballot Mr Lewis withdrew from the contest, and other members who had been voted for (excepting Trustees Leggett and Denicke) declined, and desired no further consideration.

At the fifteenth ballot Mr Leggett received two votes, Mr Denicke 8, Mr Kendrick 2, and Mr. Holmes 2, and the Chair declared Mr Denicke duly elected. Thereupon Mr Lewis moved that the election of Mr. Denicke as President be made unanimous. Carried.

Mr Denicke took the Chair, and briefly thanked the members for the honor conferred, and said the result was so unexpected, that he could hardly find words to express his feelings, but at some future time would more fully acknowledge his obligations in the matter.

He said the next order of business would be the election of the Vice President.

Mr Kendrick was nominated by Mr Healy.

Mr Heald was nominated by Mr Lewis.

No further nominations being made, a ballot was taken with the following result, Mr Kendrick receiving 10 votes, Mr Heald 3, Mr. Healy 1

Mr Heald moved that the vote for Mr Kendrick as Vice President be made unanimous. Carried.

Treasurer.

On motion of Mr Ayers the First National Bank of San Francisco was elected Treasurer, the Secretary on motion being instructed to cast the ballot.

Recording Secretary.

Mr Holmes nominated Mr. Heald for that position. There being no further nominations the Secretary

Remarks from the President

Meeting of the Board of Trustees of the Mechanics' Institute Tuesday evening March 17th 1896.

The meeting was called to order at eight o'clock and five minutes, by President Denicke, there being present Trustees Ayers, Cole, Cumming, Formhals Heald, Healy, Holmes Leggett, Lewis Kendrick, Presson, Thompson-

The minutes of the meetings of March 3rd 7th 10th and 11th were read and approved- except a correction in the number of ballots cast at the meeting of March 7th wherein the number 21 was changed to 22.

The President after thanking the Board for the honor conferred by his election stated that he did not wish the members for a moment to think that he believed the success of the coming administration would be due to the Chairman, but on the contrary he thought it would belong to the Committees who do the hard and important work, and if any credit falls on the Chairman that it will be only the reflected light emanating from the sum total of the work of the Board and without its hearty cooperation, the future can not be the success we desire it to be. I am in a peculiar position, and look with great anxiety to the work of the coming year having had but little experience, and following closely in the steps of a gentleman endowed by nature, education and experience and who deservedly possessed your entire confidence, I can not but feel I must suffer in comparison, and can not succeed to your or my own satisfaction without the kind and indulgent support of the members of this Board. Let good counsel and harmony prevail, let us listen to each others diverging opinions with patience and respect, but let it also be agreed that the best interests of the Institute demands that individual opinion should always be subservient to the expressed wish of the majority. We have now right at the beginning of our term of office as important responsibilities, and need of vigorous and well considered action, for the preservation and advancement of the interests of the Institute, as any Board that has preceded us. The next Fair is swiftly approaching and one of the first things to consider is the selection of a suitable canvasser

275 9

MAR 17 1896

The question of awards should also and perhaps first receive immediate consideration, whether they be medals diplomas or cash, or of each.

I think it would be well for the Corresponding Secretary to place himself in correspondence with other Associations of similar nature and get their views on the matters connected therewith-

Another thing I think would be wise after making a careful selection of a Superintendent is to give him authority to select employees, subject to approval by the Board, but making him morally and financially responsible for their good conduct-

The selling, leasing or improvement of the Folsom Street lot should also receive our earnest careful and immediate attention-

New and suitable seats are an imperative necessity at the Pavilion, and should be provided at once- Better arrangement of windows for lighting the two ends of the Art gallery, and the re-roofing of the old garden on the South side of the main hall is an imperative necessity, and should be attended to before the next Fair opens- The question referred to us at the last Annual meeting of removing of Reading Room must receive careful consideration-

Further we should do all in our power to uphold the friendly relations heretofore existing between the Manufacturers of the City and State and this Institute, with the object of furthering our mutual interests-

There has been some feeling expressed at the charge of $5.00 for extra diplomas, and I think it would be well for the Board to consider the advisability of reducing the price-

MAR 31 1896

Special meeting of the Board of Trustees of the Mechanics Institute Tuesday evening March 31st.

The meeting was called to order at eight o'clock and ten minutes there being present Trustees — Ayers, Cole, Formhals, Heald, Healy, Lewis, Presson, Thompson, Mr. President (9)

The minutes of the last meeting were read and approved.

During the reading of the minutes Trustees Doolan, Holmes and Kendrick came in and took their seats.

The President stated that he had called the meeting to-night, for the purpose of getting information from the various committees, which might serve as a wedge for further investigation and comprehensive reports for the regular meeting April 7th. He would call upon the Committees in regular order for such statements as they may be prepared to make.

The Finance Committee — Mr Ayers the Chairman said he had no report ready for the evening. The bill for paving 16th St., referred to them at a previous meeting had not been acted upon, but before the next meeting he would get all the facts possible, and report.

The Library, Rooms and Building Committee — Mr Holmes the Chairman presented the following written report:

San Francisco, Mar 31, 1896.

To the President and Board of Directors
of the Mechanics Institute

Gentlemen:-

The Committee on Library, Rooms and Building desire to make the following report

Moving the Reading Room.

We have looked somewhat into the matter of removing the Reading Room from its present position in the basement, to the old quarters on the third floor, now occupied as a class room. While there is no doubt but that the basement is objectionable on account of the necessary artificial light employed, and the bad ventilation, it has in its favor, accessibility for members who desire to read the daily papers only, but for constant readers we can readily see the advantage of the old location; we would suggest that before making a change, which will necessarily involve considerable expense, that the preference of the resident members be obtained, either by return postal or otherwise.

MAR 31 1896

New Roof for Garden at Pavilion

With reference to the conservatory at the Pavilion which as all holdover members of this Board are aware, has been since its construction, a continual source of expense and annoyance to the Institute from the fact that said roof being one continuous skylight 230 feet in length by 20 feet in width, glazed with glass so thin, as to be susceptible even to the gentle footsteps of the Hayes Valley Cat. We herewith submit a plan for repairing and remodeling the roof of said conservatory.

We would suggest that all of the roof except the upper or northerly line of sash be covered with T & G. boards and shingled, and a new gutter of tin be placed along the south side (the old one is delapidated beyond repair) and that the northern side be reglazed with new glass, in one length either of corrugated or with wire glass, such as sample herewith submitted, and that the under side of the roof be painted with some well known water paint such as alabastine or albadura.

The cost of this work would not exceed $700.00 if corrugated glass were used and $950.00 if wire glass were used; we recommend the wire glass.

If the Board should determine to do the above work we would suggest getting informal bids on the same, and the Chairman of this Committee is willing to furnish the necessary plans and specifications.

All of which is respectfully submitted —

Committee on Library, Rooms & Building { Howard C. Holmes. E. H. Cole E. P. Heald

The President said the matters referred to would be taken up seriatim.

The first question would be the consideration of a method for obtaining the preference of the various members for or against the proposed change in the Reading Room.

Vote on Moving Reading Room

After some discussion, on motion it was decided that the Librarian have a vote taken several times a day for two weeks from the members present in the Reading

room, the question being "Are you in favor of the Reading Room remaining here or moved to the upper part of the building?"

The recommendation of the Committee in regard to the roof over the conservatory at the Pavilion, was then considered.

Roof over Garden

On motion of Mr Lewis the recommendation of the Committee to have the work done and get bids for same, was approved; patent wire glass to be used for the skylights

The Committee on Books and Donations had no report.

The Committee on Lectures and Classes – Mr Doolan the Chairman reported that as yet the Committee had had no consultation, but he had decided that hereafter they would meet on Monday afternoons, previous to each regular meeting of the Board, at four o'clock.

The Committee on Printing and Advertising had no report.

The Committees on Art, Exhibits, Tickets and Admissions had no reports.

Music.

Music and Decoration – Mr Cumming, the Chairman, reported that he thought it would be well to correspond with noted band leaders in the East, and see upon what terms the services of noted attractions in that line might be secured for, as also to consider the question of home talent.

The Committee on Management – Mr Thompson, the Chairman, reported that they had no report to make, but that the Committee had met during the afternoon and had a general talk on matters pertaining to their duties, and would probably be able to formulate some recommendations for action by the Board in the near future.

Jackson's Bond.

A notice from the Pacific Surety Company that the bond of Janitor Jackson would expire on April 1st. was read, and on motion of Mr Ayers the same was ordered renewed.

Fearful Threat.

A communication from R M Welch, of the League of American Wheelmen, informing the Board that the Pavilion must not be used for the purpose of cycle racing by females, under a penalty of its not being used by them for any purpose, was read and referred to the Committee on Pavilion.

Daily Report and $30 –

A communication from the "Daily Report" asking for an appropriation of $30.00 towards expenses of their preparing an edition pertaining to the history of Post Street, illustrated; was read and referred to the Committee on Printing and Advertising.

More Papers for Reading Room

Under the head of new business Mr Doolan requested that the "Sacramento Bee" and "Los Angeles Times" be added to the list of papers in the Reading Room. Referred to the Committee on Books and Donations.

Mr Kendrick said that he had noticed there was no paper published in the City of Seattle, on file, and recommended that also be included. Referred to the same Committee.

Election Certificate

In reply to an enquiry by the President, the Secretary stated that a proper certificate of the late election had been filed with the County Clerk.

Paving Post St.

Mr Ayers called the attention of the members to the condition of the street in front of the Library Building which he thought should be covered with bitumen, as the uneven cobble stone pavement is unfit for the locality, and a nuisance to patrons of the Library.

The President said that at the last meeting of the Merchants Association, the matter of improvement to the street had been considered, and he believed the matter was now before the Supervisors, and probably some action would be taken by the City in the near future.

Mr Leggett came in and took his seat.

Coming Fair

Mr Lewis said he believed that one of the objects of the meeting was to consider the subject of the coming Fair; and gave his views on the matter of the Manufacturers and Producers' Association joining the Institute in the proposed Exposition. Considerable discussion ensued in which several members took part but no definite action was taken, further than it was deemed advisable to let the matter lie over for future developments.

Folsom St Lot

The President stated that Messrs McNeil and Blake had called on him, for the purpose of learning if the Folsom Street lot could be obtained for baseball purposes, at a nominal rent.

On motion of Mr Doolan the matter was referred to the Finance Committee, they to notify Messrs. McNeil and the President of the time they might meet together for discussion.

Crockers $1000 –

The Chair called the attention of the Board to the fact that a check of Henry J Crocker for $1,000.00 was still in the hands of the Secretary, and the claim of $100.00

against the Horse Show, unpaid.

The action of the Board at a meeting held Jan 7. was called for, page 236. which on being read seemed to settle the matter, and no further action was taken.

Wilmerding School.

The Chair named for temporary committee on Wilmerding School, Trustees Leggett, Heald, Healy

Solicitor.

The matter of solicitor for the coming Fair, and the necessity of action in the near future, was discussed which on motion of Mr Leggett was referred to the joint Committees on Employees and Management, to examine into the matter, and report at the next meeting.

Duties of Committee on Management

Mr Healy wanted some information as to the power and duties of the Committee on Management as he understood that at the last Fair there had been some misunderstanding in regard to the matter.

At the suggestion of Mr Ayers, Ex President Hallidie's definition of the matter as reported to the Board July 11, 1895, page 70, was read.

Mr Lewis said that he knew the rules laid down for the Committee gave them great power, but he as a member believed that the whole Board should take part in many matters that are now referred to that Committee.

It was resolved that the Committees on Management, Exhibits and Employees meet for conference next Saturday afternoon at four o'clock

Secretary gets Vacation.

The Secretary stated that it had been some time since he had taken a vacation, and requested that one be granted, to commence at such time as he might determine during the next month.

Mr Doolan moved that he be granted four weeks leave of absence commencing at such time as he could best arrange the Institute business, therefor, seconded by Mr Ayers and carried.

The meeting then adjourned.

Meeting of the Board of Trustees of the Mechanics' Institute Tuesday evening April 7th

The meeting was called to order at eight o'clock there being present Trustees Ayers, Cole, Cumming Formhals, Heald, Healy, Holmes, Kendrick, Leggett, Lewis, Presson, Thompson, Mr President (13)

The minutes of the last meeting were read and approved.

The Finance Committee presented the following report:

San Francisco, April 7th 1896.

To the President, and Trustees
of the Mechanics' Institute.

Gentlemen:-

Finances

Your Committee on Finance would most respectfully report that the bills presented to-night amount to $2,802.73 to which may be added the balance of taxes due and payable on the 27th, amounting to $3,708.59 making a total of $6,511.32

Cash on hand April 1st-	$3,169.42
Collected since April 1st	1113.50
Total cash on hand at this date	$4,282.92

which deducted from the amount of liabilities leaves $2,228.40 to be provided for.

The probable collections before the 27th, will amount to $1,400.00, which would leave an actual deficit at that date after paying the bills to-night and taxes of $828.

Loan of $1000-

We think it wise for the Board to pass a resolution this evening that the proper officers be authorized and instructed to effect a loan with the First National Bank in the sum of $1,000.00 at such time as the Finance Committee may determine the same to be necessary. In case the Bank would allow an overdraft for such sum as required for immediate payment of bills, a loan at present may not be necessary, but as the coming Fair will increase the running expenses to a considerable extent, it is probable in the near future a loan for definite time, say from April 20 to September 20 (6 mos.) will be required, and would be advisable

We are not yet prepared to make a final report upon the matter of street work and assessment on 16th St, as presented by Williams & Belser. G. F. Ayers, G. R. Presson, H. C. Holmes

Mr Doolan came in and took his seat.

Library, Rooms & Building. Mr Holmes for the committee presented the following letter from the Librarian, and recommended the cleaning be done. On motion the matter was referred to the Committee on Library Rooms and Building, with power - Mr Formhals voting no.

April 7, 1896 -

Mr H. C. Holmes
Chairman Com. Library Rooms and Building.

Dear Sir

Cleaning Library. I beg to call your attention to the very dusty condition of the books in the Library. It is nearly two years since they were properly cleaned, and they are in a very bad condition. The janitors clean them in a superficial way, but books and shelves need a thorough overhauling. I think that two men could do the work in about a week, and earnestly urge that the work may be done

When this is followed by a new coat of wax finish on the floor covering on the Delivery Room our "Spring cleaning" will be about complete -

Yours respectfully
A. M. Jellison, Librar.

Mr Cole moved that the efficiency of the employees or janitors, be referred to the proper committee seconded by Mr Thompson and carried.

New Books The Committee on Books and Donations presented a list of new books amounting to $367.75, which they recommended, be purchased, and also that the "Sacramento Bee" "Los Angeles Times" and "Seattle Post Intelligencer" be added to the periodical list, which was approved by the following vote: ayes -- Ayers, Cole, Cumming Doolan

The Committee on Lectures and classes presented the following report:

San Francisco, April 7, 1896.

To the President and Trustees
of the Mechanics' Institute.

Gentlemen:-

Classes. Your Committee on Lectures and Classes would report that they met yesterday afternoon. We find the class rooms - the old reading room divided into two sections - unfit for the purpose, and would ask for better accomodations. We find the rooms poorly furnished, the horses or stands as well as the planking used for tables in the mechanical drawing room are in bad repair, making an uneven position for the drawing boards. Dust covers everything, the plaster casts used in the free hand drawing class are never dusted and when the students touch them, they have the drawing paper soiled. We would ask that the janitors be instructed to keep the rooms clean and dust everything thoroughly We call your attention to the amount

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

of old lumber or broken horses piled up in these rooms, and ask its removal. The blackboards should be firmly attached to the wall. Some other room should be assigned to the class of mathematics, as whenever the room is so used, the paraphernalia belonging to the class of mechanical drawing is disarranged and injured. The students as well as teachers complain of the rooms, and the manner in which they are kept. The class of Mechanical drawing had an attendance Monday evening of twenty-two, and class of free hand drawing twenty-seven. We find the students interested in their studies, and making good progress, and the teachers competent and earnest. We believe a great improvement would be obtainable by moving the classes to the basement and putting their rooms in good order. We are now considering the feasibility of holding a series of lectures during the Summer.

Respectfully submitted

Gentlemen:-

Williams gets salary raised $5.00

Your Committee on Employees to whom was referred the application of W R Williams, an employe of the Library room, herewith beg to report that according to the custom and resolution of the Board providing for an increase of $5.00 per month to employes in the Library at the expiration of each years service it is the opinion of the committee that Mr Williams's request should be granted, and therefore recommend that his salary be increased from $50.00 to $55.00 per month, said increase to commence from the 14th day of March, that being the date upon which his past year's services began.

Respectfully submitted
K. Kendrick
E. P. Heald

The Librarian presented his report for the month of March, which was read, the financial part referred to the Finance Committee, and the names of new members approved. The other matters referred to in his report were disposed as follows.

Delinquent Members.

1st The list of members owing for four or more quarters was referred to the Finance Committee.

Cataloguing.

2nd A new clerk and cataloguing of books was on motion referred to the Committee on Employees.

3rd. The matter of changing typewriter was referred to the Committee on Books and Donations.

During the discussion of this question Mr Cumming retired, and after the vote was taken, by permission Mr Leggett retired.

Folsom St. Lot

Mr Ayers for the Committee on Folsom St., lot. said that a Mr Blake, was present, who desired to make a statement in regard to leasing the Folsom

Street lot, and requested he be granted the privilege. There being no objection, Mr Blake stated that he desired to lease the lot for baseball purposes at a nominal figure for three or four months, as it is very uncertain whether the venture would be profitable or not, but he was willing to risk his money to the extent of enclosing the property in a high board fence, and placing suitable seats within, clearing off the ground, and probably raising the grade somewhat, providing the Board would be liberal in the matter of rent. He asked that the Board grant him the use of the lot for three or four months at a rental of $25.00 per month, it being understood that if another tenant desired to rent the property, and offered more, he would have to pay an equal rental or vacate the premises. He also desired if this proposal was favorably received to be permitted to occupy the premises at once.

After considerable discussion, Mr Lewis moved the request of Mr Blake be granted, the rental to commence from the 1st of June next at a rate of $25.00 per month in advance, the Institute to be at no expense in the matter. The motion was duly seconded and carried unanimously.

and other matters pertaining to the Exposition, beg to report upon consultation with the Committee on Management, that both of your Committees recommend that a proper person for the position be employed, whose duties shall commence not later than the first day of May next, and your Committees further recommend that when the rate of compensation for his services be fixed that Mr. C. H. Clark be engaged as agent for the service above indicated

Cash Award's

Your Committees also recommend that when the list of awards is arranged three cash prizes be provided for as follows:

$250.00 for the best prepared and most complete exhibit ready at the hour of the opening of the Exposition
$175.00 for the second best - ditto -
75.00 for the third best ditto -

Certificates

It is also the sense of your Committees that the plan adopted last year, of awarding, generally, certificates of Superiority, instead of medals or cash prizes, be adhered to - in the Exposition of 1896

Meeting of the Board of Trustees of the Mechanics Institute Tuesday evening April 21st

The meeting was called to order at eight o'clock by President Denicke there being present Trustees Ayers, Cole, Cumming, Doolan, Heald, Healy, Holmes, Kendrick Leggett, Lewis, Presson, Thompson, Mr President (13)

The minutes of the last meeting were read and approved

Williams + Belser.

Mr Ayers, Chairman of the Finance Committee reported that the Committee desired further time on the bill of Williams & Belser, as also an extension of time for consideration of the list of delinquent members. He further recommended that the bill for taxes amounting to $3,708.59, now due be paid.

Taxes

On motion the report of the Committee was adopted, and the bill for taxes ordered paid by the following vote. ayes -- Ayers, Cole, Doolan, Heald, Healy, Holmes, Kendrick, Leggett, Lewis, Presson, Thompson, Mr President (13)

Folsom St Lot

Mr Ayers further stated that there was some difference of opinion between the Institute and A. S. Blake, lessee of the 16th Street lot, and asked that Mr Blake be allowed to explain his understanding of the agreement to replace the present fence around the lot, which was granted. He was asked if he was willing to have the bond drawn up without clause objected to by the Finance Committee, and reported that such a bond would be satisfactory to him. On motion it was referred back to the Finance Committee with power

Von Sohnen + Electricity

Mr Cumming asked permission of the Board for Mr Von Sohnen to address them in regard to an electrical display which he wished to make at the forthcoming Fair. Permission being granted Mr Von Sohnen addressed the Board at some length explaining his proposition in regard to the electrical exhibit. On motion his application was referred to the committees on Exhibits and Management

Mr Holmes for the Committee on Library, Rooms and Buildings stated that the work of repairing the roof of the Pavilion was greater than he expected, and was therefore somewhat in excess of his estimate.

He then read the following bids:

Golden Gate Commandery

Mr Chas. H. Murphy of Golden Gate Commandery then asked permission to address the Board, which was granted

He asked that the Board grant him the use of the Pavilion for the purpose of decoration for a short time previous to their drill on Saturday evening April 25th which was to be given for the purposes of charity.

On motion of Mr Ayers, his request was granted, provided their use of the Pavilion would not conflict with any other parties who might desire to rent the same.

The Committee on Books and Donations presented a list of new books amounting to $170.37½, and recommended they be purchased, which was so ordered by the following vote - ayes -- Ayers, Cole, Cumming, Doolan, Heald, Healy, Holmes, Kendrick, Leggett, Lewis, Presson, Thompson, Mr President (13)

Gentlemen:-

Classes

Klenck vs. Behrendt

Your Committee on Lectures and Classes met Monday April 20th. After a personal view of the Classes, your Committee would recommend that the teacher of Mathematics - Mr J. F. Klenk at a salary of $25.00 per month be dispensed with, and that Mr Behrend be authorized to reform the class at no expense to the Institute for the balance of this term. Our reason for the above recommendation is that the class has dwindled down to an insignificant number, less than ten - and we believe the Institute is paying too much for the service. Mr Behrendt will assume control of the class, at no expense to the Institute, and demonstrate to the Committee the feasibility of continuing the class next season.

Respectfully submitted-

P. J. Healy.

After discussion it was moved that the report of the Committee be adopted in regard to dispensing with the services of Mr Klenk, and permitting Mr Behrendt to assume control, at no expense to the Institute, for the balance of this term, and that the request of the Committee to have 1,000 slips printed calling attention to the name and dates of the meeting of classes be referred to the Committee on Printing. Carried.

Institute + auspices of the Mechanics' Institute and the
Manfrs Assn Manufacturers' and Producers' Association of California.

3rd That the Management be vested in a Board consisting of the Board of Trustees of the Mechanics' Institute, and three directors of the Manufacturers and Producers' Association, acting as an Advisory Committee.

4th. That the price of single admission be twenty five cents for adults – day or evening – and fifteen cents for children under 14 years.

It was moved that the resolutions be taken up seriatim. and that the first resolution be adopted.

At the request of the President, Mr Kendrick, Vice President then took the Chair, and Mr Denicke and other members of the Board discussed the question at some length.

The motion to adopt the first resolution was then withdrawn by the movers, and the following resolution was offered by Mr. Doolan, and seconded by Mr Ayers.

"Resolved: That $10,000.00 of the net proceeds of the Fair be set aside as the exclusive fund of the Mechanics' Institute for rental of the Pavilion and usual profit of former Expositions, and that all net profits over that amount be divided equally between the Mechanics' Institute and the Manufacturers and Producers' Association.

On putting the vote the resolution was declared adopted by the Chairman, but a roll call was demanded with the following result: Ayes-- Ayers, Cole, Doolan, Heald, Healy, Holmes, Kendrick, Leggett, Lewis, Thompson, Mr President (11) Noes- Cumming, Presson (2)

Mr Cumming then retired by permission of the Chairman.

It was then moved by Mr Denicke and seconded by Mr Ayers that the first section of the resolution be adopted with the addition of the following words "Except as to such articles of manufacture which are not manufactured on the Pacific Coast or which may be novelties"

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

MAY 5 1896

Regular meeting of the Board of Trustees of the Mechanics' Institute Tuesday evening May 5th.

The meeting was called to order at eight o'clock by President Denicke there being present Trustees - Cole, Cumming, Doolan, Formhals, Heald, Healy, Holmes, Kendrick, Leggett, Lewis, Presson (12).

The minutes of the last meeting were read and approved.

Mr Holmes was excused by permission of the President.

The Finance Committee presented the following report which was read, and on motion the recommendations of the Committee were taken up seriatim.

San Francisco, May 5, 1896.

To the President and Trustees
of the Mechanics' Institute.

Finances. Gentlemen:-

Your Committee on Finance would most respectfully report that the financial strait of last month caused by the large payment of taxes $3,708.59 has been met after effecting a loan of $1,000.00 with the First National Bank, provision for which was made at the meeting Apr 7-

The balance on hand May 1st after all bills passed in

April were paid, was	$227.69
Received since that date	335.12
Cash on hand	562.81
Bills audited to-night amount to:	3,094.47
Leaving a deficit of	$2,531.66

which would necessitate a loan being effected to meet payment of bills.

In regard to the list of delinquent members referred to us at a previous meeting, would state we have examined the same, and make the following recommendations:

Delinquent Members. 1st - That all said members as appear on the list up to March 1st 1895, shall be deprived of their membership and that the Librarian shall duly notify them of the same, and the reason therefor.

2nd - That the Librarian be instructed to notify such members as are in arrears from March 1st 1895 to March 1st 1896, that unless their dues are paid within 30 days, their names will be stricken from the membership.

Williams & Belsers Bill. In regard to the bill of Williams & Belser for paving sidewalks, curbs and filling on Sixteenth Street amounting to $1,527.14, would state we have also examined the same, and recommend that the sum of $1,428.00 be paid that firm in settlement of the same, provided the work be accepted by the City, payment to be made after the forthcoming Fair.

MAY 5 1896

Folsom St Lot & Blakes Lease. Would further state that we had the lease and bond between the Mechanics' Institute and A. S. Blake drawn up, for the Folsom Street property, and had the same signed by the proper officers, rental of same to commence June 1st at $25.00 per month-

As the 29th Exposition is now inaugurated, we recommend that as at former Fairs, a set of books be opened wherein the accounts of the same be entered, and all items pertaining to the Fair be kept separate from those of the Institute.

Finance Committee { G. P. Ayers
H. C. Holmes
Geo. R. Presson

1st The recommendation of the Committee to effect a loan to meet payment of bills, was considered. The President stated that a loan at this time was not necessary, and that the matter be laid over until the next meeting - Carried

2nd In regard to list of delinquent members, it was moved and carried that the recommendation of the Committee be adopted.

3rd - In regard to the bill of Williams & Belser for $1,428.00 for paving 16th St., it was moved and carried that the bill be allowed as recommended by the Committee providing that payment on the same be not required until after the Fair.

4th - In regard to the lease and bond between the Institute and A. S. Blake, it was moved and carried that other sureties be obtained, as the ones furnished were not satisfactory to the Board

Mr Blake was then notified of the fact, and stated he would procure satisfactory sureties. He also made a statement that he had raised the sidewalk on the 16th St. lot, at his own expense, and asked the Board to consider the matter, and see if they could not allow him for the same.

The President explained to him that all expenses of improving the lot were to be assumed by the lessee, and he did not think this item could be allowed

Mr Kendrick, Chairman of the Committee on Employees, presented the following report— (Book for recording names of employes, the time each arrives and departs, etc.)

San Francisco May 5, 1896.

To the President and Board of Trustees—
of the Mechanics' Institute
Gentlemen:—

Employees Book.

Your Committee on Employes beg to call your attention to the fact that no systematic method has ever so far as your Committee are informed, been in use by the Mechanics' Institute to regulate the hours of attendance of the employes charged with the duties pertaining to the operation of the Library and rooms connected therewith, and believing that the efficiency of the administration of affairs of the Institute will be promoted by the adoption of means to supply this deficiency, therefor your Committee would respectfully recommend that the Committee on Printing be empowered and directed to procure a suitable book for the purpose of recording the names of the employes in the several departments, the time each arrives at the Library in the morning, the time taken for the noonday meal and the time each leaves after the termination of his daily duties, with such proper and desirable information regarding the daily work of the employes, as the Board of Trustees may now and from time to time, prescribe.

Respectfully submitted—
Rodney Kendrick
E. P. Heald

Miss Rumsey.

A communication from Madame Rumsey applying for the position of solicitor of womens' work was referred to the Committee on Management.

A communication from G. Howard Thompson setting forth his reasons for resigning from the Board, was read.

San Francisco, April 30, 1895.

To the President and Trustees
of the Mechanics' Institute
Gentlemen:–

Thomson Resigns

My business being such that it necessitates my being absent from the City a great deal of the time during Summer, and Fall, and feeling I can not give the necessary time and attention to faithfully fulfill the duties of Trustee with justice to myself, and the best interests of the Institute, I respectfully herewith tender my resignation as a member of the Board.

Had I known that it required so much time and attention to fulfill the duties necessary to the success of the Institute, I should not have accepted the nomination, and now finding my inability to perform the requirements, I thus early withdraw, giving the Board an opportunity of filling the vacancy by the appointment of some one who has the time and ability to fill a position so important to success.

With my best wishes for the welfare, prosperity and success of the Institute, I remain,

Very respectfully yours–
G. Howard Thompson–

Mr Lewis moved that the resignation be accepted with regret, and that the Secretary be instructed to notify him of same. Carried.

Harvard College

A communication from Harold Wheeler requesting the Institute to grant them the use of a room in the Library Building for the purpose of holding the Harvard College Examinations, was read.

On motion his request was granted.

MAY 5 1896

Porter.

A communication from Louis T Jacobs applying for the position of porter at the forthcoming Fair, was referred to the Committee on Employes

Cal. Prohibitionist

A communication from the "California Prohibitionist" of San Jose, stating that a preliminary announcement of the forthcoming Fair, was received by them, and they would do all in their power to aid in making it a success, providing the usual press ticket, was furnished them, was read, and referred to the Corresponding Secretary to acknowledge.

Henry Root Elected

Mr Lewis moved that Mr Henry Root be placed in nomination for the vacancy caused by the resignation of G Howard Thompson. No other nominations being made, it was then moved and seconded that the Secretary cast the ballot for Henry Root as Trustee of the Mechanics' Institute

The Secretary then cast the ballot for Henry Root as instructed, and the President announced that Henry Root had been duly elected as Trustee of the Mechanics Institute–

The Board then went into executive session after which they adjourned.

Prospectus

Gentlemen: Your Committee on Printing and Advertising have to report that they have under consideration the advertising of the coming Exhibition as authorized by the Board at a previous meeting, but have found it expedient and advisable to await the final outcome of the proposed alliance of our Institute and the Manufacturers' & Producers Association. The prospectus pamphlet as arranged by our advance agent – Mr Clarke is ready for the printer but is delayed to see what would be desired by the Manufacturers & Producers Association in case of the alliance referred to. The printed slips ordered by your Board for the Lecture and Classes Committee are set in type and a proof has been submitted, the Chairman of that Committee who reports that he may want it materially changed. J H Culver, Esq.,
Secretary Mechanics Institute

Mnfrs Ass'n Name Committee Dear Sir:–

At a meeting of the Board of Directors held yesterday afternoon, the following gentlemen were named as a committee to act with your Committees in the matter of holding a Home Industry Fair in this City:

Messrs A H Bowers, H. J Crocker and S. H Tacey.

Very truly yours,
L R Meade
Secretary –

A communication from Carrie L Burt asking for employment at the forthcoming Fair, was referred to the Committee on Employees.

The following petition for a trophy for chess players, was read –

San Francisco, May 9, 1896.

To the Honorable,
the Board of Trustees
of the Mechanics Institute
Gentlemen:–

The undersigned Committee appointed at a Chess Trophy meeting held 1st inst., for the purpose of bringing before your Honorable the matter of providing a suitable trophy to be contested for annually by the Chess players of the Institute, beg leave to submit the following:

It is universally conceded that Chess is to the mental faculty what athletics are to the physical that is a highly beneficial exercise, if pursued in the proper manner.

The study and practice of chess, therefore, should be encouraged and fostered in every possible way, and one of the best means to spread and further the game has been, and is, the holding of Congresses, the playing of matches, etc., and the subsequent publicity given them, by the press and chess literature –

The element of competition enters largely into the

game, and to that may, in a great measure, be attributed the attraction and fascination it exercises when once acquired.

The Committee are of the opinion that a suitable trophy offered annually by the Institute, and contested for under such rules as you may deem proper, would greatly assist and stimulate competition, attract new aspirants for such honor and prove alike beneficial to the Institute and to the cause of Chess.

They, therefore, on behalf of all the Chess patrons ask your Honorable body for a favorable consideration in the matter — and have the honor to remain,

Very respectfully
Your servants —
Richard Ott —
James Hinra
Joseph Aldstein

Mr Doolan moved that power be delegated to some Committee to purchase a suitable trophy —

The motion was lost, the result being Ayes — Doolan, Heald, Kendrick (3) Noes Ayers Cole, Cumming Formhals, Healy, Leggett, Lewis, Presson (8)

Mr Leggett moved that a committee of two be appointed to interview the Chess players and get their views on the matter, and report to the Board at a future meeting. Carried.

The Chair named for the Committee Trustees — Cole and Heald.

Under the head of new business, Mr Lewis said that during the vacation of the Secretary, Mr Heald performed a large amount of labor for the Institute, which he believed deserved recognition, and therefore moved that a vote of thanks be tendered Mr Heald for the work performed during the absence of the Secretary. His motion being put to vote was carried unanimously.

Mr Heald gets vote of thanks.

Mr Leggett made a statement in regard to the proposed publication of a Monthly Bulletin which had been reported upon adversely by the Committee on Books and Donations, but after consideration made him think it might be a wise thing to consider; as such publication has been adopted by the Free Public Library of this City, and many other Libraries in the East, and he believed might be of

value to patrons of the Institute, and in part take the place of a catalogue, at least to the extent of publishing a list of new books as received. It might also by a change in the Constitution, be utilized, as a notice for the Quarterly meetings of the Institute.

After a long discussion the matter was referred to the Committee on Books and Donations.

Cor. Secretary & County Boards

The Corresponding Secretary reported that in accordance with instructions from the Board he had prepared and sent to the various County Boards of the State a notice stating that an exhibition was to be held in this City this Fall, and asking if they desired to take part or be represented therein.

Reception to Union Iron Wks

Mr Doolan thought that some action should be taken by the Institute to recognize mechanical art in this State as evidenced in the construction and success of the United States Cruiser "Oregon" whose trial trip took place last week.

Mr Lewis warmly endorsed the suggestion of Mr Doolan, and Mr Leggett though it would be well to at once tender the Union Iron Works, the use of the Pavilion free of charge for any celebration of that kind, and also appoint a committee to inform them of the goodwill and offer of the Institute — Mr Doolan moved that the Institute tender a reception to the Union Iron Wks, and the use of the Pavilion for that purpose upon such date as may be agreed upon, and a Committee appointed with powers to act and carry out the wishes of the Board — Carried — The Chair named for the Committee Doolan Lewis, Cumming.

Miss Rumsey.

A communication from B Rumsey relative to womens work at the Pavilion, was referred to the Committee on Employees

M. O'Brien's Exhibit.

Mr Lewis called the attention of the Board to the matter of M O'Brien's exhibit of Flour Mill Machinery at the last Fair, stating that he had received no recognition whatever from the Jurors, and recommend a Certificate of Superiority be given him. On motion his recommendation was adopted

MAY 25 1896

Special meeting of the Board of Trustees of the Mechanics' Institute Monday evening May 25th at eight o'clock, present Trustees Ayers, Cole, Doolan, Healy, Holmes, Kendrick, Leggett, Lewis, Presson, Mr President (10)

The minutes of the last meeting were read and approved—

The President stated that he had taken the liberty of calling the members together to consider several matters which he believed should receive immediate action

Monterey Celebration — 1st:— A request from the Chamber of Commerce that the Mechanics' Institute petition Honorable H. A. Herbert, Secretary of the Navy, for a naval demonstration at Monterey July 7th, upon the occasion of the semi-centennial celebration of raising the American flag at that place, He would recommend the request be complied with—

On motion it was so ordered by an unanimous vote.

Union Iron Works Reception — 2nd:— The reception to the Union Iron Works whose date had been fixed for May 29th he believed should be postponed as the time was too short to make the needful preparations.

After some discussion during which a report from the Special Committee appointed to manage the matter was read, and a delegation from the Union Iron Wks who was present, stated a postponement would be agreeable to them if, it was decided to postpone the reception until Saturday eve. June 6th—

Board of Health — A request from the Board of Health that a committee be appointed from the Institute to meet with other organizations at the rooms of the Chamber of Commerce Tuesday May 26th at 3 P.M., to discuss health matters, was favorably considered and the Chair named for the Committee Trustees— Kendrick Lewis and Ayers—

Mr Healy presented the following; and moved its adoption

Tickets to Members — Resolved— That ~~that portion~~ of the resolution passed by this Board on the 21st of April 1896, in relation to giving of free season tickets to all members and non members who would pay $4.00 initiation fee as dues up to September 1897 be and is hereby rescinded—

His motion on being put to vote was carried— An invitation from the Merchants Association for the Institute to meet with similar bodies to consult about the adoption of the new charter was received and filed—

San Francisco June 2, 1896.

To the President and Board of Trustees –
of the Mechanics' Institute –
Gentlemen: –

Day & Hunter

Your Committee on Machinery would recommend that the Institute make provisions for the payment of $300.00 to Messrs Day & Hunter for the California Heater and Purifier now in place at the Pavilion. Day and Hunter have represented that as their invention is a new one, they have been obliged to make sacrifices as regards price in putting in their heater in the different power plants; that times being dull they find themselves greatly cramped for ready money, and request that the Institute favor them by paying for the heater at once.

Gentlemen: –

Floor Plan for 29th Ex

Your Committee on Exhibits to whom was referred the matter of selecting a suitable floor plan for the coming Exposition beg to say, that they have decided upon the one submitted by Mr Clark as being most symmetrical and economical in its general outlines It is possible that some modifications may be necessary in that, as no provision is yet made for table space. Should applications sufficient to justify putting in tables come in, there are certain blocks which can be set aside for that purpose, and used advantageously The plans submitted by the Manufacturers' and Producers Association are not at all desirable, as there would be no central isles – and there is no symetry or uniformity about the general appearance. The plan submitted by Mr Behrendt while exceedingly artistic would require so many modifications before it could be made available, that your Committee has seen fit to not consider it. The amount of space available for exhibits in the plan which we have recommended is about 25 to 30 per cent more than the other plans which was also a great factor in our selection.

Your Committee has instructed Mr Clark to prepare plans which are now in process of completion, subject to the ratification of this recommendation by the Board.

To the President and Board of Trustees—
of the Mechanics' Institute—

Gentlemen:—

Your Committee to whom was referred the matter Chess Trophy of providing a suitable trophy for the Chess Department of the Institute beg leave to report as follows

The petitioners desire to compete annually for the prize to be offered direct by the Institute, and consider a medal most appropriate, the intrinsic value of such medal is of secondary importance paramount being the fact that it comes as an award from the Institute.

Your Committee consider the object a laudable one, and offer the following recommendations:

1st:—That a suitable medal of silver or aluminum be prepared annually to be known as the Institute medal for excellency in Chess—

2nd:—That it be contested for by members of the Institute in good standing at a tournament to be held during the month of October of each year.

3rd: That the member making the best score in such tournament shall be declared the winner of the Institute medal for the corresponding year.

4th: That the tournament be conducted under such rules as the Chess players themselves may select—

Gentlemen-

FLOORING PAVILION.

Your Committee on Library, Rooms and Building, in accordance with the request of the Board that we get further bids for reflooring that portion of the Pavilion known as the Conservatory together with the work recommended by the Pavilion Committee would state:

That they received bids as follows:

From Moore & Cameron-	bid for	$500.00
Soule Bros		480.00

This includes tearing up the old floor and putting in new foundation for the new floor, which is to be on a level with the main floor of the Pavilion, cutting down the large pair of doors in the Art gallery entrance; putting in a new door where the office window now is at the employees entrance and moving a pair of swinging windows down to the rear of the same entrance. The contractors bidding will allow the Institute market rates for any new lumber which they may have on hand. and will use such portion of the old lumber now in the floor as they can to advantage

Respectfully submitted

The Committee on Machinery presented the following

San Francisco June 16. 1896.

To the President and Board of Trustees-
Gentlemen;

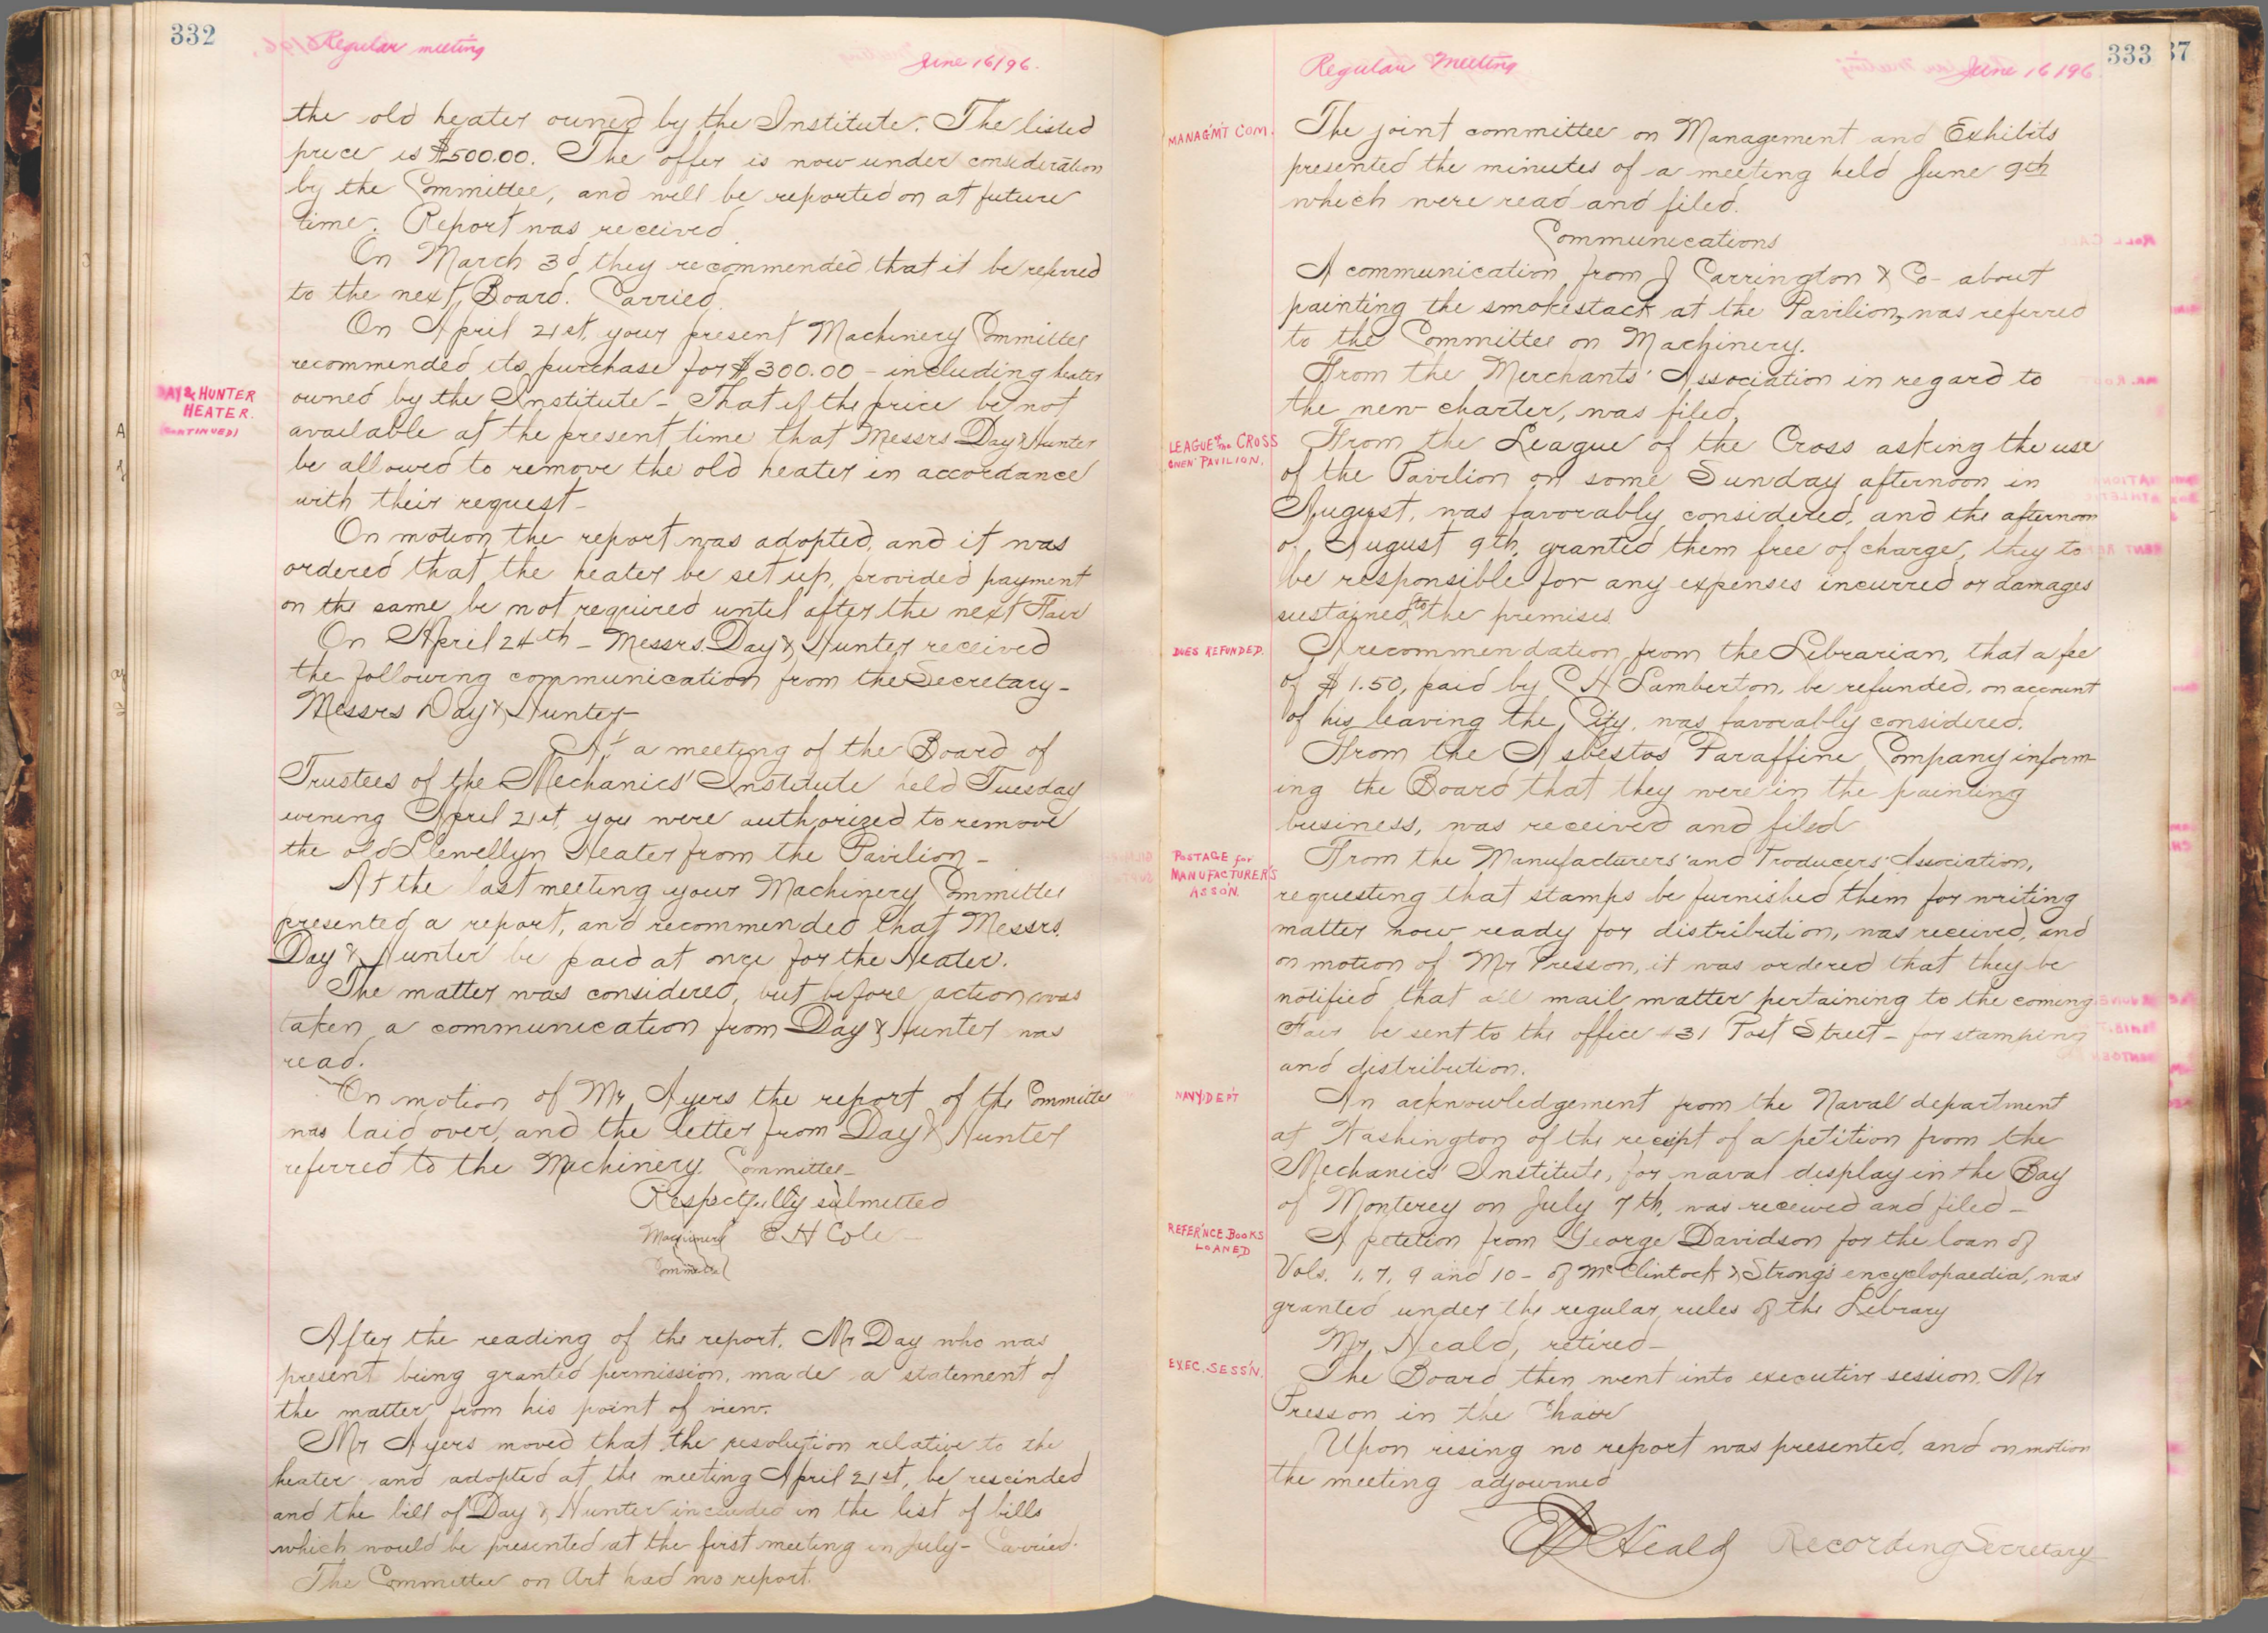
Your Committee on Machinery to whom was referred the letter of Messrs Day & Hunter regarding the California Heater and Purifier, at the last meeting of the Board report as follows:-

MACH'RY COM.

The Machinery Committee of the last Board reported October 1st, last

DAY & HUNTER HEATER PURCHASED.

That the heater for hot water for the boiler put in place by Day & Hunter as an exhibit has worked very satisfactorily and far superior to the old Llewellyn Heater belonging to the Institute Day & Hunter offer to sell the heater for $300.00 including



the old heater owned by the Institute. The listed price is $500.00. The offer is now under consideration by the Committee, and will be reported on at future time. Report was received.

On March 3d they recommended that it be referred to the next Board. Carried.

DAY & HUNTER HEATER. (CONTINUED) On April 21st, your present Machinery Committee recommended its purchase for $300.00 – including heater owned by the Institute – That if the price be not available at the present time that Messrs Day & Hunter be allowed to remove the old heater in accordance with their request –

On motion the report was adopted, and it was ordered that the heater be set up, provided payment on the same be not required until after the next Fair

On April 24th – Messrs. Day & Hunter received the following communication from the Secretary –

Messrs Day & Hunter –

At a meeting of the Board of Trustees of the Mechanics' Institute held Tuesday evening April 21st, you were authorized to remove the old Llewellyn Heater from the Pavilion –

At the last meeting your Machinery Committee presented a report, and recommended that Messrs. Day & Hunter be paid at once for the Heater.

The matter was considered, but before action was taken a communication from Day & Hunter was read.

On motion of Mr Ayers the report of the Committee was laid over, and the letter from Day & Hunter referred to the Machinery Committee –

Respectfully submitted
Machinery Committee E H Cole –

After the reading of the report, Mr Day who was present being granted permission, made a statement of the matter from his point of view.

Mr Ayers moved that the resolution relative to the heater and adopted at the meeting April 21st, be rescinded and the bill of Day & Hunter included in the list of bills which would be presented at the first meeting in July – Carried.

The Committee on Art had no report.

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

Regular meeting of the Board of Trustees of the Mechanics' Institute held Tuesday evening July 21st 1896 at 8 o'clock. Present - Trustees

Roll — Cole, Doolan, Holmes, Kendrick, Leggett, Lewis, Pierson, Root, Mr. President (9) absent - Trustees Ayers, Formhals, Heald, Healy. (4)

The minutes of the previous meeting were read and approved.

The Finance Committee made no report.

The Library Rooms and Building Committee, Mr. Holmes, Chairman made the following report:

San Francisco July 21. 1896.

Chairman, Board of Directors
Mechanics' Institute, S. F. Cal.

Building Com. — Gentlemen:- In regard to the various matters submitted to them at the last meeting of the Board, the Committee on Library Rooms and Building desire to report as follows:-

Reading Room Cleaning — 1st. As to the question of placing additional windows in the west wall of the reading room the Committee reports adversely; not only as this would be an additional expense but that the light gained would not warrant it and it is an open question as to whether the parties owning the adjoining property would not object to the same and in case of any improvements on said adjoining property in the way of an additional story these windows would be rendered useless. We would recommend, however, that the interior woodwork, with the exception of the base boards, be painted three coats of white, that the sides and ceiling with the exception of the dado be covered with a very light shade of paper; that the present frames for the papers be cleaned and varnished. We have received bids for this work and recommend the acceptance of that of Messrs Cate Bros, for the sum of $70 00/100.

Fish Tanks — 2nd. With regard to the fish tanks in the Pavilion, we recommend that the bid of Thos. Furlong, for the concrete work, for the sum of $120 00 for three tanks be accepted. This anticipates walls and bottom four inches in thickness. Also that the bid for the iron work for the said tanks, that of N. Ralston for $53 00 be accepted; the price being about one half that of any other bid.

Painting Pavilion — 3rd. We have, at the present time, employed in the building, in renovating and painting the same, in addition to the janitor, one carpenter, one painter and one laborer, and also have an agreement with Mr. Spence, house-mover, for raising one of the posts in the machinery hall, for the sum of $10 00; the same having settled on account of faulty sub-foundation.

Cleaning Hayes St House — 4th. The tenement at No. 14 Hayes St. is in a very bad condition, the plastering in the rooms on the lower floor being badly broken in places and the painting and walls of the other rooms being in such condition as to render it unfit for occupancy.

5th. We have received proposals for painting and whitening this work and recommend the acceptance of a bid of G. Orsi for the sum of $50.

We herewith submit bids on all of the above work. Respectfully Submitted

San Francisco July 21st 1896.

LIGHTING PAVILION. To The President and Board of Trustees –

Gentlemen: – Your special Committee on Electricity consisting of the Machinery Committee and Mr. Formhals report as follows.

A number of propositions have been received for lighting the Pavilion, but all are to a certain extent indefinite and dependent upon the use of power furnished by the Institute, which in the judgment of your Committee might from some unforeseen cause be a source of annoyance both to the institute and its patrons, except that of the Edison Light and Power Co.

A communication from the Edison Light and Power Co. under date of July 17th, somewhat modifies their former proposition, and we recommend that in the interests of the Institute and its patrons, the proposition of the aforesaid company be accepted. Would prefer, as the matter is one of great importance to the Institute, that all the members of the Board take an interest in this matter before the recommendation of the committee is passed upon.

Respectfully Submitted

to be given to sailors going to sea.

Mr Leggett moved that the Librarian be authorized to deliver to the Chaplain of the Sailors Home 100 worn volumes. The motion was carried—

The Committee on Lectures and Classes made the following report:—

San Francisco July 28, 1896—

To the President and Board of Trustees—

Gentlemen—

ABOLITION of CLASSES RECOMM'D

Your Committee on Lectures and Classes report that they have considered the proposition of reorganizing the Classes for the coming year, and after intervening the Chairman of the Finance Committee and obtaining a statement of the finances of the Institute, we have come to the conclusion that it would be illadvised for the Institute to continue the Classes in the present state of financial affairs, and as also during the past term (6 months) very little interest was displayed by the pupils in the Classes The average attendance of the class in mathematics was about 5, while in the Class of Mechanical Drawing there was about 12 to 15— Class of Freehand Drawing was much better attended and averaged about 30 pupils At least 10 of these pupils were children to which the teacher and older pupils strenuously objected—

ELECTRIC CLASS

Professor Farmer of the State University is willing to assume charge of the Class in Electricity at no expense to the Institute, he to look to the pupils for his compensation, the only provision being that they should be members of the Institute. Last year the fee charged was $25.00— this year he is willing to render like service at an expense of $12.00 to each pupil—

We favor granting to Professor Farmer the privilege of organizing said Class under the supervision of this Committee, at a date not later than Sept. 15th, the time at which the Professor is ready to begin.

We also favor the discontinuing of the other classes until such time as the Institute is in a condition to meet the expense.

R. P. Doolan. Henry Root, Oscar Lewis—

During the discussion which followed Mr Lewis entered—

Mr Allen the teacher in the class last year, who was present, being granted permission made a statement about the classes and the following letter was also read—

San Francisco Aug. 4, 1896

To the Board of Trustees—
Mechanics Institute

Gentlemen:—

BEHREND TO TEACH Allow me to make the following proposal in regard to the Classes in Mathematics and Drawing.

I propose to make the Instruction in Mathematics and Drawing a success without any cost to the Institute, if you will leave the entire management of those Classes to my care and responsiblity. The tuition fee would not be less than $1.00 per Month.

The only assistance I expect from the Institute is a Class Room and light, the models & the assurance, that the Classes would not be taken from me, after having brought them to a paying basis.

Respectfully,
Gustav A. Behrend

The Committee on Printing and Advertising made the following reports:

San Francisco, Aug. 6, 1896.

To the President and Board of Trustees

Gentlemen:-

DIPLOMA

Your Committee on Printing and Advertising having considerable on its hands, and in view of the fact, that the members of it at this time, are very busy on other committees would respectfully request that the diploma matter be turned over to the Committee on Art and that they may carry it to its completion-

Respectfully submitted-

San Francisco Aug 6, 1896-

To the President & Board of Trustees-

Gentlemen:-

ART POSTER

Your Committee on Printing and Advertising have been asked to consider the matter of having an Art poster for the fences this year instead of the usual poster. They find that the cost will be about two- and one-half times greater than that of the poster. It is suggested, and we think with some force that such an advertisement will attract the attention of passers, whereby the ordinary handling would not, and your Committee would suggest that we adopt the art poster. Geo R Presson Oscar Lewis -

San Francisco, Aug. 13, 1896

To the President and Board of Trustees

Gentlemen:–

Your Committee on Exhibits beg to make the following report:

EXHIBIT COM.

The Pavilion was opened on the 4th inst., and work commenced to get ready for the Exposition. Space was assigned and laid out for each exhibitor, and they were notified. To the present date most all have responded and accepted their space, and a greater number of them have already commenced work erecting booths, placing machinery, etc. The machinery display bids fair to be the most extensive for many years. All the space in Machinery Hall has been assigned and accepted. Some few of those who have applied for space refused to accept it, but others have taken their place, and at present there are few vacant spaces, and those will undoubtedly be taken in a few days– Everything in the Pavilion is progressing favorably, and at present it looks as though all the exhibitors will be in complete order and ready for Opening Day

The Committee on Music and Decoration presented the following report:

San Francisco Aug 18. 1896.

To the President and Board of Trustees –

Gentlemen: –

Your Committee on Music & Decoration beg to report they have received a proposition from the

KNICKERB'K'R QUARTTE

Knickerbocker Quartette to furnish vocal music at the 29th Industrial Exposition. They desire to appear at least once each week, and will fill as many numbers on the program as you may desire on such evenings as they may be engaged for. For this service they ask the sum of Twenty five dollars for each evenings performance. In consideration of receiving an engagement they agree to contribute to the program of the opening service at the Columbia Theatre free of expense to the Institute

It is the opinion of your committee that this Quartette would be a great attraction at the Fair and would recommend that your Committee be empowered to arrange for its appearance at the Pavilion for two or three nights on the terms proposed or at a less rate if such can be secured from them –

PRATT DECORATING

Your Committee would further report that they have received a proposition from Mr Pratt for decorating the Pavilion according to his plan for the sum of Four hundred and Twenty-five dollars and recommend that they be authorized to engage the services of Mr Pratt for the work.

furnish the Press with news of the Fair.

The following letter from the Manufacturers and Producers Association was read

San Francisco, Aug. 17, 1896.

Mr Ernst A Denicke

President Mechanics' Institute—

Dear Sir:—

My attention has been called to a banner displayed over the main ~~exhibit~~ entrance to the Pavilion which reads:

Mechanics' Fair

Opens - Sept. 1st

Closes - October 3rd

PROTEST AGAINST SIGN OVER DOOR. from MAN. ASSO.

It is unnecessary for me to call your attention to the fact, that the title to the forthcoming Exposition as agreed upon is the Home Products Exposition

By displaying the present banner, it is very apt to be confusing to the public from the fact, that all the stationary refers to Home Products Exposition, and again, by displaying such a banner, the connection of the Manufacturers & Producers Association with the project is entirely obscured.

I think it is but necessary to call your attention to this matter, and you will not allow it to remain as it is not displaying the spirit that should prevail between the Mechanics' Institute and the Manufacturers and Producers Association.

Respectfully yours

The Management Committee presented the following report:

San Francisco Sept. 7, 1896.

To the Board of Trustees—

Gentlemen:—

AN. COM,

Your Committee on Management would report as follows:

TEST AGAINST WARDS ON ENING NIGHT.

They have carefully considered the protest of Fishbeck & Glootz regarding jurors awards for the Opening Night, and have concluded that the awards of the jurors must stand. The judging was done in accordance with the printed directions contained on page 48 of our prospectus

Special Sep 8/96. 399

in which nothing is stated in any way about Home Products. Your Committee would further state that in their opinion it is not good policy to interfere with the decisions of jurors unless some great apparent wrong has been committed.

ADS. IN TAMALE STAND.

In the matter of the advertisements posted on the walls of the tamale booth, your Committee find that these advertisements were placed there without any permission from any one, and as it is in direct conflict with the sale of privileges, we have directed a letter to be written to the holders of that booth ordering them to remove the same at once, and stating that we would remove them if they did not.

IMPROVEMENT IN LOOKS of CANDY BOOTH

In the matter of the dreary looking appearance of Mr Sparrowe's privilege on the main floor, Mr Sparrow has promised to make it attractive by this evening.

PAC.COAST SYRUP Co GIVING SAMPLES

In the matter of the Pacific Coast Syrup Company giving away small bits of their candy, which is in accordance with page 12 of Rules and Regulations—your Committee does not find that it can possibly work an injustice to Mr Sparrowe and therefore recommend that the matter be left as it is.

JURORS SET TO WORK

In the matter of the appointment of jurors your Committee have arranged that a certain portion of the jurors be here to-night, and that all jurors be set at work during the week.

JUDGING EXHIBITS

For the method of judging exhibits, your Committee recommend that the jurors view each exhibit in a body, and meet in the Board Room as soon as practicable to render their decisions.

POPULAR VOTE FOR BEST EXHIBIT

Your Committee would submit the following suggestions in regard to method for voting for best exhibit.

That the voting commence on the evening of September 30th.

That a ticket be printed and sold with each admission ticket.

That each season ticket in existence, and that may be sold hereafter shall have 12 votes; for each double season ticket; 6 votes for each single season ticket

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

Complimentary and Employees season tickets shall have no vote, the form of vote printed to be as follows:

Form of Vote.

I hereby give my vote to the best exhibit in my opinion as follows:

1st best ~~exhibit~~ a suitable trophy
2nd " " " " "
3rd " " " " "
4th " " " " "
5th " " " " "

We would recommend that a special committee be appointed to carry out this voting contest, and would recommend that that committee consist of Messrs. Kendrick, Cole & Leggett

ART DRAWING PROSPECTUS.

For the Art Committee, Mr. Cole presented the following prospectus of the Art drawing.

as per printed slips pasted on next page. which was printed from the report as presented.

407

Page 4 **NOTICE!**

Following the commendable example of prominent Art Societies, it is proposed to organize an Association in this City under the auspices of the Board of Trustees of the Mechanics' Institute, for the purpose of enabling its members to acquire good pictures, and at the same time to encourage local artists in the profession they have chosen.

Any member who subscribes the sum of fifty cents shall for each such subscription be entitled to a chance in the drawing to be made on the closing night of the exhibition. If, for illustration, one thousand dollars be thus subscribed, the Committee of Selection will select pictures for that value, and distribute them among the members on the closing night.

By this plan the artists will find a sale for their pictures, interest in their work and in the Institute's exhibitions will be stimulated, and a means of patronizing Art and acquiring pictures will be brought within the means of all. Art is a delicate and beautiful plant. If it receives careful cultivation, it thrives proportionately. The highest development of Art has been attained under discriminating patronage. In a new Art community this is especially true.

We respectfully request you to become a subscriber and member of the Association for the reasons above given.

Subscriptions will be received at the Mechanics' Library, No. 31 Post Street, or at the Art Gallery in the Pavilion.

CONSTITUTION AND BY-LAWS OF THE ASSOCIATION OF CALIFORNIA ART PATRONS.

Page 2

ATRICLE I.

This Association shall be called the ASSOCIATION OF CALIFORNIA ART PATRONS.

ARTICLE II.

SECTION 1. The object of this Association shall be to provide for a fund for the purchase of works of Art by California Artists exhibited in the Art Gallery of the Mechanics' Institute, at its annual fairs. The works purchased to be distributed among the members of this Association at each and every annual exhibition.

SECTION 2. The minimum subscription shall be fifty cents.

SECTION 3. The payment of the minimum subscription shall entitle members to one chance in the distribution. Members may increase their opportunities for securing the works purchased by the payment of additional subscriptions to the fund.

Page 3

ARTICLE III.

SECTION 1. The government of the Association shall be vested in the Board of Trustees of the Mechanics' Institute, under whose auspices the Association shall exist.

SECTION 2. The Board of Trustees of the Mechanics' Institute shall appoint for each exhibition, a committee for the selection of the works to be purchased. This committee shall consist of two subscribing members of the Association, two artists, and one member of the Board of Trustees of the Mechanics' Institute.

SECTION 3. This committee shall select before the close of the exhibitions each year, according to the funds provided, the works to be distributed.

ARTICLE IV.

The works selected shall be distributed immediately after the close of the exhibition from which they are purchased, in the presence of members of the Board of Trustees of the Mechanics' Institute and of the Selecting Committee. San Francisco Sept. 11, 1896.

AUNT JEMIMA.

To the President and Board of Trustees –

Gentlemen:–

Your Committee on Exhibits respectfully presents the following report in regard to "Aunt Jemima's Pancake Flour."

We find that all the ingredients in the flour are bought and raised here, and the machinery for same was bought in the East. They are now manufacturing flour here, and in a few days will have a large exhibit in the Fair. We think there are no grounds for a complaint, and recommend that same be allowed to stand. In regard to the matter of the Petrified Kidney would recommend that the possessor of same, take it to Adolph Sutro as he might find a customer for it if displayed in his museum

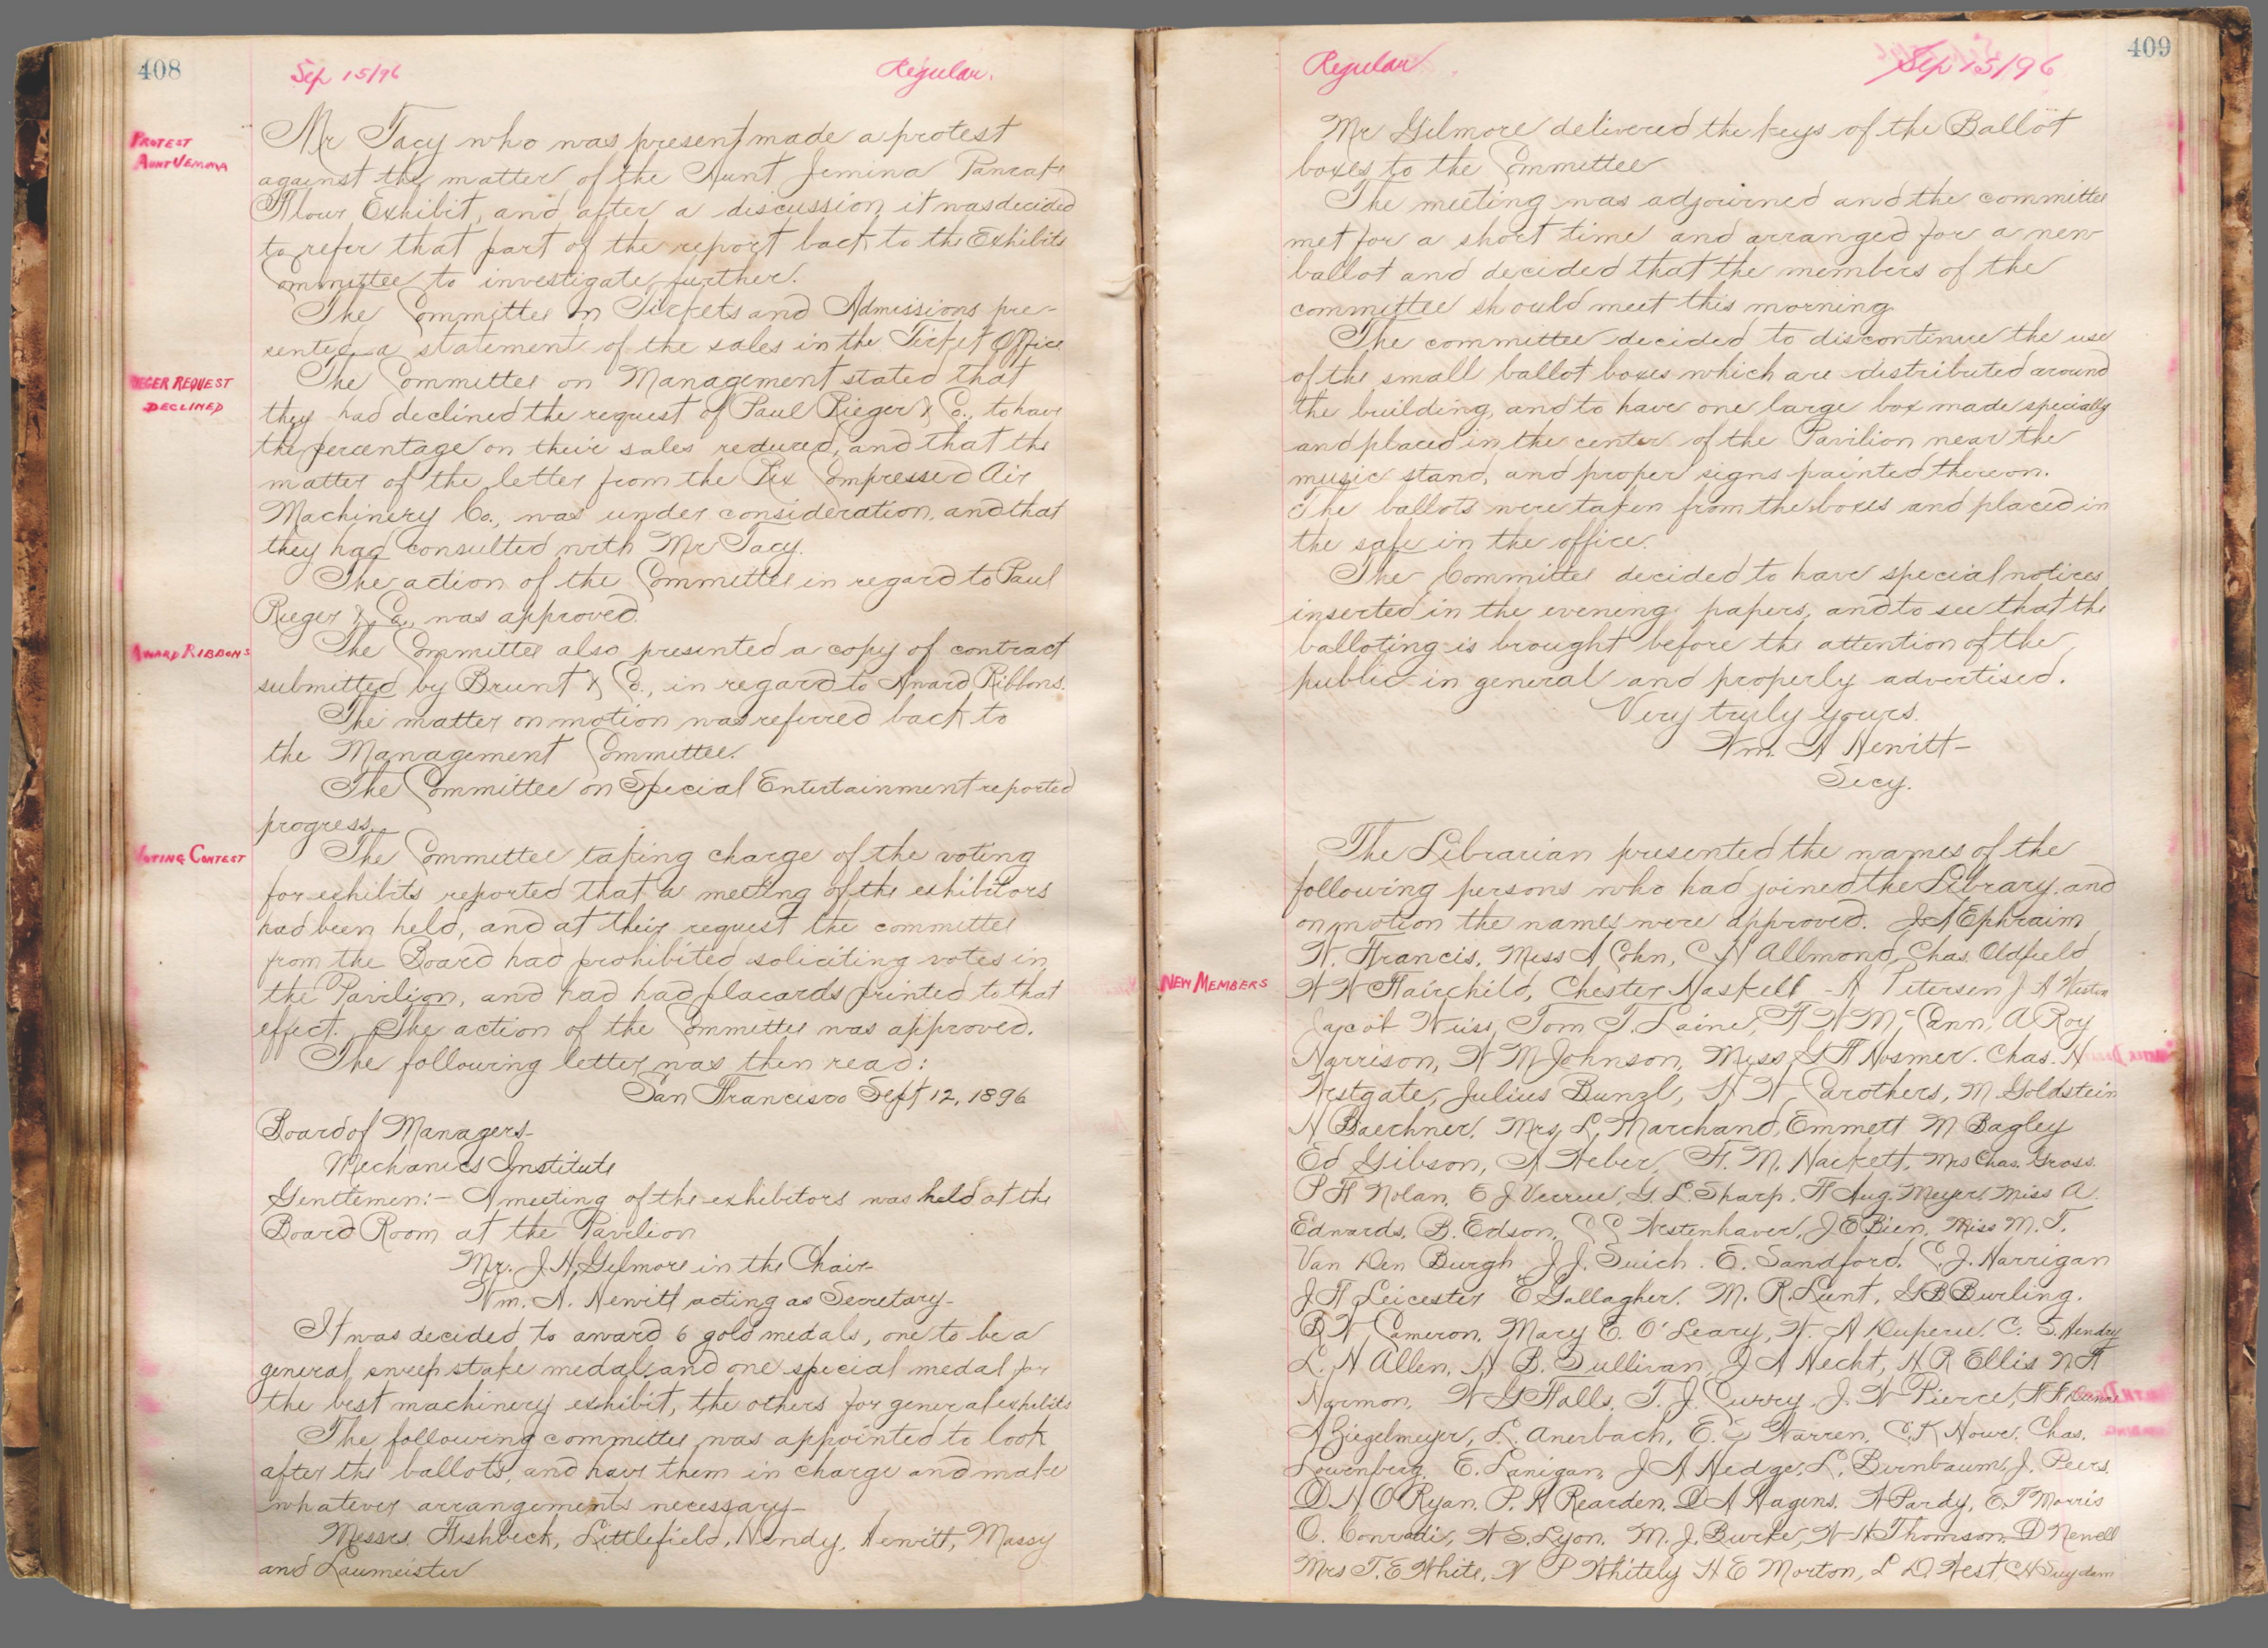
Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



PROTEST AUNT JEMIMA

Mr Tacy who was present made a protest against the matter of the Aunt Jemina Pancake Flour Exhibit, and after a discussion it was decided to refer that part of the report back to the Exhibits Committee to investigate further.

The Committee on Tickets and Admissions presented a statement of the sales in the Ticket Office.

IEGER REQUEST DECLINED

The Committee on Management stated that they had declined the request of Paul Rieger & Co., to have the percentage on their sales reduced, and that the matter of the letter from the Rix Compressed Air Machinery Co., was under consideration, and that they had consulted with Mr Tacy.

The action of the Committee in regard to Paul Rieger & Co., was approved.

AWARD RIBBONS

The Committee also presented a copy of contract submitted by Brunt & Co., in regard to Award Ribbons.

The matter on motion was referred back to the Management Committee.

The Committee on Special Entertainment reported progress.

VOTING CONTEST

The Committee taking charge of the voting for exhibits reported that a meeting of the exhibitors had been held, and at their request the committee from the Board had prohibited soliciting votes in the Pavilion, and had had placards printed to that effect. The action of the Committee was approved.

The following letter was then read:

San Francisco Sept 12, 1896

Board of Managers
Mechanics Institute

Gentlemen:– A meeting of the exhibitors was held at the Board Room at the Pavilion

Mr. J. H. Gilmore in the Chair
Wm. A. Hewitt acting as Secretary

It was decided to award 6 gold medals, one to be a general sweepstake medal, and one special medal for the best machinery exhibit, the others for general exhibits.

The following committee was appointed to look after the ballots, and have them in charge and make whatever arrangements necessary–

Messrs. Fishbeck, Littlefield, Hendy, Hewitt, Massy and Laumeister

Mr Gilmore delivered the keys of the Ballot boxes to the Committee

The meeting was adjourned and the committee met for a short time and arranged for a new ballot and decided that the members of the committee should meet this morning.

The committee decided to discontinue the use of the small ballot boxes which are distributed around the building, and to have one large box made specially and placed in the center of the Pavilion near the music stand, and proper signs painted thereon. The ballots were taken from the boxes and placed in the safe in the office.

The Committee decided to have special notices inserted in the evening papers, and to see that the balloting is brought before the attention of the public in general and properly advertised.

Very truly Yours.
Wm. A Hewitt–

SUPT'S REPORT

Superintendent of the exhibition as follows:

The exhibition opened September 1st in most complete order. With but few exceptions the booths were complete and goods in place and ready for the opening. This was undoubtedly, viz, owing to the prizes offered by you for the best and

OPENING AWARDS,

most complete exhibits on the day of the opening, and I would suggest that in future exhibitions, some such inducement offered to the exhibitors would aid materially in having them all ready for the opening

The exhibition closed in good order on Saturday

the 3rd inst., at 11 P.M. The goods have all
SUPT'S. REPORT. been returned to their owners without loss or damage
being reported to me. The booths have most all
been removed from the main building, and
without the exception of the machinery, the
building will be ready to be turned over to
the janitor by to-morrow the 7th inst. (Tuesday)
or not later than the 8th inst.
EMPLOYEES The number of employees were as follows:
17 Watchmen, 2 Sergeants, 2 Women in the Check
Room, 2 Women in the Ladies Waiting Room, 1 gas
man, 1 Porter, one clerk in the Superintendent's
office, 2 men in the Art Gallery, 2 engineers
one fireman, 5 doorkeepers, Mr Clark and myself
making 38 in all. This does not include the
employees of the Ticket Office. From the opening
to the closing day included there was 115 tons
COAL 750 lbs Coal used making an average of 3 tons
330 lbs. per day. This excess over former years
was caused by the unusual display of machinery
in operation, some of which, especially a rotary
engine called for more than ordinary steam
GAS power. The total amount of gas used from
August 30th to September 5th, was 773,800 feet,
from which is to be deducted 63,700 feet used
by exhibitors. This would leave 710,100 feet,
an average of 23,670 feet per day. The total amount
of ~~water~~ electric light from September 1st to
lec Light October 3rd inclusive was, 4,423,000 wats at 20¢
per 1,000 wats - making $884.60 The number of
exhibitors was 305. This does not include the
Art Gallery which contains over 500 exhibitors
t + Photography. I would suggest at a future exhibition that
the Art and Photograph Gallery should be
separated, as it is my opinion each would
prefer to have a gallery by themselves. I would also
suggest that the double season tickets, that
ntifying Tickets should be in some way identified, so that ladies
might not abuse them as they have done at this
exhibition. Instances are known where most
all of the lady guests of an entire hotel have used
one ticket which was known as the hotel ticket.
I also would suggest that ~~the~~ before another Fair

Regular Oct 6/96. 433

Overhauling Closets that the urinals and closets for the men on the
main floor should be overhauled and put in order
and doors put on the closets. I also would suggest
Elevator that the present elevator should be thoroughly
overhauled and put in order, or a new one
furnished, as the present one is almost useless
Exits-Gallery I would also suggest that some additional
exit from the gallery be decided upon before
another Fair, as the present stairways are
scarcely sufficient for safety in case of a panic
In conclusion I will report that the
employees have all been attentive to their duties
and courteous to visitors, with few exceptions
I would especially recommend the engineer
Dunn Praised Mr Dunn for his strict attention at all times
to the duties of his department, and I wish
to return my thanks to you gentlemen individ-
ually for your uniform kindness.
Trusting my efforts in superintending
the exhibition may have met your approval,
I am

Very respectfully

GUNDLACH-BUNDSCHU WATERFALL IMBROGLIO

The Secretary then read two letters from the Gundlach Bundschu Wine Company, to the President of the Institute to the effect that they had been compelled under threats of attachment by the F W Krogh Mfg Co., to pay a bill of $178.21 for pumping machinery to pump the water for the waterfall in his exhibit, and they protested against the same, as they claimed that they had been given to understand that they would be under no expense in the matter.

A statement was made by the President, Mr Gilmore and Mr Clark, in the matter, and Mr Heald moved that the matter be referred to the Management Committee with power.

Mr Ayers moved to amend the motion to read that the Institute pay to the Gundlach Bundschu Wine Company $178.21 the amount they had paid to the Krogh Mfg Co.

The amended motion was carried by the following vote - ayes - Ayers, Healy, Leggett, Lewis, Mr President (5) Noes - Heald, Presson, Root, (3) Not voting Mr Cole

On motion the Management Committee were instructed to take up the matter and investigate it and see what could be done toward having the Institute reimbursed by the Krogh Mfg Co.

LUMBING

The President called the attention of the Board to the promise he had been authorized to make to the Board of Health, to repair the plumbing in the Pavilion after the close of the Fair, and on motion the matter was referred to the Pavilion Committee to report on.

The bill of Williams & Belser for paving 16th St., which had already been arranged to be paid for after the Fair amounting to $1428.00 was ordered paid by the following vote ayes - Ayers, Cole, Heald, Healy, Leggett, Lewis, Presson, Root, Mr President (9) Noes - None.

The Secretary was instructed to write to the Chief of Police, thanking him for his kindness

THANKS TO POLICE, PRESS &c.

in providing officers for the Fair, and commending the courteous treatment and efficient service of officers Jerry Clifford, Reuben A Wolf and Chas. Joseph.

The Secretary then stated to the Board that he had received very courteous treatment from the newspaper representatives and from the City Editors of the various papers, and on motion the Secretary was instructed to write a letter of thanks to Thomas Garrett City Editor of the Examiner, E Simpson City Editor of the Chronicle, and Jas. McMullen City Editor of the Call, thanking them for their kind treatment to the Institute during the Fair.

REFERENCE

Mr Leggett then presented a request from W B Robertson to withdraw a book from the Reference Department and on motion the request was granted under the usual restrictions.

REDW'D CARPENTER

Your Finance Committee beg to report as follows: In the matter of the bill of the Redwood Carpenter for $99.00 which was referred to them at the last meeting - the bill is for alleged damages caused by the removal of the building and the alleged refusal of the Mechanics' Institute to allow the parties to exhibit after they had once entered the building, but as the matter was one beyond the control of the Institute, and as the Institute was notified by the Fire Marshall that he would not allow the exhibit in the building, we can not see that the Institute is liable in any way and recommend that the Board decline to pay the bill.

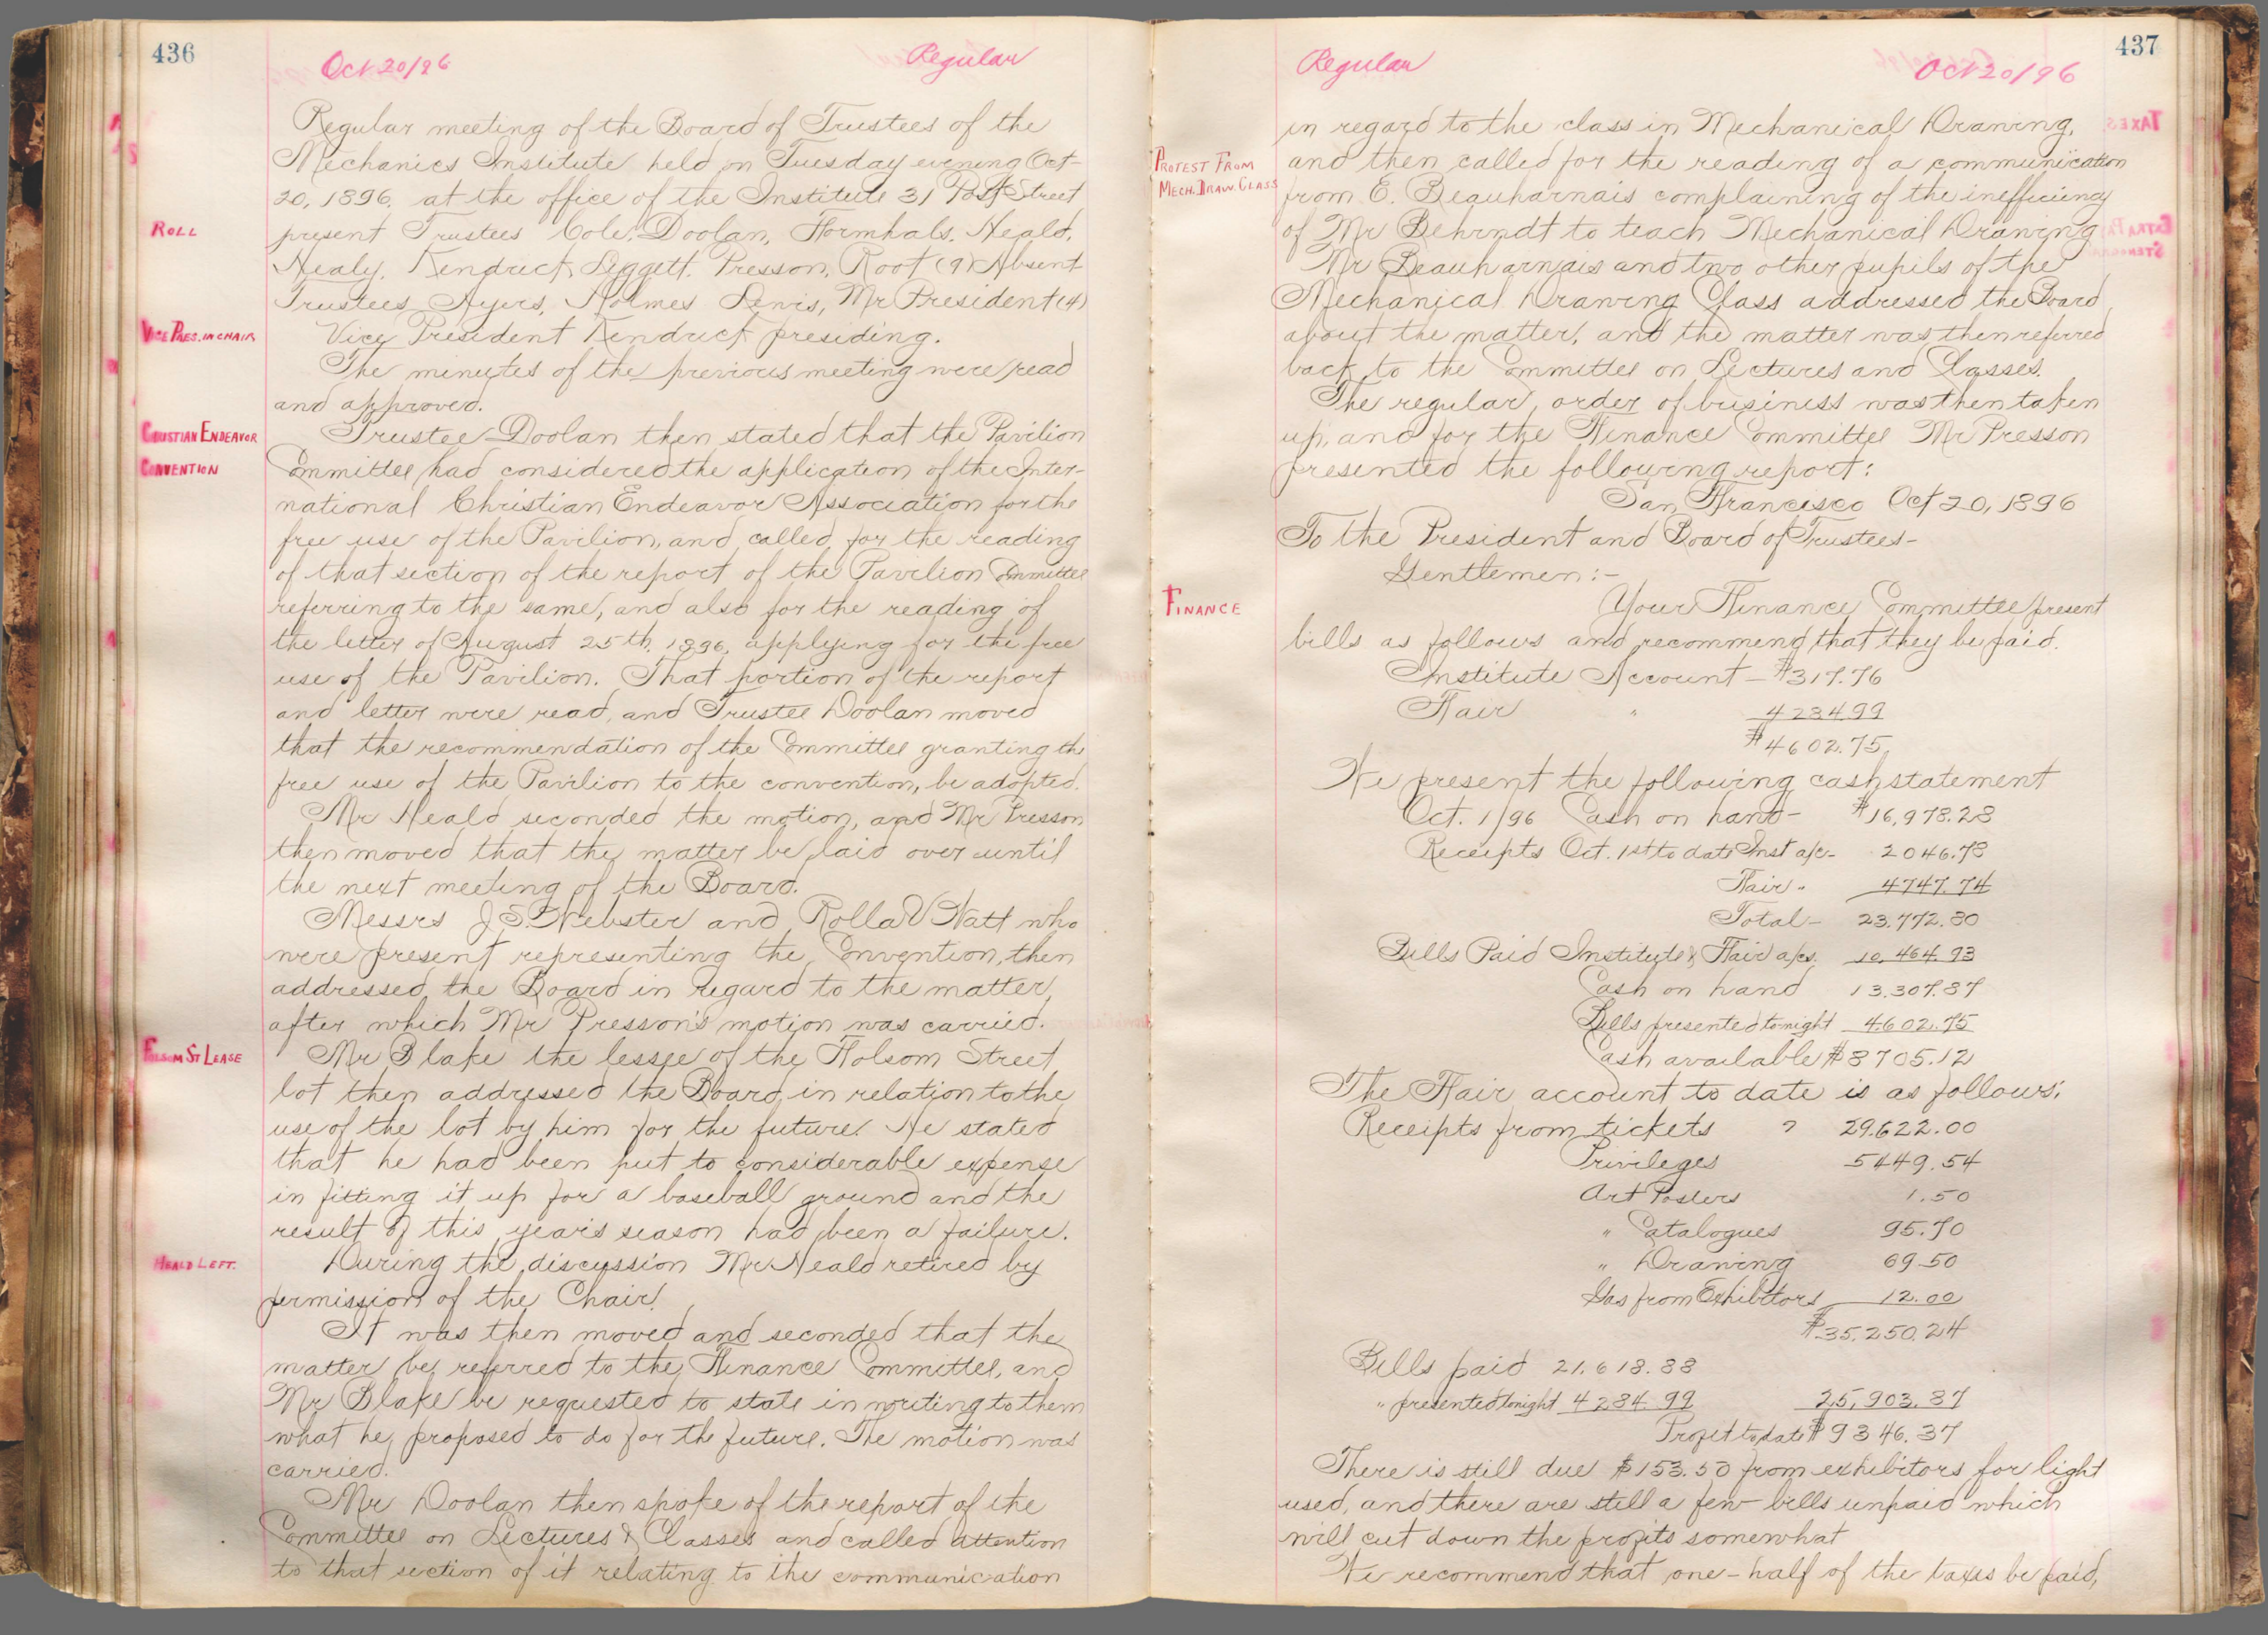
Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



Regular meeting of the Board of Trustees of the Mechanics Institute held on Tuesday evening Oct. 20, 1896, at the office of the Institute 31 Post Street

ROLL

present Trustees Cole, Doolan, Hormhals, Heald, Healy, Kendrick, Liggett, Presson, Root (9) Absent Trustees Ayers, Holmes Denis, Mr President (4)

VICE PRES. IN CHAIR

Vice President Kendrick presiding.

The minutes of the previous meeting were read and approved.

CHRISTIAN ENDEAVOR CONVENTION

Trustee Doolan then stated that the Pavilion Committee had considered the application of the International Christian Endeavor Association for the free use of the Pavilion, and called for the reading of that section of the report of the Pavilion Committee referring to the same, and also for the reading of the letter of August 25th, 1896, applying for the free use of the Pavilion. That portion of the report and letter were read, and Trustee Doolan moved that the recommendation of the Committee granting the free use of the Pavilion to the convention, be adopted.

Mr Heald seconded the motion, and Mr Presson then moved that the matter be laid over until the next meeting of the Board.

Messrs J S Webster and Rolla V Watt who were present representing the Convention, then addressed the Board in regard to the matter, after which Mr Presson's motion was carried.

FOLSOM ST LEASE

Mr Blake the lessee of the Folsom Street lot then addressed the Board in relation to the use of the lot by him for the future. He stated that he had been put to considerable expense in fitting it up for a baseball ground and the result of this year's season had been a failure.

HEALD LEFT.

During the discussion Mr Heald retired by permission of the Chair.

It was then moved and seconded that the matter be referred to the Finance Committee, and Mr Blake be requested to state in writing to them what he proposed to do for the future. The motion was carried.

Mr Doolan then spoke of the report of the Committee on Lectures & Classes and called attention to that section of it relating to the communication

PROTEST FROM MECH. DRAW. CLASS

in regard to the class in Mechanical Drawing, and then called for the reading of a communication from E. Beauharnais complaining of the inefficiency of Mr Behrndt to teach Mechanical Drawing. Mr Beauharnais and two other pupils of the Mechanical Drawing Class addressed the Board about the matter, and the matter was then referred back to the Committee on Lectures and Classes.

The regular order of business was then taken up, and for the Finance Committee Mr Presson presented the following report:

Your Committee on Lectures and Classes would report that there are now 25 pupils in the Class of Electricity, and Professor Farmer, the instructor, feels very hopeful of having 30 pupils to commence with. In the Class of Mechanical Drawing Mr Behrend instructor there are 25 pupils-

In the class of Free Hand Drawing, Mr Latimer, instructor, there are 39 pupils.

CHANGE SIGN.

We recommend that the sign on the window fronting the sidewalk be changed so as to read Class Room instead of Reading Room.

We received a communication from E. Beauharnais relative to the Class in Mechanical Drawing which we submit to the Board with the request that Mr Beauharnais and others be requested to appear before the Board and make a statement.

We have considered the subject of lectures and will report to the Board at the next meeting-

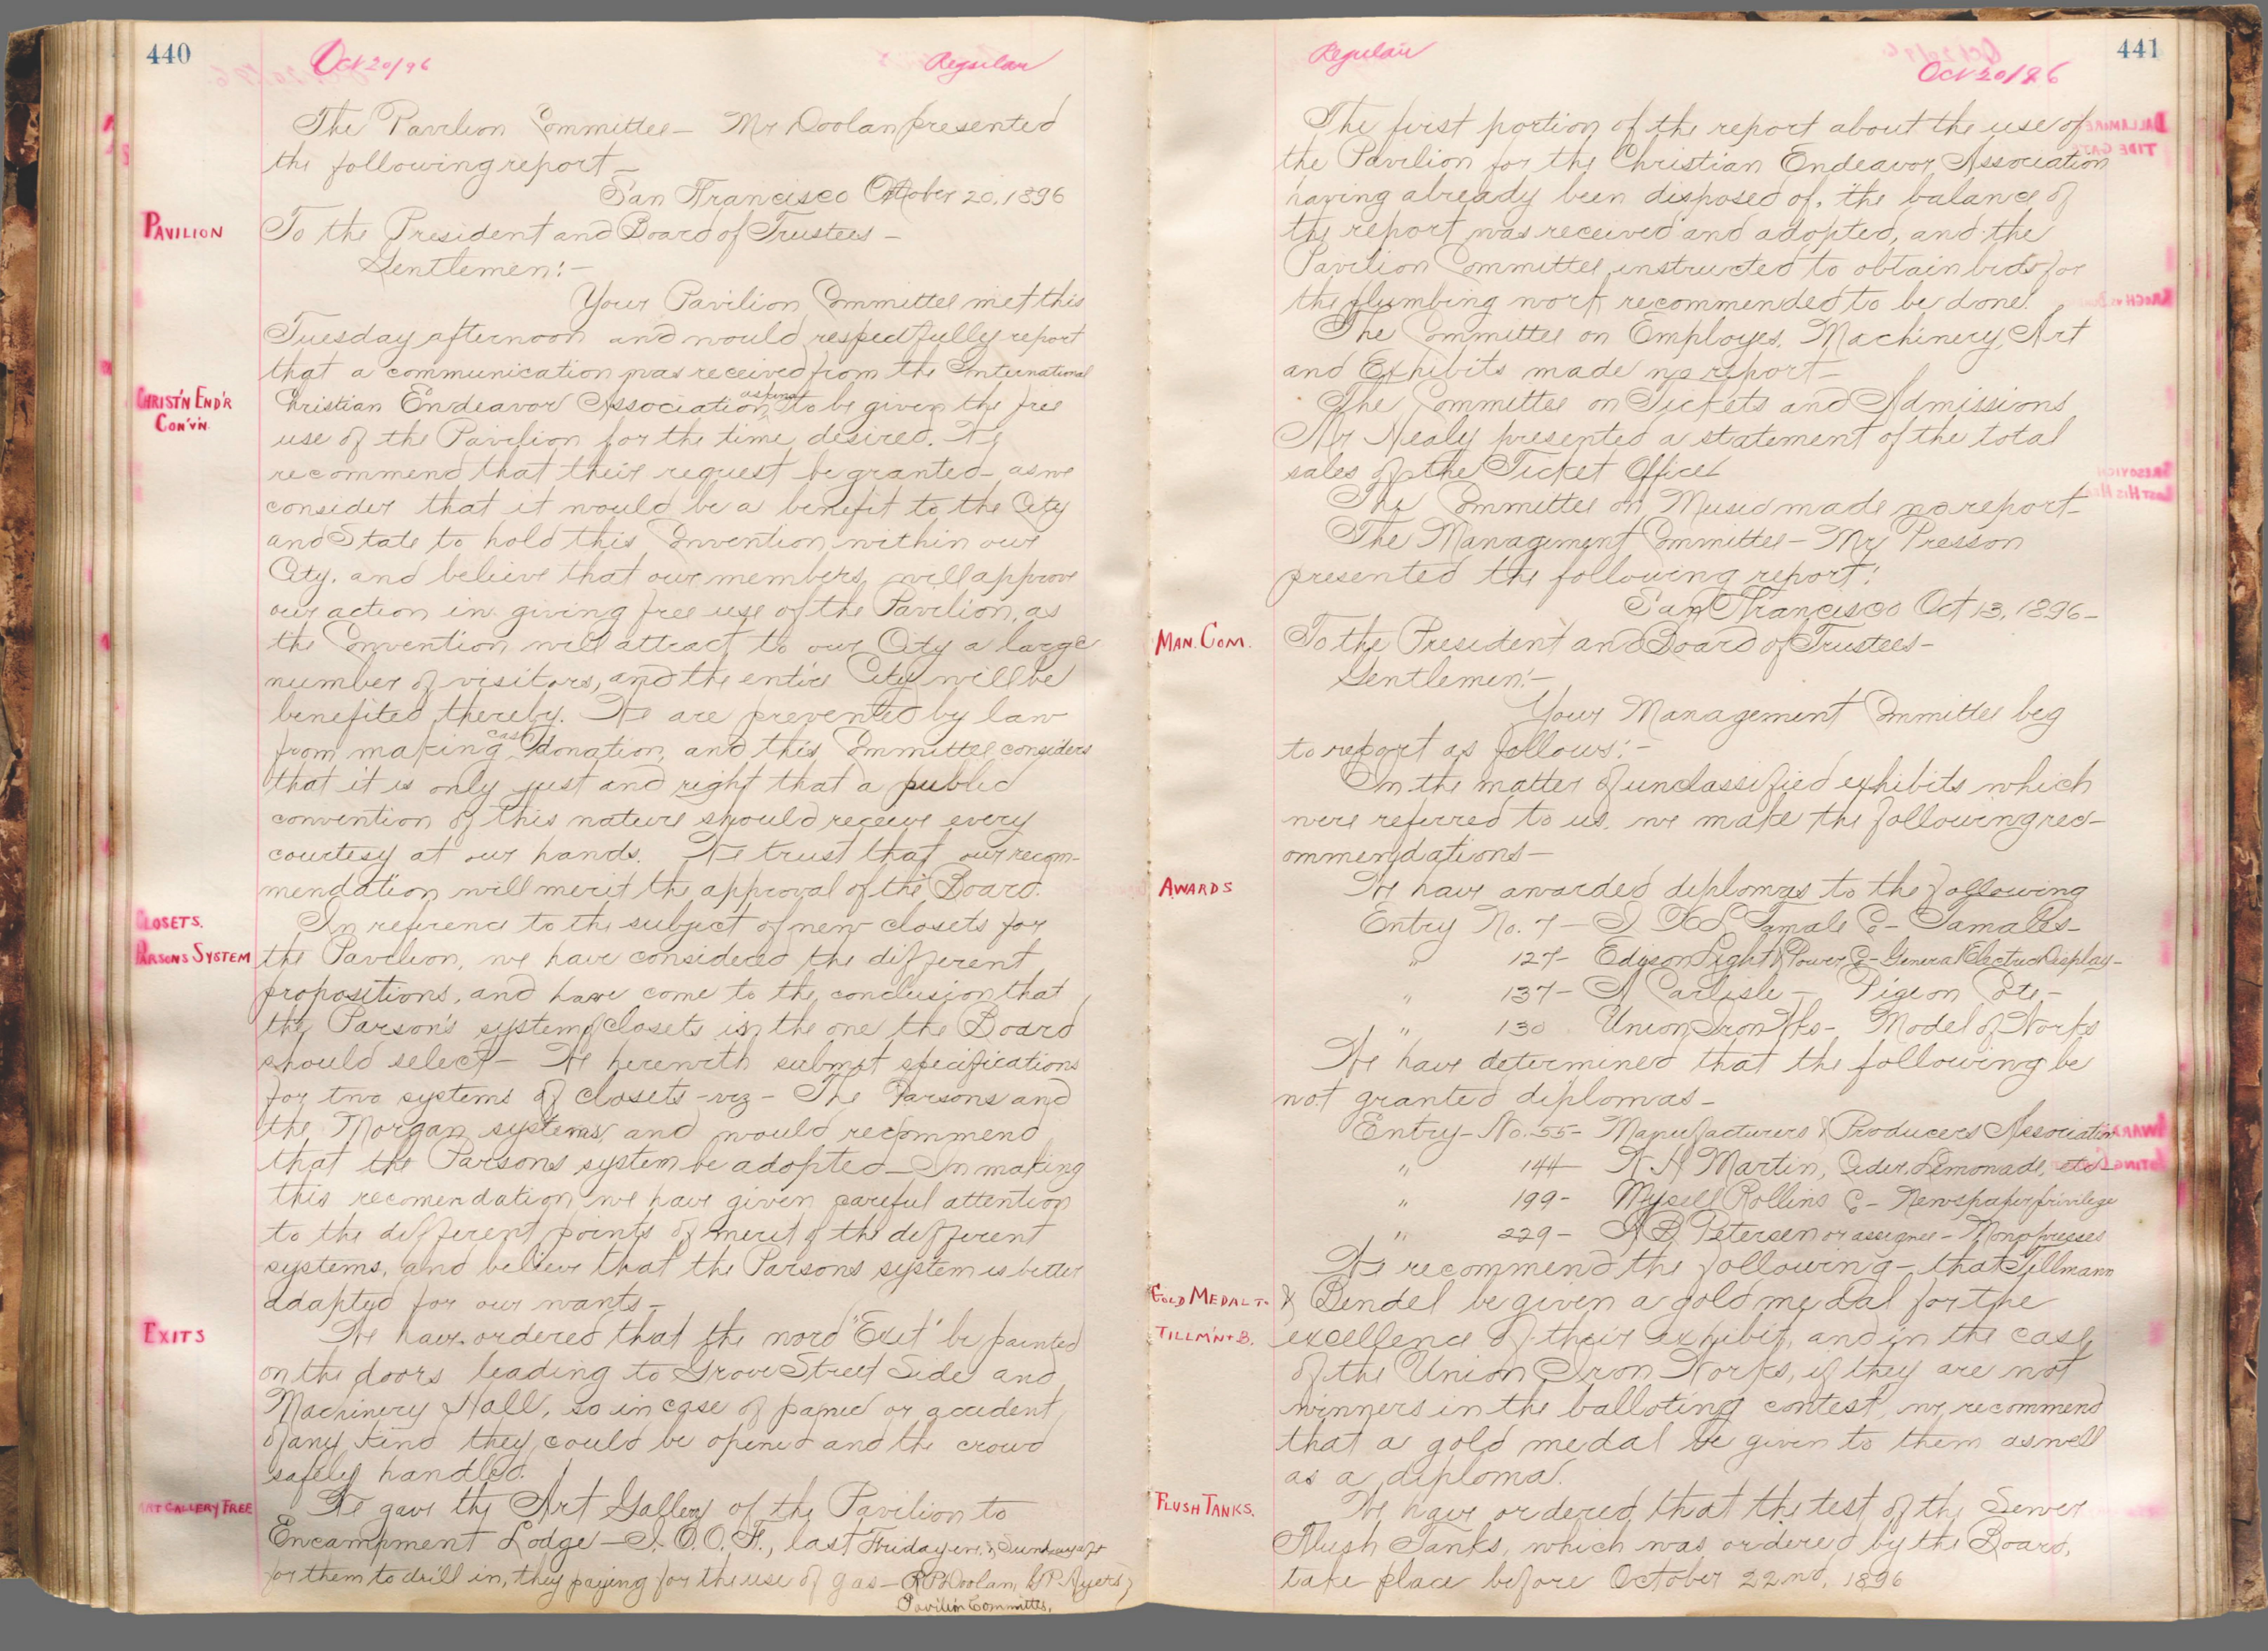
Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



Oct 20/96 Regular

The Pavilion Committee — Mr Doolan presented the following report —

San Francisco October 20, 1896

PAVILION To the President and Board of Trustees —

Gentlemen: —

Your Pavilion Committee met this Tuesday afternoon and would respectfully report that a communication was received from the International

CHRIST'N END'R CON'V'N. Christian Endeavor Association asking to be given the free use of the Pavilion for the time desired. We recommend that their request be granted — as we consider that it would be a benefit to the City and State to hold this Convention within our City, and believe that our members will approve our action in giving free use of the Pavilion, as the Convention will attract to our City a large number of visitors, and the entire City will be benefited thereby. We are prevented by law from making cash donation, and this Committee considers that it is only just and right that a public convention of this nature should receive every courtesy at our hands. We trust that our recommendation will merit the approval of the Board.

CLOSETS. PARSONS SYSTEM In reference to the subject of new closets for the Pavilion, we have considered the different propositions, and have come to the conclusion that the Parson's system of closets is the one the Board should select — We herewith submit specifications for two systems of closets — viz — The Parsons and the Morgan systems, and would recommend that the Parsons system be adopted — In making this recomendation we have given careful attention to the different points of merit of the different systems, and believe that the Parsons system is better adapted for our wants —

EXITS We have ordered that the word "Exit" be painted on the doors leading to Grove Street Side and Machinery Hall, so in case of panic or accident of any kind they could be opened and the crowd safely handled.

ART GALLERY FREE We gave the Art Gallery of the Pavilion to Encampment Lodge — I. O. O. F., last Friday eve. & Sunday aft for them to drill in, they paying for the use of gas — R P Doolan, G P Ayers, Pavilion Committee.

Regular Oct 20/96

The first portion of the report about the use of the Pavilion for the Christian Endeavor Association having already been disposed of, the balance of the report was received and adopted, and the Pavilion Committee instructed to obtain bids for the plumbing work recommended to be done.

PAVILION
HORSE SHOW RENT.

Your Pavilion Committee reports as follows: We have had an interview with the representatives of the Horse Show Association and have fixed upon the following rate for the rental of the Pavilion commencing Friday, Dec. 4th, or whatever day they commence work, the rent from that day to the opening of the Show including Sundays is to be $50.00 per day, During the show which lasts from Dec. 9th to 12th inclusive the rent to be $100.00 per day, Sunday Dec. 13th they to pay nothing, Monday December 14th, rent to be $100.00, thereafter rent to be $50.00 per day until they have removed all their property from the annex, they to take up and replace the partition between the main hall and the annex at their expense. Any additional premium for insurance on the building during said time to be borne by them, they to provide proper fire protection satisfactory to this committee during the time they are in the Pavilion. We have also agreed to allow them the free use of Machinery Hall from the 1st of December to the time they commence to pay rent for the balance of the building when Machinery Hall will be included in their other rent

We would bring to the attention of the Board the dilapidated and dangerous character of the present seats in the Pavilion and would earnestly request the Board to take some action towards providing better seats.

We are now engaged in obtaining bids for the new plumbing work at the Pavilion. An estimate has been made, and the cost will be in the neighborhood of $1500.00 or $1600.00.

Respectfully submitted-
R. P. Doolan.

The report was received and adopted, and the matter regarding the seats in the Pavilion referred to the Committee on Library, Rooms & Building.

CHRIST'N END'R TO PAY $500.

Under unfinished business the matter of the application of the Christian Endeavor Association for the use of the Pavilion, was brought up. Mr Kendrick moved that they be granted the use of the Pavilion during the time of their Convention together with reasonable necessary time for fitting up and clearing out for the sum of $500.00. The motion was carried.

The matter of the award for Flush Tanks was then brought up.

FLUSH TANKS.

Mr Ayers moved that the action of the Board at the meeting of October 6th, ordering a new test of the Sewer Flushers, be reconsidered. The motion to

reconsider was carried, and the original motion to order a new test of the Sewer Tanks, was lost.

CERT. TO WALKER

Mr Heald moved that a certificate be granted to the Walker Siphon Flush Tank, for simplicity of working parts. The motion was carried.

THANKS TO JURORS &C

On motion the Secretary was instructed to send letters of thanks to the Jurors who acted during the Fair; to the Board of Fish Commissioners for the display of fishes made by them, and to the Manufacturers & Producers Association for their assistance during the Fair.

CERT TO GOV. BUDD

A certificate was ordered issued to Governor Jas. H. Budd in commemoration of his visit to the Fair. The thanks of the Board were ordered extended to Prof. E. S Holden of the Lick Observatory for a photograph of the moon.

ROOM TO GUATEMALA FAIR

On motion the organization of Californian Exhibitors at the Central American Exposition at Guatemala, was granted the free use of the Directors Room to hold their meetings, and for their Secretary to use as his office.

REF. BOOK

A request from Miss Pauline Morrill for withdrawal of a volume of the Fortnightly Review, from the Reference Room, was granted under the usual conditions

PRES. GIVES PHOTO.

Mr Denicke then presented to the Board a large photograph showing a general view of the recent Fair, and on motion of Mr. Kendrick the thanks of the Board were extended to Mr Denicke for the same.

HORSE SHOW $1000

The Secretary brought to the attention of the Board the fact that the $1,000.00 check of the Horse Show Association, which was deposited with the Institute for the Horse Show of last December, was still in the Institute's possession, as the $100.00 rent over which there had been a dispute was still unpaid by the Horse Show Association.

On motion of Mr Ayers the Secretary was instructed to collect the check and refund the balance to the Horse Show Association after deducting the amount still due for last year's rent.

COLL'N OF FAIR PHOTOS.

The Secretary stated that he had purposed collecting a number of photographs of the different exhibits

Mr Behrend, teacher of the class was questioned as to the attendance and interest displayed by the pupils. He was informed of the discontent existing among the pupils and the complaint that had been made. He very fairly explained the differences that had arisen among his pupils and stated that his class was really 8 or 10 classes in one, as the scholars were differently advanced, some being beginners, whilst others were far advanced. Some desired to learn the elements of drawing whilst others wanted a training in practical work. He taught mechanical and architectural drawing and elementary geometry. The Committee visited

the class room, Mr Behrend being absent and questioned the scholars. From a very careful examination we have reached the conclusion that Mr Behrend is a competent teacher, and in every way qualified to instruct the class of Mechanical Drawing. The action of several of the scholars is unjust to the teacher, and not warranted in any manner. A little assistance on their part would tend to remove all friction. The Committee have made no arrangments as yet for lectures, but will proceed to arrange a program by the next meeting.

The report was received and adopted and a discussion then ensued as to various subjects which might be lectured upon in the near future.

The Committee on Printing and Advertising presented the following report:

San Francisco Nov. 17, 1896.

To the President and Board of Trustees—

Gentlemen:—

RNAL OF COMMERCE BILL,

Your Printing Committee reports as follows: Last April an article concerning the Mechanics' Institute was published in the annual edition of the Journal of Commerce, which was authorized by Mr A. S. Hallidie while President. The price to be paid for same was $25.00. On account of several errors in such article, the bill has never been paid. The Journal of Commerce also without any authority from the Printing Committee published a daily advertisement of the last Fair.

Your Committee would recommend that the sum of $12.50 be paid to the Journal of Commerce in settlement of all claims against the Mechanics' Institute for advertising.

Respectfully submitted— Oscar Lewis
F. Formhals,

The report was received and adopted, and the amount stated ordered paid to the Journal of Commerce by the following vote: ayes—Cole, Doolan, Formhals, Heald, Healy, Kendrick, Liggett, Lewis, Mr President (10) Noes—None.

The Committees on Pavilion, Employees, Machinery, Art, Exhibits, Tickets, and Music made no report.

The Management Committee presented the following report:

San Francisco, Nov 17, 1896.

To the President and Board of Trustees,

Gentlemen:—

Your Management Committee to whom various matters were referred reports as follows:—

AWARDS.

In the matter of the request of C. A. Smith's exhibit of a Flying Machine; of Whyte & De Rome's exhibit of a steam turbine; of the Welsbach Commercial Company for a display of Welsbach lights,—as the jurors did not recommend awards in any of these cases—we recommend that no action be taken.

The application of Dr E. Jacobs to receive an award for Spectacle Fitting in addition to the award already granted by the jurors for Optical Goods and Lense Grinding we recommend be declined, as the jurors made no recommendation for the same.

We recommend that a diploma be granted to A. Grothwell for his Insulating Compound as it was very evidently overlooked.

In the matter of Van der Naillen's School of Engineering to have diplomas granted to the different pupils exhibiting drawings, your Committee would recommend that the pupils be requested to bring the drawings to the Institute Office, and that a committee consisting of Henry Root, J. H. Culver and Gustav Behrend pass upon the same, and if they be found worthy in the judgment of this Committee, that diplomas be issued.

In the matter of the letter of the Veronica Mineral Water Company wishing to know why

Nov 17/96. Regular

the Bythinia Company had also received an award and wishing an explanation, your Committee can not see that there is anything to explain, as the jurors made such awards, and we believe that the award should stand.

In the matter of the request of Madame Steele to have the diploma issued to Steele & Bergman changed to be issued only to Madame Steele, we recommend that the same be done, provided the consent of Madame Bergman is obtained.

Your Committee is investigating the matter of purchasing the medals to be issued for the voting contest at the Fair.

Jellison-Vacat'n.

The request of A M Jellison for a vacation of four weeks commencing December 7th next, to use in making a visit to the large Libraries of the Eastern States, was granted

A letter from Geo. W Dickie in regard to increasing the efficiency of the Classes, was referred to the Committee on Lectures and Classes.

A letter from Frank Walker regarding the award for Sewer Flushers, was read and filed.

Christ'n End. Conv'n.

A letter from the International Christian Endeavor Association regarding the rent of the Pavilion, was read.

Mr Doolan then made a suggestion that as it is the intention of the Convention to rearrange the Pavilion for their Convention, it might be possible to so arrange matters that the seats which they would be obliged to build might be taken in lieu of rent.

On motion the letter and the matter of seats were referred to the Pavilion Committee.

A letter from W H Brayton regarding the purchase of Fire Extinguishers for the Pavilion was referred to the Pavilion Committee.

Chess Medal.

A communication from the Acting Secretary of the Chess Room notifying the Board that Oscar Samuels was the winner of the medal for the Chess Tournament, was read, and referred to the Special Committee of Messrs. Cole, Kendrick and Heald, appointed on the matter some time ago, with instructions to carry out the orders of the Board regarding the purchase of a medal.

Motion To Elect Trustee.

Mr Healy called attention to the vacancy still existing in the Board of Trustees, and moved that the Board now take up from the table the motion to proceed with the election of a Trustee. The motion was lost by the following vote; ayes—Doolan, Healy, Leggett (3) Noes—Cole, Formhals, Heald, Kendrick, Lewis, Root, Mr President (7)

ROLL

Regular meeting of the Board of Trustees of the Mechanics Institute held this evening at the office of the Institute 31 Post Street, present Trustees Ayers, Cole, Doolan, Flormhals, Heald, Healy, Holmes, Kendrick, Leggett, Lewis, Presson Root, Mr President (13) Absent – None.

The minutes of the previous meeting were read and approved.

FOLSOM ST LEASE

On motion the rules were then suspended, and Mr Blake the lessee of the Folsom Street lot was given permission to address the meeting. Mr Blake spoke about the proposed lease, and that the six months notice thereon might possibly work a great inconvenience to him, and he also objected to the clause about the improvements. Mr. D. R. McNeill whom Mr Blake stated was interested financially spoke to the same effect. Messrs Blake and McNeill then withdrew.

McQUEEN vs. INSTITUTE

Mr John L. Boone, the attorney for the plaintiff in the case of McQueen vs. The Mechanics' Institute, by permission then addressed the Board. Mr Boone stated that as a judgment had been rendered some time ago in his client's favor for $5,000.00 damages, and the trial in which said judgment was rendered had been set aside and a new trial ordered, and as he was now ready to proceed with the trial again, and as he had been spoken to in relation to a compromise, he stated that his client would dismiss the suit if the Mechanics' Institute would settle his doctor bill, and in addition that if the Institute would pay Mr McQueen $3,000.00 he would dismiss the suit. Mr Boone also stated that an order of Court would probably be made in a few days requiring the Institute to pay $150.00 for costs in the case. After some questioning by the members of the Board. Mr Boone withdrew, and a motion was carried that the matters of the Folsom Street lease, and of the McQueen damage suit be taken up under new business, and the regular order of business was then taken up.

The report was received and adopted, and the books ordered purchased by the following vote: ayes – Ayers, Cole, Doolan, Formhals, Heald, Healy, Holmes, Kendrick, Leggett, Lewis, Presson, Root, Mr President (13) Noes None

The Committee then presented the following report;

San Francisco, Dec. 1/96

To the Board of Trustees
of the Mechanics' Institute.

Gentlemen:–

Binding.
Books

Your Committee on Books and Donations respectfully report that they have called for bids for binding for the ensuing year, and have made a careful comparison of the bids received, on the basis of the amount of work done the past year, with the following result:

John B McIntyre	$953.01
The Hicks-Judd Co.	1023.66

This shows an apparent difference in favor of Mr McIntyre's bid of $70.65 for the year. Mr McIntyre has done the Institute's binding for the past two years, and has in almost every instance failed to keep his contract in regard to returning the books on time. This leads to both loss and inconvenience to the Institute. The matching has been poorly done in several instances. The bound magazines are insufficiently pressed, due no doubt to the lack of proper presses in his bindery. The difference in the bids lies chiefly in the cheaper class of work, and it is in reference to this class of work that there is most complaint in regard to time. During the coming year

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

a large amount of high class work will be needed to be done by the Institute, particularly Patent Report binding. For this class of work the Hicks-Judd Co's bids are lower than Mr McIntyre's. Your Committee are afraid to recommend that that class of work be awarded to Mr McIntyre. The Patent Reports ought to be pressed better than the work of that character has been done by Mr McIntyre or not at all. There is a difference of $10.00 in favor of the Hicks Judd Co's bid on work on the Patent Reports, and this would reduce the aggregate difference to $60.00

For these reasons your Committee recommend that the contract for binding the books of the Institute for the ensuing year be awarded to the Hicks-Judd Co.

We recommend that the subscriptions for American periodicals be awarded to Messrs. Johnson & Emigh, San Francisco, and the Foreign periodicals to B F Stevens, London. Their bids were the lowest offered.

By act of Congress we are now required to pay $3.00 per month for the Specifications and Drawings of the U. S. patents. This is 50 cents a month more than was formerly required. Your Committee have diligently endeavored to get them for less, but have failed in their efforts.

We therefore, recommend that the Secretary be authorized to forward to the Commissioners of Patents the sum of $72.00 to cover the cost for the years 1894 and 1895. We consider it to be absolutely necessary to have these specifications and Drawings

PERIODICALS.

The report was received and adopted, and the binding for the ensuing year awarded to the Hicks-Judd Co; the subscription for American Periodicals to Johnson & Emigh; and Foreign Periodicals to B F Stevens, and the bill of $72.00 for patents, was

ordered paid, and the Secretary instructed to draw a check for the American Periodicals amounting to $680.00 to Johnson & Emigh by the following vote: ayes – Ayers, Cole, Doolan, Formhals, Heald, Healy, Holmes, Kendrick, Leggett, Lewis, Presson, Root, Mr President (13) noes none.

The Committee on Lectures and Classes presented the following report:

CLASSES.

Gentlemen:–

Your Committee on Lectures and Classes met, Monday Nov. 23rd, present Doolan, Root. Absent – Lewis. The communication of Geo. W Dickie regarding instruction in Marine Engineering was duly considered. The Committee is of the opinion that it is unwise to form such a class at the present time, as the class in Mechanical Drawing is not any too large. We think that there are not enough scholars to form such a class.

NEW COM. ASKED

Your Committee also considered the subject of lectures, and recommend that a new committee be appointed by the President at once, and the series of lectures commenced the 1st of the year.

The Librarian also presented his Quarterly Report, the financial part of which was referred to the Finance Committee.

A letter from Governor Budd thanking the Board for the diploma sent him commemorating his visit to the Fair, was received and filed.

Delegates to Joint Conference

A letter from the Manufacturers and Producers' Association requesting the Board to appoint three delegates to a conference of different organizations in town, to discuss matters relative to the general welfare of the State was read, and on motion the Chair was authorized to appoint three delegates. The President appointed Messrs. Heald, Healy and Kendrick.

Entrance to Rear Closets,

A letter from I. T. Milliken in regard to making it possible to utilize the toilet rooms in the basement, was read and referred to the Committee on Library Rooms and Building.

Post St. Paving.

The President then stated that he had attended a meeting of the Merchants' Association relative to the paving of Post Street Geary and Stockton Streets, on condition of the property holders bearing one-half of the expense, and the City the other-half.

Regular Dec 1/96

The President stated that at this meeting he had voted in favor of such action subject to the approval of the Board of Trustees of the Institute.

Mr Holmes moved that it be the sense of the Board that the President's action be approved, and that it also be the sense of the Board that such paving be not done, unless the paving in the center of the street be done by the Rail Road Company. The motion was carried.

The matter of the Folsom Street lot was then brought up.

Folsom St Lease.

On motion of Mr Healy the motion carried at the last meeting in regard to the lease, was reconsidered, and Mr Ayers then moved that the motion carried at the last meeting be so amended that the Institute give to A. S. Blake a two years lease of the Folsom Street lot at the rate of $50.00 per month for the first year, and $100.00 per month for the second year, payable monthly in advance, the lease to commence January 1st 1897, and at the termination of the lease, the lessee be allowed to remove all improvements that he may have put thereon, except the fence and the sewers and any such improvements as would naturally attach to the real estate. The motion was carried.

McQueen Suit

The matter of the McQueen suit was then brought up, and on motion the Finance Committee and the President were instructed to investigate the matter, and confer with the Institute's attorney.

In relation to the matter of $150.00 for costs in the suit which the Institute might have to pay immediately on order of Court, Mr Leggett moved that the Finance Committee be authorized to order the payment of the $150.00, if necessary. The motion was carried by the following vote: ayes — Ayers, Cole, Doolan, Formhals, Heald, Healy, Holmes, Kendrick, Leggett, Lewis, Presson Root, Mr President (13) Noes None

Wallis Elected Trustee.

On motion of Mr Lewis the motion to proceed to elect a trustee to fill the vacancy caused by the resignation of Joseph M Cumming, was then taken up from the table and carried

On the first ballot Mr Mooser received one vote, and Mr Wallis twelve votes.

Mr Doolan moved that the election of Mr Wallis be made unanimous.

The motion was carried, and the President announced that George H Wallis had been duly elected.

Wolff Suit

A letter was then read from Page, McCutchen & Eells, informing the Board that the case of Rauer vs. the Mechanics' Institute for alleged damages to the exhibit of Julius Wolff in the Fair of 1895, which had been decided against the Institute in the Justice's Court, had been tried on appeal in the Superior Court, and judgment rendered in favor of the Mechanics' Institute.

PRES. REP.

The President then stated that he had not a written report, but mentioned numerous matters of interest occurring since the Annual meeting, among them the following

That the Reading Room had been moved upstairs to its former place;

That out of the profits of the recent Fair $5,000.00 had been paid on account of the mortgage

That Sixteenth Street in front of the Institute lot which had been paved last year had been paid ~~paid~~ for this year amounting to $1,428.00

That the sidewalks had been repaired, and are now in good condition

That a new roof had been put over the former garden in the Pavilion; the garden floor raised and the Art gallery roof reshingled, at a total cost of about $2,000.00

That the plumbing in the Pavilion would have to be changed and the seats be replaced.

That the suit of the Institute vs. J R Flirth and others, on which a new trial had been denied by the lower Court, had been appealed to the Supreme Court, and that the suit of J J Rauer vs. the Mechanics' Institute had been decided in favor of the Institute.

That the course of lectures would be recommenced this month.

That a medal had been given for the winner in the Institute Chess Tournament.

That the former Secretary J H Culver had resigned, and Joseph M Cumming elected in his place.

That it was contemplated to pave Post Street with bitumen.

CLARE'S AMEND M'T. LOST

Under unfinished business the amendment of Thomas Clare was brought up.

A motion was made that speeches on the amendment be limited to six minutes.

This motion was amended to give each speaker twelve minutes, and the amended motion was put to vote, and a division being called for Messrs Formhals and Presson were appointed tellers. The result of the vote on the amendment was 45 ayes and 12 noes.

The Chair declared the amended motion carried.

The Committee on Library, Rooms and Building presented the following report:

San Francisco, Dec. 15, 1896.

To the President and Board of Trustees,
Gentlemen:–

Your Committee on Library, Rooms and Building desire to report as follows:

NEW FLUE

There is a flue in the Reference Room over the Library in need of repair, and we recommend that your Committee be authorized to have the same remedied, at a cost not to exceed $10.00

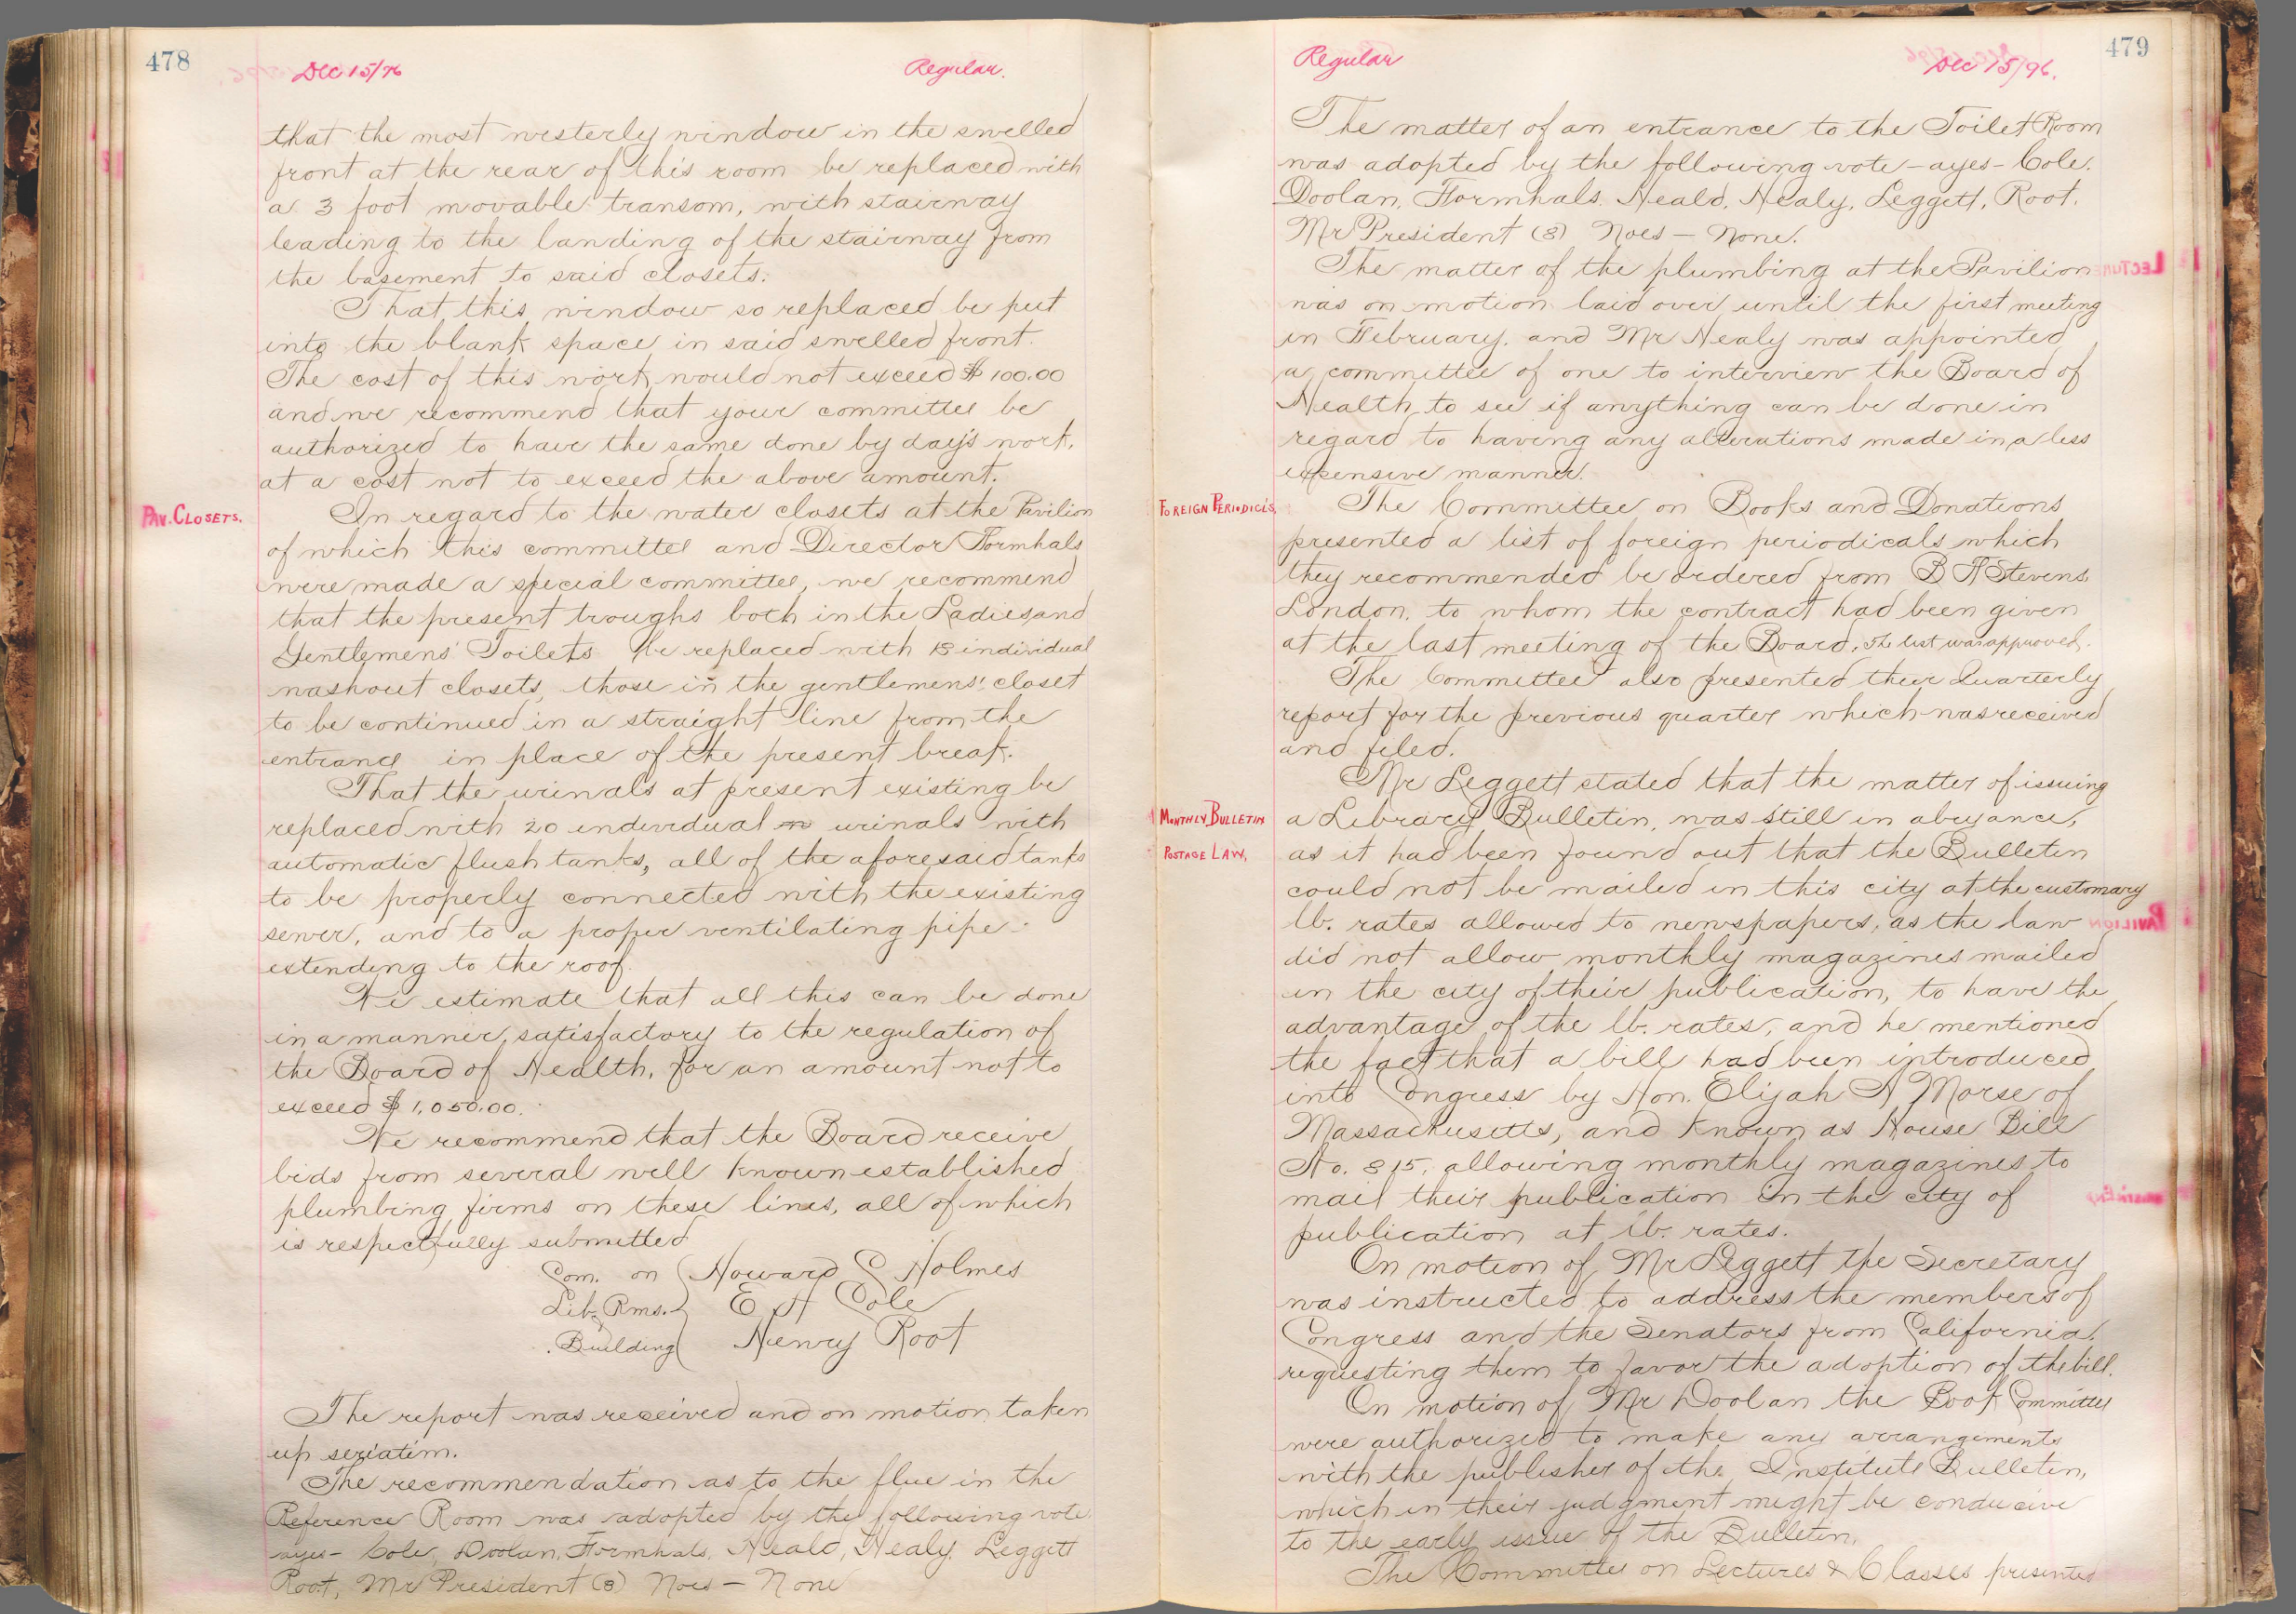
PAV. SEATS

In regard to the seats in the Pavilion, your Committee still have the matter under serious consideration, but ask for further time.

ENTRANCE TO CLOSETS.

In the matter of the entrance from the main Library to the Gentlemens' Toilet, we recommend

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



478 Dec 15/96 Regular

that the most westerly window in the swelled front at the rear of this room be replaced with a 3 foot movable transom, with stairway leading to the landing of the stairway from the basement to said closets.

That this window so replaced be put into the blank space in said swelled front. The cost of this work would not exceed $100.00 and we recommend that your committee be authorized to have the same done by day's work, at a cost not to exceed the above amount.

Pav. Closets.

In regard to the water closets at the Pavilion of which this committee and Director Formhals were made a special committee, we recommend that the present troughs both in the Ladies and Gentlemens' Toilets be replaced with 13 individual washout closets, those in the gentlemens' closet to be continued in a straight line from the entrance in place of the present break.

That the urinals at present existing be replaced with 20 individual urinals with automatic flush tanks, all of the aforesaid tanks to be properly connected with the existing sewer, and to a proper ventilating pipe extending to the roof.

We estimate that all this can be done in a manner satisfactory to the regulation of the Board of Health, for an amount not to exceed $1,050.00.

We recommend that the Board receive bids from several well known established plumbing firms on these lines, all of which is respectfully submitted

Com. on Lib. Rms. & Building

The report was received and on motion taken up seriatim.

The recommendation as to the flue in the Reference Room was adopted by the following vote ayes- Cole, Doolan, Formhals, Heald, Healy, Leggett Root, Mr President (8) Noes - None

Regular Dec 15/96. 479

The matter of an entrance to the Toilet Room was adopted by the following vote - ayes - Cole, Doolan, Formhals, Heald, Healy, Leggett, Root, Mr President (8) Noes - None.

The matter of the plumbing at the Pavilion was on motion laid over until the first meeting in February, and Mr Healy was appointed a committee of one to interview the Board of Health to see if anything can be done in regard to having any alterations made in a less expensive manner.

Foreign Periodicals.

The Committee on Books and Donations presented a list of foreign periodicals which they recommended be ordered from B. F. Stevens London, to whom the contract had been given at the last meeting of the Board. The list was approved.

The Committee also presented their Quarterly report for the previous quarter which was received and filed.

Monthly Bulletin
Postage Law.

Mr Leggett stated that the matter of issuing a Library Bulletin, was still in abeyance, as it had been found out that the Bulletin could not be mailed in this city at the customary lb. rates allowed to newspapers, as the law did not allow monthly magazines mailed in the city of their publication, to have the advantage of the lb. rates, and he mentioned the fact that a bill had been introduced into Congress by Hon. Elijah A. Morse of Massachusetts, and known as House Bill No. 815, allowing monthly magazines to mail their publication in the city of publication at lb. rates.

On motion of Mr Leggett the Secretary was instructed to address the members of Congress and the Senators from California, requesting them to favor the adoption of the bill.

On motion of Mr Doolan the Book Committee were authorized to make any arrangements with the publisher of the Institute Bulletin, which in their judgment might be conducive to the early issue of the Bulletin.

The Committee on Lectures & Classes presented

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

The Pavilion Committee presented the following report:

PAVILION

San Francisco Dec. 15. 1896.

To the President and Board of Trustees

Gentlemen:-

Your Pavilion Committee would report as follows:

The Pavilion is now being occupied by the Horse Show Association, and will be vacated in a few days.

CHRISTN END

Mr Watt of the Christian Endeavor Association reports that they have not definitely selected an architect, but as soon as they do, they will submit the proposition of seats to him.

We would again call the attention of the Board to the importance of doing something with providing the Pavilion with new seats, as the present ones are dangerous to life and limb.

We would also call your attention to the water closets of the Pavilion, and ask that something be done to put them in a sanitary condition

Last June the first time the Pavilion was rented

REPAY NAT. ATH CLUB

to the National Athletic Club. a deposit of $100. was received from them for gas and damage. The assessment being made by the Pavilion Committee, the gas and damage came to $77.00 leaving $23.00 to be returned. This money has never been refunded to the Club. and as they are rightfully entitled to it, we recommend that the same be paid to the National Athletic Club.

The Art Committee presented the following report. which was received and approved

San Francisco, Dec. 15, 1896.

To the President and Board of Trustees -

Gentlemen:-

ART DRAWING.

Your Art Committee would report as follows regarding the Art distribution of the California Association of Art patrons.

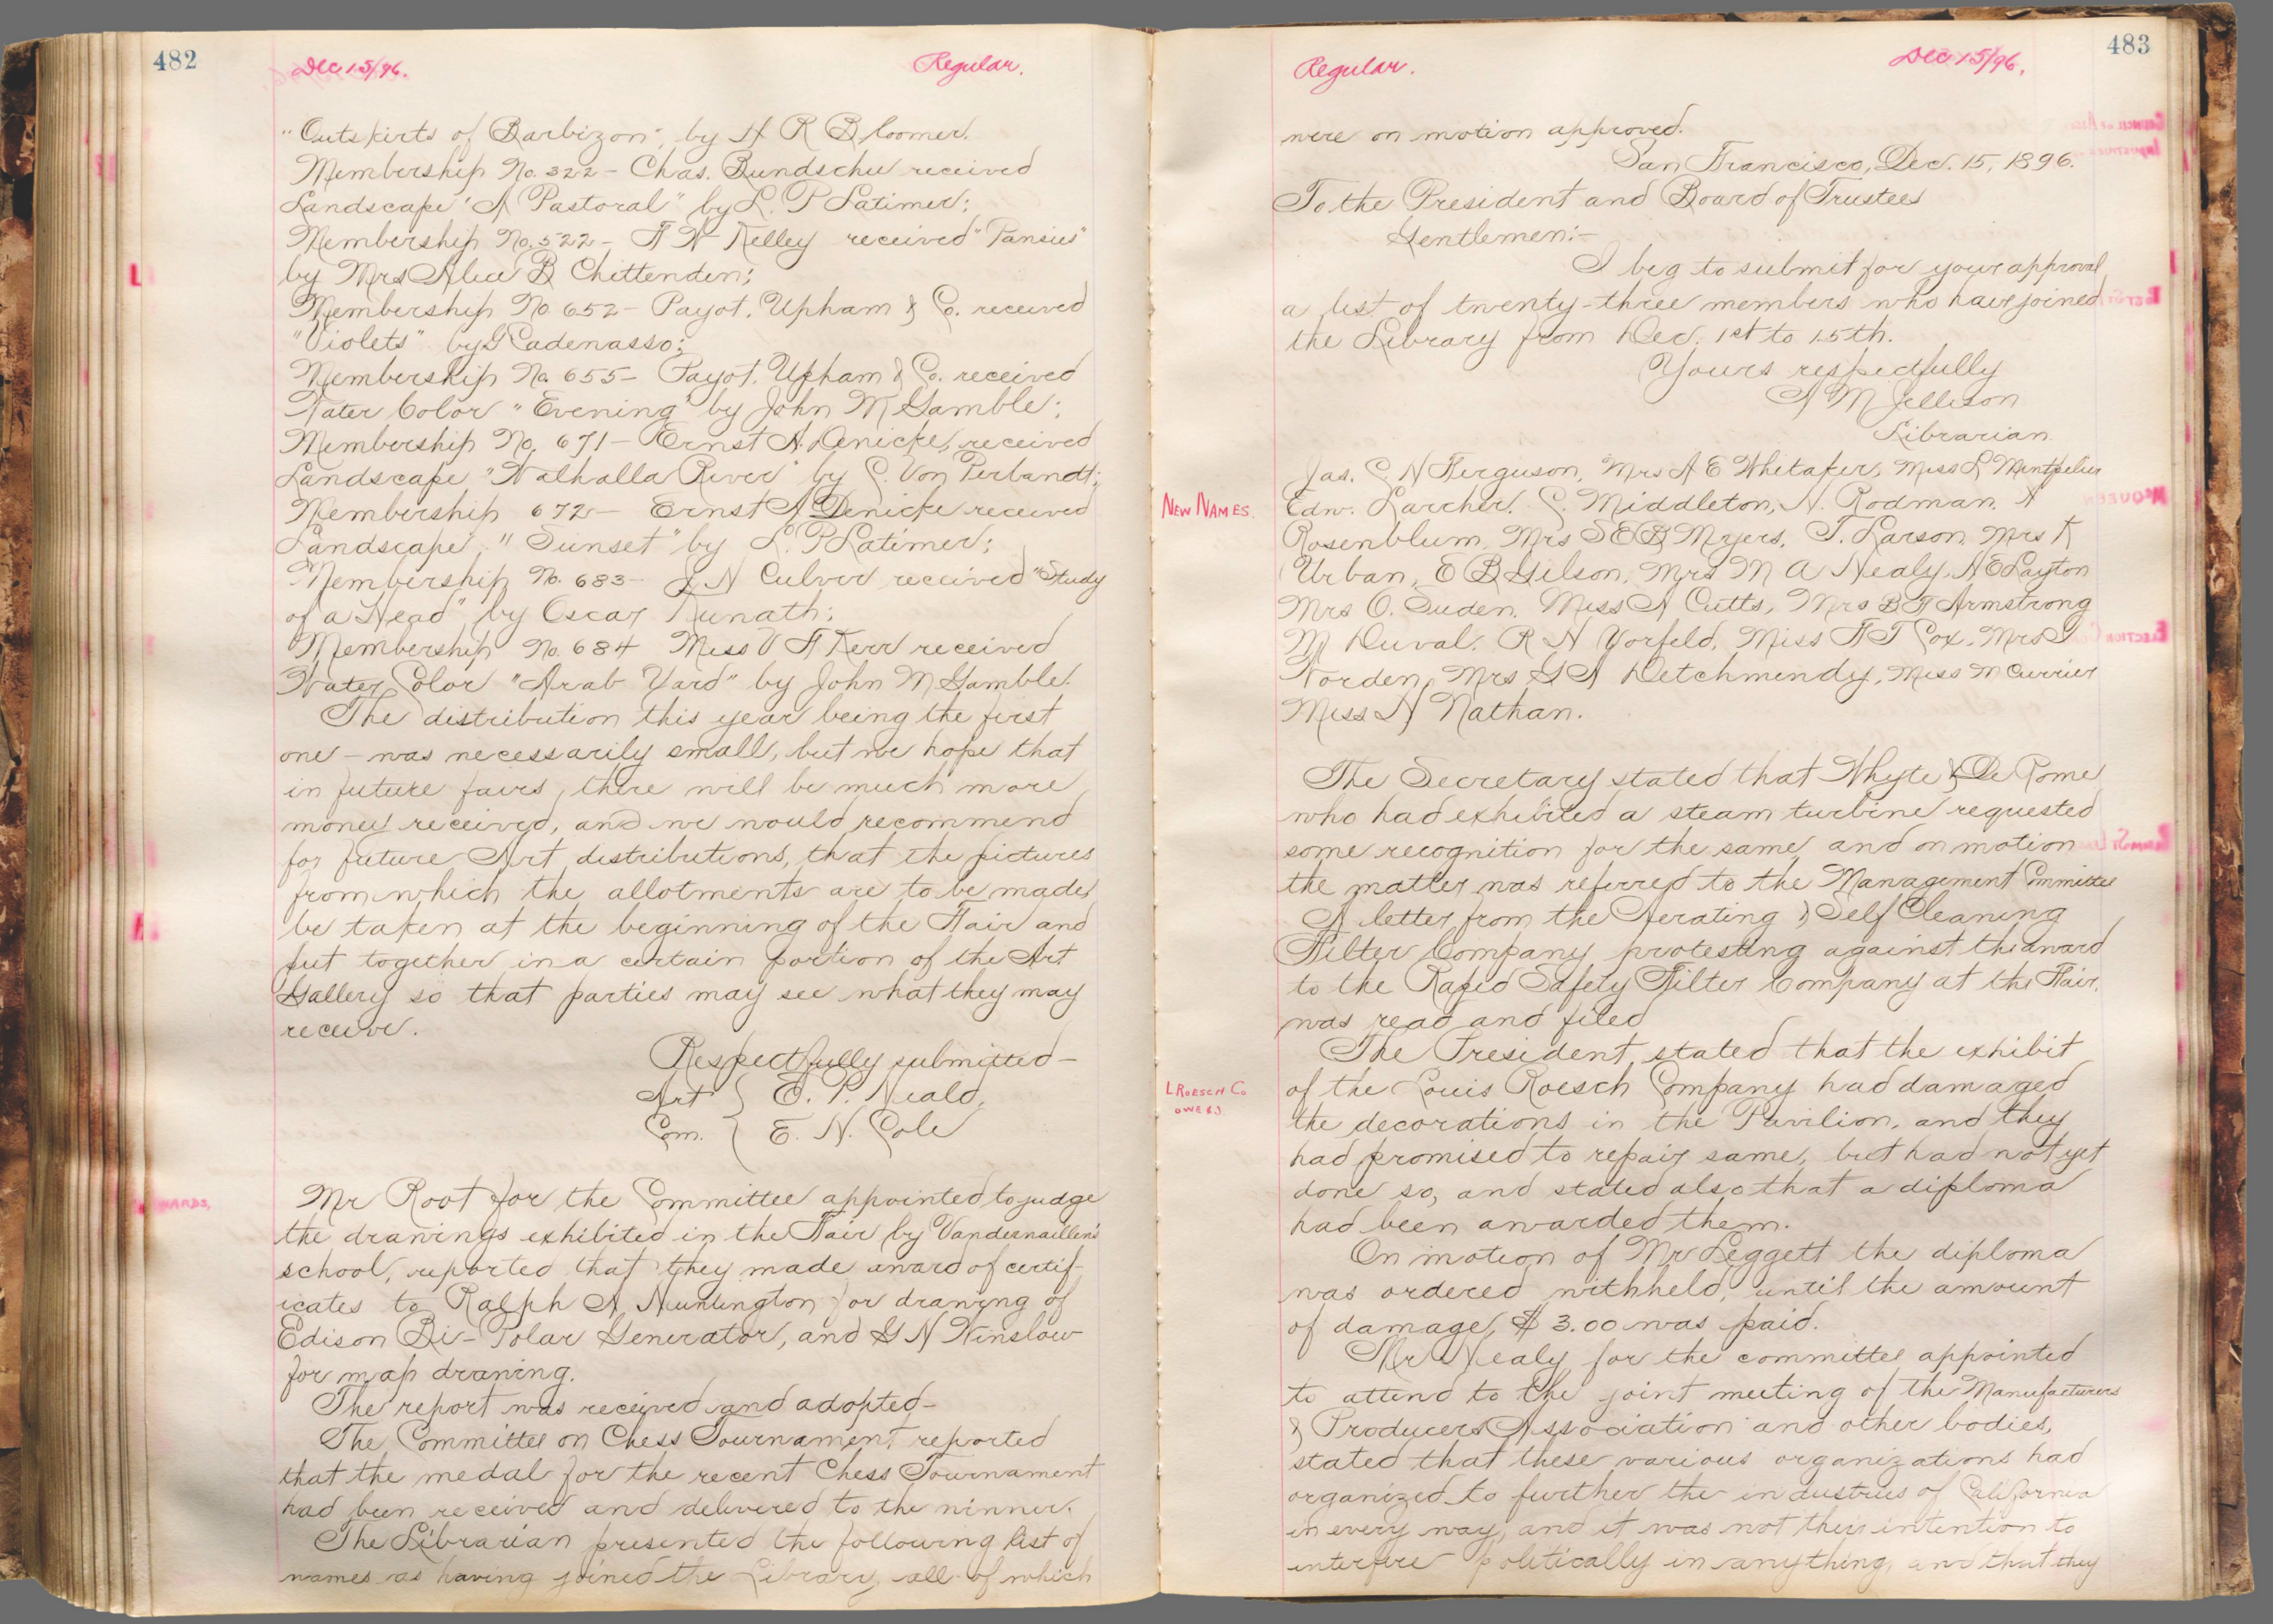
There were 270 subscriptions for membership received at 50 cents, making $135.00. The amount spent for pictures, was $132.00 - eleven pictures being purchased. The artists in all cases reduced their price materially, and we recommend that in the distribution next year, if one is held, that as far as possible those artists that who helped the distribution out this year, be favored. The distribution took place on Thursday afternoon Dec. 10th last, under the supervision of the Art Committee. The pictures were alloted as follows:

Membership: No. 103 Miss L E. Clark, received Landscape "Valley of the Colne, England" by H R Bloomer

Membership. No. 206 - Howard C Holmes received Landscape "Rondout Creek", by C Von Perbandt.

Membership No. 320 - Chas. Bundschu received

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



"Outskirts of Barbizon", by H R Bloomer.
Membership No. 322 – Chas. Bundschu received Landscape "A Pastoral" by L. P Latimer;
Membership No. 522 – F W Kelley received "Pansies" by Mrs Alice B Chittenden;
Membership No 652 – Payot, Upham & Co. received "Violets" by G Cadenasso;
Membership No. 655 – Payot, Upham & Co. received Water Color "Evening" by John M Gamble;
Membership No. 671 – Ernst A. Denicke, received Landscape "Walhalla River" by C Von Perbandt;
Membership 672 – Ernst A Denicke received Landscape "Sunset" by L. P Latimer;
Membership No. 683 – J N Culver received "Study of a Head" by Oscar Kunath;
Membership No. 684 Miss V A Kerr received Water Color "Arab Yard" by John M Gamble.

The distribution this year being the first one – was necessarily small, but we hope that in future fairs, there will be much more money received, and we would recommend for future Art distributions, that the pictures from which the allotments are to be made be taken at the beginning of the Fair and put together in a certain portion of the Art Gallery so that parties may see what they may receive.

The Committee on Lectures and Classes presented the following report, which was received and adopted

San Francisco Jan. 5, 1897

To the President and Board of Trustees—

Gentlemen—

LECTURES.

Your Committee on Lectures and Classes report as follows:—

In addition to the lectures already held the following lectures have been arranged for;

Jan. 9th, Prof. W. T. Ardley on "Decoration and Its Evolution."

Jan. 16th, W L Watts, "Petroleum Deposits of California."

Jan. 23rd, O. V. Lange, "Through the University of Cal. with a Camera."

Jan. 30th. Lieutenant Colonel Greenleaf "Hygiene"

In February we will have a lecture on "Redwood" by Geo. D. Gray; on Food by Prof. Meyer Jaffa on Flying Machines by Prof. Thomas Price.

The lectures have been well attended and great interest shown.

The Classes have been opened for the Spring term and we hope to have an exhibition of the drawings in the Class of Freehand Drawing in the Class Room some time next month.

HOLMES CAME

Mr Holmes entered during the reading of the report;

The Committees on Printing and Pavilion made no report.

The Committee on Employees — Under this head a letter was read from the Librarian informing the Committee that R. D. Colquhoun was entitled to an increase in salary of $5.00 per month from Jan. 7th 1897.

The matter was referred to the Committee on Employees.

Mr Doolan entered.

All reference to Mr Jeffers ordered stricken out Jan 19/97 Jos M Cumming Secty

~~The President stated that he had found it necessary to suspend Wm Jeffers, one of the janitors for non-attendance on his duties, and requested instructions from the Board.~~

JANITOR

It was moved that the entire matter of ~~the suspension and discharge of Mr Jeffers and~~ the hiring of a new janitor be referred to the Committee on Employees with power.

The President called attention to the fact that many places in town followed the plan of making a contract with responsible parties to provide janitor service for a building, and referred the idea of doing same in the Institute to the Board's consideration.

A discussion also ensued as to the advisability of having one head janitor to be responsible to the Board.

The Committees on Machinery, Art, Exhibits, Tickets, Music made no report —

Certificates for the Fair have all been delivered the six medals awarded on popular vote, and the medal awarded to Tillmann & Bendel have been received and delivered to the proper parties.

In addition the medal awarded to the

Fulton Engineering & Ship Building Works was for the joint exhibit of the Fulton Engineering & Ship Building Works, and the Rix Compressed Air Machinery Company — These firms, together, paid for an extra medal and a medal was issued to each one. The bill for the medals $140.00 has been passed.

In the matter of the exhibit of Whyte & De Rome, a Steam Turbine at the Fair —

WHYTE & DEROME TURBINE.

Whyte & De Rome have requested a certificate issued to them, not for the superiority of the Turbine, or any recommendations as to its merits, but rather something that would be evidence that they had exhibited the Turbine at the Fair — as they went to considerable expense to produce this exhibit. We recommend that a Certificate be issued to Whyte & De Rome for the display of a Steam Turbine.

The Committee on Lectures and Classes presented the following report—

San Francisco, Feb. 2, 1897.

To the President and Board of Trustees,

Gentlemen:—

Your Committee on Lectures and Classes would recommend that the lectures close the end of March. We herewith submit a partial list of lectures as follows:

LECTURES

Feb 6th – Prof. D. S. Jordan – The Fur Seal as an International Issue.
Feb. 13th Bernard Buenenfeld – Origin and History of Asphalt.
Feb 20th – Rounseville Wildman – The White Rajah of Borneo.
Feb. 27th Willard Deahan – American Railroads and their Engineering

DISCONTIN'G MECH. DRAWG CLASS.

The Committee would further recommend that the Class in Mechanical Drawing be discontinued for the present, as the number of pupils is but fifteen, of which but seven have paid their class fee for the second term. The interest we find in this class is very small, and we believe it would be better that it be discontinued from this date, and the money advanced by the seven pupils returned to them. They have already run one month with but seven paying scholars.

We find that the class in Free Hand Drawing consists of 33 pupils. Great interest is here displayed. An exhibition of the drawings of the pupils of this class will be held during the month—

Respectfully submitted
R. P. Doolan. Henry Root – Com.

The report was received and approved, and the recommendation as to discontinuing the class in Mechanical Drawing adopted, and the refunding of the amount of tuition fees paid by the pupils for the term, ordered repaid to them by the following vote: ayes – Ayers, Cole, Doolan, Formhals, Heald, Holmes, Leggett, Presson, Root, Wallis, Mr President (11) Noes – None.

Healy on Sanitation.

Mr Healy for the Sanitation Committee appointed to interview the Board of Health regarding the plumbing in the Pavilion, made a lengthy written report describing the work which he had ordered done in the Pavilion, stating that he had had all fungoi covered wood, and all deposits of sedimentary incrustations removed, and a new perforated pipe placed in the urinal.

The report also dealt with the legal status of the matter, and the power of the Board of Health to change the plumbing in the Pavilion, In addition, appended to the report were two exhibits "A" and "B" both signed by J. A. Jackson, Janitor of the Pavilion, exhibit "A" being to the effect that the work on the leader pipe under the Superintendent's room, was put into the Pavilion by Wm. Cronan, and Exhibit "B" that the plumbing in the closets and urinal on the lower floor in the North Eastern corner of the Building, was done by Henry Ernst-

The report was received and on motion of Mr Liggett accepted as a report of progress and the Committee on Sanitation were given further time.

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

Mr Healy also stated that Dr Williamson of the Board of Health had visited the Pavilion, and had expressed himself as pleased with the present appearance of the closets.

To the President and Board of Trustees—

Gentlemen:—

RATE TO CARNIVAL OF GOLDEN GATE

Your Pavilion Committee met this afternoon, and would report that we have considered a communication from the Carnival of the Golden Gate, and in reply would quote them a rate of $100.00 per night— for six nights with the use of two days in advance for decorating purposes,—they not to sublet or allow the use of the Pavilion for any other use than their own.

SEATS & CHRISTIAN ENDEAVOR.

We have considered a communication from the Christian Endeavor Convention, regarding the use of seats, wherein they ask that they be granted the use of such seats as we have, free of cost. We have written them a letter, a copy of which is on file, denying the request, and stating that it was agreed and understood that any seats we might have would be paid for. (Reference is made to the letter)

RENT RATE ART GALLERY

We would also report that we have quoted a rate of $75.00 for the use of the Art Gallery for two weeks, to the Rev. Fr. Kirby— (St Agnes's Church) for the use of a Church Fair. This Art Gallery has not been used for quite a long time, and we are in hopes that as this Fair will be held there, others will follow.

AYERS THINKS PAVILION SHOULD BE SOLD.

To the President and Board of Trustees

Gentlemen:—

Your Finance Committee would report that the Pavilion was freed from incumbrance at the end of 1891, and the figure it stood on the books at the annual report in March 1892, was $280,517.74.

Since then the account has been as follows

Receipts — Disbursements—

—over—

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.

	Receipts	Disbursements
Year end. Mar 1/93	$12,720.53	$10,375.75
" 1/94	20,184.98	14,539.58
" 1/95	15,674.18	11,301.75
" 1/96	13,879.76	11,938.11
" 1/97	13,532.84	12,971.92
	$75,992.29	$61,127.11

or a surplus over disbursements of $14,865.18. The net profits of the Fairs held in 1893, 1895 and 1896 were $16,095.38, a total of $30,960.56, an average for the five years of $6,192.11 per year, or a little over 2 per cent per year on the amount as it stood on our books March 1, 1892.

At that time President Kerr reported the valuation of the Pavilion Block at $1,000,000.00. If it had been sold at that time for half that amount $500,000.00, and the money placed at 6 per cent interest, it would have produced $30,000.00 per year interest, or a total of $150,000.00

In view of the above we recommend that steps be taken to sell the Pavilion Block, and that this matter be brought to the attention of the members of the Institute–

Respectfully submitted
G. P. Ayers–

The motion was carried unanimously.

RESOLUTIONS FOR CULVER.

Mr Hallidie presented the following resolutions and moved their adoption.

"Whereas it is fitting that long and faithful services of an officer in such an institution as the Mechanics Institute should be recognized by appropriate action by its members, and such recognition should be made at this time, it is therefore

Resolved by the members of the Mechanics Institute at the annual meeting held Mar 6 1897, that Mr James H Culver who is among our earliest members, and has been for twenty-one years the official secretary of the Mechanics Institute, and in charge of its business affairs and has held other official positions, all of which he has filled with credit to himself and with satisfaction to the Mechanics Institute, and having resigned to fill a position of trust and responsibility in another institution, the members of the Mechanics Institute take this opportunity and method of testifying to his worth as a man, and his integrity as an officer, and our esteem for him as a fellow member and fellow mechanic.

Resolved that the foregoing preamble and resolutions be spread on the minutes of this meeting, and an engrossed copy signed by the proper officers of the Mechanics Institute be transmitted to Mr Culver

Mr Oscar Lewis seconded the motion which was carried unanimously.

Dr Hardcastle called the attention of the Trustees to the fact that the forthcoming Library Bulletin should advertise in it thoroughly the terms of membership in the Library.

ASSESSMENT

The President stated that he had seen the assessor in regard to reducing the assessments of the Institute, and there was a possibility of reducing the assessments of the improvements on the Post Street property.

SWEENEY'S RENT

The Secretary stated that he had been unable to collect any rent from John Sweeney, and requested instructions from the Board.

The matter was referred to the Pavilion Committee with power.

ST. PATRICK'S DAY

The Secretary stated that the parties hiring the Pavilion for St. Patrick's Day had requested some slight changes to be made in the seats at the Pavilion, and requested same to be done without expense.

The matter was referred to the Pavilion Committee with power.

PARKE & LACY WANT MACH'Y, HALL.

The Secretary stated that Parke & Lacy wish to hire Machinery Hall for a few days, and use the boilers, as they wished to test a pump.

The matter was referred to the Machinery Committee with power.

ELLINGHOUSE WANTS REDUCED RENT

Alf. Ellinghouse then addressed the Board stating that he had leased the Pavilion for March 18th - for an exhibition to be given by the winner of the prize fight to take place at Carson City on the 17th of March, and as it was not a prize fight, but merely a boxing exhibition, he requested a reduction of the rent from $500.00. Mr Ellinghouse then withdrew, and Mr Gustav Hinrichs addressed the Board, and made a proposal that the Institute give a musical festival consisting of the "Damnation of Faust" to be given in May next.

HINRICHS WANTS TO GIVE DAMNATION OF FAUST.

Mr Hinrichs submitted figures showing that the expense outside of the construction, printing and advertising - would be $2,625.00.

After being questioned at length by the members of the Board Mr Hinrichs withdrew.

On the request of Alf. Ellinghouse no action was taken

The proposition of Gustav Hinrichs was then considered, and after quite a discussion Mr Leggett moved that it be the sense of the meeting, that the

Institute did not deem it safe or judicious to undertake the matter.

The motion was carried.

WELSBACH LIGHTS GET TESTIMONIAL.

The Secretary then stated that W. W. Gillespie, Agent of the Welsbach Lights had requested a statement from the Institute as to the lighting bill for the last year in comparison with the previous year.

The Secretary was instructed to write Mr Gillespie to the effect desired.

PAVILION COM. TO MAKE RATE FOR BOXING CONTESTS.

The Secretary then stated that he had been interviewed by the Directors of several athletic clubs, who were willing to rent the Pavilion for all their boxing contests, provided a reasonable rental could be arranged.

Mr Healy moved that the resolution of the Board fixing the rate of rental for boxing contests at $500.00 be rescinded.

After some discussion Mr Healy withdrew the motion, and Mr Neal moved that the matter of renting the Pavilion for boxing contests be left to the Pavilion Committee to get as much rent as possible, but not to take less than $300.00 for any one event. The motion was carried by the following vote: ayes - Formhals, Healy, Leggett, Lewis, McLaren, Neal, Plum, Wallis, Wilson, Mr President (10) Noes - Presson, Root (2)

REQUEST TO TAKE OUT BRITISH PATENT REPORTS.

548 Apr 6/97 Regular,

The Committee on Library, Rooms and Building presented the following report:

San Francisco, April 6 '97

To the Board of Trustees -

Lib R & B Com. Gentlemen:-

Your Committee on Library, Rooms and Building beg leave to report as follows:- Stair Work. The stairway connecting the main delivery room at its rear end with the rooms on the second floor is about finished, and we have approved the bill of John Boller, the builder of the stairs, for $239.00 the agreed contract price. The total cost of this improvement will be about $375.00, and we believe it is worth the money, and will be appreciated by both employees and members.

Plans For More Shelves, In the matter of additional book room, we would recommend that a gallery be constructed in the principal room on the second floor at the elevation of the top row of books, as at present arranged and extending from the south west window of the room - across the west end, the entire north side and east end and ending at the easterly window on the south side, that shelving be constructed for the entire length of the gallery except opposite the door of the Reference Room, and the 3 foot door proposed to be cut through connecting the proposed new gallery with that over the door in the patent room, said new shelving to extend from the top of that at present in use to within about fifteen inches of the ceiling, this will make the top of the top row of books about six feet six inches above the proposed gallery, and make room for seven lines of books, the total length will be about 142 feet which at 6 books per foot would give room for 5,964 books say - 5,500 net - The gallery would be suspended at the outer edge by rods from the floor above, and access to it be obtained in two places, one by a narrow flight of stairs about two - and one-half feet from the south east corner of the

Regular Apr 6, 97. 549 3

room facing south, the other by cutting a door through over the center of the entrance to the patent room at the same level as the gallery at that point, and using the stairs in the patent room as now arranged, this will displace the shelf room to the extent of the size of the door, but will improve the ventilation of that room. The old cornice will be used between the top of the shelves and ceiling, but the end peaks will have to be cut down and pieced out in places. We believe the cost of the proposed work will be about five hundred dollars, but believe it necessary and recommend that this Committee be authorized to do this work.

The special committee appointed to look into the matter of obtaining fish made the following report;

San Francisco, April 6/97

To the President
Board of Trustees –
Gentlemen – Your special committee appointed

Regular Apr. 6, 97. 553

FISH

to investigate and report upon the practicability of obtaining a sufficient supply of fish to maintain an exhibit of live fish at the 30th Industrial Exhibition of this Institute beg to submit the following reports as the result of their investigation

S.F. & N.P.R.R. WILL GIVE FISH.

The Committee called upon Mr A W Foster Pres. of the S. F. & N. P. R.R. Co. when we were so fortunate as to meet our President Mr Denicke In laying our request before Mr Foster – he most heartily responded that he would give us all the aid he could in this direction but that as all their fish were placed in the streams as soon as hatched, or nearly so the supply of live fish for our purpose would consist of small ones, probably not longer than two inches. But he suggested that he would be willing to make a

HATCHERY.

miniature exhibit of a hatchery showing the ova at its different stages until the perfect fish is produced, which if the apparatus they are now completing is successful (of which he has no doubt) will be ready by the time our Exhibition is to be opened.

LAMOTTE.

He also suggested that the services of Mr La Motte be obtained to superintend and care for the exhibit of live fish, speaking very highly of him as being thoroughly conversant, having made their care a study for many years.

SUTRO HAS FISH

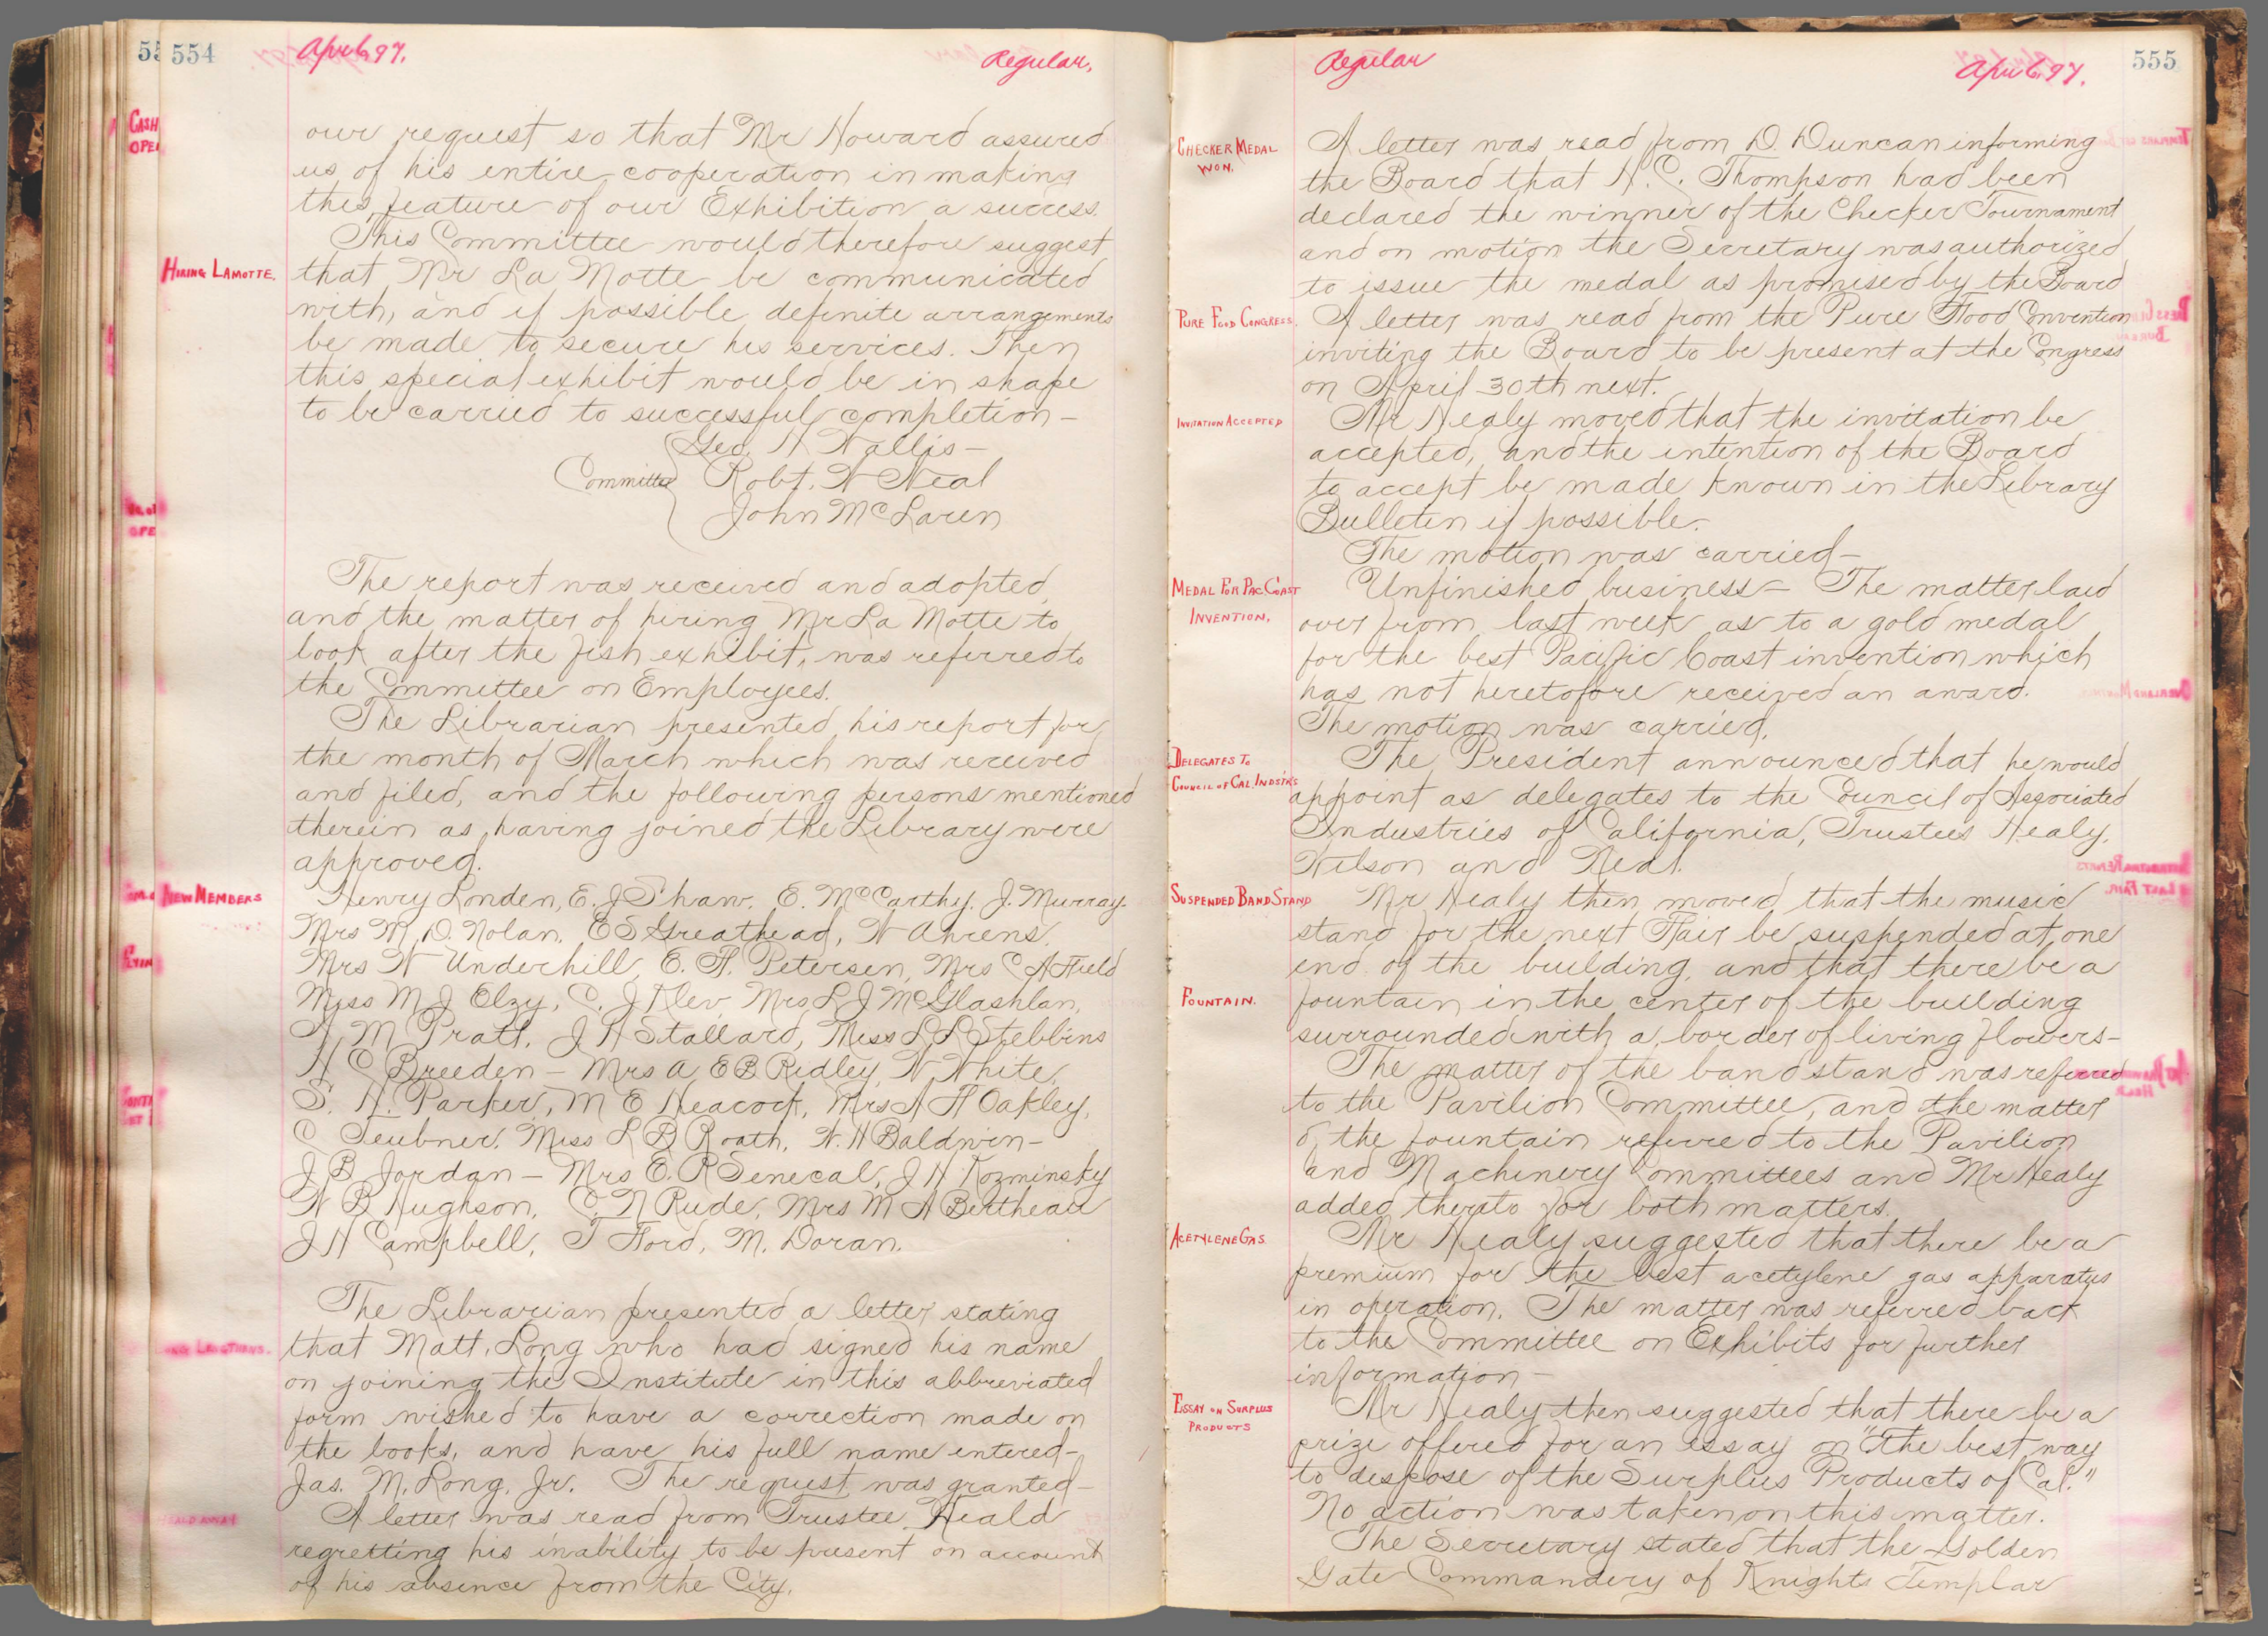
On the following day the Committee called upon the Hon. Adolph Sutro asking his contribution of live fish, assuring him that the Mechanics Institute would bear all expenses of taking and handling.

He replied that under those conditions we might have all the fish we required, that he thought the object a very desirable one, and would lend us what aid he could.

SPRING VALLEY WILL GIVE FISH.

The day following we called upon Mr Webb Howard when we again met Mr Denicke who also aided us in presenting

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



our request so that Mr Howard assured us of his entire cooperation in making this feature of our Exhibition a success.

Hiring LaMotte.

This Committee would therefore suggest that Mr La Motte be communicated with, and if possible definite arrangements be made to secure his services. Then this special exhibit would be in shape to be carried to successful completion –

Committee { Geo. H. Wallis –
Robt. W. Neal
John McLaren

The report was received and adopted, and the matter of hiring Mr La Motte to look after the fish exhibit, was referred to the Committee on Employees.

The Librarian presented his report for the month of March which was received and filed, and the following persons mentioned therein as having joined the Library were approved.

A letter was read from Trustee Heald regretting his inability to be present on account of his absence from the City.

Checker Medal Won.

A letter was read from D. Duncan informing the Board that H. C. Thompson had been declared the winner of the Checker Tournament and on motion the Secretary was authorized to issue the medal as promised by the Board

Pure Food Congress.

A letter was read from the Pure Food Convention inviting the Board to be present at the Congress on April 30th next.

Invitation Accepted

Mr Healy moved that the invitation be accepted, and the intention of the Board to accept be made known in the Library Bulletin if possible.

The motion was carried –

Medal for Pac. Coast Invention,

Unfinished business – The matter laid over from last week as to a gold medal for the best Pacific Coast invention which has not heretofore received an award. The motion was carried.

Delegates to Council of Cal. Indstrs

The President announced that he would appoint as delegates to the Council of Associated Industries of California, Trustees Healy, Wilson and Neal.

Suspended Band Stand

Mr Healy then moved that the music stand for the next Fair be suspended at one end of the building and that there be a

Fountain.

fountain in the center of the building surrounded with a border of living flowers –

The matter of the bandstand was referred to the Pavilion Committee, and the matter of the fountain referred to the Pavilion and Machinery Committees and Mr Healy added thereto for both matters.

Acetylene Gas.

Mr Healy suggested that there be a premium for the best acetylene gas apparatus in operation. The matter was referred back to the Committee on Exhibits for further information –

Essay on Surplus Products

Mr Healy then suggested that there be a prize offered for an essay on "the best way to dispose of the Surplus Products of Cal."

No action was taken on this matter.

The Secretary stated that the Golden Gate Commandery of Knights Templar

A motion was made that the proposition be accepted, which was lost by the following vote; ayes– Healy, Kendrick, Leggett, Neal Plum, Wallis, (6) Noes– Lewis, McLaren. Presson, Wilson, Root, Mr President (6)

OVERLAND MONTHLY. Mr Neal stated that the Overland Monthly had made a proposition to publish an article on the Institute, and wished ~~them~~ it to pay part of the expenses.

No action was taken on the matter–

DISTRIBUTING REPORTS LAST FAIR. Mr Neal stated that it would be necessary to hire some one to distribute the reports of the last Fair. On motion the matter was referred to the Secretary with power to have the reports distributed in the most economical way possible.

ART DRAWING TO BE HELD. The matter of an Art Drawing for the next Fair was then brought up, and a motion made that we hold an Art Drawing this year. The motion was adopted, and the matter referred to the Art Committee with the recommendation to provide for an Art Drawing and to pursue a similar course as in last year's Fair

The Secretary then made a statement of the parties he had seen regarding exhibits after which the meeting adjourned–

MACH. COM.

To the President and Board of Trustees-
Gentlemen;-

Your Machinery Committee would report as follows;

ELEC. LIGHT.

Regarding the lighting of the building we have considered the matter of the electric wires now in the Pavilion, and have interviewed the Mutual Electric Light Co. regarding the same. They stated that they would see if the wires would be satisfactory to them in case they should wish to make a bid for the lighting of the Pavilion and if we find that the wires can be used by other companies for lighting, we then propose to recommend to the Board that we make an offer to the electric light company for them.

SHAFTING TO BE MOVED

We recommend that the line of shafting on the main floor of the Pavilion be taken down, and put up in the annex.

FOUNTAIN

In regard to the fountain your committee is of the opinion that if we can find an exhibitor who will make an exhibit of a fountain that it would be wise to have it placed in the Fair. and for us to furnish the water for same.

...ngement with ...M. Gilmore Supt.

To the President and Board of Trustees
Gentlemen: —

At the last meeting the matter of arranging the matter of duties expected of Mr Gilmore elected by you as Superintendent of the next Fair was referred to the Finance Committee, and we have to report as follows: Mr Gilmore is to make his headquarters at the Pavilion two weeks before Fair, and receive all goods, and get Pavillion in shape. He will continue during Fair, and one week after Fair until all goods are delivered. Will attend Board meetings and Management and Exhibits Committee meetings as required. Will not be expected to do any soliciting unless employed in that capacity also, but will help the solicitor in any way he can, and also desires that the solicitor report progress to him daily. The matter of compensation $500.00 for the entire time is entirely satisfactory to Mr. Gilmore. Respectfully submitted

To the President and Board of Trustees —
Gentlemen;

Your Committee on Library, Rooms and Building beg leave to report as follows;

Shelves Built

The Gallery and Book shelves on the second floor of the Library as authorized by the Board four weeks ago are nearly completed and ready for use, the total cost will not be much different from the estimate submitted — namely $500.00. This makes a net increase of Book room of more than 5,000 volumes.

Stairs Built

The stairs connecting the delivery room with the second floor are in use, and we are ready to close the door at the head of the front stairs, so as to make the only entrance to the second floor rooms through the delivery room on the lower floor.

PAVILN COM. RECOMMEND NEW STAIRS, REMOVE ELEVATOR

The Pavilion Committee presented the following report;

San Francisco, May 4, 1897.

To the President and Board of Trustees—

Gentlemen:—

Your Pavilion Committee beg to report as follows; We desire to call the attention of the Board to the inadequate facilities for reaching the main floor from the gallery during large assemblages at the Pavilion, and the necessity for more and better stairways than at present—We would therefore recommend that a broad straight flight of stairs be constructed on the north side of the building, following the wall line, and about midway between the present stairways on that side. Should these be built, we believe they will afford ample accomodation for access to the Gallery not only for the patrons, but also for the handling of large, and heavy exhibits, and we would therefore also recommend that the elevator, which has proven to be neither useful nor ornamental, be removed. We would further recommend that the stairway at the north western corner of the Pavilion be reconstructed, and a flight built not less than 12 feet wide, and with not more than one turn, landing on the main floor in the vicinity of the exit opening into Grove Street—We have purchased an 18 foot spread ladder for use in the building, it being found necessary as the old one had become unsafe.

The premises No. 26 Hayes Street which were vacated a short time ago, have been rented—but it was found necessary to make some improvements in the way of papering and painting.

JOHN SWEENY TO BE EVECTED

Regarding the tenancy of John Sweeny, we would state that we have instructed Mr Sweeney that he must vacate this week, or we shall have to eject him

SHAFTING DOWN. ON MAIN FLOOR

The shafting to be moved into the annex from the main building which was referred to this Committee to have moved, has been taken down, and is ready to be put up in the annex, but before doing so this committee would suggest that we take advantage of the shafting being down to make the necessary connections to drive this line of shafting from the main line of shafting of Machinery Hall. This proceeding will save the expense of an engine and engineer, and in every way be more convenient for the exhibitors. The proposition is to put up a counter shaft in the Annex to be driven by an angle belt from the main line shaft of Machinery Hall, which counter shaft will drive the line of shafting in the Annex when placed in position. The cost of this will be $188.75. This committee do not think the estimate is exorbitant, and would therefore recommend that this work be done. After this being done the line of shafting taken from the main building can be placed in position in the Annex and lined up to the shaft already placed in position

The Music Committee presented the following report;

Music

San Francisco May 13/97.

To the Board of Trustees
Mechanics Institute

Gentlemen;

Your Committee on Music and Decorations beg to report that they have had under consideration the matter of providing proper musical attractions for the 30th Industrial Exposition, and, after carefully considering the subject, have reached the conclusion that better service can be had from a band of moderate size, carefully selected, well drilled, and performing under the leadership of an able conductor, than from a large band hastily put together and insufficiently disciplined, as seemed to be the case at our last Exposition.

The musicians

Therefore your Committee have, in accordance with the foregoing, received proposals for supplying a band of 32 musicians, during the term of the Fair, from a number of the prominent leaders of the city.

Hinrichs bid

Mr Gustav Hinrichs proposes to supply a band of 38 musicians of the first class, and to personally conduct the band during the full time for the sum of $5,800.00

Mr Chas. A. Cassassa agrees to furnish

587

Regular May 18/97.

his California Exposition band of 32 musicians neatly uniformed, and to include soloists on different instruments who will appear from time to time during the entire engagement for the sum of $4,690.00.

Roncovieri's bid

Mr Alfred Roncovieri offers the services of his American Concert Band of 33 men including himself as leader for the sum of $4,689.00

Mr Roncovieri includes in his band soloists of recognized ability, a cornet player of 15 years, and great promise and also promises to introduce a lady trombone player in duets with himself. He also names among his regular band a number of the best performers on their respective instruments in the City. He will supply other attractions at actual cost should such be required from him. These would necessarily be in addition to the price given above.

Bennetts bid

Mr Geo J Bennett submits a proposition to furnish a band of 32 musicians for the period of the Fair commencing on August 17th, and terminating Sept. 18th, and to provide as leader of the band, Walter B. Rogers, leader

Rogers to lead

of the world famous 7th Regiment Band of New York, and one of the foremost cornet soloists in America. This offer includes the

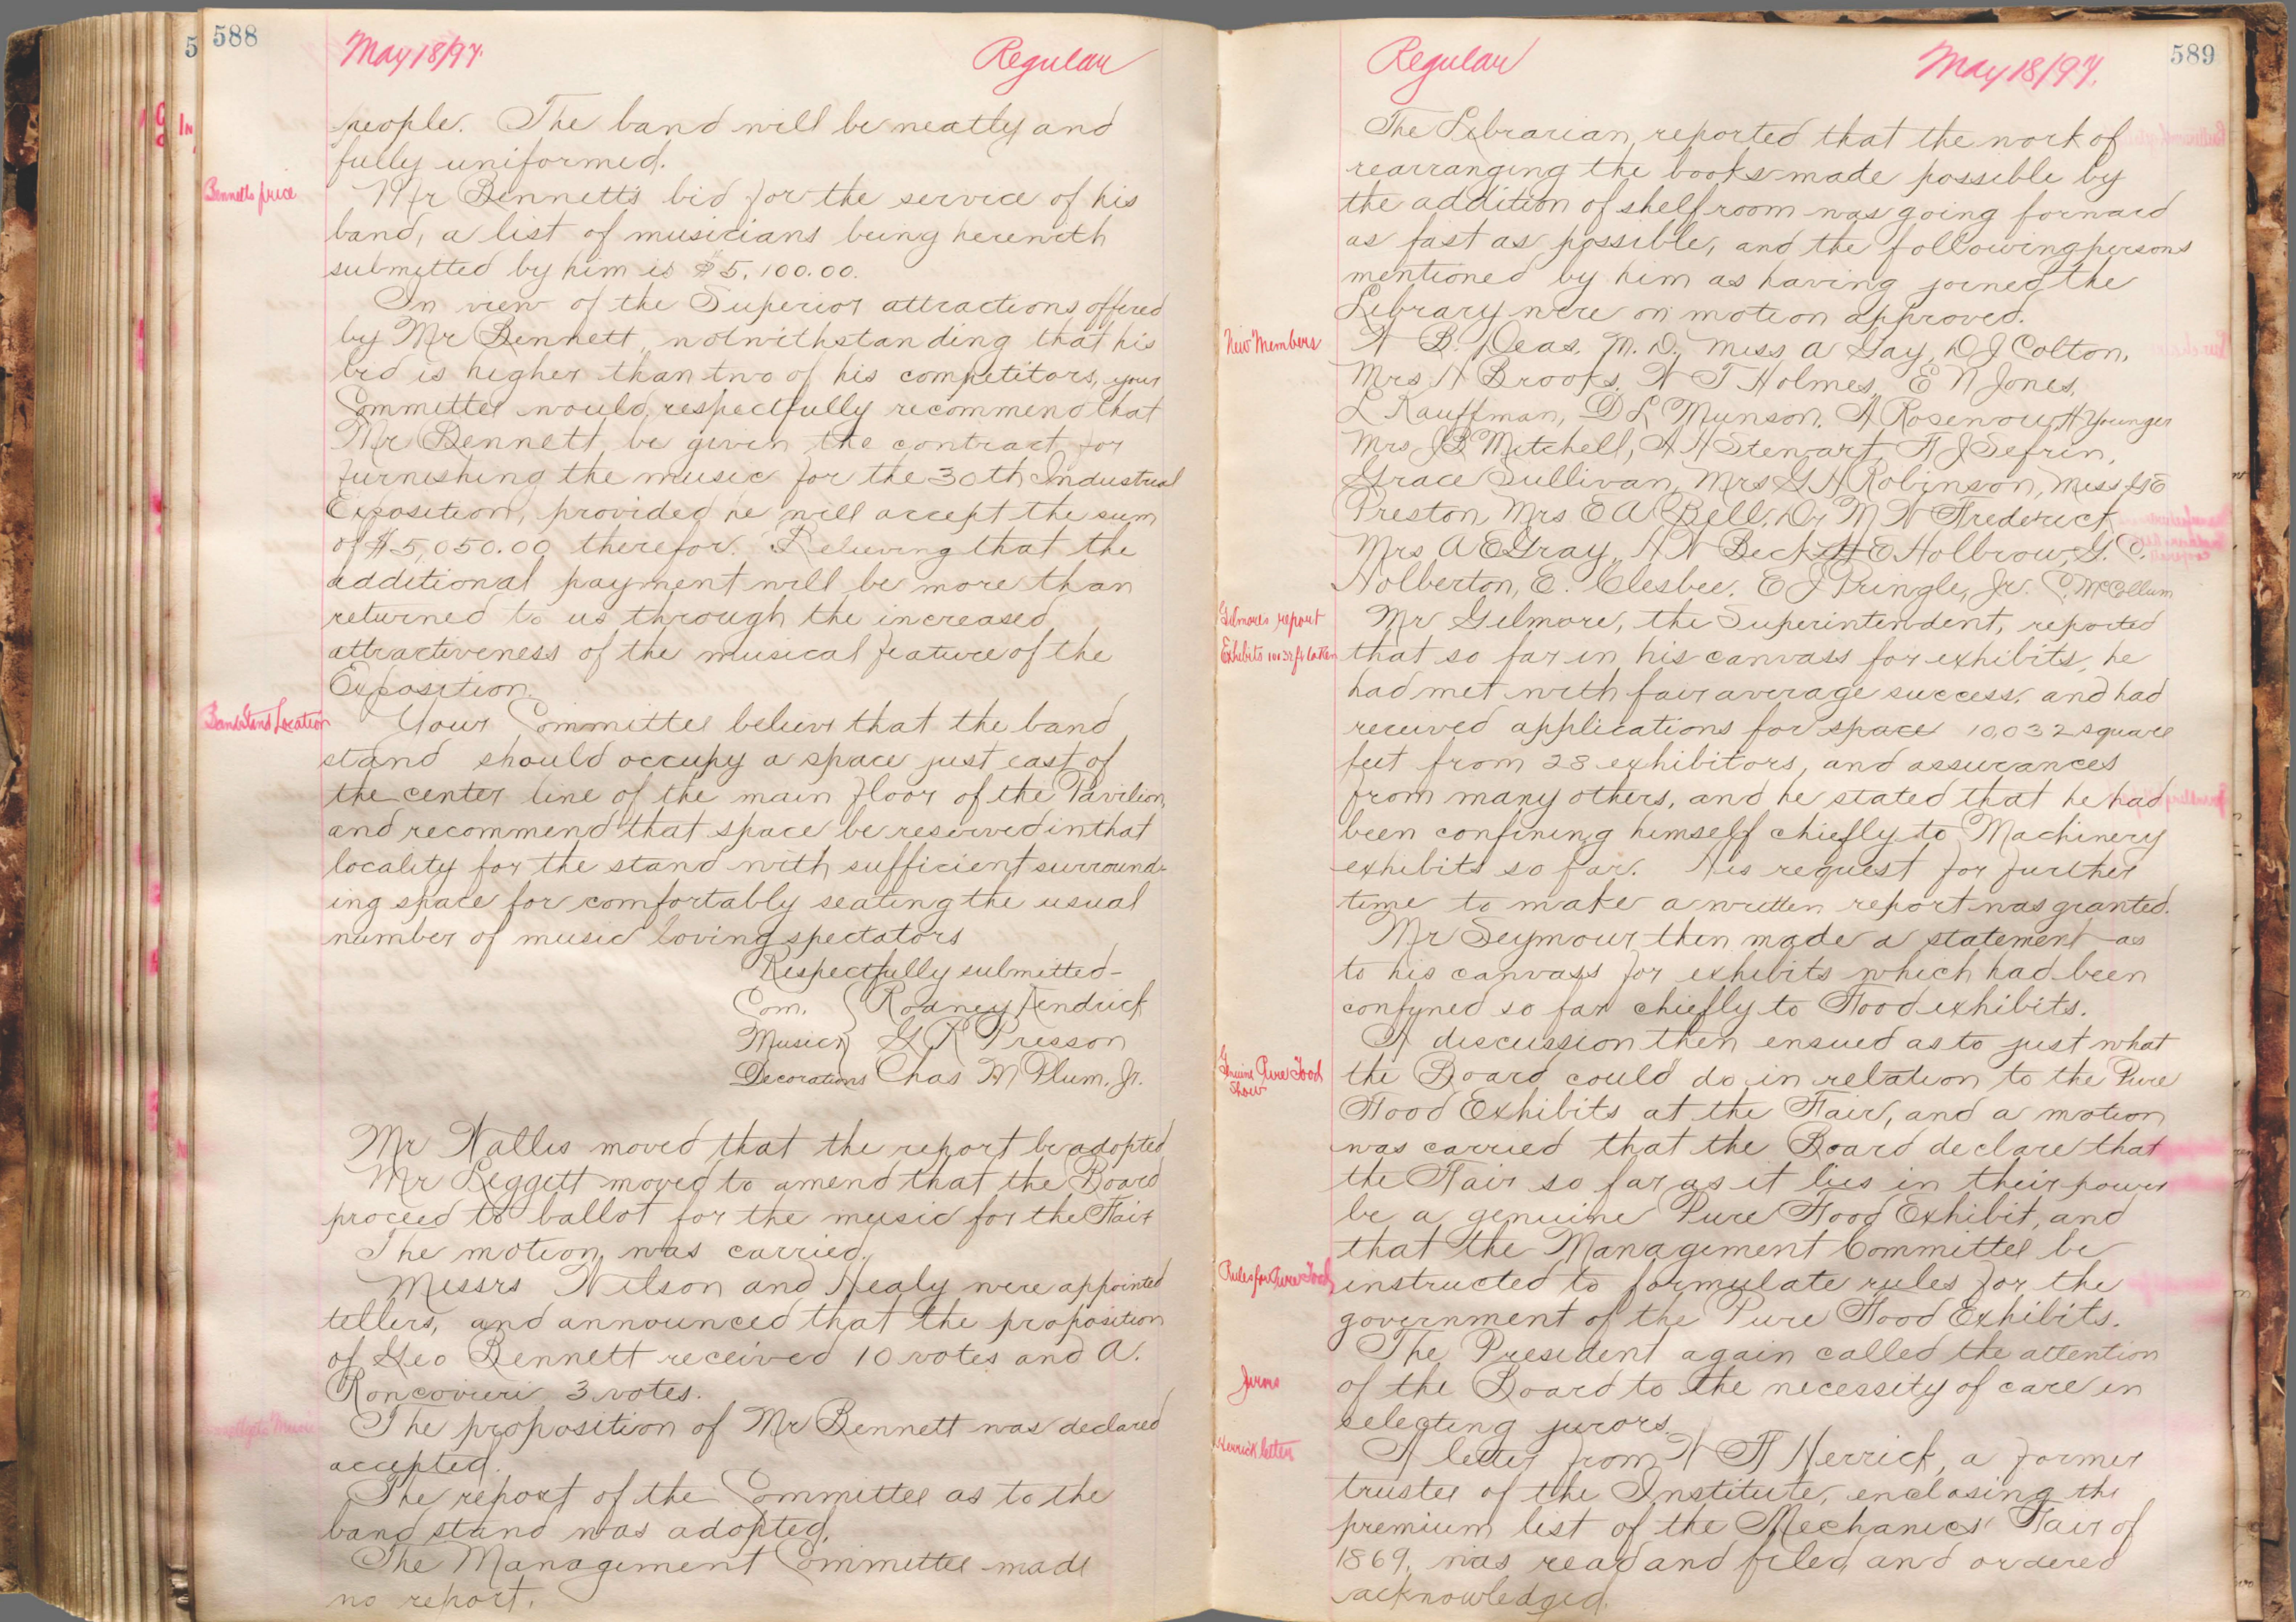
use of the Musical Library of the 7th Regiment Band which is owned by Mr Rogers and will be brought here, or rather be sent here in advance of Mr Roger's arrival so that the band will have the advantage of its use within two or three weeks, if Mr. Bennett's proposal is accepted. Mr Bennett guarantees that the repertoire owned by Mr. Rogers is one of the most complete in the country, and ranges from the finest classical to the most modern and popular music of the day and the music being arranged for a band of the size contemplated by your Committee, the daily programs can be arranged with selections that will meet the many different tastes prevailing in all large assemblages of

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



588 May 18/97. Regular

people. The band will be neatly and fully uniformed.

Bennetts price Mr Bennett's bid for the service of his band, a list of musicians being herewith submitted by him is $5,100.00.

In view of the Superior attractions offered by Mr Bennett, notwithstanding that his bid is higher than two of his competitors, your Committee would respectfully recommend that Mr Bennett be given the contract for furnishing the music for the 30th Industrial Exposition, provided he will accept the sum of $5,050.00 therefor. Believing that the additional payment will be more than returned to us through the increased attractiveness of the musical feature of the Exposition.

Bandstand Location Your Committee believe that the band stand should occupy a space just east of the center line of the main floor of the Pavilion, and recommend that space be reserved in that locality for the stand with sufficient surrounding space for comfortably seating the usual number of music loving spectators

Respectfully submitted-
Com. on Music & Decorations { Rodney Kendrick, G R Presson, Chas M Plum, Jr.

Mr Wallis moved that the report be adopted

Mr Leggett moved to amend that the Board proceed to ballot for the music for the Fair

The motion was carried.

Messrs Wilson and Healy were appointed tellers, and announced that the proposition of Geo Bennett received 10 votes and A. Roncovieri 3 votes.

[illegible] Music The proposition of Mr Bennett was declared accepted.

The report of the Committee as to the band stand was adopted.

Pavilion Com. recommends Stairway bids to be let

San Francisco June 1/97.

To the President and Board of Directors

Gentlemen:-

In accordance with the resolution passed at your last meeting, the Pavilion Committee have received bids for the construction of 2 flights of stairways in the north gallery of the Pavilion.

Stairway No. 1 to be a broad flight 15 feet wide, with one landing about midway, commencing at a point in the Gallery, about on a line with the elevator, and leading in a westerly direction, down the north wall of the Pavilion landing in the vicinity of the middle exit opening into Grove Street-

Stairway No. 2 to be the reconstructed stairway in the north west corner of the Pavilion 12 feet wide, and leading in a Northerly direction down the wall of Machinery Hall to a landing, thence in an easterly direction down the North wall, and landing at the west exit opening into Grove Street.

Four bids were received as follows:

H S Griffin - Stairway No 1 $211.00, Stairway No 2 - $211.00 - Total $422 -

Moller & Sass - Stairway No. 1 - $101.00 - Stairway

No. 2 - $88.75 - Total $189.75

T F Doran - Stairway No. 1 - $87.50 - Stairway No 2 - $70. - Total $157.50

F P McInnis Stairways Nos. 1 & 2 - $260.00

Doran lowest

T F Doran having made the lowest and most satisfactory bid, we recommend that he be awarded the contract for constructing the stairways

In considering the reconstruction of Stairway No. 2 in the north west corner of the building, we have come to the conclusion that a similar change should be made in the stairway at the western end of the Art Gallery.

More stairwork

A 12 foot stairway should be built in place of the present one, starting from the gallery in the same direction as now, and leading to a landing, thence at right angles, in an easterly direction to the main floor.

New exit

As this is but a short distance from the entrance to the annex, an exit could be cut through the wall of the annex into Hayes Street, thus affording ample egress from the building on that side.

The cost of reconstructing this stairway will be the same as for that of No. 2, and of making an exit into Hayes Street between $15. and $20.00.

We believe this can be accomplished at less expense and inconvenience in connection with the other changes that are to be made and therefore recommend that the Pavilion Committee be empowered to have the necessary alterations made in the present stairway at the western end of the Art Gallery, to conform with the alterations of the stairway at the opposite side of the building, and also to have an exit cut through the Hayes Street side of the Annex-

In re chairs

In regard to the proposition of Heywood Bros. that of the 61 chairs rejected they take back 31 and we retain 30, we would recommend that their proposition be accepted.

Ticket Com

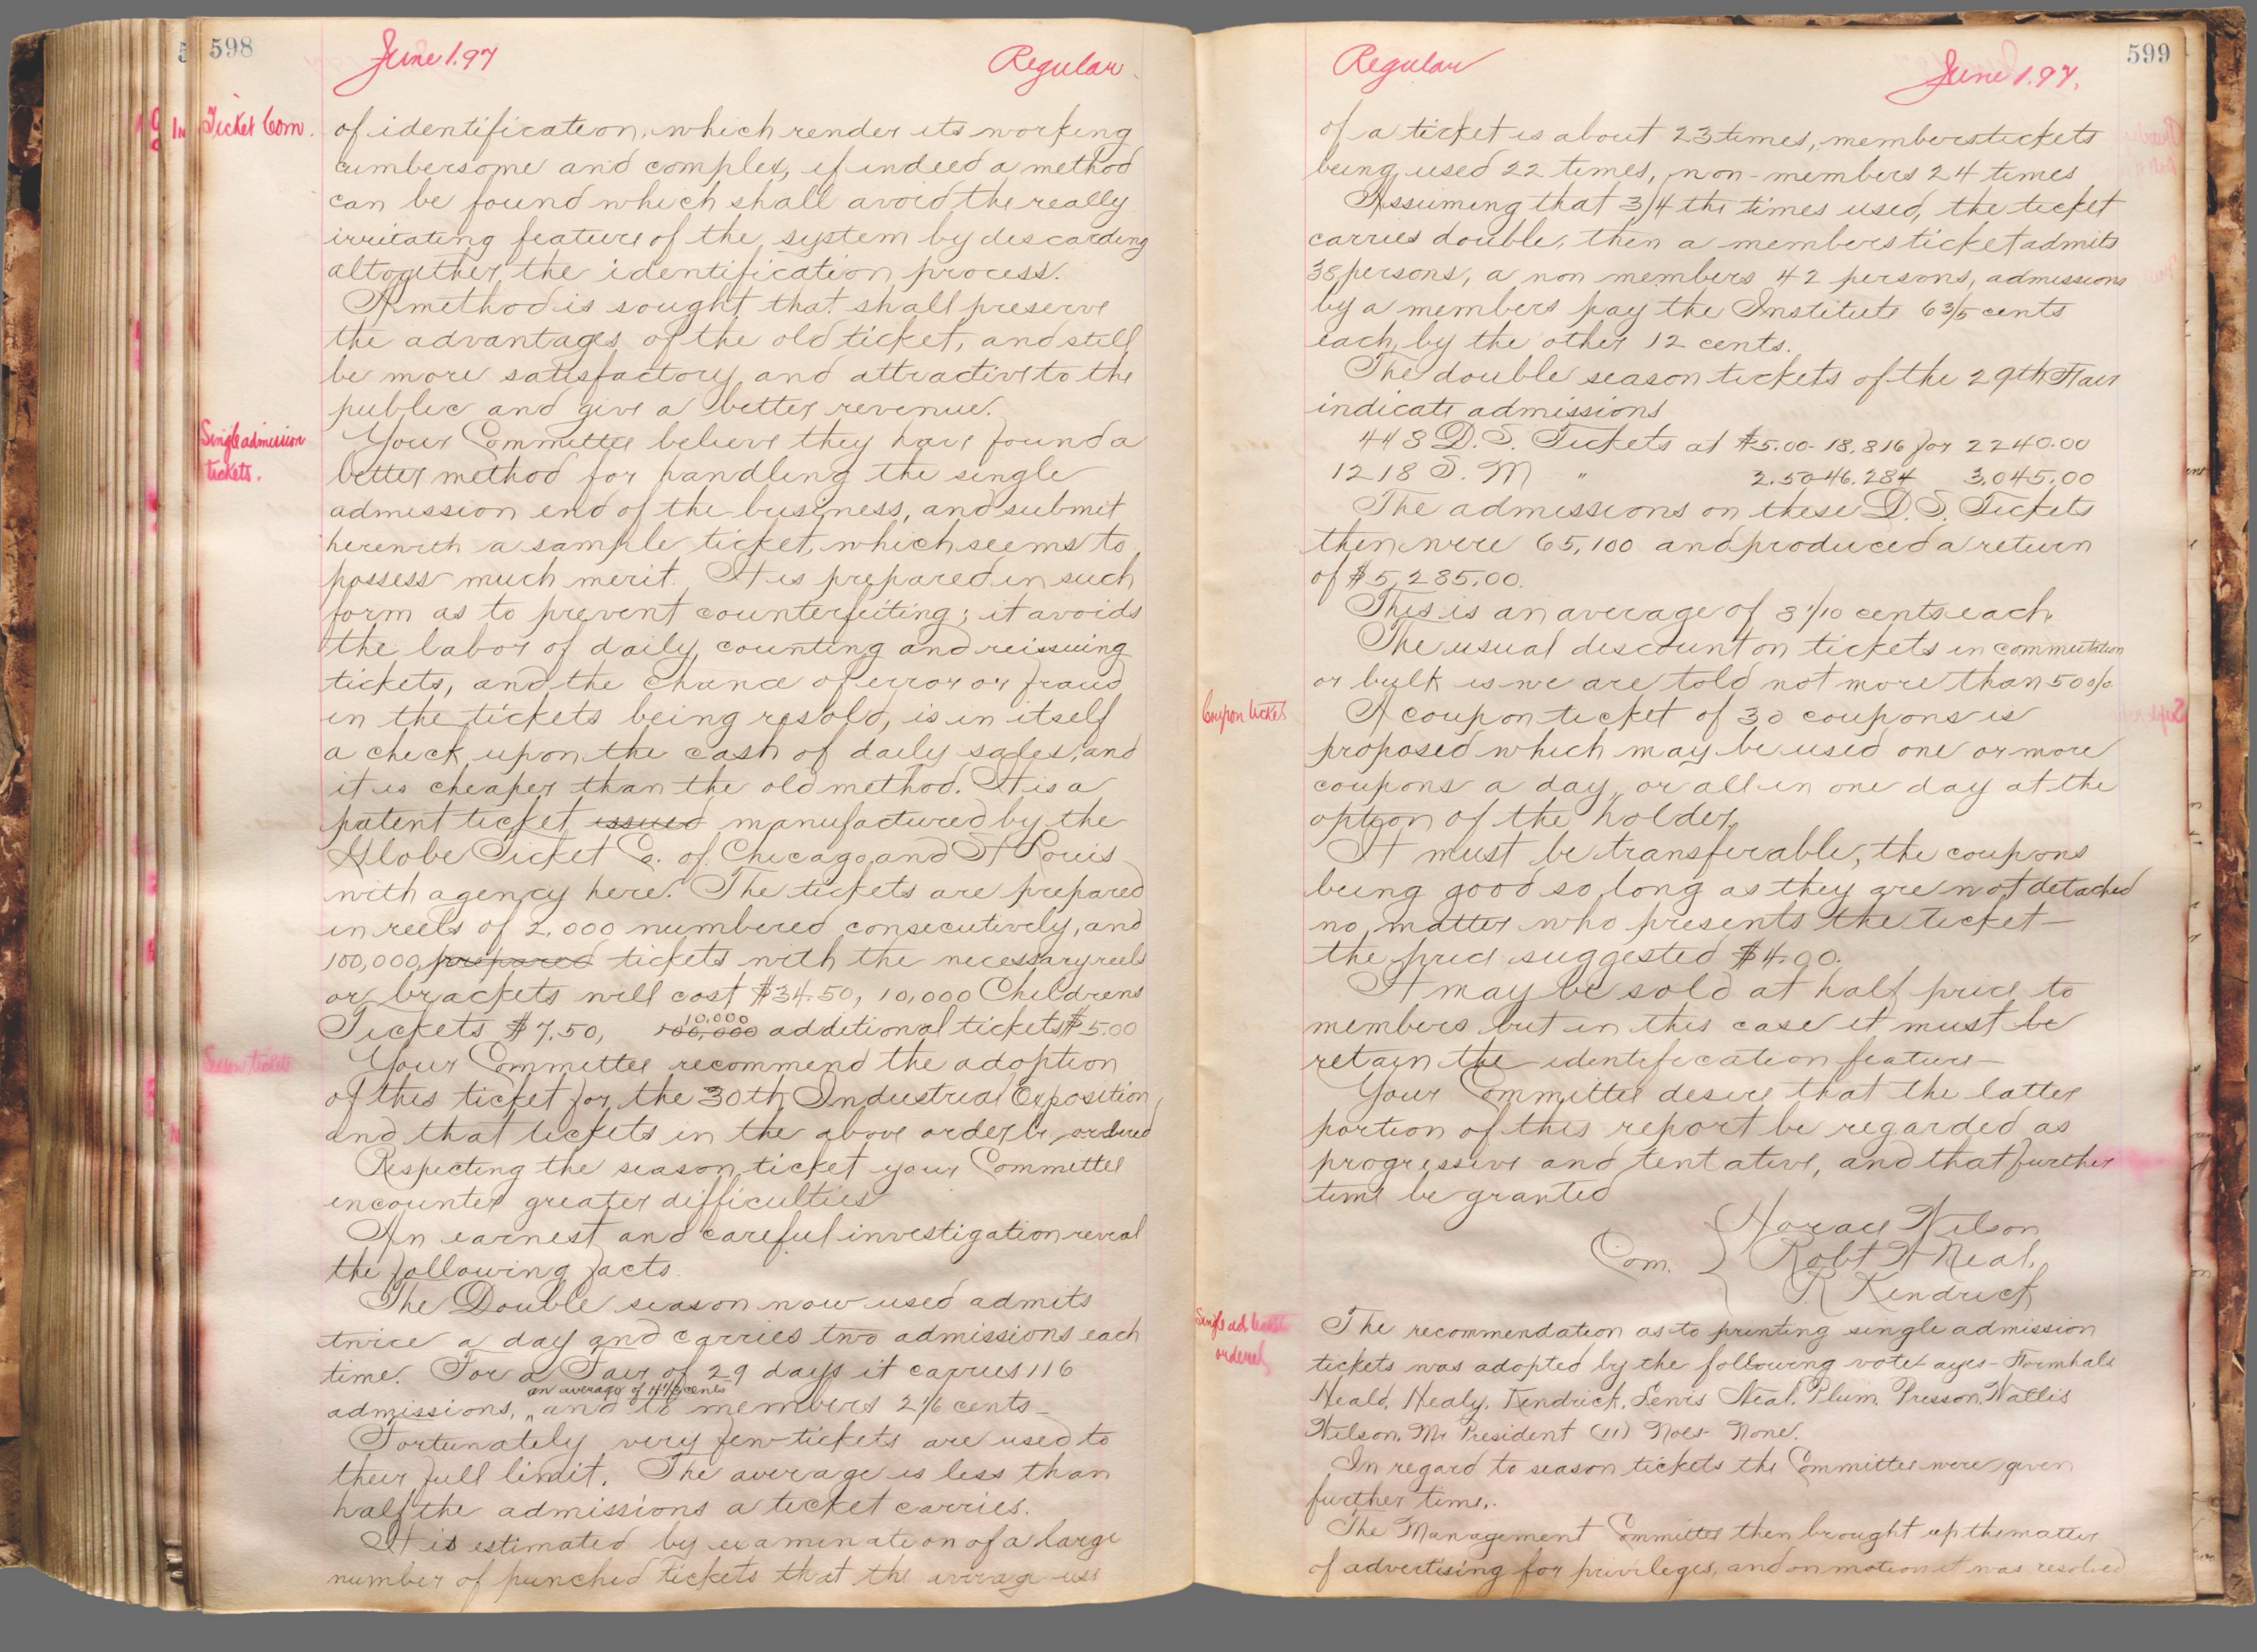
The Committee on Tickets and Admissions presented the following report

San Francisco June 1/97

The Board of Trustees –

The By-Laws of this Association require that the Committee on Tickets and Admissions shall present to the Board of Trustees for its approval suitable designs for tickets of admission to Fairs or other entertainments. If the present committee were content to rest under a literal interpretation of its prescribed duty at this juncture, it would have less worry on its mind than now oppresses it. for after a careful study of the exhaustive and exhausting report of its predecessor, your committee is convinced that it owes a service to this Board and to the Institute, namely, that of devising such modification of the present ticket system as shall relieve it of some of the absurd devices

Board of Trustees Minutes, VOLUME 5, 9 March 1895 – 1 June 1897. Mechanics' Institute, San Francisco.



598 June 1.97 Regular

Ticket Com.

of identification, which render its working cumbersome and complex, if indeed a method can be found which shall avoid the really irritating features of the system by discarding altogether the identification process.

A method is sought that shall preserve the advantages of the old ticket, and still be more satisfactory and attractive to the public and give a better revenue.

Single admission tickets.

Your Committee believe they have found a better method for handling the single admission end of the business, and submit herewith a sample ticket, which seems to possess much merit. It is prepared in such form as to prevent counterfeiting; it avoids the labor of daily counting and reissuing tickets, and the chance of error or fraud in the tickets being resold, is in itself a check upon the cash of daily sales, and it is cheaper than the old method. It is a patent ticket ~~issued~~ manufactured by the Globe Ticket Co. of Chicago and St Louis with agency here. The tickets are prepared in reels of 2,000 numbered consecutively, and 100,000 ~~prepared~~ tickets with the necessary reels or brackets will cost $34.50, 10,000 Childrens Tickets $7.50, ~~100,000~~ 10,000 additional tickets $5.00

Season tickets

Your Committee recommend the adoption of this ticket for the 30th Industrial Exposition and that tickets in the above order be ordered

Respecting the season ticket your Committee encounter greater difficulties

An earnest and careful investigation reveal the following facts.

The Double season now used admits twice a day and carries two admissions each time. For a Fair of 29 days it carries 116 admissions, an average of 4 1/3 cents and to members 2 1/6 cents—

Fortunately very few tickets are used to their full limit. The average is less than half the admissions a ticket carries.

It is estimated by examination of a large number of punched tickets that the average use

Regular June 1.97. 599

of a ticket is about 23 times, members tickets being used 22 times, non-members 24 times

Assuming that 3/4 the times used, the ticket carries double, then a members ticket admits 38 persons, a non members 42 persons, admissions by a members pay the Institute 6 3/5 cents each, by the other 12 cents.

The double season tickets of the 29th Fair indicate admissions

448 D.S. Tickets at $5.00 - 18,816 for 2240.00
1218 S.M " 2.50 46,284 3,045.00

The admissions on these D.S. Tickets then were 65,100 and produced a return of $5,285.00.

This is an average of 8 1/10 cents each.

The usual discount on tickets in commutation or bulk is we are told not more than 50%.

Coupon tickets

A coupon ticket of 30 coupons is proposed which may be used one or more coupons a day, or all in one day at the option of the holder.

It must be transferable, the coupons being good so long as they are not detached no matter who presents the ticket— the price suggested $4.00.

It may be sold at half price to members but in this case it must be retain the identification feature—

Supt. report

San Francisco June 1. 1897

To the President & Managers. 30th Ind. Exposition

As Superintendent of your Exposition I respectfully report progress to date as follows: I assumed my duties on May 8th and with the assistance of Mr Seymour commenced work of canvassing the City, on the 12th for exhibitors. I find owing to the dull times and other causes a number of exhibitors who made a display with us last year will not be with us this Exposition, but their place is being taken up by others, and I hope and expect by the opening day to have as full and fine display as the last. I have spent most of my time to date in canvassing the manufacturers, and have reason to expect a display of machinery that will be equal to that of last year. The total number of applications on file to date is 76. The amount of exhibition space applied for is 34,000 square feet. This does not include the Art Gallery, and is about one-half of the available exhibition space in the Pavilion, exclusive of the Art Gallery. A number of exhibitors who intend to manufacture articles in the Pavilion wish to know if they can have the privilege to sell them. The Stockton Art Pottery Co. & Dairymens Union and others wish to do this and I would suggest that this be granted, as manufacturing of any kind is always interesting to the visitors, but at the same time it is expensive to the exhibitors. In conclusion I will say that the present prospects are favorable for as interesting and comprehensive display of the industries of the City as that of last year.

Respectfully submitted –
J H Gilmore, Supt.

This agreement made this – day of – 1897 by and between Geo. W Bennett, leader of Bennett's Band & Orchestra, and the Mechanics' Institute of the City & County of San Francisco, Cal. Witnesseth:

That the said Geo. W Bennett agrees to furnish a band of thirty three musicians, including the leader, to render the music for the 30th Industrial Exposition, of the Mechanics' Institute and for the opening exercises thereof upon the following terms and conditions – The band to consist of thirty-three musicians, thirty-two of whom are to be selected from the best performers on the respective

instruments, in the City of San Francisco, and are to include soloists of known ability, who shall from time to time during the concerts of the Exposition, perform solos on their respective instruments as may be specified in the Musical program of the Exposition. The musicians are to be members of the Musicians Union, and are to be appropriately and fully uniformed during each concert.

The band is to be led by Walter B Rogers, leader of the 7th Regiment Band of New-York, who is to furnish the Musical Library of said 7th Regiment Band, and the said Rogers is to be present and personally conduct every concert, and is to play at least one solo on his cornet at each concert unless otherwise agreed to by the Music Committee of the Mechanics Institute.

The names of the members of the band are to be submitted to the Music Committee of the Mechanics Institute, and approved by said committee before July 1st 1897.

Rehearsals of the band are to be held under a competent leader, daily, from July 17th – until August 17th, 1897, and said W B Rogers is to be present and to conduct all rehearsals from and after August 10th 1897, and the said leader shall have power, and is obligated to discharge from the band any performer who may prove incompetent or whose work is unsatisfactory. The musical Library provided for above is to be delivered in San Francisco and ready for the use of the band at the commencement of the rehearsals and not later than July 17th 1897.

The program for each concert shall provide for not less than ten selections or numbers, except that the Music Committee aforesaid may at any time vary the number, whenever a change is deemed necessary or expedient. The band shall through its leader or business manager receive all instructions pertaining to the music to be played or the arrangement of the programs, exclusively from the Music Com. The leader of the band shall make out and submit to said Music Committee the program for each concert at least 72 hours before such concert is to take place, and no programs are to be issued to anyone for publication or other purpose except through and with the consent of the Music Committee. Whenever said Committee shall provide for extra attractions in the course of the Exposition the leader shall make all necessary arrangements to have the Musical programs conform to said special attractions, and if any extra musicians are required on these occasions or at any other time during the Exposition they are to be supplied by said Bennett at the rate of $25.00 per week, or ~~at the rate of $25.00 per week,~~ or at the rate of $4.17 per day for each man.

In consideration of the foregoing, and for the full services of the said band for the period of the 30th Ind Exposition, viz, from the 19th day of Aug ~~to the~~ 18th day of September 1897, both days inclusive, the Mechanics Institute will pay to said George W Bennett the sum of five thousand and fifty dollars $5,050.00. Partial payments will be made, pro rata on the services rendered, on each Monday morning during the Exposition.

If the Exposition should be extended beyond the 18th day of September as above described, the services of said band are to be given at the same rate per day for such extended time, as the above sum proportionately bears to the number of days provided for above, in the original term of the Exposition. It is understood and agreed that the band is to play twice daily (Sundays excepted) during the continuance of the Exposition from 2 o'clock until 5 o'clock in the afternoons, and from 8 o'clock until 10-30 o'clock in the evenings, and until 11 o'clock on Saturday evenings. If by reason of sickness or other unavoidable cause Mr Rogers should fail to lead the band, or play a solo when the same is provided for in the programs the said Bennett shall forfeit the sum of $50.00 for each concert at which Mr Rogers may fail to lead and play as provided in this agreement. It is also understood and agreed that said Rogers shall not play in any public concert in San Francisco except at the Mechanics Pavilion before the close of the 30th Industrial Exposition.

For the faithful performance of the terms of this agreement the said Bennett shall deposit with some responsible bank or individual, approved by the Board of Trustees of the Institute, a certified check on a solvent bank in San Francisco for the sum of $1000.00 the same to be forfeited and become the property of the Institute in case said Bennett fails to fully comply with this agreement.

A copy of the proposed rearrangement of the premium list of the Fair was then read and on motion accepted.
